Report of Independent Auditors

To the Plan Administrator and Participants
Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan
Fontana, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on April 1, 1967 by Tony's Express, Inc. & Economy Packaging, Inc. (the Company or Plan Administrator) covering all eligible employees of the Company, as defined in the Plan agreement. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Certain Company personnel serve as Plan trustees. An Administrative Committee (the Committee) manages the operation and administration of the Plan. Plan assets are invested through Empower Trust Company (Empower), who acts as the trustee/custodian. The Company has contracted with a third-party administrator to process and maintain the records of participant data.

Contributions

Employer: Each year, the company determines the amount to contribute to the Plan. This contribution is discretionary. The discretionary profit-sharing contribution is "allocated" or divided among participants eligible to share in the contribution for the Plan Year. The share of the contribution depends upon how much compensation the participants received during the year and the compensation received by other eligible participants. This amount will be adjusted in future years for cost-of-living increases. The law imposes a maximum limit on the amount of contributions the participant may receive under the Plan. This limit applies to all contributions the company makes on behalf of the participant during the Plan Year, excluding earnings and any transfers/rollovers. The Company made no contributions during the year ended December 31, 2024

Employee: Under the terms of The Plan, all eligible employees, as defined in the Plan, may contribute from 0% to 100% of their annual compensation up to the current maximum contribution allowed by law, which is subject to annual adjustment. In addition, participants who have attained age 50 before the Plan year close may make an additional catch-up contribution allowed by law, which is subject to annual adjustment.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Employer Contribution and earnings at each Valuation Date. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions and rollover amounts, if any, plus actual earnings thereon. Vesting in the Company's contribution portion of participant accounts is based on years of continuous service. Participants become 100% vested in Company contributions after completing six years of service. Each participant is 100% vested in the employer contributions upon disability, death, or attainment of age sixty-five while employed by the Company.

Notes Receivable from Participants

Generally, participants may borrow from their fund accounts a minimum of \$1,000 and to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the Plan administrator, currently ranging from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions with maturities through May 2049. Loans that are considered uncollectible are treated as deemed distributions and therefore there is no allowance for uncollectible loans.

Payment of benefits

On termination of service due to death, disability, retirement or otherwise, a participant with vested benefits equal to or less than \$5,000 will receive a single lump sum payment. A participant with vested benefits greater than \$5,000 must consent to distribution. For these participants distributions may be deferred until the participant reaches the age of 70½.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,014 and \$1,931, respectively. No forfeitures were allocated or used in 2024.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Investment valuation: The investments are reported at fair value and contract value. The Plan's custodian, Empower, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income Recognition

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. TPA per participant fees, investment transaction fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820) provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a general description of the three levels of inputs that may be used to measure fair value under ASC 820:

Level 1 - Inputs to the valuation methodology are based on quoted prices available in active markets for identical assets or liabilities on the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value including assumptions regarding risk. Level 3 instruments include those that may be more structured or otherwise tailored to the Plan's needs.

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

As required by ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pooled separate accounts. Pooled separate accounts are valued at net asset value (NAV) of units based upon the quoted market value of the underlying assets net of an investment management fee as estimated by Empower. NAV is a readily determinable fair value and is the basis for current transactions which may occur daily. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Assets measured at fair value as of December 31, 2024 and 2023 are as follows:

2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies				
Mutual funds	\$ 1,758,210	\$ -	\$ -	\$ 1,758,210

NOTE 4 - TAX STATUS

The Plan Sponsor/Company utilizes a volume submitter plan approved by the Internal Revenue Service. On March 31, 2014, Hicks Pension Services received a determination letter from the IRS on the volume submitter plan which had been submitted to the IRS on December 31, 2013. It is the opinion of management that the Plan and the Plan's operations as of December 31, 2024 and the year then ended are in compliance with Section 401(a) of the Internal Revenue Code.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, net appreciation or depreciation in fair value of investments, and interest and dividend income for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower, the trustee of the Plan.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts with registered investment company accounts managed by Empower. As Empower is the custodian of the Plan, transactions between the Plan and Empower qualify as exempt party-in-interest transactions.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Report of Independent Auditors

To the Plan Administrator and Participants
Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan
Fontana, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on April 1, 1967 by Tony's Express, Inc. & Economy Packaging, Inc. (the Company or Plan Administrator) covering all eligible employees of the Company, as defined in the Plan agreement. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Certain Company personnel serve as Plan trustees. An Administrative Committee (the Committee) manages the operation and administration of the Plan. Plan assets are invested through Empower Trust Company (Empower), who acts as the trustee/custodian. The Company has contracted with a third-party administrator to process and maintain the records of participant data.

Contributions

Employer: Each year, the company determines the amount to contribute to the Plan. This contribution is discretionary. The discretionary profit-sharing contribution is "allocated" or divided among participants eligible to share in the contribution for the Plan Year. The share of the contribution depends upon how much compensation the participants received during the year and the compensation received by other eligible participants. This amount will be adjusted in future years for cost-of-living increases. The law imposes a maximum limit on the amount of contributions the participant may receive under the Plan. This limit applies to all contributions the company makes on behalf of the participant during the Plan Year, excluding earnings and any transfers/rollovers. The Company made no contributions during the year ended December 31, 2024

Employee: Under the terms of The Plan, all eligible employees, as defined in the Plan, may contribute from 0% to 100% of their annual compensation up to the current maximum contribution allowed by law, which is subject to annual adjustment. In addition, participants who have attained age 50 before the Plan year close may make an additional catch-up contribution allowed by law, which is subject to annual adjustment.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Employer Contribution and earnings at each Valuation Date. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions and rollover amounts, if any, plus actual earnings thereon. Vesting in the Company's contribution portion of participant accounts is based on years of continuous service. Participants become 100% vested in Company contributions after completing six years of service. Each participant is 100% vested in the employer contributions upon disability, death, or attainment of age sixty-five while employed by the Company.

Notes Receivable from Participants

Generally, participants may borrow from their fund accounts a minimum of \$1,000 and to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the Plan administrator, currently ranging from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions with maturities through May 2049. Loans that are considered uncollectible are treated as deemed distributions and therefore there is no allowance for uncollectible loans.

Payment of benefits

On termination of service due to death, disability, retirement or otherwise, a participant with vested benefits equal to or less than \$5,000 will receive a single lump sum payment. A participant with vested benefits greater than \$5,000 must consent to distribution. For these participants distributions may be deferred until the participant reaches the age of 70½.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,014 and \$1,931, respectively. No forfeitures were allocated or used in 2024.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Investment valuation: The investments are reported at fair value and contract value. The Plan's custodian, Empower, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income Recognition

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. TPA per participant fees, investment transaction fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820) provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a general description of the three levels of inputs that may be used to measure fair value under ASC 820:

Level 1 - Inputs to the valuation methodology are based on quoted prices available in active markets for identical assets or liabilities on the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value including assumptions regarding risk. Level 3 instruments include those that may be more structured or otherwise tailored to the Plan's needs.

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

As required by ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pooled separate accounts. Pooled separate accounts are valued at net asset value (NAV) of units based upon the quoted market value of the underlying assets net of an investment management fee as estimated by Empower. NAV is a readily determinable fair value and is the basis for current transactions which may occur daily. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Assets measured at fair value as of December 31, 2024 and 2023 are as follows:

2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies				
Mutual funds	\$ 1,758,210	\$ -	\$ -	\$ 1,758,210

NOTE 4 - TAX STATUS

The Plan Sponsor/Company utilizes a volume submitter plan approved by the Internal Revenue Service. On March 31, 2014, Hicks Pension Services received a determination letter from the IRS on the volume submitter plan which had been submitted to the IRS on December 31, 2013. It is the opinion of management that the Plan and the Plan's operations as of December 31, 2024 and the year then ended are in compliance with Section 401(a) of the Internal Revenue Code.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, net appreciation or depreciation in fair value of investments, and interest and dividend income for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower, the trustee of the Plan.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts with registered investment company accounts managed by Empower. As Empower is the custodian of the Plan, transactions between the Plan and Empower qualify as exempt party-in-interest transactions.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Report of Independent Auditors

To the Plan Administrator and Participants
Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan
Fontana, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on April 1, 1967 by Tony's Express, Inc. & Economy Packaging, Inc. (the Company or Plan Administrator) covering all eligible employees of the Company, as defined in the Plan agreement. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Certain Company personnel serve as Plan trustees. An Administrative Committee (the Committee) manages the operation and administration of the Plan. Plan assets are invested through Empower Trust Company (Empower), who acts as the trustee/custodian. The Company has contracted with a third-party administrator to process and maintain the records of participant data.

Contributions

Employer: Each year, the company determines the amount to contribute to the Plan. This contribution is discretionary. The discretionary profit-sharing contribution is "allocated" or divided among participants eligible to share in the contribution for the Plan Year. The share of the contribution depends upon how much compensation the participants received during the year and the compensation received by other eligible participants. This amount will be adjusted in future years for cost-of-living increases. The law imposes a maximum limit on the amount of contributions the participant may receive under the Plan. This limit applies to all contributions the company makes on behalf of the participant during the Plan Year, excluding earnings and any transfers/rollovers. The Company made no contributions during the year ended December 31, 2024

Employee: Under the terms of The Plan, all eligible employees, as defined in the Plan, may contribute from 0% to 100% of their annual compensation up to the current maximum contribution allowed by law, which is subject to annual adjustment. In addition, participants who have attained age 50 before the Plan year close may make an additional catch-up contribution allowed by law, which is subject to annual adjustment.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Employer Contribution and earnings at each Valuation Date. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions and rollover amounts, if any, plus actual earnings thereon. Vesting in the Company's contribution portion of participant accounts is based on years of continuous service. Participants become 100% vested in Company contributions after completing six years of service. Each participant is 100% vested in the employer contributions upon disability, death, or attainment of age sixty-five while employed by the Company.

Notes Receivable from Participants

Generally, participants may borrow from their fund accounts a minimum of \$1,000 and to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the Plan administrator, currently ranging from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions with maturities through May 2049. Loans that are considered uncollectible are treated as deemed distributions and therefore there is no allowance for uncollectible loans.

Payment of benefits

On termination of service due to death, disability, retirement or otherwise, a participant with vested benefits equal to or less than \$5,000 will receive a single lump sum payment. A participant with vested benefits greater than \$5,000 must consent to distribution. For these participants distributions may be deferred until the participant reaches the age of 70½.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,014 and \$1,931, respectively. No forfeitures were allocated or used in 2024.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Tony's Express, Inc. & Economy Packaging, Inc. 401(k) Plan

Notes to Financial Statements

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Investment valuation: The investments are reported at fair value and contract value. The Plan's custodian, Empower, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income Recognition

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. TPA per participant fees, investment transaction fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820) provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a general description of the three levels of inputs that may be used to measure fair value under ASC 820:

Level 1 - Inputs to the valuation methodology are based on quoted prices available in active markets for identical assets or liabilities on the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value including assumptions regarding risk. Level 3 instruments include those that may be more structured or otherwise tailored to the Plan's needs.

Notes to Financial Statements

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

As required by ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pooled separate accounts. Pooled separate accounts are valued at net asset value (NAV) of units based upon the quoted market value of the underlying assets net of an investment management fee as estimated by Empower. NAV is a readily determinable fair value and is the basis for current transactions which may occur daily. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Assets measured at fair value as of December 31, 2024 and 2023 are as follows:

2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies				
Mutual funds	\$ 1,758,210	\$ -	\$ -	\$ 1,758,210

NOTE 4 - TAX STATUS

The Plan Sponsor/Company utilizes a volume submitter plan approved by the Internal Revenue Service. On March 31, 2014, Hicks Pension Services received a determination letter from the IRS on the volume submitter plan which had been submitted to the IRS on December 31, 2013. It is the opinion of management that the Plan and the Plan's operations as of December 31, 2024 and the year then ended are in compliance with Section 401(a) of the Internal Revenue Code.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, net appreciation or depreciation in fair value of investments, and interest and dividend income for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower, the trustee of the Plan.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts with registered investment company accounts managed by Empower. As Empower is the custodian of the Plan, transactions between the Plan and Empower qualify as exempt party-in-interest transactions.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.
