Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: COHNREZNICK LLP

(2) EIN: 33-4144829

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
ISO 401(k) Savings and Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ISO 401(k) Savings and Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ISO 401(k) SAVINGS AND EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the ISO 401(k) Savings and Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies are available from the Plan administrator.

General Information - The Plan was established by Insurance Services Office, Inc. ("ISO"), a wholly-owned subsidiary of Verisk Analytics, Inc. ("Verisk" or the "Company"), for the benefit of eligible employees in the United States. The Plan includes both an employee savings component and an employee stock ownership ("ESOP") component. The purpose of the Plan is to enable the Company's employees to participate in a tax-deferred savings arrangement under the Internal Revenue Code of 1986 (the "Code"), as amended, Sections 401(a) and 401(k), and to provide eligible employees equity participation in the Company through the stock ownership account (the "Stock Ownership Account") within the ISO ESOP Trust (the "Trust"), which consists of Verisk common stock ("Company Stock") allocated to employees in the form of participation units.

ISO serves as the Plan's sponsor. The Plan Administration Committee ("PAC"), elected by the Board of Directors of the Company, controls and manages the operations and administration of the Plan. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

GreatBanc Trust Company (the "ESOP Trustee") was selected by the Company's Board of Directors to serve as trustee of the Trust. Delaware Charter Guarantee & Trust Company dba Principal Trust Company serves as the directed trustee of the 401(k) Savings Trust and custodian (the "Custodian") of the Plan. The Trust Investment Committee, appointed by PAC, is responsible for directing the sale, investment, or reinvestment of Plan assets. The Principal Financial Group ("Principal") is the recordkeeper and transfer agent, as defined by the Plan.

Eligibility - Most employees of the Company are eligible to participate in the ESOP component of the Stock Ownership Account and to receive ESOP participation units. Employees who are not employed on the last day of the Plan year are not eligible for ESOP participation units for the year.

Most employees of the Company are eligible to participate in the 401(k) component of the Stock Ownership Account, based on the eligibility requirements in accordance with the terms of the Plan, on the first entry date following the date they complete one hour of service.

Contributions - Eligible employees may make pre-tax and after-tax cash contributions as a percentage of their compensation subject to certain limitations, under the applicable provisions of the Code. Plan participants have the option of splitting contributions between Roth and traditional 401(k) accounts. The maximum contribution that can be made to the traditional pre-tax 401(k) and Roth 401(k) on a combined basis is \$23,000, the amount determined under the provisions of Code Section 402(g) for the 2024 taxable year. Certain eligible participants (age 50 and older) may contribute an additional \$7,500 for 2024. After-tax contributions are limited to ten percent of a participant's compensation. Contributions can be invested in various investment options as each employee elects. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition to core investment options, participants may choose to manage their own investments through the use of a self-directed brokerage account ("SDA"). Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching and ESOP contributions, discretionary profit-sharing contributions, and an allocation of participant forfeitures and Plan earnings are charged with withdrawals, an allocation of Plan losses, and administrative expenses. Allocations are based on participant compensation, account balances, or specific

participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) Matching Contributions - The Company provides matching contributions for all active participants who elect to make contributions to their 401(k) account. A majority of the matching contributions is equal to 100 percent of the first six percent of the participant's contribution in accordance with the terms of the Plan. Matching contributions can be made in cash or in Participation Units ("Units") to participant accounts. The Units are calculated by dividing the dollar amount of the matching contributions by the closing fair value of the investments on the funding date. Matching contributions were included in "Employer Contributions" in the accompanying statement of changes in net assets available for benefits.

Discretionary Profit-Sharing Contributions - Employees hired on or after March 1, 2005 may be eligible to receive discretionary profit-sharing contributions in the form of cash or Units. For the year ended December 31, 2024, there was no profit-sharing contribution made in the form of Units or cash.

Vesting - Effective January 1, 2014, each participant becomes fully vested in the value of their ESOP account and discretionary profit-sharing contribution once they have completed three years of service. A participant's ESOP account may become fully vested before that time if the participant dies while in the employ of the Company, becomes disabled and is unable to perform the essential functions of their job, or attains normal retirement age while in the employ of the Company.

Participants in the 401(k) account are 100 percent vested in their voluntary pre-tax and after-tax contributions, plus actual earnings thereon, and 401(k) matching contributions made by the Company.

Participants who separate from the Company after becoming vested in the Plan have the option to transfer the value of their accounts into another qualified plan or a qualified 401(k) account.

Payment of Benefits - Unless a participant elects otherwise, distributions of a vested participant's balance in the ESOP component of the Stock Ownership Account will begin:

- a) not later than one year after the close of the Plan year in which the participant's employment with the Company ends due to death, disability, or attaining the age of 62; or
- b) not later than one year after the fifth Plan year following the Plan year in which the participant separated from the Company for any other reasons.

If the participant's vested balance in the ESOP component of the Stock Ownership Account at the time of distribution does not exceed \$1,000, the entire benefit shall be distributed to the participant in a lump-sum payment, unless the participant elects to roll the account into another qualified plan. If the participant's vested balance in the ESOP component of the Stock Ownership Account at the time of distribution exceeds \$1,000, the distribution of the account may be made in a lump-sum or substantially equal annual, quarterly, or monthly payments over a period not to exceed five years.

ISO 401(k) SAVINGS AND EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

The distribution of a participant's vested balance in the 401(k) component of the Stock Ownership Account will begin at retirement, termination of employment, death, or disability. A participant may continue to defer taxation by electing a direct rollover to another plan or an individual retirement account. The distribution of the 401(k) component of the Stock Ownership Account will be paid in one of the following forms:

- a) a single lump-sum payment;
- b) substantially equal annual or quarterly payments over a specified number of years not to exceed 15 years or the participant's life expectancy; or
- c) a nontransferable annuity from a life insurance company providing for periodic annuity payments over the participant's lifetime.

Voting Rights - Allocated shares, except for corporate matters relating to a merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of the business, or similar transactions that any regulations promulgated under Code Section 409(e)(4) may require, within the Stock Ownership Account are voted by the ESOP Trustee.

Diversification - A participant may direct the diversification of all of their 401(k) matching contribution account. Participants shall not be permitted to direct employee contributions to invest in shares of Company Stock. Participants with balances within the ESOP component of the Stock Ownership Account may direct the transfer and conversion of all their cumulative number of Units into another investment fund within the Plan. The value of each share sold will be determined based on the closing market price of the Company Stock on the day the transaction is processed.

Forfeitures - If a participant resigns or is dismissed by the Company before fully vesting, the nonvested balance in the participant's ESOP account and 401(k) match will be deemed forfeitures. The value of the forfeited ESOP amounts will be reallocated in the following Plan year to accounts of participants who were active at the end of the year in which the forfeitures occurred. The value of the forfeited 401(k) match can be used to reduce employer contributions. As of December 31, 2024 and 2023, the value of forfeited ESOP amounts totaled \$5,829 and \$35,709, respectively. These amounts were subsequently reallocated to participants' accounts in the following Plan year. As of December 31, 2024 and 2023, the value of 401(k) match forfeitures totaled \$0 and \$15,102, respectively. For the year ended December 31, 2024, 401(k) match forfeitures amounting to \$21,296 were applied to offset employer contributions and are included in the "Employer Contributions" within the statement of changes in net assets available for benefits.

Notes Receivable from Participants - The Plan provides loans to employees participating in the Plan. The maximum number of outstanding loans that a participant may have at any time is one. The amount of any loan shall be at least \$1,000 and shall not exceed 50 percent of the first \$100,000 of the vested balance in the participant's 401(k) account. No loans are permitted from a participant's ESOP account. The 50 percent limit will be reduced by the highest outstanding balance of loans provided to the participant during the one-year period ending on the day before the date on which the new loan is made. The loan terms are between one and five years with a fixed interest rate for new loans equal to one percent point above the prime rate when the loan is granted.

Each loan is collateralized by the borrower's interest in the Plan and is evidenced by a promissory note. Any outstanding loan will become due and payable as of the end of the second month following the month of the participant's termination of employment. If a participant is no longer an active employee and defaults on a loan, the outstanding loan balance is treated as a deduction from the individual's lump-sum distribution.

Excess Contributions - The Plan is required to return contributions received during the Plan year in excess of the Code limits. During the Plan year 2024, there was no excess contributions returned to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments, including Company Stock, registered investment companies, pooled separate accounts, common/collective trusts, a stable value fund, interest-bearing cash, and SDAs. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company Stock is stated at fair value, which is a quoted market price. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value (“NAV”) of shares held by the Plan at year-end. The fair value of the common collective trusts is based on the NAV of its investments. The fair value of the SDAs are based on the closing market price of the respective individual security at year-end. Interest-bearing cash is valued at amortized cost which approximates fair value. See Note 4 for further discussion of the fair value measurements associated with the Plan’s investment options.

The statement of changes in net assets available for benefits presents the “Net appreciation in fair value of investments,” which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the fair value for such investments for the year ended December 31, 2024.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses – The annual Plan administrative expenses, as determined by the PAC, will be deducted on a quarterly basis from the Plan and each participant will pay a proportion of the expenses, unless the Company pays part or all of such expenses. The amount deducted from each participant’s account is determined by prorating the total expense amount based on each participant’s account balance. Plan administrative expenses include items such as recordkeeping, investment management fees, participant website, participant statements, Plan compliance services and financial professional services. For the year ended December 31, 2024, Plan recordkeeping, investment management fees, participant website, and participant statements were paid for by the Plan. All other administrative expenses were paid for by the Company. Plan administrative expenses are included in “Administrative fees” within the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2024 and 2023.

ISO 401(k) SAVINGS AND EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Contributions - Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2024 and 2023 and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule and prepared from information furnished by the Custodian to the Plan's administrator. The Plan's administrator has obtained certifications from the Custodian that such information is complete and accurate.

4. FAIR VALUE MEASUREMENTS

Certain assets and liabilities of the Plan are reported at fair value in the accompanying statements of net assets available for benefits. To increase consistency and comparability of assets and liabilities recorded at fair value, ASC 820-10, *Fair Value Measurements* (“ASC 820-10”), established a three-level fair value hierarchy to prioritize the inputs to valuation techniques used to measure fair value. ASC 820-10 requires disclosures detailing the extent to which companies measure assets and liabilities at fair value, the methods and assumptions used to measure fair value, and the effect of fair value measurements in the statement of changes in net assets available for benefits. In accordance with ASC 820-10, the Company applied the following fair value hierarchy:

Level 1 - Assets or liabilities for which the identical item is traded on an active exchange, such as publicly traded instruments. The fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets.

Level 2 - Assets and liabilities valued based on observable market data for similar instruments. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other inputs that are either directly or indirectly observable for substantially the full term of the financial instrument.

Level 3 - Assets or liabilities for which significant valuation assumptions are not readily observable in the market; instruments valued based on the best available data, some of which is internally developed, and considers risk premiums that a market participant would require.

Valuation techniques are discussed in Note 2. As required by ASC 820-10, the level within which a financial instrument is categorized under the fair value hierarchy is based on the lowest-level input that is significant to the fair value measurement in its entirety. The Plan reviews its fair value hierarchy periodically and changes in the observability of valuation inputs and in the significance of valuation inputs may result in a reclassification between fair value hierarchy-level categories. The Plan’s policy is to recognize significant transfers between levels at the end of the reporting period. There were no significant transfers for the year ended December 31, 2024.

ISO 401(k) SAVINGS AND EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

(a) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The redemption restrictions and unfunded commitments to investments for which fair value is determined based on the NAV of the underlying investment as of December 31, 2024 and 2023, are as follows:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2024					
Common/collective trusts	\$ 1,304,588,484	\$ -	Immediate	None	None
December 31, 2023					
Common/collective trusts	\$ 1,206,386,664	\$ -	Immediate	None	None

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (the “IRS”) has determined and informed the Company by a letter dated August 22, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management considers that no tax liabilities (or assets) were warranted as of December 31, 2024 and 2023; currently, there are no IRS audits for any tax periods in progress.

6. PLAN TERMINATION

The Company intends to continue the Plan indefinitely, but reserves the right to amend, terminate, or partially terminate the Plan at any time in accordance with the terms of the Plan. The date of the termination or partial termination will become the last day of the Plan year. After all adjustments required under the Plan have been made, the participant benefits affected under the termination will not be subject to forfeiture. If a participant remains an employee of the Company, the assets allocated to the participant’s account may be retained in the Plan until after the participant’s termination of employment with the Company. Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions set forth under ERISA. In the event that the Plan is terminated, participants would become 100 percent vested in their accounts.

7. PLAN ADMINISTRATION

The PAC controls and manages the operations and administration of the Plan. The Trust Investment Committee, elected by the PAC, is responsible for directing the sale, investment, or reinvestment of Plan assets. The ESOP Trustee votes on behalf of participants whose allocated shares are within the Stock Ownership Account.

8. PARTY-IN-INTEREST TRANSACTIONS

ISO 401(k) SAVINGS AND EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024

Certain officers or employees of the Company perform administrative functions, but they do not receive compensation from the Plan. The Company also provides to the Plan certain accounting and administrative services for which no fees are charged.

Notes receivable from participants are also considered exempt party-in-interest transactions.

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

9. COMMITMENTS AND CONTINGENCIES

On September 24, 2020, former employees Jillyn Peterson, Gabe Hare, Robert Heynen and Adam Krajewski ("Plaintiffs") filed suit in the United States District Court, District of New Jersey (No. 2:20-cv-13223-CCC-MF) against Defendants Insurance Services Office Inc. ("ISO"), the Plan Administration Committee of Insurance Services Office Inc. and its members ("Committee Defendants"), and the Trust Investment Committee of Insurance Services Office Inc. and its members. The class action complaint alleges violations of the Employee Retirement Income Security Act, as amended ("ERISA"). The class is defined as all persons who were participants in or beneficiaries of the ISO 401(k) Savings and Employee Stock Ownership Plan ("Plan"), at any time between September 24, 2014 through the date of judgment. The complaint alleges that all defendants are fiduciaries with respect to the Plan. Plaintiffs challenge the amount of fees paid by Plan participants to maintain the investment funds in the Plan portfolio and the amount of recordkeeper fees paid by participants. Plaintiffs allege that by permitting the payment of excessive fees, the Committee Defendants breached their ERISA duties of prudence and loyalty. Plaintiffs further allege that ISO breached its ERISA duty by failing to monitor the Committee Defendants who they allege committed known breaches of their fiduciary duties. The complaint does not specify damages but alleges the fiduciary breaches cost Plan participants millions of dollars. Defendants filed their motion to dismiss the complaint on January 12, 2021, which the court partially denied on April 13, 2021. Fact discovery was completed. The court stayed the litigation pending the outcome of the parties' mediation, but the stay was lifted on May 5, 2023. The parties engaged in expert discovery, and this matter was settled before a mediator on October 4, 2023. The settlement agreement was signed by both parties, and on January 12, 2024, the court granted preliminary approval of class action settlement. As a requirement to this class action settlement, an independent fiduciary will review the settlement on behalf of the Plan. This settlement is the responsibility of the Plan Sponsor and not the responsibility of the plan.

10. SUBSEQUENT EVENTS

The Plan has identified and evaluated there were no subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.
