

Form 5500

Department of the Treasury Internal Revenue Service

Department of Labor Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Annual Return/Report of Employee Benefit Plan

This form is required to be filed for employee benefit plans under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and sections 6057(b) and 6058(a) of the Internal Revenue Code (the Code).

Complete all entries in accordance with the instructions to the Form 5500.

OMB Nos. 1210-0110 1210-0089

2024

This Form is Open to Public Inspection

Part I Annual Report Identification Information

For calendar plan year 2024 or fiscal plan year beginning 01/01/2024 and ending 12/31/2024

- A This return/report is for: [] a multiemployer plan [] a multiple-employer plan... [X] a single-employer plan [] a DFE... B This return/report is: [] the first return/report [] the final return/report... C If the plan is a collectively-bargained plan, check here... D Check box if filing under: [X] Form 5558 [] automatic extension... E If this is a retroactively adopted plan permitted by SECURE Act section 201, check here...

Part II Basic Plan Information—enter all requested information

1a Name of plan: NBT BANCORP INC. DEFINED BENEFIT PENSION PLAN
1b Three-digit plan number (PN): 001
1c Effective date of plan: 05/09/1945
2a Plan sponsor's name (employer, if for a single-employer plan): NBT BANCORP INC.
2b Employer Identification Number (EIN): 16-1268674
2c Plan Sponsor's telephone number: 607-337-6393
2d Business code (see instructions): 522110

Caution: A penalty for the late or incomplete filing of this return/report will be assessed unless reasonable cause is established.

Under penalties of perjury and other penalties set forth in the instructions, I declare that I have examined this return/report, including accompanying schedules, statements and attachments, as well as the electronic version of this return/report, and to the best of my knowledge and belief, it is true, correct, and complete.

Table with 4 columns: SIGN HERE, Signature of plan administrator, Date, Enter name of individual signing as plan administrator. Includes rows for employer/plan sponsor and DFE.

For Paperwork Reduction Act Notice, see the Instructions for Form 5500.

Form 5500 (2024) v. 240311

3a Plan administrator's name and address <input checked="" type="checkbox"/> Same as Plan Sponsor	3b Administrator's EIN	
	3c Administrator's telephone number	

4 If the name and/or EIN of the plan sponsor or the plan name has changed since the last return/report filed for this plan, enter the plan sponsor's name, EIN, the plan name and the plan number from the last return/report: a Sponsor's name c Plan Name	4b EIN	
	4d PN	

5 Total number of participants at the beginning of the plan year	5	2549
---	----------	------

6 Number of participants as of the end of the plan year unless otherwise stated (welfare plans complete only lines 6a(1) , 6a(2) , 6b , 6c , and 6d).		
a(1) Total number of active participants at the beginning of the plan year	6a(1)	1814
a(2) Total number of active participants at the end of the plan year	6a(2)	1815
b Retired or separated participants receiving benefits.....	6b	364
c Other retired or separated participants entitled to future benefits	6c	314
d Subtotal. Add lines 6a(2) , 6b , and 6c	6d	2493
e Deceased participants whose beneficiaries are receiving or are entitled to receive benefits.	6e	45
f Total. Add lines 6d and 6e	6f	2538
g(1) Number of participants with account balances as of the beginning of the plan year (only defined contribution plans complete this item)	6g(1)	
g(2) Number of participants with account balances as of the end of the plan year (only defined contribution plans complete this item)	6g(2)	
h Number of participants who terminated employment during the plan year with accrued benefits that were less than 100% vested.....	6h	73

7 Enter the total number of employers obligated to contribute to the plan (only multiemployer plans complete this item)	7	
--	----------	--

8a If the plan provides pension benefits, enter the applicable pension feature codes from the List of Plan Characteristics Codes in the instructions:
1A 1C 3H

b If the plan provides welfare benefits, enter the applicable welfare feature codes from the List of Plan Characteristics Codes in the instructions:

9a Plan funding arrangement (check all that apply)	9b Plan benefit arrangement (check all that apply)

Part I Basic Information

1	Enter the valuation date: Month <u>01</u> Day <u>01</u> Year <u>2024</u>		
2	Assets:		
	a Market value	2a	<u>121169471</u>
	b Actuarial value	2b	<u>121169471</u>
3	Funding target/participant count breakdown	(1) Number of participants	(2) Vested Funding Target
	a For retired participants and beneficiaries receiving payment	<u>410</u>	<u>28968907</u>
	b For terminated vested participants	<u>347</u>	<u>6461615</u>
	c For active participants	<u>1817</u>	<u>27124661</u>
	d Total	<u>2574</u>	<u>62555183</u>
4	If the plan is in at-risk status, check the box and complete lines (a) and (b)..... <input type="checkbox"/>		
	a Funding target disregarding prescribed at-risk assumptions	4a	
	b Funding target reflecting at-risk assumptions, but disregarding transition rule for plans that have been in at-risk status for fewer than five consecutive years and disregarding loading factor	4b	
5	Effective interest rate	5	<u>5.10 %</u>
6	Target normal cost		
	a Present value of current plan year accruals	6a	<u>1658980</u>
	b Expected plan-related expenses	6b	<u>371000</u>
	c Target normal cost	6c	<u>2029980</u>

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Beginning of Year Carryover and Prefunding Balances		(a) Carryover balance	(b) Prefunding balance
7	Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	0
8	Portion elected for use to offset prior year's funding requirement (line 35 from prior year)		
9	Amount remaining (line 7 minus line 8)	0	0
10	Interest on line 9 using prior year's actual return of <u>11.89</u> %	0	0
11	Prior year's excess contributions to be added to prefunding balance:		
a	Present value of excess contributions (line 38a from prior year)		0
b(1)	Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of <u>5.16</u> %		0
b(2)	Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
c	Total available at beginning of current plan year to add to prefunding balance		0
d	Portion of (c) to be added to prefunding balance		0
12	Other reductions in balances due to elections or deemed elections	0	0
13	Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	0

Part III Funding Percentages			
14	Funding target attainment percentage	14	192.14 %
15	Adjusted funding target attainment percentage	15	192.14 %
16	Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	182.49 %
17	If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls							
18 Contributions made to the plan for the plan year by employer(s) and employees:							
(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees		
			Totals ▶	18(b)	0	18(c)	0

19	Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:	
a	Contributions allocated toward unpaid minimum required contributions from prior years	19a 0
b	Contributions made to avoid restrictions adjusted to valuation date	19b 0
c	Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c 0
20	Quarterly contributions and liquidity shortfalls:	
a	Did the plan have a "funding shortfall" for the prior year?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
b	If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner?	<input type="checkbox"/> Yes <input type="checkbox"/> No
c	If line 20a is "Yes," see instructions and complete the following table as applicable:	
Liquidity shortfall as of end of quarter of this plan year		
(1) 1st	(2) 2nd	(3) 3rd
(4) 4th		

Part V Assumptions Used to Determine Funding Target and Target Normal Cost				
21 Discount rate:				
a Segment rates:	1st segment: 4.75 %	2nd segment: 4.96 %	3rd segment: 5.59 %	<input type="checkbox"/> N/A, full yield curve used
b Applicable month (enter code)				21b 0

23 Mortality table(s) (see instructions)	<input type="checkbox"/> Prescribed - combined	<input checked="" type="checkbox"/> Prescribed - separate	<input type="checkbox"/> Substitute	

Part VI Miscellaneous Items				
24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment..... <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No				
25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment..... <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No				
26 Demographic and benefit information				
a Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment.....				<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
b Is the plan required to provide a projection of expected benefit payments? If "Yes," see instructions regarding required attachment ...				<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
27 If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment.....				27

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years				
28 Unpaid minimum required contributions for all prior years				28 0
29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a).....				29 0
30 Remaining amount of unpaid minimum required contributions (line 28 minus line 29).....				30 0

Part VIII Minimum Required Contribution For Current Year				
31 Target normal cost and excess assets (see instructions):				
a Target normal cost (line 6c)			31a	2029980
b Excess assets, if applicable, but not greater than line 31a			31b	2029980
32 Amortization installments:	Outstanding Balance		Installment	
a Net shortfall amortization installment	0		0	
b Waiver amortization installment	0		0	
33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount			33	
34 Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33).....			34	0
	Carryover balance	Prefunding balance	Total balance	
35 Balances elected for use to offset funding requirement			0	
36 Additional cash requirement (line 34 minus line 35)			36	0
37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)			37	0
38 Present value of excess contributions for current year (see instructions)				
a Total (excess, if any, of line 37 over line 36)			38a	0
b Portion included in line 38a attributable to use of prefunding and funding standard carryover balances			38b	
39 Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)			39	0
40 Unpaid minimum required contributions for all years			40	0

Part IX Pension Funding Relief Under the American Rescue Plan Act of 2021 (See Instructions)				
41 If an election was made to use the extended amortization rule for a plan year beginning on or before December 31, 2021, check the box to indicate the first plan year for which the rule applies. <input type="checkbox"/> 2019 <input type="checkbox"/> 2020 <input type="checkbox"/> 2021				

SCHEDULE C (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Service Provider Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ▶ File as an attachment to Form 5500.	<small>OMB No. 1210-0110</small> 2024 This Form is Open to Public Inspection.
--	--	---

For calendar plan year 2024 or fiscal plan year beginning **01/01/2024** and ending **12/31/2024**

A Name of plan NBT BANCORP INC. DEFINED BENEFIT PENSION PLAN	B Three-digit plan number (PN) ▶	001
C Plan sponsor's name as shown on line 2a of Form 5500 NBT BANCORP INC.	D Employer Identification Number (EIN) 16-1268674	

Part I Service Provider Information (see instructions)

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... Yes No

b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

2. Information on Other Service Providers Receiving Direct or Indirect Compensation. Except for those persons for whom you answered "Yes" to line 1a above, complete as many entries as needed to list each person receiving, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of value) in connection with services rendered to the plan or their position with the plan during the plan year. (See instructions).

(a) Enter name and EIN or address (see instructions)

j Total expenses. Add all expense amounts in column (b) and enter total.....	2j		5421578

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		3858873
l Transfers of assets:			
(1) To this plan.....	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BONADIO & CO., LLP**

(2) EIN: **16-1131146**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) Yes No Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 540665.

SCHEDULE R (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	<small>OMB No. 1210-0110</small> 2024 This Form is Open to Public Inspection.

C Plan sponsor's name as shown on line 2a of Form 5500 NBT BANCORP INC.	D Employer Identification Number (EIN) 16-1268674	

Part I	Distributions
---------------	----------------------

All references to distributions relate only to payments of benefits during the plan year.

1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....	1	0
---	----------	----------

2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits):
EIN(s): 16-1301826

Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.

3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year	3	166
--	----------	------------

Part II	Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)
----------------	---

4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? Yes No N/A
If the plan is a defined benefit plan, go to line 8.

5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. **Date:** Month _____ Day _____ Year _____
If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.

6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived)	6a	
b Enter the amount contributed by the employer to the plan for this plan year	6b	
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....	6c	

If you completed line 6c, skip lines 8 and 9.

7 Will the minimum funding amount reported on line 6c be met by the funding deadline? Yes No N/A

8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? Yes No N/A

Part III	Amendments
-----------------	-------------------

9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... Increase Decrease Both No

Part IV	ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.
----------------	---

10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan? Yes No

11 a Does the ESOP hold any preferred stock? Yes No

b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) Yes No

12 Does the ESOP hold any stock that is not readily tradable on an established securities market? Yes No

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that (1) contributed more than 5% of total contributions to the plan during the plan year or (2) was one of the top-ten highest contributors (measured in dollars). See instructions. Complete as many entries as needed to report all applicable employers.

a Name of contributing employer _____

b EIN _____ **c** Dollar amount contributed by employer _____

INDEPENDENT AUDITOR'S REPORT

October 14, 2025

To the Plan Administrator and Plan Participants of the
NBT Bancorp Inc. Defined Benefit Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of NBT Bancorp Inc. Defined Benefit Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2024, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 NBT Bancorp Inc. Defined Benefit Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the NBT Bancorp Inc. Defined Benefit Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NBT Bancorp Inc. Defined Benefit Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

Auditor's Responsibilities for the Audit of the 2024 Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the NBT Bancorp Inc. Defined Benefit Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NBT Bancorp Inc. Defined Benefit Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2024 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of and for the year ended December 31, 2024, respectively, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Other Matter - 2024 Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2023 Financial Statements

The financial statements of NBT Bancorp Inc. Defined Benefit Pension Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NBT BANCORP INC.
DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of the NBT Bancorp Inc. Defined Benefit Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined benefit pension plan established by NBT Bancorp Inc. (the “Sponsor”). NBT Bank, National Association (“NBT Bank”), the trustee of the Plan (the “Trustee”), is a wholly-owned subsidiary of the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Sponsor is responsible for administration of the Plan (the “Administrator”).

All active participants effective December 31, 1999, were given a one-time irrevocable election to continue participating in a traditional plan design (the “Traditional Plan”), or to begin participating in a cash balance plan design (the “Account Balance Plan”). All employees who became participants after January 1, 2000, automatically participate in the Account Balance Plan. Effective March 1, 2013, the Plan was amended such that ongoing participation and benefits under the Traditional Plan were frozen and remaining participants in the Traditional Plan began to participate and accrue benefits in the Account Balance Plan.

Traditional Plan

For participants in the Plan as of December 31, 1999, who made the one-time irrevocable election to continue to participate in the Traditional Plan as of that date, each participant’s benefit is an annual benefit (straight life annuity) as calculated under a formula primarily based on years of credited service and average compensation, as defined in the Traditional Plan document.

As of March 1, 2013, the benefits under the Traditional Plan were frozen and all subsequent benefits have been accrued in the Account Balance Plan.

Account Balance Plan

Under the Account Balance Plan, each participant has an account established for bookkeeping purposes. The account does not represent the allocation of plan assets, nor does it represent a right of any participant to receive specific assets of the Plan.

Benefits under the Account Balance Plan are determined based upon the value of each participant’s account balance at the time of retirement or other separation from service. Each participant’s account balance is the accumulation of pay-based credits, interest credits, and an opening account balance, if applicable.

Pay-Based Credits

On the last day of each calendar year, each account in the Plan is credited with a pay-based credit in an amount generally equal to 1.5% of the participant’s eligible compensation for that year as defined by the Plan. Certain individuals are entitled to higher annual percentages of eligible compensation. If the pay-based credit for the Plan year for an account is less than \$1,000, the account is credited with a minimum pay-based credit of \$1,000 for the Plan year.

NBT BANCORP INC.
DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements
December 31, 2024 and 2023

Interest Credits

Beginning on January 1, 2010, pay-based credits made to the account balance after that date do not receive interest credits. Prior to January 1, 2010, on the last day of each calendar year, accounts were credited with an interest credit in an amount equal to the average annual yield, compounded monthly, on 30-year U.S. Treasury Securities for November of the prior year, multiplied by the account balance as of the last day of the preceding Plan year. Account balances earned as of December 31, 2009, continue to earn interest credits until benefits are distributed.

Opening Account Balance Credit

For participants in the Plan as of December 31, 1999, who did not make the one-time irrevocable election to continue to participate in the Traditional Plan as of that date, in addition to the Account Balance pay-based and interest credits, each account also received an opening balance credit as of January 1, 2000. Each participant's opening account balance credit was computed as a lump sum amount equal to the greater of the following two amounts:

- i. The lump sum present value of the participant's accrued benefit under the Traditional Plan design as of January 1, 2000. The lump sum present value was determined using the prevailing standard mortality table as of January 1, 2000 (a 50/50 blend of the 1983 Group Annuity Mortality Table for males and females) and a 6.15% interest rate (the 30-year U.S. Treasury rate for November 1999); or
- ii. 5% of the participant's average earnings as of January 1, 2000 (the highest average annual compensation for three consecutive years during the previous ten years) multiplied by the participant's years of benefit service as of January 1, 2000 (with no limit on benefit service).

For participants in the Retirement Plan of Irving Bank Corporation and Affiliated Companies prior to October 1, 1989, the opening account balance was determined as the greater of (i) and (ii) above, reduced by the lump sum present value of the benefits earned under that plan. The lump sum present value of benefits was determined using the same assumptions described in (i) above.

For participants in the Central National Bank, Canajoharie Pension Plan ("CNB Plan") as of December 31, 2001, their opening account balance as of January 1, 2002, was computed to be the lump sum present value of their benefits earned under the CNB Plan as of December 31, 2001. The lump sum present value was determined using the definition of actuarial equivalence in the CNB Plan.

Participants that earned benefits in the City National Bank & Trust Company Pension Plan as of March 1, 2006, or the Retirement Plan of Oswego County National Bank as of May 1, 2013, had their accrued benefits earned under those Plans as annuities transferred into the NBT Bancorp Inc. Defined Benefit Pension Plan. They did not receive an opening account balance.

Minimum Account Balance

The Plan provides a minimum account balance of \$2,000 for any participant employed on or after January 1, 2005, which is not eligible for increase with interest credits. Notwithstanding the above minimum account balance, if any participant's account balance as of December 31, 2009 was less than \$1,600 and the participant was employed

NBT BANCORP INC.
DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements
December 31, 2024 and 2023

on December 31, 2009 and completed an eligible year of service during 2009, the participant's account balance was increased to \$1,600, which was eligible for increase with future interest credits.

Eligibility

Employees are eligible to participate in the Plan after attaining age 21 and completion of one year of eligible service, as defined by the Plan Document.

Funding Policy

Annual contributions to the Plan are based on the minimum and maximum funding requirements of ERISA. The Sponsor has expressed its intent to continue its contributions, although it may discontinue them at any time, subject to provisions set forth in ERISA. The Plan met the minimum funding requirements under ERISA for the years ended December 31, 2024 and 2023. The Plan Sponsor made no voluntary cash contributions to the Plan during the 2024 and 2023 Plan years.

Vesting

Participants become 100% vested after three years of service.

Pension Benefits

Any participant shall be eligible to receive benefits upon retirement on their normal retirement date, as defined by the Plan document. Under the Traditional Plan, the annual normal participant retirement benefit was based upon years of service and levels of compensation until the Plan was frozen as of March 1, 2013. Under the Account Balance Plan, the annual normal retirement benefit shall be based upon the participant's account balance accrued as of normal retirement date.

A participant may continue in employment following the normal retirement date. A participant who elects to delay retirement until after their normal retirement date shall continue to accrue benefits and will be eligible to receive a late retirement benefit at the later of the actual retirement date or the date benefits are required to begin being paid, generally age 73 (72 if you reach age 72 on or before December 31, 2022 and 70 1/2 if you reach 70 1/2 before January 1, 2020). The benefit is payable by April 1 following the age noted.

In addition, the Plan allows for early retirement and disability retirement with adjustments of benefits based upon the Plan provisions.

Administrative Expenses

Expenses for operating and administering the Plan have generally been borne by the Sponsor. However, the Sponsor has no obligation to do so. Certain expenses were paid for by the Plan, while the Sponsor bore all other expenses.

Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- i. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period, would have been receiving if

NBT BANCORP INC.
DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements
December 31, 2024 and 2023

they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

- ii. Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. governmental agency) up to the applicable limitations (discussed below).
- iii. All other vested benefits (that is, vested benefits not insured by the PBGC).
- iv. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors’ pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling on the amount of an individual’s monthly benefit that the PBGC guarantees, which is adjusted periodically. For plan terminations occurring during 2025, the ceiling is \$7,432 per month, which applies to those participants who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (“GAAP”) requires the use of estimates and assumptions that affect the reported amounts of net assets available for plan benefits and accumulated plan benefits and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from the estimates.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Income Recognition and Fair Value

Mutual funds and U.S. government sponsored agency securities are stated at fair value based on quoted market prices of the securities or similar securities. Money market funds are short-term investments valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (Depreciation) in the

NBT BANCORP INC.
DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements
December 31, 2024 and 2023

fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Plan estimates fair value based on a valuation framework that uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair values. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan Management's perceived risk of that investment.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service that employees have rendered up to the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent that they are deemed attributable up to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits were actuarially determined, at December 31, 2024 and 2023 and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawals, or retirement) between the valuation date and the expected date of payment.

As of December 31, 2024 and 2023, the actuarial present value of accumulated plan benefits was determined using an interest rate of 6.70% and the actuarial present value of accumulated plan benefits was determined using the sex-distinct Amount-Weighted Pri-2012 mortality tables for employees, healthy annuitants and contingent survivors with mortality improvements projected using MP-2021 on a generational basis. The assumed retirement age was calculated at various rates of retirement from ages 55 to 70, based on actual retirement rate experience of

NBT BANCORP INC.
DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements
December 31, 2024 and 2023

the Plan. The cumulative effect of actuarial assumption changes, is a decrease of \$100,866 in the present value of accumulated plan benefits as of December 31, 2024.

A summary of the actuarial present value of accumulated plan benefits as of December 31, 2024 and 2023 follows:

	2024	2023
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ 25,888,939	\$ 26,093,972
Other participants	30,939,207	30,167,506
Total vested benefits	\$ 56,828,146	\$ 56,261,478
Nonvested benefits	375,504	457,581
Total present value of accumulated plan benefits	\$ 57,203,650	\$ 56,719,059

Changes in the actuarial present value of accumulated plan benefits from December 31, 2023 to December 31, 2024 are as follows:

Actuarial present value at December 31, 2023	\$ 56,719,059
Increase (decrease) during the period attributable to:	
Benefits accumulated and actuarial gains and losses	1,772,548
Change in plan design	239,869
Change in actuarial assumptions	(100,866)
Increase for interest due to the decrease in the discount period	3,630,744
Benefits paid	(5,057,704)
Actuarial present value at December 31, 2024	\$ 57,203,650

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Investments

The following tables present by level within the fair value hierarchy the financial instruments recorded at fair value on a recurring basis by the Plan as of December 31, 2024 and 2023, respectively:

Description	December 31, 2024	Level 1	Level 2
Mutual funds	\$ 122,293,026	\$ 122,293,026	-
Money market funds	2,610,858	2,610,858	-
U.S. government sponsored agency securities	7,487	-	7,487
Total	\$ 124,911,371	\$ 124,903,884	\$ 7,487

Description	December 31, 2023	Level 1	Level 2
Mutual funds	\$ 118,630,913	\$ 118,630,913	-
Money market funds	2,435,355	2,435,355	-
U.S. government sponsored agency securities	12,745	-	12,745
Total	\$ 121,079,013	\$ 121,066,268	\$ 12,745

NBT BANCORP INC.
DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements
December 31, 2024 and 2023

5. Tax Status

The Internal Revenue Service (“IRS”) has informed the Plan Administrator by letter dated October 16, 2015, that the Plan and the underlying trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore the Plan was exempt from income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan’s current design and operations comply in all material respects with the applicable requirements of the Internal Revenue Code, and that the letter remains valid.

Management evaluates tax positions taken by the Plan and will recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS in accordance with GAAP. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2020.

6. Risks and Uncertainties

Plan contributions are made, and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

7. Information Certified by Plan Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from the Trustee, as of and for the years ended December 31, 2024 and 2023, that all the information provided by the Trustee is complete and accurate. Information included in the accompanying financial statements and Note 4 as to investments, interest and dividends receivable, interest and dividend income, net appreciation (depreciation) in fair value of investments, and all information in the supplemental schedules is presented in reliance solely upon the certification.

8. Related Party Transactions

NBT Bank, N.A., the Trustee of the Plan, is a wholly-owned subsidiary of the Sponsor.

DEFINED BENEFIT PENSION PLAN
Notes to Financial Statements
December 31, 2024 and 2023

9. Subsequent Events

In connection with the preparation of the financial statements, the Plan Administrator has evaluated subsequent events after December 31, 2024 through October 14, 2025, the date the financial statements were issued. On May 2, 2025, Evans Bancorp Inc. and its wholly owned subsidiary, Evans Bank, N.A., were acquired by NBT Bancorp Inc. and its wholly owned subsidiary, NBT Bank, N.A.. As part of this transition, the Evans Bank, N.A. Pension Plan was merged into the NBT Bancorp Inc. Defined Benefit Pension Plan.

Actuarial Assumptions and Methods

The valuation of a defined benefit pension plan involves estimates and assumptions about the probability of events occurring far into the future. Examples include assumptions about future employment, mortality, and retirement. **Below is a description of the actuarial assumptions and methods used in the valuation.**

Funding Target Liability

Valuation Date: January 1, 2024

Demographic Information: The demographic information was provided as of January 1, 2024 by NBT Bancorp Inc. Although we did not audit the data, we did review the data for reasonableness.

Actuarial Cost Method: As required by PPA, the Traditional Unit Credit Cost Method was used.

Asset Valuation Method: Market Value of Assets

Actuarial Valuation Software: For purposes of developing the projected future benefit payments as well as determining attributed liabilities and normal costs as of the valuation date, we utilized the ProVal software platform developed by Winklevoss Technologies. We believe this externally developed valuation system is appropriate, was used for its intended purpose, and did not produce unreasonable results.

Interest Rates for Minimum Required Contribution: The January 2024 funding segment rates were utilized as prescribed by IRC Section 430(h) and elected by NBT Bancorp Inc. Below, please find the segment rates after reflection of the segment rate stabilization provisions of IRC Section 430(h)(2)(C)(iv).

Segment	Interest Rate
Segment 1	4.75%
Segment 2	4.96%
Segment 3	5.59%

Effective Interest Rate
5.10%

Segment 1 is applied to benefit payments expected to be made in the first 5 years, segment 2 is applied to benefit payments expected to be made in the next 15 years and segment 3 is applied thereafter.

SECTION V**ACTUARIAL ASSUMPTIONS AND METHODS**

Interest Rates used to determine Maximum Recommended Contribution: Below, please find the segment rates without reflection of the segment rate stabilization provisions of IRC Section 430(h)(2)(C)(iv). These rates were utilized to determine the low-default risk obligation measurement (“LDROM”) of the accrued benefits as of the Valuation Date.

Segment	Interest Rate
Segment 1	4.37%
Segment 2	4.96%
Segment 3	4.95%

Effective Interest Rate
4.90%

Segment 1 is applied to benefit payments expected to be made in the first 5 years, segment 2 is applied to benefit payments expected to be made in the next 15 years and segment 3 is applied thereafter.

Rate of Compensation Increase: Salaries are assumed to increase at 3.00% per year, based on the Corporation’s expectation of future salary increases.

Mortality: The sex-distinct Amount-Weighted Pri-2012 Mortality Tables for employees and healthy annuitants with mortality improvements projected using IRS 2024 Adjusted Scale MP-2021 on a generational basis.

Retirement Incidence: Rates of retirement are assumed between ages 55 – 70 and were determined based on the December 2015 experience study using valuation data from January 1, 2010 through January 1, 2015. Future experience is not expected to deviate significantly from these results. The annual number of retirements expected per 1,000 active employees eligible to retire at each age is as follows:

Age	Number of Retirements Per 1,000 Lives	Age	Number of Retirements Per 1,000 Lives
55	50	63	200
56	50	64	200
57	50	65	400
58	50	66	300
59	50	67	300
60	50	68	300
61	100	69	300
62	200	70	1,000

Current and future vested terminated participants are assumed to retire at age 65.

Turnover: Rates of turnover are based on a select table for the first five years of employment and 80% of the 2003 SOA Pension Plan Turnover Study Basic Age Table thereafter. Rates of turnover were determined based on the December 2015 experience study using valuation data from January 1, 2010 through January 1, 2015. Future experience is not expected to deviate significantly from these results. Illustrative rates are shown below:

SECTION V**ACTUARIAL ASSUMPTIONS AND METHODS**

Select Period	
Service	Number of Termination Per 1,000 Lives
1	200
2	200
3	150
4	150
5	100

Age	Number of Termination Per 1,000 Lives
25	148.1
30	97.5
35	70.2
40	56.0
45	49.7
50	45.0
55	23.4
60	17.6

Disability: Rates of disability were not assumed.

Interest Crediting Rate for Determining Projected Cash Balance Account: 4.66%, for Account Balances earned as of December 31, 2009, which is the same interest rate in effect for the 2024 plan year. 0% for benefits earned after December 31, 2009.

Interest Rates (to Annuitize Cash Balance Accounts and Convert Annuities to Actuarially Equivalent Lump Sum Amounts): The applicable funding segment rates identified earlier based on the purpose for which the liability was calculated, as prescribed. The basis for purposes of ASC 960 is identified below.

Mortality (to Annuitize Cash Balance Accounts and Convert Annuities to Actuarially Equivalent Lump Sum Amounts): The applicable mortality table for the determination of present values under IRC Section 417(e)(3)(B). This table is currently a 50/50 blend of male and female rates from the 2024 sex distinct optional combined mortality tables, as prescribed under IRC Section 430.

Administrative Expenses: Actual plan expenses, not including investment advisory fees, paid out of the trust during the previous plan year rounded to the nearest thousand.

Spouse Assumptions: 100% of participants not currently collecting benefits are assumed to be married, with male spouses assumed to be three years older and female spouses assumed to be three years younger than the participant.

Form of Benefit: The assumed form of benefit was determined based on the December 2015 experience study using valuation data from January 1, 2010 through January 1, 2015. Future experience is not expected to deviate significantly from these results. Benefits payable as a lump sum were assumed to be paid as follows:

Death – immediate lump sum distribution

Termination – immediate lump sum distribution

Retirement – 65% of participants are assumed to elect an immediate lump sum distribution and 35% are assumed to elect an immediate life annuity with five years certain.

Benefits not payable as a lump sum were assumed to be paid as an annuity.

All assumptions used in determining the low-default risk obligation measurement were consistent with those used in determining the Funding Target Liability, except the interest rates which were disclosed above.

Actuarial Present Value of Accumulated Plan Benefits (ASC 960)

Interest Rate: 6.70%, based on a review of the Plan's asset allocation, investment policy (as shown in the annual funding notice), and expected returns using recent capital market assumptions published by leading financial organizations.

Mortality: The sex-distinct Amount-Weighted Pri-2012 Mortality Tables for employees, healthy annuitants, and contingent survivors with mortality improvements projected using Scale MP-2021 on a generational basis. This assumption was based on a review of published mortality tables and the demographics and industry of the Plan.

Interest Rates used to Annuitize Cash Balance Accounts and Convert Annuities to Actuarially Equivalent Lump Sum Amounts: The segment interest rates in the table below. This assumption was selected based on the applicable segment rates under IRC Section 417(e) for the plan year beginning on the valuation date.

Segment	Interest Rate
Segment 1	5.50%
Segment 2	5.76%
Segment 3	5.83%

Segment 1 is applied to benefit payments expected to be made in the first 5 years, segment 2 is applied to benefit payments expected to be made in the next 15 years and segment 3 is applied thereafter.

Unless specifically mentioned, all remaining assumptions for the Actuarial Present Value of Accumulated Plan Benefits remain the same as described for the Funding Target Liability above.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part V Assumptions Used to Determine Funding Target and Target Normal Cost

21 Discount rate:

a Segment rates:	1st segment: 4.75 %	2nd segment: 4.96 %	3rd segment: 5.59 %	<input type="checkbox"/> N/A, full yield curve used
------------------	------------------------	------------------------	------------------------	---

b Applicable month (enter code)..... **21b** 0

22 Weighted average retirement age **22** 63

23 Mortality table(s) (see instructions) Prescribed - combined Prescribed - separate Substitute

Part VI Miscellaneous Items

24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment..... Yes No

25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment..... Yes No

26 Demographic and benefit information

a Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment..... Yes No

b Is the plan required to provide a projection of expected benefit payments? If "Yes," see instructions regarding required attachment... Yes No

27 If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment..... **27**

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years

28 Unpaid minimum required contributions for all prior years **28** 0

29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a)..... **29** 0

30 Remaining amount of unpaid minimum required contributions (line 28 minus line 29)..... **30** 0

Part VIII Minimum Required Contribution For Current Year

31 Target normal cost and excess assets (see instructions):

a Target normal cost (line 6c).....	31a	2,029,980
b Excess assets, if applicable, but not greater than line 31a	31b	2,029,980

32 Amortization installments:	Outstanding Balance	Installment
a Net shortfall amortization installment	0	0
b Waiver amortization installment	0	0

33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount **33**

34 Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33).... **34** 0

	Carryover balance	Prefunding balance	Total balance
35 Balances elected for use to offset funding requirement			0

36 Additional cash requirement (line 34 minus line 35)..... **36** 0

37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)..... **37** 0

38 Present value of excess contributions for current year (see instructions)

a Total (excess, if any, of line 37 over line 36)	38a	0
b Portion included in line 38a attributable to use of prefunding and funding standard carryover balances	38b	

39 Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)..... **39** 0

40 Unpaid minimum required contributions for all years **40** 0

Part IX Pension Funding Relief Under the American Rescue Plan Act of 2021 (See Instructions)

41 If an election was made to use the extended amortization rule for a plan year beginning on or before December 31, 2021, check the box to indicate the first plan year for which the rule applies. 2019 2020 2021

Plan Provisions

This summary is intended as an outline of plan provisions and does not alter the intent or meaning of the provisions contained in the plan document.

Plan Sponsor: NBT Bancorp Inc.
EIN/PN: 16-1268674/001

TRADITIONAL PLAN

Effective Date of the Plan

The Plan became effective as of October 1, 1986.

Effective Date of Latest Amendment

The Plan has been restated effective January 1, 2015.

The latest amendment reflected in this report is effective April 1, 2015. The amendment allowed any terminated vested participant with a Legacy Accrued Benefit to receive a lump sum distribution between April 1, 2015 and December 31, 2015 if the lump sum present value of their accrued benefit was \$50,000 or less. The Legacy Accrued Benefit is any portion of the participant's accrued benefit that is not attributable to their account balance.

As of March 1, 2013, the Plan was amended to freeze benefit accruals for all Appendix A Plan participants as of that date; their future benefit accruals are under the Account Balance Plan design with future annual service credits of 2.50%.

Plan Entry

An eligible employee becomes a plan participant on the first day of the month coincident with or next following attainment of age 21 and completion of one year of service.

Vesting Service

An employee receives a year of vesting service for each year, starting with their year of hire, in which he completes at least 1,000 hours of service.

Benefit Service

Prior to January 1, 1995, benefit service is credited for years and completed months of service after completion of the eligibility requirements. After January 1, 1995, an employee receives a year of benefit service for each year, after completion of the eligibility requirements, in which he completes at least 1,000 hours of service. Benefit service is frozen as of March 1, 2013.

Compensation

Employee wages reported on W-2, including bonuses, commissions, overtime, and amounts excluded from gross income pursuant to a salary reduction agreement.

Final Average Earnings

Final average earnings means the annual compensation for the five consecutive pension years, during the last ten pension years, which produce the highest average. Final Average Earnings are frozen as of March 1, 2013.

Normal Retirement

Eligibility - Age 65.

The annual normal retirement benefit of a participant who becomes eligible for benefits shall equal the greater of (A) the sum of the amounts described in (i), (ii) and (iii) below, with that sum then reduced by the amount described in (iv) below, and (B) the amount described in (v) reduced by the amount described in (iv) below.

- i. The participant's accrued benefit under the predecessor plan as of September 30, 1989.
- ii. For years of benefit service earned after September 30, 1989 and before January 1, 1995, the sum of 1.60 percent of the participant's final average earnings for each such year of benefit service plus .60 percent of the participant's final average earnings that is in excess of covered compensation for each such year of benefit service.
- iii. For years of benefit service earned after December 31, 1994, the sum of 1.25 percent of the participant's final average earnings for each such year of benefit service, plus .60 percent of the participant's final average earnings that is in excess of covered compensation for each such year of benefit service. Benefits are frozen effective March 1, 2013.
- iv. The annual normal retirement benefit payable to the participant from the Retirement Plan of Irving Bank Corporation and Affiliated Companies.
- v. For all years of benefit service earned prior to 1/1/95, the sum of 1.60 percent of the participant's final average earnings as of 12/31/94 plus .65 percent of the participant's final average earnings as of 12/31/94 in excess of 1994 covered compensation, for each such year of benefit service.

The number of years of benefit service taken into account under the Plan shall be limited to the greater of 30, or the number of years of benefit service completed by the participant as of December 31, 1994 (up to a maximum of 40).

Early Retirement

Eligibility - Attainment of age 55 and completion of 5 years of vesting service.

Amount of Benefit - Accrued Benefit reduced by 0.25% for each month that the early retirement date precedes the normal retirement date.

Deferred Retirement

Participants can postpone retirement beyond age 65 without the Bank's consent, in which case the participant's benefit is calculated as for normal retirement, based on final average earnings and years of benefit service at actual retirement date.

Disability

The disability retirement benefit of a participant who becomes eligible for benefits shall be determined based on the participant's final average earnings as of the disability retirement date, and the benefit formula in effect under the Plan on the date the participant ceased active employment. For purposes of determining an eligible participant's benefit, the participant will be given credit for a year of benefit service for each year between the participant's disability retirement date and normal retirement date that the participant remains totally and permanently disabled.

Benefits Upon Termination of Employment

A participant shall become vested in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
Less than 5 years	0%
5 years or more	100%

Amount of Benefit - Accrued benefit payable for life, commencing at normal retirement date, or in a reduced amount at an early retirement date.

Form of Benefits at Retirement

Normal form of benefits is life annuity with five years certain, subject to Qualified Joint and Survivor Annuity requirements applicable to married members.

At retirement a participant's benefit will be paid in the form of a reduced joint and 50% survivor optional benefit with his spouse as contingent annuitant unless elected otherwise by the participant.

Optional forms available at retirement include various contingent annuitant options, a 10-year certain and life option, a life annuity option, and are provided on the following actuarially equivalent basis:

For benefit commencement dates before March 1, 2005:

Interest -	7.00 percent per annum.
Mortality -	The Unisex Mortality Table for 1984.

For benefit commencement dates on or after March 1, 2005:

Interest -	7.00 percent per annum.
Mortality -	1994 Group Annuity Reserving Table, projected to 2002.

For benefit commencement dates between March 1, 2005 and February 28, 2006, participants shall be entitled to an actuarially equivalent optional form of benefit that is the greater of the amount determined on the basis of the mortality tables and interest rates stated above.

Death Benefits

Pre-Retirement - a life annuity is payable to the surviving beneficiary of a participant whose death occurs after becoming vested, but prior to retirement. The amount payable to the surviving beneficiary is 50% of the participant's accrued benefit reduced for early retirement and joint and survivor option election. Benefits commence at the earliest date the participant could have retired, had he survived, under the Plan.

Post-Retirement - None other than the benefit available under a selected optional form.

ACCOUNT BALANCE PLAN DESIGN**Effective Date of the Plan**

The Plan became effective as of October 1, 1986.

Effective Date of Latest Amendment

The Plan has been restated effective January 1, 2015.

All active participants in the Plan as of January 1, 2000 were given a one-time irrevocable election to continue participating in the traditional plan design, or to begin participating in the new account balance plan design. All employees who become participants after January 1, 2000 will automatically participate in the account balance plan design.

The latest amendment reflected in this report is effective December 31, 2023.

As of March 1, 2013, future service credits for Account Balance Plan participants are reduced from 5.00% to 2.50% per year for all participants receiving service credits at the 5.00% rate.

As of May 1, 2013, the Retirement Plan of Oswego County National Bank, as adopted by Alliance Bank, N.A. ("OCNB Plan") was merged into this Plan. All former active participants in the OCNB Plan, along with all active employees formerly employed with Alliance Bank, N.A. prior to their March 8, 2013 acquisition, began accruing benefits in this Plan with an account balance of \$0 as of the acquisition date.

As of January 1, 2017, future service credits for Account Balance Plan participants are reduced from 2.50% to 1.50% per year for all employees hired on or after January 1, 2017. In addition, an enhanced Pay-Based Credit is provided to a named Executive effective January 1, 2017.

As of January 1, 2019 any employee of EPIC Advisors, Inc. ("EPIC") and NBT Insurance Agency, LLC ("NBTI") shall become an eligible employee as of January 1, 2019.

As of December 31, 2023, the plan was amended to provide additional benefits.

Plan Entry

An eligible employee becomes a plan participant on the first day of the month coincident with or next following attainment of age 21 and completion of one year of service.

Vesting Service

An employee receives a year of vesting service for each year, starting with their year of hire, in which he completes at least 1,000 hours of service.

Benefit Service

An employee receives a year of benefit service for each plan year, beginning with the plan year of completion of the eligibility requirements, in which he completes at least 1,000 hours of service.

Compensation

Employee wages reported on W-2, including bonuses, commissions, overtime, and amounts excluded from gross income pursuant to a salary reduction agreement.

Cash Account Balance

The account balance is a bookkeeping account which consists of the service credits and interest credits earned to date.

For participants in the Plan as of January 1, 2000 who made a one-time irrevocable election to participate in the account balance plan design as of that date, their opening account balance was computed to be the greater of the following two amounts:

- (a) 5% of the participant's final average earnings at January 1, 2000 (annual compensation for the three consecutive pension years, during the last ten pension years, which produce the highest average), multiplied by the participant's years of benefit service as of January 1, 2000 (with no limit on benefit service); or
- (b) The lump sum present value of the participant's accrued benefit under the traditional plan design as of January 1, 2000. The lump sum present value was determined using the prevailing commissioners' standard mortality table as of January 1, 2000 (a 50/50 blend of the 1983 Group Annuity Mortality Table for males and females), and a 6.15% interest rate. The interest rate is equal to the 30-year U.S. Treasury rate for November 1999.

For participants who formerly participated in the Retirement Plan of Irving Bank Corporation and Affiliated Companies prior to October 1, 1989, the amount determined as the greater of (a) and (b) above is reduced by the lump sum present value of the benefit earned under that plan. The lump sum present value of that benefit was determined using the same assumptions stated under (b) above.

For participants in the Central National Bank, Canajoharie Pension Plan ("CNB Plan") as of December 31, 2001, their opening account balance in the Plan at January 1, 2002 was computed to be the lump sum present value of their accrued benefit under the CNB Plan as of December 31, 2001. The lump sum present value was determined pursuant to the definition of actuarial equivalent in the CNB Plan document. In addition, all participants in the CNB Plan who were over 30 years old with at least five years of vesting service as of December 31, 2001 received an enhancement of either 5% or 10% (based on age and years of vesting service) to their opening account balance at January 1, 2002.

Service Credits

5% of Compensation for each year in which a participant earns a year of benefit service. Effective March 1, 2013, the service credit percentage was reduced from 5.00% to 2.50% per year for those receiving service credits at the 5.00% rate. Effective January 1, 2017, the service credit percentage is 1.50% for all employees hired on or after January 1, 2017. Service Credits are credited to a participant's Account Balance at the end of each plan year. For participants in the Plan as of January 1, 2000, who had attained age 50 as of that date, service credits are based upon the following schedule:

Attained Age at January 1, 2000	Annual Service Credit
50	5.5%
51	6.0%
52	6.5%
53	7.0%
54	7.5%
55	8.0%
56	8.5%
57	9.0%
58	9.5%
59	10.0%
60	10.5%
61	11.0%
62	11.5%
63	12.0%
64 and over	12.5%

In addition, certain executives of the Bank are entitled to higher annual Service Credits.

Service Credits will not be less than \$1,000 per year for any participant who earns a year of benefit service.

Effective January 1, 2005, the minimum account balance at any date for any participant employed on or after January 1, 2005 shall be \$2,000.

Effective January 1, 2010, a minimum account balance of \$1,600 at December 31, 2009 was provided for all participants who completed a year of eligibility service during 2009.

Interest Credits

Interest shall be credited to a participant's Account Balance at the end of each plan year (prior to adding any Service Credits earned for the year) based on the 30-year U.S. Treasury rate in effect for November of the prior plan year. Partial Interest Credits are earned for any participant who dies, terminates or retires during a given plan year. All Service Credits earned after December 31, 2009 will be credited with an Interest Credit of 0% per annum. A participant's Account Balance as of December 31, 2009 will continue to earn Interest Credits based on the 30-year U.S. Treasury rate in effect for November of the prior plan year.

Normal Retirement

Eligibility – Age 65.

The annual normal retirement benefit of a participant who becomes eligible for benefits shall be an annuity, which is actuarially equivalent to the participant's Account Balance.

Early Retirement

Eligibility – Attainment of age 55 and completion of 3 years of vesting service.

Amount of benefit – the normal retirement benefit reduced by .25% for each month that the early retirement date precedes the normal retirement date.

Deferred Retirement

Participants can postpone retirement beyond age 65 without the Bank's consent, in which case the participant's benefit is calculated as for normal retirement, based on Service Credits and Interest Credits earned through the participant's actual retirement date.

Disability

The disability retirement benefit of a participant who becomes eligible for benefits shall be determined based on the participant's last full year of compensation prior to his disability date. For purposes of determining an eligible participant's benefit, the participant will be given a Service Credit and Interest Credit for each year between the participant's disability retirement date and normal retirement date that the participant remains totally and permanently disabled.

Benefits Upon Termination of Employment

Prior to January 1, 2008, a participant shall become vested in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
Less than 5 years	0%
5 years or more	100%

Effective January 1, 2008, a participant shall become vested in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
Less than 3 years	0%
3 years or more	100%

Amount of Benefit – Account Balance payable immediately, or an actuarially equivalent annuity commencing at normal retirement date, or in a reduced amount at an early retirement date.

Form of Benefits at Retirement

Normal form of benefits is life annuity with five years certain, subject to Qualified Joint and Survivor Annuity requirements applicable to married members.

At retirement, a participant's benefit will be paid in the form of a reduced joint and 50% survivor optional benefit with his spouse as contingent annuitant unless elected otherwise by the participant.

Optional forms available at retirement include various contingent annuitant options, a 10-year certain and life option, a life annuity option, a single lump sum option (equal to the participant's Account Balance), and are provided on the following actuarially equivalent basis:

For benefit commencement dates before March 1, 2005:

Interest -	7.00 percent per annum.
Mortality -	the Unisex Mortality Table for 1984.

For benefit commencement dates on or after March 1, 2005:

Interest -	7.00 percent per annum.
Mortality -	1994 Group Annuity Reserving Table, projected to 2002.

For benefit commencement dates between March 1, 2005 and February 28, 2006, participants shall be entitled to an actuarially equivalent optional form of benefit that is the greater of the amount determined on the basis of the mortality tables and interest rates stated above.

Death Benefits

Pre-Retirement – a death benefit is payable to the surviving beneficiary of a participant whose death occurs after becoming vested, but prior to retirement. The amount payable to the surviving beneficiary is the participant's Account Balance.

Post-Retirement – None other than the benefit available under a selected optional form.
