Report of Independent Auditors

To the Administrator of
Makino MOTE 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Makino MOTE 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Makino MOTE 401(k) Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Makino MOTE 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees (as defined) of Makino Inc. (the “Company”) not covered under a bargaining unit agreement (“Participants”). Participants are eligible on their first day of service and enrolled on the first day following the quarter starting after the employee became eligible. The Plan is administered by the Company through its Retirement Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the Internal Revenue Code of 1986, as amended (the “IRC”).

Effective May 1, 2023, the Company automatically enrolls eligible employees at a contribution rate of 3% of eligible compensation, unless the employee elects a different contribution percentage. The automatic deferral percentage will increase by 1% every year on the first day of the Plan year up to a maximum of 10% of total eligible compensation.

Effective May 1, 2024, the Plan was amended to increase the mandatory distribution limit from \$5,000 to \$7,000, in accordance with Section 304 of the SECURE 2.0 Act. For participants who separate from employment and whose vested account balances are under this threshold, distributions will be made automatically, with rollover rules applying to amounts exceeding \$1,000.

Recordkeeper and Trustee

The Company entered into an agreement with Principal Life Insurance Company (“Principal Life”), a member of Principal Financial Group, to provide an array of core services, most notably recordkeeping, transaction processing and compliance testing. Principal Life also serves as a custodian for certain Plan assets. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal Trust”), also a member of Principal Financial Group, is the trustee of the Plan and has the authority to invest and control all contributions made to it under the Plan.

Contributions

The Company contributes 100% of each Participant’s elective deferrals not exceeding 3% of the Participant’s compensation, plus 50% of each Participant’s elective deferrals in excess of 3% but not in excess of 5% of the Participant’s compensation.

Participant Accounts

Each Participant’s account is credited with the Participant’s voluntary contribution, the Company’s matching contribution and Plan earnings. Allocations of Plan earnings are based on the investment options selected by the Participant and their related account balance. Participants may reallocate their investments at any time during the year. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant’s vested account. Certain plan investments generate revenue sharing that is maintained in a separate account and is used to pay eligible expenses. Principal Trust performs a calculation to allocate funds on a Participant level basis. Total revenue sharing is \$0 and \$437 for the years ended December 31, 2024 and 2023, respectively.

Vesting

Participants are immediately vested in their contributions, employer contributions, and the earnings thereon.

Notes to Financial Statements

December 31, 2024 and 2023

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the Participant's account and bear interest at the prime rate plus 2%, which is commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding Participant loans ranged between 5.25% and 10.50% at both December 31, 2024 and 2023. A Participant may only have one outstanding loan at any one time and loan terms may not exceed five years, unless the loan is used for the purchase of a primary residence.

Payment of Benefits

Participants become eligible for benefit payments upon separation of service due to death, disability, retirement, or termination. Benefit payments are made as a lump-sum amount equal to the value of the Participant's account. The Plan allows withdrawals prior to termination of employment after a Participant has attained the age of 59 ½. This distribution is limited to the balance of the Participant's elective deferrals.

Participants may not withdraw any amounts in the matching contribution accounts prior to termination of employment. The Plan also allows for a "financial hardship" withdrawal of before-tax contributions for Participants under age 59½ years in case of demonstrated "financial hardship", as defined by the Plan document.

Expenses of the Plan

All administrative expenses are paid by the Plan unless the Company elects to pay such expenses. Investment-related expenses are included in net appreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting, except for benefits paid to Participants, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the guaranteed fund contract is stated at contract value on the accompanying statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due, the Plan administrator deems the participant loan to be in default. Participant loans that are in default are reclassified as distributions based upon the terms of the Plan document.

Contributions

Employee contributions are made through regular payroll deductions and are paid into the Plan each payroll period. Employer match contributions are paid into the Plan quarterly.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

3. Fair Value Measurements

Fair value is defined as the price that will be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based on a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2024 and 2023

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at quoted market prices of shares held by the Plan at year-end. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts (“PSAs”) – Valued based on the NAV of the accounts’ underlying investments using information reported by the investment advisor. The NAV of these investments is determined using the market value or fair value of the underlying securities if market data are unavailable. The PSAs are invested in a broad mix of underlying mutual funds. In order to prevent excessive or abusive trading, the Company may prescribe rules that limit the number of transfers that participants can make between funds.

Self-directed brokerage accounts – Valued based on the accounts’ underlying investments, which consist of publicly traded mutual funds, money market funds and exchange-traded funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan’s investments at fair value at December 31, 2024 and 2023:

value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV, as a practical expedient, per share as of December 31, 2024 and 2023:

December 31, 2024 and 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

4. Guaranteed Fund Contract

The Plan maintains a guaranteed fund contract with Principal Life. The account is credited with a stated rate of return and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at contract value.

As described in Note 2, because the guaranteed fund contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed fund contract. Contract value, as reported to the Plan by Principal Trust, the trustee and custodian of the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate for the year ended December 31, 2024 and December 31, 2023 was 2.30%. There is no minimum rate of return stated in the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents or change in administrative practices which could adversely affect issuer's financial experience, (2) operation of competing investment options, or (3) the creation of another savings program, pension or profit-sharing plan which Plan participants are eligible to contribute by payroll deduction. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

5. Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014, stating that the form of the volume submitter plan used by the Plan is acceptable under Section 401 of the IRC. Although the Plan has been amended since the opinion letter was issued, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the Plan's tax positions, and has concluded that as of December 31, 2024 and 2023, there are no uncertain

Makino MOTE 401(k) Savings Plan

Notes to Financial Statements

positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress, and the Plan believes it is no longer subject to income tax examinations for years prior to 2021.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants who are not already fully vested will become fully vested in the employer contributions portion of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and restricted in such a manner as the Company may determine.

7. Certified Information

The Plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust has certified that the following information included in the accompanying financial statements as of December 31, 2024 and 2023 and for the years then ended, and supplemental schedule as of December 31, 2024, is complete and accurate:

	2024	2023
Statements of net assets available for benefits		
Investments at fair value	\$ 122,007,776	\$ 103,178,261
Investments at contract value	9,636,179	10,768,925
Notes receivable from participants	761,555	728,970
Statements of changes in net assets available for benefits		
Net appreciation in fair value of investments	16,205,671	18,161,934
Interest and dividend income	834,894	662,338
Interest income on notes receivable from participants	69,786	49,631

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related Parties and Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by Principal Trust. The Plan also holds a guaranteed fund contract through Principal Life. Principal Trust and Principal Life are the trustee, recordkeeper, and custodian, respectively, for the Plan and therefore, these transactions qualify as party-in-interest transactions. In addition, the Company provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

10. Subsequent Events

The Plan administrator has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements, other than that noted below.

Effective January 1, 2025, the Plan was amended to exclude co-op employees—those hired or rehired on or after that date—from the plan's Automatic Contribution Arrangement (ACA). While the plan will continue to automatically enroll other eligible employees at a 3% deferral rate with a 1% annual increase (up to 10%), this amendment specifically exempts co-op participants from automatic deferral provisions.
