The Board of Trustees
Savings and Retirement Plan for Employees of Great Bay Distributors, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Savings and Retirement Plan for Employees of Great Bay Distributors, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the Savings and Retirement Plan for Employees of Great Bay Distributors, Inc. (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution tax deferred savings plan covering eligible employees of Great Bay Distributors, Inc. (the “Company”). The Plan was established June 1, 1976 and restated effective January 1, 2020. The Plan provides savings incentives for employees who are at least 18 years old and have completed 90 days of service. However participants must have one year of service to be eligible for discretionary matching. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan operates under a trustee agreement with Empower Trust Company, LLC (“ETC”). Through the trustee agreement, the Plan receives recordkeeping services from Empower Retirement Company, a related party to the ETC. The Plan offers certain investments through a group annuity contract with Empower Life & Annuity Insurance Company of America (“ELAIC”), an entity affiliated with ETC. ELAIC separately certifies information relating to its investment offerings.

(b) Contributions

Participants may contribute between 1% to 75% of eligible compensation as pre-tax or Roth contributions, as defined by the Plan, up to the maximum of \$23,000 for calendar year 2024. The Plan also provides for “catch-up” contributions, subject to Internal Revenue Service limitations. Upon attaining eligibility for participation in the Plan, employees are automatically enrolled at 2% of pretax compensation unless specified otherwise. Participants are able to opt-out of the automatic enrollment by contacting the recordkeeper directly.

The Company makes a discretionary matching contribution equal to a uniform percentage of the employees’ salary deferrals once a participant reaches one year of service. For the year ended December 31, 2024, the Company’s matching contribution was 50% of the participants’ before-tax contributions, up to a maximum of 6% of the employees’ compensation.

The Plan also accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

The Plan allows participants to direct their contributions to any investment option available to the Plan. Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s contribution and plan earnings. Earnings and losses of the Plan are allocated to each participant based upon the ratio of their account to the total of all participants’ accounts. All allocations are made on a daily basis.

(1) Description of the Plan - Continued

(d) Notes Receivable from Participants

Participants may borrow from the Plan, subject to limitations. Loan amounts must be at least \$1,000, not to exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates on loans outstanding at December 31, 2024 were between 4.25% and 9.50%. Principal and interest are paid ratably through payroll deductions.

(e) Vesting

Participants are always 100% vested in their own salary deferrals and rollover contributions. Participants become vested in employer matching contributions in accordance with the following schedule:

<u>Total Number of Years of Service</u>	<u>Vested Interest</u>
Less than 2 years of service	0%
More than 2 years, but less than 3 years	20%
More than 3 years, but less than 4 years	40%
More than 4 years, but less than 5 years	60%
More than 5 years, but less than 6 years	80%
More than 6 years	100%

Participants also become fully vested upon reaching their early or normal retirement date, death, or retirement due to disability.

(f) Payment of Benefits

Upon termination of service due to death, disability, separation of service, attainment of age 59 1/2, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account balance in a lump sum payment. If the value of the participant's vested interest is less than \$5,000, payment of the participant's benefit will be automatically distributed in a lump sum as soon as practicable following the event that entitles the participant to a distribution. Benefits are recorded when paid.

(g) Hardship Withdrawals

The Plan allows participants to withdraw a portion of their account balances in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

Notes to Financial Statements - Continued

(1) Description of the Plan - Continued

(h) Forfeitures and Expense Budget Account

All non-vested amounts in a terminated participant's account are forfeited by the participant and transferred to a forfeiture account. As of December 31, 2024 and 2023, the Plan had forfeiture balances of approximately \$111,000 and \$99,800 available to reduce employer matching contributions, pay administrative expenses of the Plan or available for reallocation to participants. The Plan did not use forfeitures during 2024; however in 2025, forfeitures of approximately \$99,800 were reallocated to participants.

Additionally, the Plan has setup an expense budget account ("EBA") which holds all fees charged to participants throughout the year. EBA funds can be used to pay administrative expenses. The Company was credited and utilized \$33,000 to pay for administrative expenses for the year ended December 31, 2024.

At December 31, 2024 and 2023, there were approximately \$170,000 and \$167,000, respectively, of EBA funds.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

(b) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

The Plan currently offers registered investment companies ("mutual funds") and a guaranteed interest account as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Mutual funds are recorded at fair value (see Note 7). The guaranteed interest account is a fully benefit-responsive investment contract and is valued at contract value (See Note 8). The Plan's management determines the Plan's valuation policies utilizing information provided by ETC and ELAIC.

Net appreciation in fair value of investments includes both realized and unrealized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

OF GREAT BAY DISTRIBUTORS, INC.**

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(c) Administrative Expenses

Administrative expenses are paid by the Plan to the extent forfeitures are available. Loan fees, which are included in notes receivable from participants, are paid by the participant requesting the loan.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(e) Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant compensation is withheld.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate or market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

(3) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

(4) Income Tax Status

The Plan has adopted a pre-approved plan document, which has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the adopted plan document is qualified under Section 401(a) of the Internal Revenue Code, and therefore, that the related trust is exempt from taxation.

Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan has been amended however the plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, no provision for income taxes has been included in the Plan's financial statements.

**SAVINGS AND RETIREMENT PLAN FOR EMPLOYEES
OF GREAT BAY DISTRIBUTORS, INC.**

Notes to Financial Statements - Continued

(4) Income Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Certification of Plan Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ETC, and ELIAC, the trustee and custodian, respectively, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits;
- Total investment income, and related investment activity as shown in the statement of changes in net assets available for benefits;
- The schedule of assets (held at end of year), as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(6) Party-in-Interest Transactions

The Plan invests in a guaranteed interest account which is a general account product of ELIAC. It is managed by an affiliate of ELIAC. Notes receivable from participants are also managed by Empower. During the year ended December 31, 2024, the Plan paid approximately \$59,000 for recordkeeping and investment advisory services. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA; they are, however, expressly exempted from the prohibited transaction rules.

(7) Fair Value Measurements

ASC Topic 820, *Fair Value Measurement* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**SAVINGS AND RETIREMENT PLAN FOR EMPLOYEES
OF GREAT BAY DISTRIBUTORS, INC.**

Notes to Financial Statements - Continued

(7) Fair Value Measurements - Continued

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Registered Investment Companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2024</u>	<u>Fair Value Measurements at Reporting Date Using</u>		
		<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

**SAVINGS AND RETIREMENT PLAN FOR EMPLOYEES
OF GREAT BAY DISTRIBUTORS, INC.**

Notes to Financial Statements - Continued

(7) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2023</u>	<u>Fair Value Measurements at Reporting Date Using</u>		
		<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Registered investment companies	\$ 18,661,385	18,661,385	-	-
Total assets in the fair value hierarchy	18,661,385	<u>18,661,385</u>	<u>-</u>	<u>-</u>
Investment measured at NAV	<u>15,626,051 (a)</u>			
Total investments, at fair value	\$ <u>34,287,436</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(8) Fully Benefit-Responsive Investment Contract

Investments in the guaranteed interest account, the Key Guaranteed Portfolio Fund (“GPF”), are held as a general account product offered through a group annuity contract with ELAIC. Participant initiated benefit payments are fully guaranteed by the entire general account assets of ELAIC.

The general account assets are primarily high-quality, fixed income bonds. The GPF is credited with declared rates of interest based on the earnings of the underlying assets in the portfolio compared to the minimum interest crediting rate, as stated in the contract with ELAIC. The GPF is reported at contract value which is the basis for participant-initiated transactions.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan.); (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would limit the ability of the Plan to transact at contract value with the participants.

(9) Subsequent Events

In accordance with ASC Topic 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.
