INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Kyndryl 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kyndryl 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kyndryl 401(k) Plan
Notes to Financial Statements
As of December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Kyndryl 401(k) Plan (“the Plan”) provides only general information about the Plan provisions. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan was established by resolution by the Board of Directors of Kyndryl Holdings, Inc. (“Board of Directors”) effective September 1, 2021. Plan assets are maintained in trust for the exclusive benefit of its participants and beneficiaries. The Plan is a defined contribution plan covering eligible employees of Kyndryl Inc. (referred to as Kyndryl, the Company, Plan Sponsor, or Employer) and affiliated entities. The Plan is compliant with the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, and is intended to be a qualified profit-sharing plan that includes a qualified cash-or-deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended (“Code”).

All eligible active, full-time, part-time regular and long-term supplemental United States (U.S.) employees of Kyndryl may elect to defer between 1% and 80% of their eligible compensation for before-tax 401(k) and/or Roth 401(k) contributions. Effective April 26, 2024, the Plan was amended to include Skytap, Inc., as a participating employer, thereby allowing Skytap employees to participate in the Plan. Additionally, effective October 1, 2024, the Plan was further amended to add Kyndryl Federal LLC as a participating employer, permitting Kyndryl Federal employees to participate in the Plan. Plan participants can choose from any of the 28 investment fund options offered by the Plan. Furthermore, participants may contribute up to 10% of their eligible compensation on an after-tax basis. All annual contributions must comply with the legal limits established by Internal Revenue Service (“IRS”) regulations.

Pursuant to the Investment Policy Statement, the Retirement Plans Committee of Kyndryl Holdings, Inc. (the “Committee” or “Plan Administrator”), approved the addition of 10 new investment options to the Plan on March 4, 2024, in order to enhance diversification within the Plan’s investment fund lineup. These investment options became available to Plan participants beginning October 18, 2024.

At December 31, 2024 and 2023, the number of participants with an account balance in the Plan was 7,513 and 8,123, respectively.

Administration

The Committee, appointed by delegates of the Board of Directors, is responsible for administering the Plan. The Committee serves as the named fiduciary of the Plan. Meetings are held on a quarterly basis. Fidelity Management Trust Company as the trustee (“Trustee”), and Fidelity Workplace Services LLC (“Fidelity”) acts as the recordkeeper. The Company maintains the authority to amend any part of the Plan at its discretion. Fidelity also provides communication services to employees.

Contributions

Participants may make before-tax and Roth 401(k) contributions, in the aggregate, from 1% to 80% percent of eligible pay, as defined in the Plan, each year, up to an IRS statutory maximum of \$23,000 (\$30,500 for participants 50 years old or older). Participants may make after-tax contributions, in the aggregate, from 1% to 10% of eligible pay each year.

Notes to Financial Statements (continued)

The 2024 maximum annual deferral amount for employees residing in Puerto Rico was limited by local government regulations to \$20,000. Puerto Rico participants who were age 50 or older in 2024 could take advantage of a higher contribution limit of \$21,500.

Generally, Kyndryl makes employer matching contributions as described below and outlined in the Plan:

- Certain International Business Machines (“IBM”) transferred employees will generally receive a matching contribution of up to 50% of the first 6% of eligible pay contributed to before-tax and/or Roth 401(k) deferrals, subject to annual Code limits.
- For all other IBM transferred employees, a matching contribution will be an amount equal to 100% of the first 6% of eligible pay contributed to the before-tax 401(k) and/or Roth 401(k) deferrals, subject to annual Code limits.
- All regular employees, hired or rehired on or after September 1, 2021, receive a matching contribution up to 3% (50% match on up to 6%) of eligible pay contributed to the before-tax 401(k) and/or Roth 401(k) deferrals, subject to annual Code limits.

In Plan year 2024, matching contributions were provided once annually at the conclusion of the Plan year. To qualify for Kyndryl employer contributions each year, participants must be employed on December 15 of the Plan year, and meet all eligibility requirements. If a Plan participant leaves employment prior to December 15 due to:

- retirement, as defined in the Plan;
- transfer resulting from a business transaction (including a divestiture, outsourcing or similar transaction) where the participant accepts employment with the buyer; or
- death;

the participant remains eligible to receive matching contributions for which they qualify, after separation from service.

Eligible employees hired on or after September 1, 2021, are automatically enrolled at 6% of eligible pay after approximately 35 days of employment with Kyndryl, unless they elect otherwise and are immediately eligible for matching contributions from the Company. The default investment option is the Target Date Fund that most closely corresponds to the year in which the employee will reach age 65.

Employees before-tax base pay contribution rates will generally increase automatically by 1% each July 1, starting with the first July following their automatic enrollment. For employees enrolled between January 1 and June 30, the automatic increase will commence on July 1 after the first anniversary of their enrollment. This annual automatic increase will continue until the before-tax contribution rate reaches 15%, unless the employee opts out of the increase or chooses an alternative annual increase rate. The Plan also provides for additional voluntary automatic increases, as detailed within its provisions.

Participants who will be age 50 or older by December 31 of the current year are eligible to make catch-up contributions to the Plan, beyond the maximum limits for before-tax and Roth 401(k) contributions for the year. Catch-up contributions can be made on a before-tax basis, after-tax using the Roth 401(k) feature, or a combination of both options.

The Plan’s maximum matching employer contributions, as defined in the Plan, made on behalf of any participant during a Plan year shall not exceed 6% of the annual limitation contained in Section 401(a)(17) of the Code.

Notes to Financial Statements (continued)

Participants are able to choose to have their contributions invested entirely in one of, or in any combination of the various investment funds available under the Plan, in multiples of one percent. If participants do not make an investment election, then contributions will be invested in the default Target Retirement fund that most closely corresponds to the year in which they will reach age 65.

Participants may change their deferral percentage and investment selection for future contributions at any time. The changes will take effect for the next eligible pay cycle if the request is completed before the applicable cutoff date. Also, participants may transfer part or all of existing account balances among funds in the Plan once daily, subject to the Plan restrictions on trading.

Participant Accounts

The Plan's recordkeeper maintains an account in the name of each participant to which each participant's contributions and share of net earnings, losses and expenses, if any, of the various investment funds are recorded. The earnings on the assets held in each of the funds and all proceeds from the same of such assets are held and reinvested in the respective funds.

Participants are permitted to transfer rollover contributions consisting of before-tax and Roth 401(k) amounts from other qualified savings plans or Individual Retirement Accounts (IRA) into their Plan account. All rollovers must be completed in cash within the time limits established by the IRS; stock or in-kind rollovers are not eligible for rollover. Only active employees currently on the payroll of Kyndryl or affiliated companies, who have existing Plan accounts, may initiate such rollovers. Retirees are not eligible for such rollovers. Additionally, after-tax amounts may be directly rolled over from another qualified savings plan into the Plan.

The Committee is dedicated to preserving the integrity of the Plan designed as a long-term savings vehicle for Kyndryl employees. Frequent short-term trading that exploits pricing lags in funds may be detrimental to long-term investors and may lead to increased trading expenses. Consequently, the Plan has established frequent trading transaction restrictions and reserves the right to implement additional measures as necessary to mitigate short-term trading transactions (buying/selling).

Vesting

Participants in the Plan are at all times vested in their account balance, including employee contributions, employer contributions, and earnings.

Distributions

Participants who have terminated employment or are eligible for in-service distributions (*e.g.*, have reached age 59 ½) may request ad hoc distributions (\$500 minimum) or a full lump sum distribution.

In addition, eligible participants may also elect to receive the balance of their account in semi-monthly, monthly, quarterly, semi-annual or annual installments. Eligible participants may request installments over a fixed period of time or a flat dollar amount (\$500 minimum per period for a flat dollar election). Distributions are subject to the required minimum distribution rules for participants who have reached age 73 (required minimum distribution age).

Withdrawals for financial hardship are permitted provided they are for an immediate and significant financial need, and the distribution is necessary to satisfy that need. Employees must submit evidence of hardship to the recordkeeper who will determine whether the situation qualifies for a hardship withdrawal based on guidance from the Plan Administrator. A hardship withdrawal is taxed as ordinary income to the employee and may be subject to the 10 percent additional tax on early distributions.

Notes to Financial Statements (continued)

Notes Receivable from Participants

Participants may borrow up to one-half (50%) of the value of their account balance, not to exceed \$50,000, within a twelve-month period. Participants are limited to two simultaneous outstanding Plan loans. Repayment of a loan is made through semi-monthly or weekly payroll deductions dependent upon the participant's payroll frequency. Loans originated under the Plan have a repayment term of one to four years for a general-purpose loan or one to ten years for a primary residence loan. There are a limited number of outstanding loans originated under the predecessor company, IBM, that were rolled over into the Plan that were reamortized but still comply with Section 72(p) of the Code. The loans originated under the Plan bear a fixed rate of interest, set quarterly, for the term of the loan, determined by the Plan Administrator to be up to 1.25 points above the prime rate. The interest is credited to the participant's account as the semi-monthly repayments of principal and interest are made. Interest rates on outstanding loans at December 31, 2024 and 2023 ranged from 4.5% to 10.5%.

Participants who retire or separate from Kyndryl with a Plan account balance greater than \$7,000 and have outstanding Plan loans may make loan repayments via Automated Clearing House (ACH) deductions to continue monthly loan repayments according to their original amortization schedule.

Termination of Service

If a participant's account is less than \$1,000, a lump-sum payment will be made to the participant 60 days after their employment with Kyndryl ends. For account balances greater than or equal to \$1,000 but not exceeding \$7,000, the balance will be automatically rolled over to a Safe Harbor IRA. If the account balance exceeds \$7,000 at separation, the participant may choose to defer distribution of the account until reaching age 73.

Upon termination of service, participants with vested account balances that exceed \$7,000 may elect to receive their benefits in one lump sum distribution, partial distribution, or installments over various specified periods as provided in the Plan, provided that the amounts will be distributed in accordance with the minimum distribution requirements of the Code.

Plan Termination

Kyndryl reserves the right to terminate this Plan at any time by action of the Board of Directors of Kyndryl Holdings, Inc. In the event of a Plan termination, each participant or beneficiary receiving or entitled to receive payments under the Plan would receive the balance of the account at such time and in accordance with applicable law and regulations.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, except distributions, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes to Financial Statements (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation

Investments held by the Plan are stated at fair value. U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- *Level 1:* Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- *Level 2:* Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, or inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- *Level 3:* Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

The level in the hierarchy wherein the fair value measurement is classified is based on the lowest level input significant to the fair value measurement in its entirety.

Investment Transactions and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risks and Uncertainties

The Plan provides for various investment options in investment securities, which are exposed to risks, including interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term. These changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. The Plan's exposure to credit loss in the event of non-performance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit and market risk is dictated by the Plan's provisions and those of ERISA, as well as the participants' investment preference.

Notes to Financial Statements (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses amounted to \$100,822 during the 2024 Plan year. Certain costs of Plan administration were absorbed by the Employer.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

	At December 31, 2024		At December 31, 2023	
	Level 1	Total	Level 1	Total
Mutual funds	\$ 179,160,219	\$ 179,160,219	\$ 117,041,064	\$ 117,041,064
Total assets in fair value hierarchy		179,160,219		117,041,064
Investments measured at NAV*		571,026,579		450,826,940
Total investments at fair value	\$ 179,160,219	\$ 750,186,798	\$ 117,041,064	\$ 567,868,004

* Common Collective Trust funds are not publicly quoted and are valued at the reported net asset value (NAV) as a practical expedient, which is obtained from the investment managers of such funds. These investments have not been classified in the fair value hierarchy but are included in the totals column to assist in reconciling to the Statement of Net Assets Available for Benefits. There are no unfunded commitments, and the funds can be redeemed daily without notice.

Mutual funds offered to participants are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions because they are transacted with Plan participants. The target date investments are managed by the Trustee. These transactions also qualify as exempt party-in-interest transactions, in accordance with ERISA.

Notes to Financial Statements (continued)

NOTE 6 – TAX STATUS OF PLAN

The Trust established under the Plan is qualified under Section 401(a) of the Code, and the Trustee intends for the Trust to remain qualified in this manner. The Plan received a favorable determination letter from the IRS dated August 10, 2022 (“Determination Letter”). On May 31, 2023, the Plan filed a determination letter application with the Hacienda (Puerto Rico) for retroactive Puerto Rico qualification effective January 1, 2021. The Plan received a favorable determination letter for the Puerto Rico qualified requirement plan from Hacienda dated December 18, 2023.

Subsequent to the periods covered by the determination letters from the IRS and Hacienda, the Plan was amended. The Plan Administrator and counsel continue to believe the Plan is designed and is being operated in compliance with the applicable requirements of the Code and Puerto Rico Internal Revenue Code of 2011, as amended.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, currently there are not audits for any tax periods in progress.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500.

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 and 2023 to Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits per the financial statements	\$ 764,540,508	579,749,061
Deemed distribution to participants	100,272	47,242
