Independent Auditor's Report

To the Trustees and Participants of
Writers' Guild - Industry Health Fund:

Opinion

We have audited the financial statements of the Writers' Guild - Industry Health Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits and benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations as of December 31, 2024 and 2023 and the changes in its net assets available for benefits and benefit obligations for the years then ended, of the Writers' Guild - Industry Health Fund in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Writers' Guild - Industry Health Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Writers' Guild - Industry Health Fund's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Writers' Guild - Industry Health Fund's internal control. Accordingly, no such opinion is expressed.

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description and Funding

The Writers' Guild - Industry Health Fund (the "Plan") is a multiemployer plan that was established effective June 16, 1968 pursuant to the collective bargaining agreement for the benefit of writers in the entertainment industry, the majority of whom are members of the Writers Guild of America. The Plan provides medical, dental, vision, wellness, prescription drug, life insurance, mental health and accidental death and dismemberment benefits to eligible participant writers or their qualifying dependents. Retired participants who meet certain eligibility rules and their dependents are also eligible for certain benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The foregoing description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan agreement and benefit provisions. This booklet is available on the Plan's website (www.wgaplans.org).

Participants' benefits are funded primarily by employer contributions. The Plan is self-insured with respect to its medical, dental, prescription drug, mental health, and wellness benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions which affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Employer Contributions and Employer Contribution Receivable

Producers and employers that are signatory parties to the Writers Guild of America Theatrical and Televisions Basic Agreement (the "Agreement"), as amended, are required to contribute to the Plan a percentage of the participant's compensation for covered writing services. Effective May 2, 2024, the Plan increased the contribution rate from 12% with 0.5% of covered earnings to fund the Paid Parental Leave benefit to 12.5% with 0.5% of covered earnings to fund the Paid Parental Leave benefit.

These contributions are recorded in the period in which the participant's earned the related compensation. Employer contributions receivable represents contributions which relate to compensation earned during the current period but not received by year end. The carrying amount of employees' contributions receivables are reduced by an allowance for credit losses that reflects management's best estimate of the amounts that will not be collected. Factors which influence management's judgment in determining the appropriate allowance for credit losses include past collection experience, industry standards, current economic conditions, and expected future economic conditions. As of December 31, 2024 and 2023, the allowance for credit loss was \$0. The Plan conducts audits to monitor employers' compliance with their obligation to make these contributions. Additional contributions resulting from underpayments found by these audits are reported as income in the period in which they are received. These amounts are immaterial to the financial statements.

Rebates Receivable

Rebates receivables represent amounts due from prescription services and are accrued based upon subsequent and estimated future rebates. Management estimates uncollectable amounts each year, and an allowance for credit losses is established, as necessary. As of December 31, 2024 and 2023, the allowance for credit losses was \$0.

Writers' Guild - Industry Health Fund
Notes to Financial Statements
December 31, 2024 and 2023

Participant Contributions

Under current applicable laws of the Consolidated Omnibus Budget Reconciliation Act ("COBRA"), participants who lose their eligibility for employer-paid coverage under the Plan may elect to pay contributions, based on the full cost of coverage plus an administrative fee of 2%, and continue to receive benefits for an additional 18 months subsequent to termination (or 24 months if the participant has at least two years of earned eligibility during the most recent five consecutive years).

To obtain coverage for their dependents, participants may pay a premium of \$50 per month, which includes coverage for the participant's spouse and eligible dependents

Benefits

Benefits are recognized when paid.

Property and Equipment

The cost of property and equipment that are utilized by the Plan and the related Producer-Writers Guild of America Pension Plan ("the Pension Plan") is allocated to each entity based upon the estimated usage. Property and equipment are carried at cost less accumulated depreciation and amortization. Expenditures for maintenance and repairs are expensed as incurred while additions and improvements that extend the life of the asset are capitalized. Property and equipment are being depreciated on a the straight-line basis over the estimated useful lives of the assets. The following is a summary of the estimated useful lives:

	Estimated Life (Years)
Leasehold improvements	Remaining term of lease (or estimated useful life if shorter)
Office furniture and equipment	7
Computer equipment	3
Computer software	5-10

Leases

The Plan recognizes a lease liability and a right-of-use asset on the statements of net assets available for benefits for all operating leases with contractual terms longer than 12 months. Finance leases are generally those leases that allow the Plan to substantially utilize or pay for the entire asset over its useful life. All other leases are categorized as operating leases. Leases with contractual terms of 12 months or less are not recorded on the statements of net assets available for benefits. The Plan had no finance leases during the years ended December 31, 2024 and 2023.

Certain lease contracts include obligations to pay for other services, such as operations, property taxes, and maintenance. For the lease of the property, the Plan does not account for these other services as a component of the lease.

The lease liability is recognized at the present value of the fixed lease payments, using the risk-free rate as the discount rate. The weighted average remaining lease term at December 31, 2024 and 2023 was 1.21 and 2.33 years, respectively. The weighted average discount rate at December 31, 2024 and 2023 was 0.71% and 0.97% respectively. The right-of-use asset is recognized based on the initial present value of the fixed lease payments, plus any direct costs from executing the lease. The lease asset is tested for impairment in the same manner as long-lived assets used in operations.

Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2024 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 10, 2025, the date the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

Notes to Financial Statements

3. Actuarial Present Value of Benefit Obligations

Claims Currently Payable

Benefit obligations on December 31 for health claims incurred but not yet reported to the Plan at that date are estimated by the Plan's actuary in accordance with accepted actuarial principles. Claims payable reflect amounts for claims that have been received but are unpaid at year end.

Accumulated Eligibility

The accumulated eligibility benefit obligation represents the estimated future benefit coverage earned as of December 31. The obligation is calculated based on average monthly claim amounts and the number of eligible participants per month for the period of future coverage that extends until December 31, 2024. Participant-earned eligibility depends on recent accumulated earnings.

Eligibility is earned on an annual basis, beginning in the quarter of the first reported earnings. The Plan has four contribution earnings cycles coinciding with the end of calendar quarters, depending on when the initial period of eligibility is earned. The schedule below reflects the contribution earnings cycle and related eligibility periods:

Annual Contribution Earnings Cycle	Related Eligibility Period
January through December	April through March
April through March	July through June
July through June	October through September
October through September	January through December

Initial eligibility is earned based upon a minimum reportable compensation amount during one calendar quarter. Once this initial eligibility is met, continued eligibility is determined on annual earnings cycles. The minimum amounts to gain initial eligibility and to continue eligibility on an annual basis are as follows:

July 1, 2024	\$ 45,397
July 1, 2025	\$ 46,759

Should a writer not have sufficient earnings to qualify for regular employer-paid coverage under the Agreement, the writer may be eligible for coverage in subsequent quarterly periods. This extension of coverage will be provided without cost to the writer and precedes the extended coverage program benefits provided without cost to the writer or any COBRA coverage the writer may be entitled to purchase. Qualification for this extension of eligibility requires that the writer has reported annual earnings of \$250,000 or more in the last annual earnings cycle.

Extended Coverage Program

The extended coverage program benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to participant earnings rendered to December 31. Extended coverage program benefits include future benefits expected to be paid to or for (1) participants and their beneficiaries and dependents currently receiving benefits under the extended coverage program and (2) active participants and their beneficiaries and dependents after they no longer meet the eligibility requirements for active coverage or accumulated eligibility coverage and have met the requirements for eligibility under the extended coverage program.

Writers' Guild - Industry Health Fund
Notes to Financial Statements
December 31, 2024 and 2023

Effective April 1, 2000, writers were credited with a point for each year of regular, employer paid eligibility commencing on and after January 1, 1990. An additional point may be credited for each earnings cycle in which a writer earns \$125,000 or more in covered compensation (as adjusted per the Basic Agreement; \$100,000 prior to July 1, 2014), and another additional point may be credited for each earnings cycle in which a writer earns \$250,000 or more in covered compensation (as adjusted per the Basic Agreement; \$200,000 prior to July 1, 2014). Once a writer accumulates a sufficient number of points (minimum of 10, maximum of 50), the points may be applied to provide an extension of benefits provided by the Plan should the writer not have sufficient earnings to qualify for regular employer-paid coverage and coverage based on accumulated eligibility credits. The extension of coverage will be provided without cost to the writer until the earlier of eligibility for postretirement benefits or exhaustion of these benefits and will precede any COBRA coverage the writer may be entitled to purchase. The extension of coverage reduces the participant's accumulated points by 1.5 points or 2.5 points each quarter of extended coverage, depending on selected benefits coverage.

The following were significant assumptions used in the actuarial present value of the extended coverage program benefits obligation calculation as of December 31, 2024 and 2023:

- Discount rate - 5.25% for 2024 and 4.50% for 2023.
- Rates of mortality after employment - For Participants: Pri-2012 Health Retiree White Collar Headcount-Weighted Mortality Tables, projected generationally from 2012 with 50% of Scale MP2021; For Surviving Spouses: Pri-2012 Contingent Survivor White Collar Headcount-Weighted Mortality Tables, projected generationally from 2012 with 50% of Scale MP-2021 for 2024 and Pri-2012 Contingent Survivor White Collar Headcount-Weighted Mortality Tables, projected generationally from 2012 with 50% of Scale MP-2021 for 2023.
- Administrative expense rate - 3.0% for 2024 and 2023.

For 2024, valuation assumption changes increased obligations by \$48,418,000. This was mainly due to increasing the discount rate from 4.50% to 5.25%. The discount rate is reset each year based on the rates of return on high-quality fixed income investments currently available as of the valuation measurement date whose cash flows match the timing and amount of expected benefit payments. Other assumptions changes include updating the valuation per capita claims cost. For 2023, valuation assumption changes increased obligations by \$7,347,000. This was mainly due to decreasing the discount rate from 4.75% to 4.50%. The discount rate is reset each year based on the rates of return on high-quality fixed income investments currently available as of the valuation measurement date whose cash flows match the timing and amount of expected benefit payments. Other assumptions changes include modifying the spouse coverage assumption and the withdrawal rates, and updating the future trend for health costs.

Plan amendments - Effective January 1, 2025, the all-inclusive network single/family out-of-pocket limit was decreased from \$9,450/\$18,900 to \$9,200/\$18,400. The effect of these plan changes were determined to be de minimus.

For measurement purposes, the following health care cost trend rates were assumed in the valuations as of December 31, 2024 and 2023:

	2024	2023
Medical - non-Medicare	7.00% graded to 4.50% over 10 years	7.00% graded to 4.50% over 10 years
Medial - Medicare	5.50% graded to 4.50% over 4 years	5.50% graded to 4.50% over 4 years
Prescription drug	12.00% graded to 4.50% over 15 years	12.00% graded to 4.50% over 15 years
Dental	4.00%	4.00%

64	25%	25%
65-69	50%	50%
70	50%	100%
80	100%	100%

The health care cost trend rates assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point, the extended coverage program obligation as of December 31, 2024 and 2023 would increase by approximately \$13,577,000 and \$10,281,000, respectively.

Postretirement and Postemployment Benefit Obligations

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to participant earnings and length of earned eligibility in the Plan to December 31. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired participants and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service under the Agreement. Prior to an active participant's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that participant's earnings to the valuation date.

Significant assumptions used in the actuarial present value of the postretirement benefit obligation as of December 31, 2024 and 2023 were as follows:

- Discount rate – 5.50% for 2024 and 4.75% for 2023.
- Rates of mortality after employment - For Participants: Pri-2012 Health Retiree White Collar Headcount-Weighted Mortality Tables, projected generationally from 2012 with 50% of Scale MP2021; For Surviving Spouses: Pri-2012 Contingent Survivor White Collar Headcount-Weighted Mortality Tables, projected generationally from 2012 with 50% of Scale MP-2021.
- Administrative expense rate - 3.0% for 2024 and 2023.

Writers' Guild - Industry Health Fund
Notes to Financial Statements
December 31, 2024 and 2023

For 2024, valuation assumption changes decreased obligations by \$523,922,000. The decrease is primarily due to updating the valuation-year per capita health costs, including the effect of improved prescription benefit manager pricing and the switch from brand to generic for three prescription drugs, updating the assumed rates of retirement and participation for future retirees, and increasing the discount rate from 4.75% to 5.50%. The discount rate is reset each year based on the rates of return on high-quality fixed income investments currently available as of the valuation measurement date whose cash flows match the timing and amount of expected future benefit payments. Other changes include modifying the assumed rates of turnover, future trend on health costs, and percentage of future retirees assumed to cover a spouse. For 2023, valuation assumption changes increased obligations by \$211,040,000. The increase is primarily due to decreasing the discount rate from 5.00% to 4.75%. The discount rate is reset each year based on the rates of return on high-quality fixed income investments currently available as of the valuation measurement date whose cash flows match the timing and amount of expected benefit payments. Other changes included the effect of improved ESI pricing and the out of network repricing vendor change on prescription drug and medical plan costs.

Plan amendments - Effective January 1, 2025, the all-inclusive network single/family out-of-pocket limit was decreased from \$9,450/\$18,900 to \$9,200/\$18,400. The effect of these plan changes were determined to be de minimus.

For measurement purposes, the following health care cost trend rates were assumed in the valuations as of December 31, 2024 and 2023:

	2024	2023
Medical - non-Medicare	7.00% graded to 4.50% over 10 years	7.00% graded to 4.50% over 10 years
Medial - Medicare	5.50% graded to 4.50% over 4 years	5.50% graded to 4.50% over 4 years
Prescription drug	12.00% graded to 4.50% over 15 years	12.00% graded to 4.50% over 15 years
Dental	4.00%	4.00%

Actives' retirement rates:

65-69	50%	50%

The health care cost trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point, the postretirement obligation as of December 31, 2024 and 2023 would increase by approximately \$166,996,000 and \$259,431,000, respectively.

Writers' Guild - Industry Health Fund
Notes to Financial Statements
December 31, 2024 and 2023

The Plan's deficiency of net assets over benefit obligations at December 31, 2024 and 2023 relates primarily to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current collective bargaining agreement. It is expected that the deficiency will be funded through future increases in the collectively bargained contribution rates and changes to benefit and eligibility levels.

The actuarial present values of the expected postretirement and extended coverage program benefit obligations are estimates determined by an independent consulting actuary. These estimates result from applying assumptions to historical claims cost data to estimate future annual incurred claims costs per participant, adjusted for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. These estimates are further adjusted to reflect the portion of those costs expected to be borne by Medicare, the participants, and other providers. The actuarial calculations also consider the Patient Protection and Affordable Care Act (the "PPACA") and the companion Health Care and Education Reconciliation Act, which made certain changes and adjustments to the PPACA, and were signed into law (hereafter referred to as the Healthcare Reform Acts) in March 2010.

The actuarial assumptions used to determine the present value of health claims incurred, but not reported, accumulated eligibility benefit obligations, accumulated extended coverage program benefit obligations and accumulated postretirement benefit obligations, as described above, are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of benefit obligations.

Medicare Part D

On December 8, 2003, the Medicare Prescription Drug Improvement and Modernization Act (the "Act") was signed into law. The Act introduced a prescription drug benefit for Medicare-eligible retirees starting in 2006. Beginning with the year ended December 31, 2004, the Plan has determined the benefits provided by the Plan are actuarially equivalent to Medicare Part D under the Act and has incorporated the net effect of the Act in the calculation of postretirement benefit obligations.

Benefit costs starting in 2006 were lower as a result of receiving the Medicare prescription drug subsidy from the new Medicare provisions. The approach used to measure this impact is based on guidance published by the Centers for Medicare and Medicaid Services and relevant guidance from Accounting Standards Codification Topic 715 ("ASC 715") (formerly Financial Accounting Standards Board Staff Position 106-2).

The following table summarizes the effect of the Act with respect to the calculation of postretirement benefit obligations as reported on the statement of changes in benefit obligations for the year ended December 31, 2024:

	Before Medicare Part D	After Medicare Part D	Effect of Medicare Part D
Accumulated Postretirement Benefit ("APBO")			
December 31, 2024	\$1,051,338,000	\$1,019,801,000	\$ 31,537,000

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at measurement date.

Level 2 - Inputs are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Corporate Bonds and Notes: Corporate bonds and notes are valued by pricing services based on yields currently available on comparable issues with similar credit ratings and broker quotes from dealers who are market makers in these investments.

Common Stocks: Common stocks are valued based on closing quoted market prices in active markets in which the securities are traded. If closing price is not noted in an active market, valuation is subject to observable inputs.

Money Market Funds: Money market funds are stated using a constant price (or amortized cost) of \$1 per unit of participation, which approximates fair value

Common Collective Trusts: Common collective trusts are valued based on the net asset value of the units of participation owned by the Plan at year end as determined by the trustees of the collective investment fund based on the fair value of the underlying investments of the fund. The net asset value is used as a practical expedient to estimate fair value.

Writers' Guild - Industry Health Fund
Notes to Financial Statements
December 31, 2024 and 2023

Limited Partnerships: Limited partnerships are valued based on the net asset value of the interests owned by the Plan at year end, as determined by the respective general partners of the limited partnerships based on the fair value of the underlying investments of the limited partnerships. The net asset value, as provided by the investment advisor, is used as a practical expedient to estimate fair value. In establishing the fair value of partnership investments, general partners take into consideration information from the financial statements of the companies in which they invest, as well as the currency in which the investments are denominated.

Mutual Funds: Mutual funds are valued at quoted market prices.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the end of the reporting period. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

As of December 31, 2024 and 2023, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

	2024			
	Level 1	Level 2	Level 3	Total

Depreciation expense and amortization expense for the years ended December 31, 2024 and 2023 totaled \$642,657 and \$733,120, respectively, and is included in general and administrative expenses on the statements of changes in net assets available for benefits.

6. Related-Party Transactions

The Plan is administered by common management with the Pension Plan. As such, the Pension Plan processes all payments, and certain costs of property and equipment, office expenses, labor costs and other administrative expenses are allocated between the Plan and the Pension Plan. These administrative costs and expenses are allocated to the Plan and the Pension Plan based upon methodologies developed for each department, taking into consideration their roles and responsibilities for the Plan and the Pension Plan. Other costs are directly charged to the Plan by the Pension Plan. The total of the expenses paid by the Pension Plan was \$27,600,112 and \$26,297,316 for the years ended December 31, 2024 and 2023, respectively. The Plan's share of these expenses totaled \$15,815,221 and \$15,563,335 for the years ended December 31, 2024 and 2023, respectively, and are included in general and administrative expenses on the statements of changes in net assets available for benefits.

7. Leases

In December 2014, The Plan and the Pension Plan entered into a lease agreement for office space in Burbank, California, effective July 1, 2015. This lease is for a 12-year term with two five-year renewals at the option of the Plan and the Pension Plan.

As of December 31, 2024, future minimum annual lease payments for the years ended December 31, under the non-cancelable lease are as follows:

2025	\$ 1,042,490
2026	1,073,765
2027	544,817
Total future payments	<u>2,661,072</u>
Less: Imputed interest	(46,924)
Total lease liabilities	<u><u>\$ 2,614,148</u></u>

Rent expense allocated to the Plan for the years December 31, 2024 and 2023 for the rental of office space totaled \$1,074,887 and \$1,043,896, respectively, and is included in general and administrative expenses on the statements of changes in net assets available for benefits.

8. Plan Termination

It is the intent of the Trustees to continue the Plan in full force and effect. However, in order to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of a termination, the Trustees shall continue to satisfy or make provisions to satisfy the Plan's obligations under ERISA and the Internal Revenue Code. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries or for the payment of administrative expenses of the Plan.

The Trustees have the right to change or discontinue the types and amounts of benefits under the Plan and the eligibility rules including the rules for extended, accumulated eligibility and retiree coverage, even if extended eligibility has already been accumulated.

9. Tax Status

The Internal Revenue Service has recognized the Plan as exempt from federal income taxation under Section 501(a) of the Internal Revenue Code, described in Section 501(c)(9), as stated in its determination letter dated July 14, 1971. The Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2024 and 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing and regulatory jurisdictions. The Plan is currently in the midst of a Department of Labor inquiry. Management does not expect any negative outcome to the Plan's tax exempt status or financial impact as a result of this inquiry. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Financial instruments that subject the Plan to concentrations of credit risk include cash and cash equivalents, investments, and receivables. While management of the Plan attempts to limit any financial exposure by maintaining accounts at high quality financial institutions, cash and cash equivalents and investment balances exceed the federally insured limit of \$250,000 and \$500,000, respectively. Any loss incurred or lack of access to such funds could have a significant adverse impact on the Plan's financial condition, results of operations, and cash flows. Credit risk associated with accounts receivable is considered limited due to the large number of employers that makeup the receivable balance and historical high collection rate of receivables.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2024 and 2023:
