INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
New Gen Holdings, Inc. 401(k) Plan
Phoenix, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of New Gen Holdings, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of New Gen Holdings, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

Basis for Opinion (continued)

We are required to be independent of New Gen Holdings, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New Gen Holdings, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New Gen Holdings, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New Gen Holdings, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor’s Responsibilities for the Audit of the Financial Statements (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

New Gen Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE A – DESCRIPTION OF PLAN

The following description of New Gen Holdings, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s Provisions.

1. General

The Plan was formed January 1, 2024. The Plan is a 401 (k) profit-sharing plan, covering substantially all employees of New Gen Holdings, Inc. (the “Company”). Employees are eligible to participate in the Plan and receive safe-harbor matching contributions and non-elective contributions on the date the employee attains the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions

Participants may elect to defer up to 90 percent pre-tax and 50 percent Roth contributions of total compensation each year up to the maximum allowed by law, which was \$23,000 in 2024. Participants who are age 50 or older may make catch-up contributions up to \$7,500 in 2024. Participants, with the consent of the Plan, may make rollover contributions from another qualified plan to the Plan.

The Plan elected to have automatic enrollment for eligible participants. All eligible employees are automatically enrolled in the Plan with pre-tax deferral rate of 8% of their total compensation. This deferral rate will increase by 1% at the beginning of the next Plan year and will continue to increase by 1% each subsequent Plan year, up to a maximum deferral rate of 15%. If a participant wishes to change deferral percentage or type, they can log into their account on the Human Interest, Inc.’s website and make the changes, including electing to opt out of participation.

The Company, makes matching safe-harbor contributions on the participant’s behalf. During 2024, the Company’s matched participant contributions dollar for dollar up to 1% of their compensation, plus 50% of the participant’s elective deferrals that exceed 1% but do not exceed 6% of participant’s compensation. Any participant who is employed by the Company and attains the age of 18 during the plan year shall be eligible for safe-harbor matching contributions.

The Company may also make discretionary non-elective contributions on the participant's behalf. To receive such employer non-elective contributions, employees must be at least 18 years of age and be employed by the Company. For 2024, the Company elected not to make a discretionary profit-sharing contribution to the Plan.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, (b) the Company's profit-sharing contributions, and (c) Plan earnings or losses. Allocations are based on participant contributions, earnings on participant account balances, as defined in the plan document. The benefit in which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A – DESCRIPTION OF PLAN (continued)

4. Vesting and Forfeitures

Participants are immediately vested in their own contributions and earnings and losses thereon. Participants vest 50% per year at the end of each year of service, starting after the first year of service in the Company's safe-harbor contributions, plus any related earnings or losses thereon. After two years of service, participants are fully vested in the Company's safe-harbor contributions. Also, Participants vest 20% per year at the end of each year of service, starting after the two years of service in the Company's non-elective contributions, plus any related earnings or losses thereon. After six years of service, participants are fully vested in the Company's non-elective contributions. Full vesting also occurs in the event of retirement, death or disability.

Forfeitures shall be used to pay any administrative expenses of the Plan and any remaining forfeitures will be used to reduce employer contributions. There were no forfeitures available at December 31, 2024.

5. Notes Receivable

Under the Plan provisions, a participant may borrow up to the lesser of 50% of his or her vested account balance or \$50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made, subject to a minimum amount of \$1,000. Participant loans are required to be repaid within five years, and loan repayments shall be made each pay period in accordance with the repayment schedule. Interest is charged at a fixed rate based upon the prevailing prime rate at the time of loan plus one percentage point.

6. Distribution of Benefits

Payment of the participant's entire account balance under the Plan is available only upon retirement, termination of employment, hardship, the attainment of age 65, death or total disability. The only available form of distribution is a lump sum payment. Beneficiaries of participants who die while participating in the Plan, or before all benefits are paid, will be entitled to the entire balance and must be paid out within five years of their death. Furthermore, a partial or installment distribution may be permitted if needed to satisfy the required minimum distribution rules.

Upon attainment of age 59.5 employees may elect to withdraw all or a portion of their entire account balance without penalty while still employed by the Company.

The Plan's provisions provide for hardship withdrawals for certain qualifying events as more specifically described in the Plan document.

7. Investments

The Plan is participant directed and participants may invest their contributions in any of the investment funds offered by the Plan. The Plan's service administrator during 2024 was Human Interest, Inc.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

New Gen Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Payment of Benefits

Benefits are recorded when paid.

3. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

4. Investment Valuation and Income Recognition

The Plan follows the fair value measurement requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which defines fair value as the exchange price that would be received for the asset or paid to transfer a liability in an orderly transaction between market participants. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized appreciation or depreciation on those investments during the year.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025 the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

FASB ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

New Gen Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE C – FAIR VALUE MEASUREMENTS (continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2024, the Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

Fair Value Measurements as of December 31, 2024				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 308,685	\$ -	\$ -	\$ 308,685

NOTE D – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Matrix Trust Company have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2024 and for the year then ended:

Mutual funds, at fair value	2024
Net depreciation in fair value of investments	\$ 308,685
Interest and dividend income	(2,575)
	2,769

New Gen Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments at December 31, 2024 included shares of registered investment company funds managed by Matrix Trust Company. Matrix Trust Company is the custodian of the Plan, and Human Interest, Inc. (the “TPA”) provides investment advisory and bookkeeping services to the Plan; transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan to the custodian and TPA for administration and investment advisory services were \$202 for the year ended December 31, 2024.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes of risk associated with certain investment securities will occur in the near term, and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – PLAN TERMINATION

It is the intention of the Company to continue the Plan; however, the Company has the right to terminate the Plan at any time, subject to the provisions and penalties set forth by ERISA and the Internal Revenue Code. In the event of plan termination, participants would become 100% vested in the Company’s contributions.

NOTE H – TAX STATUS

The Plan has adopted a standardized form of a volume submitter prototype plan sponsored by Matrix Trust Company. The volume submitter prototype plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS) as to the volume submitter prototype plan’s qualified status. The volume submitter prototype plan opinion letter has been relied upon by the Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that are more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
