Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **LEGACY PROFESSIONALS LLP**

(2) EIN: **32-0043599**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒

Report of Independent Auditors

To the Participants and Trustees of
Electrical Workers Pension Fund

Opinion

We have audited the financial statements of Electrical Workers Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Electrical Workers Pension Fund as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, and the accumulated plan benefits as of December 31, 2023, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Electrical Workers Pension Fund

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Description of the Plan

Electrical Workers Pension Fund (the Plan) was established October 19, 1965, as a result of a collective bargaining agreement between International Brotherhood of Electrical Workers Local Union No. 242 and International Brotherhood of Electrical Workers Local Union No. 294 (collectively, the Local Unions) and Twin Ports Arrowhead Chapter of the National Electrical Contractors Association (the Contractors' Association). The purpose of the Plan is to provide benefits upon retirement, death, disability or termination of covered employment for eligible participants. The Plan is a multiemployer defined benefit pension plan subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by a joint board of trustees consisting of an equal number of representatives from the Local Unions and the Contractors' Association.

An individual working in covered employment during the contribution period becomes a participant in the Plan on the earliest January 1 or July 1 following completion of a 12 consecutive month period during which at least 1,000 hours of service in covered employment is completed. A participant is credited with one year of vesting service for each Plan credit year in which 1,000 hours of service in covered employment during the contribution period is satisfied.

Under current provisions of the Plan, a participant becomes eligible for a regular pension at age 62, provided the participant is vested with at least five years of vesting service and one hour of service after January 1, 1998. Early reduced pension benefits are available to participants at age 55, provided the participant is vested with at least five years or more of vesting service and one hour of service after January 1, 1998.

Benefits may be paid in several options including life annuity and variations of monthly payments. Pension benefits generally are paid in equal installments for the participant's lifetime and, if applicable, to the participant's beneficiary in equal installments as determined by the elected form of benefit payment.

Participants should refer to the summary plan description for more complete information.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Note 2. Summary of Significant Accounting Policies (continued)

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Contributions Receivable - Employer contributions due and not paid at year end are recorded as contributions receivable. Contributions owed as a result of payroll compliance audits are recorded upon settlement with the employer. An allowance for doubtful accounts is considered unnecessary and is not provided.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the amount of eligible wages earned in covered employment and the contribution rates currently in effect, as set forth in the collective bargaining agreements. Employers are required to remit contributions on a monthly basis. The Plan carries out its purpose described in Note 1 within the electrical industry primarily located in northern Minnesota.

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with various affiliated multiemployer pension plans for its participants who perform work outside the geographic jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local union) may be temporarily employed within the territory of another local union (reciprocating local union). When a participant of a home local union works in the territory of a reciprocating local union, the latter is to make contributions to the former's benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local union benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements, as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan.

Note 2. Summary of Significant Accounting Policies (continued)

Reciprocal Contributions (continued) - Employer contributions included reciprocal contributions of \$151,877 and \$100,806 for the years ended December 31, 2024 and 2023, respectively, from various other pension plans under the terms of reciprocity agreements. The Plan remitted a total of \$235,952 and \$1,510,515 in reciprocal contributions to various other pension plans under the terms of reciprocity agreements for the years ended December 31, 2024 and 2023, respectively.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. Pension benefit checks issued prior to the corresponding benefit month are recorded as prepaid benefits.

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 9, 2025, which is the date the financial statements were available to be issued.

Note 3. Priorities upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

Note 4. Tax Status

The Plan's latest determination letter is dated June 11, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5. Fair Value Measurements (continued)

		Fair Value Measurements at 12/31/24 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Total			
Mutual funds	\$ 42,181,570	<u>\$ 42,181,570</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value:				
Common collective trusts	<u>58,973,273</u>

Mutual funds	\$ 33,625,354	<u>\$ 33,625,354</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value:				
Common collective trusts	<u>58,752,830</u>			
Total	<u>\$ 92,378,184</u>			

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Measurements Using Net Asset Value as a Practical Expedient

The common collective trusts are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The common collective trusts are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available daily without notice.

Note 6. Actuarial Information

An actuarial valuation of the Plan was made by United Actuarial Services, Inc. as of December 31, 2023. Information in the report included the following:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 64,156,277
Other participants	<u>38,403,695</u>
Total vested benefits	102,559,972

Nonvested benefits	<u>1,039,491</u>
--------------------	------------------

Total actuarial present value of accumulated plan benefits	<u>\$ 103,599,463</u>
---	-----------------------

As reported by the actuary, the changes in the actuarial present value of accumulated plan benefits during the year ended December 31, 2023 were as follows:

Actuarial present value of accumulated plan benefits

at beginning of year	\$ 99,810,007
----------------------	---------------

Increase (decrease) during the year attributable to:

Benefits accumulated and experience gain or loss	\$ 3,462,791
Interest due to decrease in discount period	6,737,175
Benefits paid	(6,297,737)
Administrative expenses paid	(301,925)
Change in actuarial assumptions	<u>189,152</u>
Net increase	<u>3,789,456</u>

Actuarial present value of accumulated plan benefits

at end of year	<u>\$ 103,599,463</u>
----------------	-----------------------

The actuarial valuation was made using the traditional unit credit cost method. Some of the more significant actuarial assumptions used in the valuation were as follows:

Mortality: 100% of the Pri-2012 Blue Collar Mortality Tables for employees and healthy annuitants projected forward using the MP-2021 projection scale

Note 6. Actuarial Information (continued)

Retirement:

<u>Age</u>	<u>Retirement Rate</u>
55	6%
56-57	4%
58	8%
59	12%
60-61	20%
62	45%
63-64	25%
65	100%

Investment rate of return: 6.75%, net of investment expenses

Changes in actuarial assumptions reflect changes to the mortality assumption, increase in the hourly contribution rates, increase in the assumed future hours from 1,750 to 1,800 per future year for vested active lives, change in the assumed retirement rates, change in the expense load on ASC 960 liabilities from 5.50% to 5.25%, and change in the current liability interest rate from 2.19% to 2.77%. Assumptions are based on a review of recent plan experience and represent the best estimate of anticipated experience under the Plan.

The actuarial assumptions were based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under collective bargaining agreements with employers and income from investments.

Since information on the accumulated plan benefits at December 31, 2024, and the changes therein for the year then ended are not included, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of December 31, 2024, and the changes in its financial status for the year then ended, but only are a presentation of the net assets available for benefits and the changes therein as of and for the year ended December 31, 2024. The complete financial status is presented as of December 31, 2023.

The Plan's actuary has certified as of January 1, 2025, that the Plan is in neither critical nor endangered status ("green zone"), within the meaning of Pension Protection Act of 2006, as amended.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could be material. The current economic environment has increased the degree of uncertainty.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8. Funding Policy

Participating employers contribute such amounts as are specified in collective bargaining agreements. During the years ended December 31, 2024 and 2023, the contribution rate for the majority of participants was 13.55% of gross wages for those participants covered under the jurisdiction of Local No. 242, and 13.10% of gross wages for those participants covered under the jurisdiction of Local No. 294.

The Plan's actuary has advised that the minimum funding requirements of ERISA were being met as of January 1, 2024.

Note 9. Major Employers

Contributions from three employers accounted for approximately 44%, and contributions from four employers accounted for approximately 53%, of total employer contributions, for the years ended December 31, 2024 and 2023, respectively. In the event these employers were to suspend contributions, the Plan would retain the risk of meeting fixed administrative expenses until the appropriate adjustments were made.

Note 10. Related Parties

The Plan is related to two labor unions and several benefit plans, all of which are tax-exempt.

The Plan and the related benefit plans share a checking account. Contributions received by the Plan and related organizations are deposited into the checking account. Amounts owed are routinely transferred from the checking account into the respective organizations' cash accounts. No amounts were due from the checking account at either December 31, 2024 or 2023.

Note 11. Party-in-Interest Transactions

The Plan holds shares of common collective trusts managed by an affiliate of Transamerica Retirement Solutions (Transamerica), the Plan's investment custodian. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Transamerica provides certain administrative services to the Plan pursuant to a service agreement. Transamerica receives revenue from investment fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan. If the revenue received by Transamerica from such investment fund service providers exceeds the amount owed under the agreement, Transamerica remits the excess to the Plan on a monthly basis. Such amounts may be applied to pay Plan administrative expenses. During the years ended December 31, 2024 and 2023, excess amounts of \$143,940 and \$122,277 respectively, were refunded to the Plan. The revenue sharing credits are net of investment fees of \$35,464 and \$35,852 for the years ended December 31, 2024 and 2023, respectively. The Plan makes payments to Transamerica for any administrative expenses not covered by revenue sharing.

Report of Independent Auditors on Supplementary Schedules Required by ERISA

To the Participants and Trustees of
Electrical Workers Pension Fund

We have audited the financial statements of Electrical Workers Pension Fund (the Plan) as of and for the years ended December 31, 2024 and 2023, and our report thereon dated October 9, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including the form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PLAN HISTORY

Origins/Purpose

The International Brotherhood of Electrical Workers Local No. 242 and 294 Pension Plan was established effective October 19, 1965 as a result of Collective Bargaining Agreements between the Twin Ports – Arrowhead Chapter (NECA) and Local Unions No. 242 and 294 of the International Brotherhood of Electrical Workers.

The purpose of the Pension Plan is to provide Normal and Early Retirement Benefits, Joint and Survivor Benefits, Level Income Retirement Benefits, Total and Permanent Disability Benefits, Vested Benefits and Death Benefits.

Employer Contributions

The Pension Plan is financed entirely by contributions from the employers as specified in the Collective Bargaining Agreement. Following is a partial listing of hourly pension contribution rates.

Re: 2024 Actuarial Certification Under the Pension Protection Act

Dear Trustees:

The following information is intended to comply with the annual certification requirements of IRC section 432, with respect to the funded status of the Electrical Workers Local 242 and 294 Pension Fund.

Identifying Information

Plan Name: Electrical Workers Local 242 and 294 Pension Fund
EIN/Plan #: 41-6052631/001
Plan year of Certification: year beginning January 1, 2024
Plan Sponsor: Board of Trustees of Electrical Workers Local 242 and 294 Pension Fund
Sponsor Address: 2002 London Road, Suite 300 Duluth, MN 55812
Sponsor Telephone: (218) 728-4231
Enrolled Actuary Name: Kathryn A. Garrity, FSA, EA, MAAA
Enrollment Number: 23-05379
Actuary Address: 11590 N. Meridian St., Suite 610, Carmel, IN 46032
Actuary Telephone: (317) 580-8688

Certification of Plan Status

I certify that the above-named Plan is in the following status(es) as of January 1, 2024 (all that apply are checked):

Safe--Neither Endangered nor Critical Status	<u> X </u>
Safe--Neither Endangered nor Critical Status Due to Special Rule	<u> </u>
Endangered Status	<u> </u>
Seriously Endangered Status	<u> </u>
Projected to be in Critical Status within 5 years	<u> </u>
Critical Status	<u> </u>
Critical and Declining Status	<u> </u>

This certification is based on the following results:

- Projected funded ratio as of January 1, 2024: 102.4%
- Previously emerged from critical status using IRC Section 432(e)(4)(B)(ii)(I) special emergence rule?: No
- First projected deficiency: None projected
- At least 8 years of benefit payments in plan assets?: Yes

Basis for Result

The certification utilizes the assumptions, methods, plan provisions and demographic data as disclosed in the January 1, 2023 actuarial valuation report with the following exceptions:

- Based on the December 31, 2023 unaudited financial statements provided by the plan administrator, the asset return for the 2023 plan year is assumed to be 16.27%. We also updated the contributions, benefit payments, and expenses for the 2023 plan year based on these financial statements.
- The contribution rate increases from \$5.85 to \$6.07 for Local 242 and from \$5.49 to \$5.67 for Local 294 were recognized as of May 28, 2023.
- Based on information provided by the Trustees regarding projection of future industry activity, the following hours were assumed: 920,000 for the plan year beginning in 2024 and for each plan year thereafter. For the 2023 plan year, our projections used estimated hours of 1,107,750.

I am a member of the American Academy of Actuaries and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. This certification is intended to be in good faith compliance with the necessary disclosures for certification and represents my best estimate of the Plan's funded position. We are available to answer questions regarding this certification.

Sincerely,

Kathryn A. Garrity, FSA, EA, MAAA

ATTACHMENT TO 2024 SCHEDULE MB: LINE 11
STATEMENT BY ENROLLED ACTUARY

Schedule MB, line 11 - Justification for Change in Actuarial Assumptions

The assumptions and methods differ from those used the preceding year in the following respects:

- The assumed mortality adjustment was changed from 95% to 100% for females. The assumed mortality adjustment for males remains at 100%. Neither the base mortality table nor the mortality projection scale were changed. This percent adjustment incorporates credible plan experience into expected mortality.
- The assumed hourly contribution rate was increased from \$5.85 to \$6.07 for Local 242 participants and from \$5.49 to \$5.67 for Local 294 participants to reflect the negotiated increase effective May 28, 2023.
- The assumed future hours worked were increased from 1,750 hours to 1,800 hours per future year for vested active lives. This represents our best estimate of future hours based on recent plan experience.
- The assumed retirement rates were changed according to the schedule in Appendix B to represent our best estimate of future retirement patterns based on recent plan experience.
- The expense load on ASC 960 liabilities was changed from 5.50% to 5.25% based on recent plan experience.
- The current liability interest rate was changed from 2.19% to 2.77%. The new rate is within established statutory guidelines.

Actuary's Statement of Reliance

In completing this Schedule MB, the enrolled actuary has relied upon the correctness of the financial information presented in the pension fund audit and upon the accuracy and completeness of participant census data provided by the plan administrator.

ACTUARIAL ASSUMPTIONS

The following assumptions are used throughout this report except as specifically noted herein.

Valuation date	January 1, 2024
Interest rates	
<i>ERISA rate of return used to value liabilities</i>	6.75% per year net of investment expenses
<i>Unfunded vested benefits</i>	6.75% per year net of investment expenses
<i>Current liability</i>	2.77% (in accordance with Section 431(c)(6) of the Internal Revenue Code)
Operational expenses	
<i>Funding</i>	\$322,875 in the 2024 plan year excluding investment expenses, increasing 2.5% per year.
<i>ASC 960</i>	A 5.25% load was applied to the accrued liabilities for 2024 (5.50% for 2023).
Loading for pop-up feature	Retirees receiving a joint and survivor form of benefit have pop-up amounts which were provided by the plan administrator.
Loading for inactive vested pre-retirement death benefit	Liabilities for inactive vested participants are increased by 0.6%.
Mortality	
<i>Assumed plan mortality</i>	100% of the PRI-2012 Blue Collar Mortality Tables for employees and healthy annuitants projected forward using the MP-2021 projection scale.
<i>Current liability</i>	Separate annuitant and non-annuitant rates based on the RP-2000 Mortality Tables Report developed for males and females as required by Section 431(c)(6) of the Internal Revenue Code.

Timing of decrements	Beginning of year																		
Future hours worked																			
<i>Vested lives</i>	1,800 hours per year, 0 after assumed retirement age																		
<i>Non-vested lives</i>	1,600 hours per year, 0 after assumed retirement age																		
Future hourly contribution rate	\$6.07/hr for Local 242 participants \$5.67/hr for Local 294 participants																		
Age of participants with unrecorded birth dates	Based on average entry age of participants with recorded birth dates and same vesting status.																		
Inactive vested lives over age 74	Continuing inactive vested participants age nearest 74 and older are assumed deceased and are not valued. Participants assumed deceased under age 74 prior to January 1, 2021 are still assumed to be deceased.																		
Marriage assumptions	80% assumed married with the male spouse 3 years older than his wife																		

ACTUARIAL ASSUMPTIONS (CONT.)

Optional form assumption	All non-retired participants assumed to elect the life only form of benefit.
QDRO benefits	Benefits to alternate payee included with participant's benefit until payment commences
Section 415 limit assumptions	
<i>Dollar limit</i>	\$275,000 per year
<i>Assumed form of payment for those limited by Section 415</i>	Qualified joint and 100% survivor annuity
Benefits not valued	None
Benefits vested	No death benefits are vested. Disability benefits are considered vested. Early retirement subsidies are considered vested when participant reaches age 55 and has 5 years of vesting service.

RATIONALE FOR SELECTION OF ACTUARIAL ASSUMPTIONS

The non-prescribed actuarial assumptions were selected to provide a reasonable long term estimate of developing experience. The assumptions are reviewed annually, including a comparison to actual experience. The following describes our rationale for the selection of each non-prescribed assumption that has a significant effect on the valuation results.

**ERISA rate of return used
to value liabilities**

Future rates of return were modeled based on the Plan's current investment policy asset allocation and composite, long-term capital market assumptions taken from Horizon Actuarial's 2023 survey of investment consultants.

Based on this analysis, we selected a final assumed rate of 6.75%, which we feel is reasonable. This rate may not be appropriate for other purposes such as settlement of liabilities.

Due to the special rules related to withdrawal liability for a construction industry plan and the nature of the building trades industry, we believe the valuation interest rate is also appropriate for withdrawal liability purposes.

Mortality

The PRI-2012 Blue Collar Mortality Tables for employees and healthy annuitants projected forward using the MP-2021 projection scale was chosen as the base table for this population.

The blue collar table was chosen based on the industry of plan participants.

Finally, a 100% multiplier for males and females was applied in order to more closely match projected deaths to actual post-retirement death experience. The period of actual data studied to develop this multiplier was from January 1, 2019 to December 31, 2023 for this plan, blended with a study of deaths for larger plans in similar industries. Based on information from the CDC on COVID-19 deaths through June 7, 2023, this study was adjusted to reflect an ongoing expectation of slightly higher deaths due to COVID-19 by 1) including an increase in deaths due to COVID-19 for the study period prior to March 15, 2020 and 2) excluding the high increase in deaths due to COVID-19 for the study period March 15, 2020 to March 15, 2022.

Retirement

Actual rates of retirement by age were studied for the period January 1, 2019 to December 31, 2023. The assumed future rates of retirement were selected based on the results of this study.

RATIONALE FOR SELECTION OF ACTUARIAL ASSUMPTIONS (CONT)

Withdrawal	Actual rates of withdrawal by age were studied for the period January 1, 2019 to December 31, 2023. No adjustments were deemed necessary at this time.
Future hours worked	Based on review of recent plan experience.

ACTUARIAL METHODS

Funding method	
<i>ERISA Funding</i>	Traditional unit credit cost method, effective January 1, 2006.
<i>Funding period</i>	Individual entry age normal with costs spread as a level dollar amount over service
Population valued	
<i>Actives</i>	Eligible employees with at least one hour during the preceding plan year.
<i>Inactive vested</i>	Vested participants with no hours during the preceding plan year.
<i>Retirees</i>	Participants and beneficiaries in pay status as of the valuation date.
Asset valuation method	
<i>Actuarial value</i>	Smoothed market value without phase-in effective January 1, 2006. Each year's gain (or loss) is spread over a period of 5 years. The actuarial value is limited to not less than 80% and not more than 120% of the actual market value of assets in any plan year.
<i>Unfunded vested benefits</i>	For the presumptive method, actuarial value, as described above, is used
