INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Solutia, Inc. Retiree Welfare Plan
Kingsport, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of the Solutia, Inc. Retiree Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Solutia, Inc. Retiree Welfare Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Solutia, Inc. Retiree Welfare Plan (the Plan) is provided for informational purposes only. Participants should refer to the Plan documents for more complete information.

General: The Plan provides retiree medical and retiree life insurance benefits (Other Post-Employment Benefits or OPEB) for certain eligible employees of Solutia Inc. (the Company, Plan Sponsor, or Solutia).

Solutia Inc., a subsidiary of Eastman Chemical Company (Eastman), is a global manufacturer and marketer of a variety of high-performance chemical-based materials. Solutia is a world leader in performance films for laminated safety glass and after-market applications; and specialty products such as chemicals for solar energy, process manufacturing, and aviation industries.

In connection with Solutia's emergence from Chapter 11 and their Reorganization Plan, Solutia and the Official Committee of Retirees entered into a Retiree Settlement Agreement which reduced the benefits participants received under the Plan in consideration for the establishment of a Retiree Welfare Trust which qualified as a tax exempt voluntary employees' beneficiary association (VEBA) under Section 501(c)(9) of the Internal Revenue Code of 1986, as amended (the Code). The purpose of the VEBA is to provide reimbursement to Solutia for OPEB expenses related to former employees of Solutia. Effective January 1, 2011, the VEBA reimburses 100% of expenses related to medical, drug, and life insurance claims/premiums/administrative fees.

Funding: The Plan primarily funds medical claims processed by Blue Cross Blue Shield of Tennessee (BCBST), the third-party administrator, from existing assets available for benefits plus current year participant contributions and Medicare Part D subsidies received from the Plan Sponsor and submitted to the trust. Other Plan benefits are funded first by the Plan Sponsor and then reimbursement is requested by the Company from the trust account. The trust periodically processes these reimbursements and records the benefits upon distribution. In addition to funding this Plan, the VEBA trust account also funds a second, smaller retiree plan named the Solutia, Inc. Medical Plan for Retirees.

Plan Administration: The Plan is administered by the Director, Global Compensation of Eastman, who was appointed by the Company. The cost of plan administration is borne substantially by the Plan. The trustee of the Plan is Northern Trust Company (the Trustee).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (U.S. GAAP), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting: The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with U.S. GAAP.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the financial statements, including claims and insurance premiums payable and the present value of postretirement benefit obligation at the date of the financial statements and the changes in the present values of postretirement benefit obligations for the year then ended. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are held by the Trustee and stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) of those investments.

Payment of Benefits: Benefit payments are recorded upon distribution.

Administrative Expenses: The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are reimbursed by the trust to the Company are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Reclassifications: Some items in the prior year financial statements and footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or the prior year net increase in net assets available for benefits.

Subsequent Events: The Plan evaluated all subsequent events through October 13, 2025, the date the financial statements were available to be issued.

NOTE 3 - BENEFIT OBLIGATIONS

The Plan's benefit obligations include the actuarial present value of those estimated future benefits that are attributable to a retiree's prior service to Solutia through the valuation date, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for currently retired or terminated employees and their beneficiaries and dependents. The postretirement benefit obligations represent the amount that is to be funded from existing plan assets. The actuarial calculation of postretirement benefit obligations was determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. If the assumed rates increased by 1 percentage point in each year, it would decrease the obligation as of December 31, 2024 and 2023, by \$27 and \$32, respectively.

(Dollars in thousands)

NOTE 3 - BENEFIT OBLIGATIONS (Continued)

As of December 31, 2024 and 2023 the significant actuarial assumptions used included the following:

	<u>2024</u>	<u>2023</u>
Discount rate	5.46%	5.16%
Pre-65 retirement health care trend rate assumed for next year	6.50%	6.75%
Post-65 retirement health care trend rate assumed for next year	6.25%	6.50%
Rate at which the cost trend rate is assumed decline (ultimate trend rate)	5.00%	5.00%

The assumed trend rate for pre-65 retirement healthcare costs is expected to decrease at a level of 0.25% per year until it reaches the ultimate trend rate for healthcare costs in 2031 and later. The assumed trend rate for post-65 retirement healthcare costs is expected to decrease 0.25% per year until it reaches the ultimate trend rate for healthcare costs in 2030 and later.

The healthy mortality table used for the actuarial valuations at December 31, 2024 and 2023, was as follows:

Separate rates for non-annuitants (based on PriH-2012 "Employees" base table) and annuitants (based on PriH-2012 "Healthy Annuitants" base table), both without collar or amount adjustments, projected forward to 2017 using MP-2019 with generational projection adjusted improvement Scale MP-2020 with ultimate improvement rate of 0.75% through age 85, grading linearly to 0.6375% at age 95, and then grading linearly to 0.00% at age 115, with a base table mortality multiplier of 103.6%.

The disabled mortality table used for the actuarial valuations was updated from the 1987 CGDT mortality to the 2012 Group Long Term Disability Valuation Table with 6 month elimination period with 2019 experience study results.

The expected per capita claims costs and retiree contributions were updated to reflect the most current rates.

The Plan's benefit obligations as of December 31, 2024 and 2023, are as follows:

	<u>2024</u>	<u>2023</u>
Retirees, dependents, and surviving spouses	\$ <u>26,835</u>	\$ <u>31,003</u>

(Continued)

SOLUTIA, INC. RETIREE WELFARE PLAN

NOTE 3 - BENEFIT OBLIGATIONS (Continued)

The Plan's changes in benefit obligations for the year ending December 31, 2024, are as follows:

Benefit obligations, beginning of year	\$ 31,003
Benefits and expenses paid	(4,698)
Participant contributions	1,026
Interest due to decrease in discount period	1,466
Assumption changes	(520)
Actuarial gain	(1,442)
Net decrease in benefit obligations	<u>(4,168)</u>
Benefit obligations, end of year	<u>\$ 26,835</u>

The Plan provides prescription drugs in accordance with the Medicare Prescription Drug, Improvement, and Modernization Act of 2003. The Plan's benefit obligations and the changes in the Plan's benefit obligations have not been adjusted for any amount associated with the Medicare subsidy as the Plan is not directly entitled to the subsidy. At its discretion, the Plan Sponsor will contribute the Medicare subsidy to the Plan and when that happens, the payments are recorded as a reduction to benefits paid in the accompanying statements of changes in net assets available for benefits. Since the Plan Sponsor benefits from the Medicare subsidy, the actuarial calculation is adjusted in the Plan Sponsor's filings with the Securities and Exchange Commission.

The foregoing assumptions are based on the premise that the Plan will continue in existence. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the Plan's postretirement benefit obligation.

Plan benefit obligations at December 31, 2024 and 2023, for claims incurred but not reported (IBNR) are estimated based upon information provided by BCBST. These amounts are paid by the Plan only if claims are submitted and approved for payment. While Plan management believes the amount to be fairly stated, the ultimate liabilities may be in excess of, or less than, the amounts estimated and disclosed. The total amount of IBNR is immaterial to the financial statements and is included in the Plan's benefit obligations.

NOTE 4 - CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held by the VEBA trust at December 31, 2024 and 2023, and net depreciation in fair value of investments and interest and dividend income earned by the VEBA trust for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Northern Trust Company, the Trustee of the Plan.

NOTE 5 - FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Interest-bearing cash: Valued at the net asset value (NAV) of units of the fund as reported by the fund manager.

Corporate and municipal bonds: Valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, included time value and yield curve as well as other relevant economic measures.

U.S. government and agency obligations: Valued using pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan measures the fair value of its assets using the price that would be received to sell an asset or paid to transfer a liability in the principal market for that asset or liability. U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Quoted prices for similar assets and liabilities in active markets or inputs that are observable, for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

NOTE 6 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed Solutia Inc. by letter dated September 22, 2008, recognizing the trust as exempt from federal income taxation under Section 501(c)(9) of the Code as a VEBA. Although the Plan has been amended since receipt of the letter, Plan management believes the Plan is currently operated in accordance with the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses of \$449 for the year ended December 31, 2024, were recorded by the Plan for services provided by the Trustee, investment advisors, auditors, actuary, and benefits administrators. The Plan also reimburses Eastman for expenses paid on behalf of the Plan. Amounts payable to these parties-in-interest amounted to \$59 and \$95 at December 31, 2024 and 2023, respectively.

NOTE 9 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of accumulated benefit obligations is reported based upon certain assumptions pertaining to interest rates, healthcare inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimates and assumptions, changes in the near term could be material to the financial statements.

NOTE 10 - PLAN TRANSFERS

The Plan is primarily funded through investments that are held in the VEBA trust and all of the assets of the VEBA trust account are recorded on the Plan's statements of net assets available for benefits at fair value. Periodically, the Plan transfers assets to a second Solutia retiree welfare plan (the Solutia Inc. Medical Plan for Retirees) to fund insurance premiums in excess of participant contributions. Transfers to Solutia Inc. Medical Plan for Retirees totaled \$722 during the year ended December 31, 2024.

NOTE 11 - PLAN TERMINATION

Although it has not expressed any intention to do so, Eastman has the right under the Plan, in certain circumstances, to terminate the Plan subject to the provisions set forth by ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA and the Plan document.

Whether all participants receive benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and the priority of those benefits to be paid.
