## Independent Auditors' Report

To the Board of Directors of  
Mariposa Community Health Center, Inc.  
401(k) Profit Sharing Plan and Trust  
Nogales, Arizona

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Mariposa Community Health Center, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of Mariposa Community Health Center, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Mariposa Community Health Center, Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration: The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employer's Board of Directors. The Plan's custodian, Matrix Trust Company ("Matrix") is responsible for the custody and management of the Plan's assets. PenServ Plan Services, Inc. ("PenServ") acts as the third-party administrator who processes and maintains the records of participant data.

Eligibility: Employees become eligible to contribute elective deferrals and receive Employer matching contributions once they have completed three consecutive months of service and are at least nineteen years of age. Employees become eligible to receive discretionary Employer non-elective contributions once they have completed 1,000 hours of service and are employed by the Employer as of the last day of the plan year. The entry date for an eligible employee is first day of the payroll period coinciding with or following the date the requirements are satisfied.

Plan Contributions: There are two types of salary deferral options available to participants: Pre-tax 401(k) deferrals and post-tax ROTH 401(k) deferrals. Eligible participants making pre-tax deferrals may contribute a percentage of pretax compensation or a specified dollar amount of pretax compensation, up to the lesser of 100% of their compensation or the maximum allowable under the Internal Revenue Code. Eligible participants making post-tax ROTH deferrals have their deferrals made on an after-tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Employer has elected to make matching contributions to the Plan. For the Plan years ended December 31, 2024 and 2023, the matching contributions equal 100% of a participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of the participant's elective deferrals in excess of 3% but not exceeding 5% of the participant's compensation.

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (continued)

The Employer may, at its discretion, elect to make non-elective contributions to the Plan. Each plan year the Board of Directors will determine the amount of the employer base contribution (if any) that will be made for all eligible participants who are actively employed on the last day of the plan year. Contributions will be allocated to the accounts of eligible participants at the discretion of the Employer. This employer base contribution will be made whether or not the employee is making contributions. There were no discretionary non-elective contributions to the Plan for the years ended December 31, 2024 and 2023.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions and Employer matching contributions. A participant's vested interest in the Employer's non-elective contributions is determined based on credited years of service, as reflected in the following vesting schedule.

Less than 1 Year of Service.....	0% Vested
1 Year of Service.....	20% Vested
2 Years of Service.....	40% Vested
3 Years of Service.....	60% Vested
4 Years of Service.....	80% Vested
5 Years of Service or More.....	100% Vested

Any part of the employer contributions which is not vested will be forfeited when the participant receives the distribution of the vested balance and will thereafter be used to reduce the Employer's contributions or administrative expenses.

Distributions: Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum payment.

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance with Matrix. Participants may have one outstanding loan at a time. Principal and interest is repaid ratably through payroll deductions. Note terms are up to five years. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus one. At December 31, 2024 and 2023, interest rates charged for new loans were 10.50%. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (continued)

Forfeited Accounts: As of December 31, 2024 and 2023, forfeited non-vested accounts totaled zero. For the year ended December 31, 2024 and 2023, there were no forfeitures used to either reduce Employer contributions to the Plan or pay down administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting except for the distributions paid to participants which are presented on the cash basis of accounting. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and related activity on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation on investments of those investments.

Distributions: Distributions are recorded when paid. At December 31, 2024 and 2023, there were no unpaid amounts processed and approved for payment.

Expenses: Certain administrative expenses of the Plan may be paid by the Employer. Other expenses may be paid from plan assets and are deducted from participant accounts in accordance with the plan document.

401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Matrix, the custodian, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held at December 31, 2024 and 2023 and net appreciation/(depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2024. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodian. The plan administrator, therefore, has instructed the independent public accountants to exclude the information certified by the custodian from the scope of their audit.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan applies FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. FASB ASC 820 provides the framework for measuring fair value and the disclosures about fair value measurements of assets and liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

MARIPOSA COMMUNITY HEALTH CENTER, INC.  
401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the net asset value per share ("NAV") at the close of each business day as reported by each fund, which values its securities at fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

Investment Type	Total	Level I	Level II	Level III
Mutual Funds:	<u>\$21,832,406</u>	<u>\$ 21,832,406</u>		

Investments at fair value as of December 31, 2023:

Investment Type	Total	Level I	Level II	Level III
Mutual Funds:	<u>\$17,855,579</u>	<u>\$ 17,855,579</u>		

NOTE 6 - INVESTMENT CONTRACT WITH CUSTODIAN

The Plan entered into a fully benefit-responsive investment contracts with Standard Insurance Company ("Standard") through Matrix. Standard maintains contributions within their respective guaranteed accounts. Interest rate guarantees of the deposit accounts are backed by assets of the custodian. Credited rates for the Standard Insurance Company Stable Asset Fund account are set quarterly based on yield forecasts and business margins for the fund. Credited rates are guaranteed for the duration of the guaranteed period elected by the Employer and do not vary with the subsequent performance of assets of the general accounts that back these guarantees.

MARIPOSA COMMUNITY HEALTH CENTER, INC.  
401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 6 - INVESTMENT CONTRACTS WITH CUSTODIAN (continued)

The account is reported at contract value and credited with interest at the rate specified in the contract, and charged with the purchase price of annuities when participants retire and with any incidental benefits (death, disability, and withdrawal) disbursed directly from the accounts.

The average yield and crediting yield on the account held with Standard was approximately 3.10% and 2.85% for the years ended December 31, 2024 and 2023, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, signoff, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. Plan management does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 7 - PLAN TAX STATUS

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Service Code (the "Code") to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 9 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are with Matrix, who is the custodian as defined by the Plan. Any purchases and sales of funds are done in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan to Matrix and PenServ, and related companies for investment management, are deducted from earnings and included in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments, or as direct plan expenses. Other administrative fees are paid by the Employer on behalf of the Plan.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated all events or transactions that occurred after December 31, 2024, through October 14, 2025, the date the Plan issued these financial statements.

## Independent Auditors' Report

To the Board of Directors of  
Mariposa Community Health Center, Inc.  
401(k) Profit Sharing Plan and Trust  
Nogales, Arizona

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Mariposa Community Health Center, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of Mariposa Community Health Center, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Mariposa Community Health Center, Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration: The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employer's Board of Directors. The Plan's custodian, Matrix Trust Company ("Matrix") is responsible for the custody and management of the Plan's assets. PenServ Plan Services, Inc. ("PenServ") acts as the third-party administrator who processes and maintains the records of participant data.

Eligibility: Employees become eligible to contribute elective deferrals and receive Employer matching contributions once they have completed three consecutive months of service and are at least nineteen years of age. Employees become eligible to receive discretionary Employer non-elective contributions once they have completed 1,000 hours of service and are employed by the Employer as of the last day of the plan year. The entry date for an eligible employee is first day of the payroll period coinciding with or following the date the requirements are satisfied.

Plan Contributions: There are two types of salary deferral options available to participants: Pre-tax 401(k) deferrals and post-tax ROTH 401(k) deferrals. Eligible participants making pre-tax deferrals may contribute a percentage of pretax compensation or a specified dollar amount of pretax compensation, up to the lesser of 100% of their compensation or the maximum allowable under the Internal Revenue Code. Eligible participants making post-tax ROTH deferrals have their deferrals made on an after-tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Employer has elected to make matching contributions to the Plan. For the Plan years ended December 31, 2024 and 2023, the matching contributions equal 100% of a participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of the participant's elective deferrals in excess of 3% but not exceeding 5% of the participant's compensation.

401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (continued)

The Employer may, at its discretion, elect to make non-elective contributions to the Plan. Each plan year the Board of Directors will determine the amount of the employer base contribution (if any) that will be made for all eligible participants who are actively employed on the last day of the plan year. Contributions will be allocated to the accounts of eligible participants at the discretion of the Employer. This employer base contribution will be made whether or not the employee is making contributions. There were no discretionary non-elective contributions to the Plan for the years ended December 31, 2024 and 2023.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions and Employer matching contributions. A participant's vested interest in the Employer's non-elective contributions is determined based on credited years of service, as reflected in the following vesting schedule.

Less than 1 Year of Service.....	0% Vested
1 Year of Service.....	20% Vested
2 Years of Service.....	40% Vested
3 Years of Service.....	60% Vested
4 Years of Service.....	80% Vested
5 Years of Service or More.....	100% Vested

Any part of the employer contributions which is not vested will be forfeited when the participant receives the distribution of the vested balance and will thereafter be used to reduce the Employer's contributions or administrative expenses.

Distributions: Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum payment.

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance with Matrix. Participants may have one outstanding loan at a time. Principal and interest is repaid ratably through payroll deductions. Note terms are up to five years. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus one. At December 31, 2024 and 2023, interest rates charged for new loans were 10.50%. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (continued)

Forfeited Accounts: As of December 31, 2024 and 2023, forfeited non-vested accounts totaled zero. For the year ended December 31, 2024 and 2023, there were no forfeitures used to either reduce Employer contributions to the Plan or pay down administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting except for the distributions paid to participants which are presented on the cash basis of accounting. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and related activity on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation on investments of those investments.

Distributions: Distributions are recorded when paid. At December 31, 2024 and 2023, there were no unpaid amounts processed and approved for payment.

Expenses: Certain administrative expenses of the Plan may be paid by the Employer. Other expenses may be paid from plan assets and are deducted from participant accounts in accordance with the plan document.

MARIPOSA COMMUNITY HEALTH CENTER, INC.  
401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Matrix, the custodian, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held at December 31, 2024 and 2023 and net appreciation/(depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2024. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodian. The plan administrator, therefore, has instructed the independent public accountants to exclude the information certified by the custodian from the scope of their audit.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan applies FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. FASB ASC 820 provides the framework for measuring fair value and the disclosures about fair value measurements of assets and liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

MARIPOSA COMMUNITY HEALTH CENTER, INC.  
401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the net asset value per share ("NAV") at the close of each business day as reported by each fund, which values its securities at fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

Investment Type	Total	Level I	Level II	Level III
Mutual Funds:	<u>\$21,832,406</u>	<u>\$ 21,832,406</u>		

Investments at fair value as of December 31, 2023:

Investment Type	Total	Level I	Level II	Level III
Mutual Funds:	<u>\$17,855,579</u>	<u>\$ 17,855,579</u>		

NOTE 6 - INVESTMENT CONTRACT WITH CUSTODIAN

The Plan entered into a fully benefit-responsive investment contracts with Standard Insurance Company ("Standard") through Matrix. Standard maintains contributions within their respective guaranteed accounts. Interest rate guarantees of the deposit accounts are backed by assets of the custodian. Credited rates for the Standard Insurance Company Stable Asset Fund account are set quarterly based on yield forecasts and business margins for the fund. Credited rates are guaranteed for the duration of the guaranteed period elected by the Employer and do not vary with the subsequent performance of assets of the general accounts that back these guarantees.

MARIPOSA COMMUNITY HEALTH CENTER, INC.  
401(K) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 6 - INVESTMENT CONTRACTS WITH CUSTODIAN (continued)

The account is reported at contract value and credited with interest at the rate specified in the contract, and charged with the purchase price of annuities when participants retire and with any incidental benefits (death, disability, and withdrawal) disbursed directly from the accounts.

The average yield and crediting yield on the account held with Standard was approximately 3.10% and 2.85% for the years ended December 31, 2024 and 2023, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, signoff, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. Plan management does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 7 - PLAN TAX STATUS

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Service Code (the "Code") to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 9 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are with Matrix, who is the custodian as defined by the Plan. Any purchases and sales of funds are done in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan to Matrix and PenServ, and related companies for investment management, are deducted from earnings and included in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments, or as direct plan expenses. Other administrative fees are paid by the Employer on behalf of the Plan.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated all events or transactions that occurred after December 31, 2024, through October 14, 2025, the date the Plan issued these financial statements.
