## **Report of Independent Auditors**

The Investment Committee of  
Kaiser Permanente Optometrists Retirement Plan  
Trust No. 14923

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of Kaiser Permanente Optometrists Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Kaiser Permanente Optometrists Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kaiser Permanente Optometrists Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kaiser Permanente Optometrists Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kaiser Permanente Optometrists Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kaiser Permanente Optometrists Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, and the Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Kaiser Permanente Optometrists Retirement Plan Notes to Financial Statements

---

### Note A – Description of the Plan

The following description of the Kaiser Permanente Optometrists Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a defined benefit plan established effective January 1, 1970, and is sponsored by The Permanente Medical Group, Inc. (TPMG or the Plan Sponsor). The Plan covers employees who are optometrists employed by TPMG and are represented by the Engineers and Scientists of California, International Federation of Professional and Technical Engineers, Local 20. Retirement benefits are based on the participant's compensation and years of credited service. Participants become vested upon completion of 5 years of service or, if earlier, the attainment of age 65, while actively employed. Refer to the Plan document for pension benefit formula used for retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Trustee and custodian** – State Street Bank & Trust Company (State Street) is the trustee and custodian of the Kaiser Permanente Group Trust (Group Trust), a 103-12 investment entity. The Group Trust holds the Defined Benefit Investment Fund (the Fund) in which the Plan participates along with other defined benefit plans sponsored by Kaiser Foundation Health Plan, Inc. and other Permanente Medical Groups.

### Note B – Significant Accounting Policies

**Basis of accounting** – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

**Use of estimates** – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition** – Investments are reported at fair value. Fair value is the price that could be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note C – Fair Value Measurements).

Purchases and sales of securities are recorded on a trade date basis. Net realized gains and losses and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Risks and uncertainties** – The Plan invests in the Group Trust which in turn invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

## Kaiser Permanente Optometrists Retirement Plan Notes to Financial Statements

---

The underlying assets in the Group Trust include funds that invest in securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

The actuarial present value of accumulated plan benefits reported is based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**Actuarial present value of accumulated plan benefits**— The accumulated plan benefits (see Note D – Funding and Actuarial Matters) represent the actuarial present value as of the valuation date of those estimated future benefits that are attributed to employee services rendered through the valuation date. Such benefits include future benefits expected to be paid to or for (1) currently retired employees, and their beneficiaries and dependents; and (2) certain active employees, and their beneficiaries and dependents, after retirement from service with the Company. Benefits are based on employees' salary and years of credited service through the valuation date.

**Payment of retirement benefits** – Retirement benefits are recorded when paid.

**Administrative expenses** – Administrative expenses paid by the Plan consist primarily of investment advisor and trustee fees, actuarial and audit fees, pension calculation and benefit administration fees and premiums paid to the Pension Benefit Guaranty Corporation (PBGC). Certain Kaiser Permanente employee and administrative costs are also paid by the Plan.

### Note C – Fair Value Measurements

The framework used to measure fair value prioritizes the inputs to valuation techniques within a hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

## Kaiser Permanente Optometrists Retirement Plan Notes to Financial Statements

---

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured on a recurring basis at fair value:

- Investment in the Group Trust is stated at fair value as determined by the net asset value practical expedient (NAV practical expedient) of the issuers based on the unit values of the underlying investments. Unit values are determined by dividing the funds' net assets, which represent the unadjusted prices in primarily active markets of the underlying investments, by the number of units outstanding at the valuation date. The underlying investments are comprised of a variety of asset classes that are both privately held and publicly traded on exchanges or over-the-counter. The private assets are generally valued on a monthly or quarterly basis based on information provided by fund managers or general partners with an annual audit performed by an independent third-party, while the publicly traded assets have readily observable price quotes in active markets.

There have been no changes in the methodologies used as of December 31, 2024 and 2023.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Transfers between levels** – The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2024 and 2023.

### **Note D – Funding and Actuarial Matters**

Employer contributions, as determined by an independent actuary, are made annually in amounts which satisfy the funding standards of ERISA. Employer contributions for the years ended December 31, 2024 and 2023 were \$7,000,000 each year, and have met the minimum funding requirements.

## Kaiser Permanente Optometrists Retirement Plan Notes to Financial Statements

---

The significant assumptions underlying the actuarial computations for the January 1, 2024 and 2023, valuations are as follows:

	2024	2023
Actuarial Method	Standard Unit Credit Method	Standard Unit Credit Method
Interest Rate	7% per annum	5.4% per annum
Mortality	Based upon the 2024 Generational Mortality Table for annuitant and nonannuitant rates.	Based upon the 2023 Static Mortality Table based on separate annuitant and nonannuitant rates.
Turnover	Combined rates have been assumed to range 8.3% at age 25 to 6.0% at age 60 for both male and female employees.	Combined rates have been assumed to range 8.3% at age 25 to 6.0% at age 60 for both male and female employees.
Age at Retirement	Retirement is assumed to occur at various ages starting at age 55 with 100% retirement assumed at age 70.	Retirement is assumed to occur at various ages starting at age 55 with 100% retirement assumed at age 70.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024. Had the valuations been performed as of December 31, 2023, there would be no material differences.

The actuarial present values of accumulated plan benefits as of December 31, 2023, based upon the preceding actuarial assumptions, are summarized as follows:

Vested benefits		
Participants or beneficiaries currently receiving payments		\$ 24,853,714
Other participants		<u>60,626,837</u>
Total vested		85,480,551
Nonvested benefits		<u>1,648,456</u>
Total actuarial present value of accumulated plan benefits		<u><u>\$ 87,129,007</u></u>

## Kaiser Permanente Optometrists Retirement Plan Notes to Financial Statements

---

The changes in actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits as of December 31, 2022	\$ 101,441,046
Increase (decrease) during the year attributable to	
Interest accumulation	5,313,262
Benefits paid	(4,995,248)
Assumption changes	(16,341,062)
Other changes (1)	1,711,009
Total decrease during year	(14,312,039)
Actuarial present value of accumulated plan benefits as of December 31, 2023	\$ 87,129,007

(1) The "Other Changes" component represents the normal operation of the pension plan. It consists primarily of the increase due to ongoing benefit accruals (if any) and those items of plan experience that are not associated with plan asset performance.

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. The actuarial present value of accumulated plan benefits is determined by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money.

### Note E – Plan Obligations

In accordance with GAAP, benefits due to terminated participants that have been processed and approved for payment prior to December 31, but not yet paid as of that date, are included in net assets available for benefits. There were no benefits due to terminated participants as of December 31, 2024 and 2023.

### Note F – Tax Status

The Plan obtained its latest determination letter on June 16, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been restated and amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **Kaiser Permanente Optometrists Retirement Plan Notes to Financial Statements**

---

### **Note G – Plan Termination**

Should the Plan terminate at some future time, its net assets may not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

### **Note H – Related-Party and Party-in-Interest Transactions**

Certain underlying investments of the Fund are managed by State Street. State Street is the Trustee of the Plan. Transactions with the trustee qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

### **Note I – Subsequent Events**

Plan management considers events and transactions that occur after the statements of net assets available for benefits date, but before the financial statements are available to be issued, to provide additional evidence to certain estimates or to identify matters that require additional disclosure to, or adjustments in, the financial statements. Subsequent events have been evaluated through October 6, 2025, the date that these financial statements were available to be issued.

Effective January 1, 2025, the Plan entered into an administrative services agreement with Fidelity Workplace Services LLC to perform the calculation and processing of benefit payments.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change which was reviewed in detail in the annual valuation results meeting to better reflect anticipated future experience:

Expected Return on Assets	Changed from 6.25% as of January 1, 2023 to 6.50% as of January 1, 2024.
---------------------------	--

Since this change to a non-prescribed assumption did not result in reduction in funding shortfall, IRS approval was not required.

Schedule SB, Part V—Summary of Plan Provisions

**Kaiser Permanente Optometrists Retirement Plan (030–KPORP)**

This section provides a brief summary of the benefits under the plan that are being valued. Refer to the official governing documents for further details of the plan’s provisions.

<b>Effective Date</b>	January 1, 1970, amended and restated January 1, 2017
<b>Most Recent Amendment</b>	Fourth Amendment, effective July 14, 2022
<b>Eligible Employees</b>	Employees of the Permanente Medical Group, Inc. who are optometrists and who are represented by the Engineers and Scientists of California, Local 20, IFPTE AFL-CIO & CLC.
<b>Participation</b>	Participation begins on the first anniversary of hire if the eligible employee has at least 1,000 hours of employment. Otherwise, participation begins on the first day of the plan year in which the eligible employee has 1,000 hours of employment.
<b>Normal Retirement Eligibility</b>	Age 65.
<b>Monthly Benefit</b>	1.5% of final average compensation times years of credited service.
<b>Early Retirement Eligibility</b>	Age 55 and 10 years of service.
<b>Monthly Benefit</b>	The accrued normal retirement benefit earned to the participant’s termination date, reduced 5% for each year from participant’s termination date from age 55 to 65.  In no event will the early retirement benefit be less than the accrued normal retirement benefit earned to the participant’s termination date, reduced actuarially using the UP-1984 mortality table set back five years in age and a 6% interest rate.
<b>Late Retirement Eligibility</b>	Termination after normal retirement date.
<b>Monthly Benefit</b>	The accrued normal retirement benefit earned to the participant’s termination date.  Benefit is actuarially adjusted if the commencement date is after age 65 if no Suspension of Benefits Notice is sent.

Schedule SB, Part V—Summary of Plan Provisions

**Kaiser Permanente Optometrists Retirement Plan (030–KPORP)**

**Disability Retirement**

Eligibility

Termination due to disability after 10 years of service if the participant receives disability income benefits under Title II of the Social Security Act and date of disability as determined by the Social Security Administration is on or before the date of termination of service.

Monthly Benefit

The accrued normal retirement benefit earned to the participant's disability retirement date, reduced in the same manner as the early retirement benefit.

**Vested Termination**

Eligibility

5 years of service.

Monthly Benefit

- (1) The accrued normal retirement benefit earned to the participant's termination date, payable at age 65.
- (2) A participant who terminates after completing at least 10 years of service, but before age 55, may elect to receive a reduced benefit beginning as early as age 55. The benefit is reduced in the same manner as the early retirement benefit.

**In Service Death Benefits**

Eligibility

Any vested participant who is married or has a domestic partner and who is employed within the controlled group at the date of death.

Monthly Benefit

Effective for benefits starting on or after January 1, 2010: the participant's accrued benefit at the time of death adjusted for the 100% joint and survivor annuity form of payment, payable at the participant's normal retirement date. If the survivor elects early commencement, the benefit is further reduced in the same manner as the early retirement benefit

A domestic partner must commence benefits within one year of the date of death of the participant.

Schedule SB, Part V—Summary of Plan Provisions

**Kaiser Permanente Optometrists Retirement Plan (030–KPORP)**

**Pre-Retirement Death Benefits**

Eligibility

Any vested participant who is married or has a domestic partner and who is not employed within the controlled group at the date of death.

Monthly Benefit

Effective for benefits starting on or after January 1, 2010: the participant's accrued benefit at the time of death adjusted for the 50% joint and survivor annuity form of payment that is the Actuarial Equivalent of the 100% Joint and Survivor Annuity with the 15-year Guaranteed Period and Pop-up, payable at the participant's normal retirement date. If the survivor elects early commencement, the benefit is further reduced in the same manner as the early retirement benefit.

A domestic partner must commence benefits within one year of the date of death of the participant.

**Qualified Dependent Benefit**

Eligibility

Vested participants who at the date of death:

- (1) Are unmarried or do not have a domestic partner;
- (2) Have a qualified dependent; and
- (3) Are employed within the controlled group.

Monthly Benefit

A monthly benefit for 120 months payable to the qualified dependent, determined as if the participant had retired on the day before death, elected a life annuity with 120 monthly payments guaranteed, and designated the qualified dependent as the beneficiary.

Schedule SB, Part V—Summary of Plan Provisions

**Kaiser Permanente Optometrists Retirement Plan (030–KPORP)**

**Normal Form of Payment**

Unmarried Life annuity.

Married 50% joint and survivor annuity (actuarially reduced).

**Optional Forms of Payment**

- (1) Life annuity;
- (2) Joint and survivor annuity with 50%, 66–2/3%, or 75% continuation to the joint annuitant;
- (3) Life annuity with 60, 120, 180, or 240 monthly payments guaranteed;
- (4) Level income option which is reduced after Social Security payments begin to provide a level income throughout retirement (available as a life annuity or life annuity with a guaranteed payment period);
- (5) Lump sum; and
- (6) 100% joint and survivor annuity with 15-year guaranteed period and pop-up.

The 50% joint and survivor annuity and the 100% joint and survivor annuity with 15-year guaranteed period and pop-up have a greater actuarial value than the life annuity. All other optional forms of payment have the same actuarial value as the life annuity.

**Definitions**

**Actuarial Equivalence**

For time of payment, actuarial equivalence is based on a 6% interest rate and the UP-1984 Mortality Table set back 5 years for participants and 2 years for beneficiaries.

For form of payment, actuarial equivalence is based on 417(e) basis as modified by PPA for the month which is two months before the benefit starting date.

Schedule SB, Part V—Summary of Plan Provisions

Kaiser Permanente Optometrists Retirement Plan (030–KPORP)

**Definitions (continued)**

Credited Service

Each calendar year in which a participant has 2,000 or more hours of employment is counted as a year of credited service. Proportional service based on a 2,000 hour year is counted for any complete or partial year in which the participant has fewer than 2,000 hours of employment.

Credited service includes up to one year for long term union leaves and up to two years for elected union official leaves.

Effective October 1, 2012, credited service includes period of unpaid short-term union leave of up to 30 days that begin on or after October 1, 2000 and is based on the rate of scheduled hours on the 1<sup>st</sup> day preceding the leave. If on the 1<sup>st</sup> day preceding the leave, the participant is scheduled to work short-hour, on-call, or per diem, the number of hours of credited service is based on the average hours worked over the 6 month period immediately preceding the leave.

Employer

The Permanente Medical Group, Inc.

Final Average Compensation

A participant's average monthly compensation for the highest 60 consecutive months of employment in the last 120 months of employment. The total monthly compensation included in final average compensation for any 12-month period is limited in accordance with IRC Section 401(a)(17).

Monthly compensation is the monthly rate of base pay as of the first compensated hour of employment in each month. For employees paid hourly, the base hourly wage rate for the first compensated hour of employment in each month multiplied by 173.33. Monthly compensation does not include differential pay for temporary work in a higher classification, shift differential, meal allowance, on-call pay, overtime, and other special bonuses and allowances. Monthly compensation also includes one-twelfth of the amount of negotiated lump sum payments paid to participants during 1987, 1988, and 1989. Monthly compensation includes the monthly amount contributed under salary reduction agreements to plans under IRC Sections 403(b), 401(k), or 129. Monthly compensation for part-time employment or periods when the participant receives reduced sick pay is determined at the full-time rate. Terminal vacation pay is deemed paid over the period for which payment is made. Other special rules also apply.

Kaiser Permanente Optometrists Retirement Plan (030–KPORP)

**Definitions (continued)**

Qualified Dependent

The biological or legally adopted child of the employee who is 18 years of age or younger on the date of the employee's death. Otherwise, if there are no minor children, a qualified dependent, on the date of the employee's death, must (1) be claimed as a dependent on the employee's tax return and (2) live in the home of the employee or be enrolled and actively attending school.

Service

Each calendar year in which an employee has 1,000 or more hours of employment is counted as a year of service.

Service includes up to one year for long term union leaves and up to two years for elected union official leaves.

Effective October 1, 2012, service includes period of unpaid short-term union leave of up to 30 days that begin on or after October 1, 2000 and is based on the rate of scheduled hours on the 1st day preceding the leave. If on the 1st day preceding the leave, the participant is scheduled to work short-hour, on-call, or per diem, the number of hours of credited service is based on the average hours worked over the 6 month period immediately preceding the leave.
