INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Stone Distributing Company 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Stone Distributing Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stone Distributing Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stone Distributing Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Going Concern

The accompanying financial statements have been prepared assuming the Plan will continue as a going concern. As discussed in Note 10 to the financial statements, during 2025 the company sponsoring the Plan was sold. In connection therewith, in August 2025, the Plan sponsor authorized the termination of the Plan, which indicates the Plan is not a going concern. Distribution of participant balances is expected to occur as soon as is practicable. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stone Distributing Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stone Distributing Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stone Distributing Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Part IV, Line 4a for the year ended December 31, 2024 and Schedule H, Part IV, Line 4i as of December 31, 2024), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STONE DISTRIBUTING COMPANY 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 1. DESCRIPTION OF PLAN

General

The Stone Distributing Company 401(k) Plan (the "Plan") is sponsored by Stone Distributing Company ("SDC" or the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan, which became effective on October 21, 2022, is a defined contribution plan covering all eligible employees of the Company, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code (the "IRC"). The Plan's trustee and custodian is Empower Trust Company, LLC.

Eligibility

Employees of the Company who have attained age 18 and have attained 2 months of service, as defined, are generally eligible to participate in the Plan. Employees whose employment is governed by a collective bargaining agreement, non-resident aliens, residents of Puerto Rico, interns, and part-time/temporary/seasonal employees, as defined, are not eligible to participate in the Plan. Plan entry dates are the first day of each month.

Participant Contributions

Each payroll period, eligible employees may elect to defer between 1% and 100% of their pre-tax annual compensation, as defined by the Plan. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified sources. Participants direct their contributions into various investment options offered by the Plan. All participant contributions are subject to limitations imposed by the IRC.

Newly eligible employees, except those who affirmatively elect to not participate or who choose to contribute a specified amount to the Plan, automatically have 3% of their compensation deferred into the Plan.

On January 1, 2024, the Plan was amended to allow participants to designate their deferral contributions as "Roth" contributions and to also permit "Roth" rollovers to enter the Plan.

Employer Contributions

Each Plan year, the Company makes safe harbor employer matching contributions equal to 100% of the first 3% of employee deferral contributions plus 50% of the next 2% of employee deferral contributions.

The Plan also allows discretionary qualified nonelective (profit sharing) employer contributions, which are subject to the same eligibility requirements as all employee and employer contributions. The Company did not make any such contributions for 2024.

STONE DISTRIBUTING COMPANY 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are 100% vested at all times in all accounts.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions, and any employer contributions, in any of the Plan's investment options. Subsequently, participants may change their allocation and transfer account balances between investment options in accordance with Plan provisions.

Participant Accounts

Each participant's account is credited with contributions, allocations of investment earnings or losses, and is charged with administrative expenses where applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested interests in their account balances. Such loans are required to be repaid within 5 years, and a participant may have only one loan outstanding at a time. Loans are secured by the participants' vested interests in their account balances. The loans bear interest at a fixed rate equal to the Prime Rate published in the *Wall Street Journal* on the first business day of the month in which the loan is originated, plus 1%. As of December 31, 2024, the interest rate on outstanding loans ranged from 3.25% to 9.50%. Principal and interest are paid regularly through payroll deductions.

Payment of Benefits

Upon disability, death, termination, retirement, attaining age 59½, and/or hardship, participants may elect to receive a distribution of their account (as defined) in lump sum or installment payments (including partial distributions). Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, and the SECURE 2.0 Act of 2022 (the "SECURE 2.0 Act"), which became law on December 29, 2022, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires, except that –
- Beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

Also, at its discretion, the Plan may elect to distribute vested account balances of less than \$5,000. Distributions in excess of \$1,000 made without a participant's consent will be rolled into an individual retirement account. As permitted under the SECURE 2.0 Act, in May 2024 the threshold for automatic distributions was increased from \$5,000 to \$7,000.

STONE DISTRIBUTING COMPANY 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

With respect to hardship withdrawals, (1) participants are not required to obtain a plan loan before requesting a hardship withdrawal, (2) participants' deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. Hardship withdrawals are limited to one per Plan year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain of the Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company. Certain distribution and loan fees are paid by the transacting participants. All of the aforementioned costs are expensed when incurred.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued (Note 10).

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN/TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the custodian/trustee of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

STONE DISTRIBUTING COMPANY 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds (including money market account): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds, including money market account	\$ 10,844,882	\$ -	\$ -	\$ 10,844,882

STONE DISTRIBUTING COMPANY 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 5. INCOME TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon the opinion letter from the Internal Revenue Service (“IRS”), which stated that, in its opinion, the pre-approved plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations since inception.

NOTE 6. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain of the Plan’s operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. DELINQUENT REMITTANCE

The Company identified one instance in 2024 where \$55 withheld from an employee was not forwarded to the custodian/trustee within the reasonableness timeframe established by the Department of Labor. The Company remitted the delinquent contribution as well as the corresponding lost earnings in the amount of approximately \$1 to the Plan in March and April 2024, respectively.

Based on such actions, Plan management and the Company believe the delinquent remittance will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 9. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to distributions described in Note 1, the SECURE 2.0 Act includes various required and optional provisions that will become effective through 2033, certain of which are described below:

- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Beginning January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12-month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

In January 2025, the Plan operationally implemented the optional penalty-free domestic abuse and federal disaster distribution provisions under the SECURE 2.0 Act, subject to certain requirements and participant certifications, as defined. In addition, the Plan operationally implemented the catch-up provisions as previously described above.

NOTE 10. SUBSEQUENT EVENTS

In May 2025, the Company was acquired by a third party, Hand Family Companies, and substantially all of its employees were terminated. On August 25, 2025, the Board of Managers authorized the termination of the Plan. Accordingly, participant accounts became 100% vested for all purposes. Distribution of participant balances is expected to occur as soon as is practicable.
