INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of BNP Paribas 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BNP Paribas 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2024 AND 2023
AND THE YEAR ENDED DECEMBER 31, 2024**

1. DESCRIPTION OF THE PLAN

The following description of the BNP Paribas 401(k) Savings Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan document for more complete information.

The Plan is a qualified retirement plan enabling eligible U.S. based employees of BNP Paribas SA, as well as eligible employees of participating U.S. affiliates of BNP Paribas SA (collectively “the Plan Sponsor” or “the Employer”), to accumulate retirement savings through salary deferrals and contributions from the Plan Sponsor.

General — The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan is administered by the BNP Paribas Pension/401(k) Committee. Fidelity Management Trust Company (“Fidelity” or the “Trustee”) is the recordkeeper and trustee of the Plan.

Eligibility — In general, the Plan covers all full and part-time employees on the U.S. payroll records of the Employer without regard to length of service or age.

Contributions — Participant contributions to the Plan are made by employee payroll deductions. Participating employees may contribute up to 75% of eligible compensation as defined by the Plan. The maximum allowable contribution was \$23,000 for the 2024 plan year. The Employer matches the participant contributions on dollar-for-dollar basis up to a maximum of 4% of the participant’s eligible compensation paid during the Plan year. The employer matching contributions for the year ended December 31, 2024 of \$31,142,470 are included in employer contributions on the Statement of Changes in Net Assets Available for Benefits.

The Plan also permits eligible participants who are age 50 or older before the close of the plan year, and who have contributed the maximum possible pre-tax contribution for the year, to defer an additional catch-up contribution on a pre-tax basis. The applicable Internal Revenue Service (“IRS”) annual limit on this catch-up contribution is \$7,500 for 2024. This contribution is not eligible for Employer matching contributions.

The Employer added a retirement contribution (“Employer Retirement Contribution”) feature to the Plan in 2004. For eligible employees hired on or after July 1, 2004, the Employer contributes 5% of their base salary to the participant’s accounts, effective July 1, 2004. For eligible employees hired on or after January 1, 2001, the Employer contributes 5% of their base salary pay to participant’s accounts, effective January 1, 2005. Beginning on October 1, 2018, employees earning \$175,000 or more annually are no longer eligible for this benefit. The Employer Retirement Contribution is provided regardless of whether or not the employee is eligible for matching contributions. The Employer Retirement Contribution is funded quarterly, totaling \$4,621,722 for the year ended December 31, 2024 and included in employer contributions on the Statement of Changes in Net Assets Available for Benefits.

The Plan permits rollover contributions from new employees who have received lump-sum distributions from qualified plans of former employers.

Vesting — Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants are also immediately vested in their employer matching contributions, and any

BNP PARIBAS 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS OF DECEMBER 31, 2024 and 2023

earnings thereon. Participants are vested in the Employer Retirement Contribution after completing three years of service for plan years 2007 and later.

Participant Accounts — Each participant’s account is credited with the participant’s contribution, allocations of the Employer’s matching contributions, the Employer Retirement Contributions, and Plan earnings, and charged with withdrawals, an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled to is the participant’s vested amount.

Notes Receivable from Participants — Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, excluding Employer Retirement Contributions, which are not eligible to be used for loan. The loans are subject to certain limitations as described in the Plan document. Loan repayments and interest income earned on the loans are credited to the fund(s) elected by the participant. The rate of interest is calculated based on the applicable prime rate and is accrued ratably over the period of the loan. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2024, participant loans have maturities through 2039 at interest rates ranging from 3.25% to 8.50%. Repayments for active employees are made semi-monthly through payroll deductions.

Participant loan defaults result from employees who have terminated employment with the Employer and failed to repay an outstanding loan. Since participant loans are secured by the participant’s account balance, the defaulted amounts are deemed a distribution for tax purposes and deducted from the participant’s final distribution.

Forfeited Accounts — Employees who terminate before becoming vested forfeit their Employer Retirement Contribution account balance. The forfeiture balance was \$163,187 as of December 31, 2024 and \$1,263,643 as of December 31, 2023. The plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses for the plan year.

The movements in the forfeiture account during 2024 are presented in the following table:

	<u>2024</u>
Balance beginning of year	\$ 1,263,643
Additions - balances forfeited during the year	2,053,869
Balance applied to reduce employer contributions	(2,692,275)
Administrative expenses	(477,908)
Dividends and interest	<u>15,858</u>
Balance end of year	<u>\$ 163,187</u>

Investments — Participants may direct the investment of their contributions and any employer contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the Internal Revenue Code limits. Excess contributions payable as of December 31, 2024 and 2023 were \$6,518 and \$37,230, respectively.

BNP PARIBAS 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS OF DECEMBER 31, 2024 and 2023

Payment of Benefits — Upon retirement or termination of service, including termination of service due to total and permanent disability, a participant is eligible to receive a single lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant terminates employment by reason of death or dies after terminating employment but before receiving his Plan distribution, such participant's beneficiary shall be eligible to receive a single lump-sum payment equal to the value of the participant's vested interest in his or her account.

Hardship Withdrawals – The Plan provides for hardship withdrawals. This provision is administered in accordance with IRS rules and permits a withdrawal only if the distribution is made on account of an immediate and heavy financial need and that need cannot be satisfied from other resources reasonably available.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates — The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from such estimates included in the financial statements.

Risks and Uncertainties — The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Contributions – Employee contributions and employer matching contributions are recorded when withheld.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Defaulted participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2024.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to

BNP PARIBAS 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS OF DECEMBER 31, 2024 and 2023

transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Transfer from Exane, Inc. Defined Benefit Plan — In 2024 the Exane, Inc. Defined Benefit Plan, sponsored by BNP Paribas US Wholesale Holdings, Corp., was terminated and transferred surplus plan assets of \$4,008,901 to the Plan. The Plan is a qualified replacement plan in accordance with the requirements of the Internal Revenue Code. The transferred plan assets will be used to fund future Employer Retirement Contributions.

3. EXEMPT PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and common/collective trusts managed by affiliates of Fidelity, the recordkeeper and trustee of the Plan, and these transactions qualify as exempt party-in-interest transactions. The Plan has revenue-sharing agreements whereby certain investment managers return a portion of the investment fees to Fidelity to offset the Plan's administrative expenses presented as revenue sharing credit on the Statement of Changes in Net Assets Available for Benefits. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of a Plan termination, the amount of the Plan's assets shall be allocated to each participant, subject to provision for administrative expenses of the liquidation, in the ratio that the participant's account bears to all accounts.

5. FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on March 27, 2018 covering amendments through December 18, 2015. The Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurement* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Assets and liabilities are classified in their entirety

BNP PARIBAS 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS OF DECEMBER 31, 2024 and 2023

based on the lowest level of input that is significant to the fair value measurement. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices for similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Asset Valuation Techniques — Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds — Common/collective trust funds with readily determinable fair values are valued at the daily closing price as reported or published by the trustee. These funds have been determined to have a readily determinable fair value based on the published price, transact at that price, and are deemed to be actively traded. The common/collective trust funds are not exchange-traded funds, however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold. The Plan's common/collective trust funds with readily determinable fair value are included in the fair value hierarchy.

Stable Value Fund — A common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value ("NAV") of units of the collective trust. NAV is based on the value of the underlying assets owned by the common/collective trust, minus its liabilities, and then divided by the number of units outstanding. The NAV is used as a practical expedient to estimate fair value and is presented as a reconciling item in the fair value hierarchy so that the total investments in the fair value hierarchy are consistent with the total investments on the Statements of Net Assets Available for Benefits. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2024 and 2023.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and at December 31, 2023.
