INDEPENDENT AUDITOR'S REPORT

Board of Trustees of
Radio Free Asia Defined Contribution Retirement Plan

Opinion

We have audited the accompanying financial statements of Radio Free Asia Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Radio Free Asia Defined Contribution Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for plan benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RADIO FREE ASIA DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. PLAN DESCRIPTION

The following description of the Radio Free Asia Defined Contribution Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution plan covering all eligible employees of Radio Free Asia. The Plan was adopted as of July 1, 1996, and amended on January 1, 2009, November 15, 2011 and January 1, 2016, and qualifies under the Internal Revenue Code (IRC) as a Section 403(b) Pension Plan.

Contributions - The Plan offers employee elective deferrals. Employee contributions up to 4% of annual compensation are credited to the participant's account. Any deferrals in excess of 4% are credited to a separate plan, the Radio Free Asia Tax Deferred Annuity Plan.

The employer's match to the Plan is as follows:

Employee Contributions	Employer Match	
	2024	2023
1.00%	5.00%	5.00%
2.00%	6.00%	6.00%
3.00%	7.00%	7.00%
4.00%	9.75%	9.75%

All participants are 100% vested at the time of eligibility.

Due to constraints arising from the RFA funding situation, the employer's matching contributions to the plan were temporarily suspended and placed on hold, effective June 2025.

Investment Options - Contributions to the Plan are invested by TIAA-CREF, according to participant instructions. The Plan Administrator provides participants with current copies of the prospectus describing each investment option.

Payment of Benefits - Participants are entitled to receive a distribution of their vested account balance in the Plan upon termination of their employment, retirement, death or disability, and termination of the Plan without the establishment of a successor plan. A participant may elect to receive a lump sum amount equal to the value of his or her account, or a series of cash payments, in substantially equal installments.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Plan Termination - Although it has not expressed any intentions to do so, Radio Free Asia has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants become fully vested in their accrued benefits.

Participant Accounts - Each participant's account is credited with (a) the employer's contribution, (b) the employee's contribution and (c) the account earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting and in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), *Plan Accounting Defined Contribution Pension Plans*.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Value Measurements - The Plan adopted the provisions of FASB ASC, *Fair Value Measurement*. FASB ASC defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs (assumptions that market participants would use in pricing assets and liabilities, including assumptions about risk) used to measure fair value, and enhances disclosure requirements for fair value measurements. The Plan accounts for a significant portion of its financial instruments at fair value or considers fair value in their measurement.

Administrative Expenses - Administrative expenses of the Plan are paid by Plan participants.

Payment of Benefits - Benefits are recognized when paid.

NOTE 3. INCOME TAX STATUS

The Plan was established as a qualified plan under Section 403(b) of the IRC. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

NOTE 3. INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE 4. INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair value, except for the fully benefit-responsive insurance contract, which is reported at contract value. (See Note 7.) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Investment Policy Committee determines the Plan's valuation policies utilizing information provided by the Custodian. Purchases and sales of securities are recorded on a trade date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year, as well as on investments held at year-end.

Certain Plan assets are invested in pooled accounts. Under the pooled investment concept, the investment advisors account for the Plan's share of the total portfolio on a unit basis and are the custodians of the investments (at net asset value). The unallocated insurance contracts are reported at contract value, which approximates fair value.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of annuities managed by TIAA-CREF; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than as a direct payment.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for plan benefits.

NOTE 7. INSURANCE ANNUITY CONTRACTS

The Plan maintains investment contracts with an insurance company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an unsecured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The Plan's investments in insurance annuity contracts at contract value were \$23,394,887 and \$21,860,295 as of December 31, 2024 and 2023, respectively.

NOTE 8. FAIR VALUE MEASUREMENTS

In accordance with ASC, *Fair Value Measurement*, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Investments reported in the statements of net assets available for plan benefits are categorized based on the inputs to valuation techniques as follows:

Level 1 - These are investments whose values are based on unadjusted quoted prices for identical assets in an active market the Plan has the ability to access.

Level 2 - These are investments whose values are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or model-based valuation techniques that utilize inputs that are observable either directly or indirectly for substantially the full-term of the investments.

Level 3 - These are investments whose inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies (Mutual Funds) - The fair value is equal to the reported net asset value of the fund, which is the price at which additional shares can be obtained.

Pooled Separate Accounts - These accounts invest primarily in domestic stocks and mutual funds, the majority of which have observable Level 1 quoted pricing inputs and are used in determining the net asset values of the pooled separate accounts. Certain of these accounts invest mainly in international stocks, which have observable Level 1 or Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets; and are used in determining the net asset values of the pooled separate accounts. Net asset values of pooled separate accounts are not publicly quoted.

NOTE 8. FAIR VALUE MEASUREMENTS (CONTINUED)

The tables below summarize by level within the fair value hierarchy, the Plan's investments as of December 31, 2024 and 2023:

	December 31, 2024			
	Total	Level 1	Level 2	Level 3
Registered investment companies	<u>\$ 78,402,342</u>	<u>\$ 78,402,342</u>	<u>\$ -</u>	<u>\$ -</u>
Total assets in the fair value hierarchy	78,402,342	<u>\$ 78,402,342</u>	<u>\$ -</u>	<u>\$ -</u>
Pooled separate accounts (real estate), at net asset value*	<u>3,876,353</u>			
Investments at fair value	<u>\$ 82,278,695</u>			
	December 31, 2023			
	Total	Level 1	Level 2	Level 3
Registered investment companies	<u>\$ 69,688,770</u>	<u>\$ 69,688,770</u>	<u>\$ -</u>	<u>\$ -</u>
Total assets in the fair value hierarchy	69,688,770	<u>\$ 69,688,770</u>	<u>\$ -</u>	<u>\$ -</u>
Pooled separate accounts (real estate), at net asset value*	<u>3,679,540</u>			
Investments at fair value	<u>\$ 73,368,310</u>			

*In accordance with ASC, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

The investments in pooled separate accounts, which totaled \$3,876,353 and \$3,679,540 at December 31, 2024 and 2023, respectively, are measured at fair value using the net asset value practical expedient. The pooled separate accounts file U.S. Department of Labor Form 5500 as a direct filing entity. There were no unfunded commitments or redemption restrictions as of December 31, 2024 and 2023.

NOTE 9. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through October 7, 2025, the date the financial statements were available to be issued. We noted that, due to constraints arising from the RFA funding situation, the employer's matching contributions to the plan were temporarily suspended, effective June 2025. This subsequent event has been disclosed in Note 1 regarding the employer's matching contributions. No adjustments to the financial statements as of December 31, 2024, were necessary.
