To the Trustee

Ralph Lauren Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ralph Lauren Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all

material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2024

1. Description of Plan

The following description of the Ralph Lauren Corporation 401(k) Plan (the "Plan") provides only general information about the Plan's provisions. Participants should refer to the Plan document and the Summary Plan Description, copies of which may be obtained from the Plan Sponsor (as hereinafter defined), for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective as of March 29, 1980 and is a qualified profit-sharing and retirement savings plan covering eligible employees of Ralph Lauren Corporation and its subsidiaries (the "Company" and the "Plan Sponsor").

The Ralph Lauren Corporation 401(k) Plan Committee is responsible for the general administration of the Plan. Plan investments are held in trust by T. Rowe Price Trust Company (the "Trustee") in an investment account of the Ralph Lauren Corporation 401(k) Plan Trust (the "Trust"), a trust established by the Company and administered by the Trustee. The Trustee acts as the Plan's trustee and custodian. T. Rowe Price Retirement Services, Inc. (the "Recordkeeper") acts as the Plan's recordkeeper.

Eligibility

All employees of the Plan Sponsor are immediately eligible to participate in the Plan, except for leased employees and employees covered by a collective bargaining agreement, unless such collective bargaining agreement provides for coverage under the Plan.

Plan Year

The Plan year is consistent with the 12-month calendar year and, as such, begins on January 1 and ends on December 31.

Retirement Savings Contributions

Participants may elect to make basic pre-tax and/or Roth after-tax contributions to their respective Plan accounts of up to 25% of their annual compensation, except for highly compensated employees who may contribute up to 6% of their annual compensation. For the Plan year ended December 31, 2024, the annual compensation and individual participant contribution limits set by the United States Internal Revenue Service (the "IRS") were \$345,000 and \$23,000, respectively. Additionally, as permitted by the IRS,

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

participants that are 50 years of age or greater are eligible to make \$7,500 of additional annual "catch-up" contributions beyond the respective contribution limits for highly compensated and non-highly compensated employees noted above.

Company Contributions

The Company, at its discretion, may make contributions in various forms to the accounts of each eligible participant who is at least 21 years of age and completes a Year of Service, as defined in the Plan document, by working 1,000 hours or more during the consecutive 12-month period following their date of hire and thereafter during the Plan year.

Matching Contributions

The Company's matching contribution is equal to 50% of the first 6% of the participant's basic contribution and cannot exceed 3% of an employee's annual compensation. The maximum amount of the matching contribution may be increased or decreased at the discretion of the Company's Board of Directors.

Additionally, to provide employees with an opportunity to share in a "target or above" Company performance level, a supplemental matching contribution may be made to certain eligible participants if the Company achieves certain defined performance levels based on goals established and approved by the Talent, Culture & Total Rewards Committee of the Company's Board of Directors at the beginning of its fiscal year¹. The supplemental matching contribution performance levels under the program are as follows:

- if the Company achieves a performance level of 100% to 124% of its defined target, the matching contribution is increased from 50% to 67% of the first 6% of the participant's basic contribution made to the Plan in the preceding Plan year;
- if the Company achieves a performance level of 125% to 149% of its defined target, the matching contribution is increased from 50% to 75% of the first 6% of the participant's basic contribution made to the Plan in the preceding Plan year;
- if the Company achieves a performance level of 150% to 174% of its defined target, the matching contribution is increased from 50% to 83% of the first 6% of the participant's basic contribution made to the Plan in the preceding Plan year;

¹ The Company utilizes a 52-53-week fiscal year ending on the Saturday closest to March 31.

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

- if the Company achieves a performance level of 175% to 199% of its defined target, the matching contribution is increased from 50% to 92% of the first 6% of the participant's basic contribution made to the Plan in the preceding Plan year; and
- if the Company achieves a performance level of 200% or greater of its defined target, the matching contribution is increased from 50% to 100% of the first 6% of the participant's basic contribution made to the Plan in the preceding Plan year.

In no case may the Company's matching contribution exceed the maximum contribution limit permitted by the Plan.

For its fiscal year ended March 29, 2025, the Company achieved a performance level of 186% of its defined target. Accordingly, the Statements of Net Assets Available for Benefits as of December 31, 2024 includes a supplemental matching contribution receivable related to such performance in the amount of \$4,670,465. For its fiscal year ended March 30, 2024, the Company did not achieve above-target performance. Accordingly, the Statement of Net Assets Available for Benefits as of December 31, 2023 does not include a supplemental matching contribution receivable balance.

Profit-Sharing Contributions

A profit-sharing contribution may be made to the Plan at the Company's discretion. The profit-sharing contribution is allocated to eligible participants' accounts in proportion to their annual compensation. There were no profit-sharing contributions made for the Plan year ended December 31, 2024.

Participant Accounts

Each Plan participant's account is credited with the participant's own basic contribution, the Company's matching contribution, any participant's rollover contributions, and an allocation of (a) net investment earnings or losses and (b) profit-sharing contributions, if any. Total contributions to the participant's account cannot exceed the lesser of 100% of their compensation or \$69,000 for the Plan year ended December 31, 2024. The value of each participant's account is determined daily, based on the per share net asset values ("NAV") of the funds in which each participant is invested.

Vesting

Plan participants immediately vest in their own basic contributions, rollover contributions, and any earnings thereon. Participants vest 40% in the Company's matching and profit-sharing contributions, and any earnings thereon, after completing two years of service. Vesting increases thereafter at a rate of 20% per year such that a participant is fully vested after five years of service. Participants also become fully vested

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

if, while employed, they attain 65 years of age or become Permanently Disabled, as defined in the Plan document. In the event of a participant's death, their beneficiary shall be entitled to receive the participant's entire account balance.

Investment Options

Plan participants may direct contributions to their respective accounts in 1% increments across the available investment options, which include mutual, stable, and money market funds and retirement hybrid trusts. Participants may change their investment elections daily.

Benefits

A Plan participant who ceases to be an employee of the Plan Sponsor shall be entitled to receive their vested accrued benefit. A participant or beneficiary who is entitled to receive a distribution may elect to receive it either in a lump-sum payment or in periodic payments made over a period not to exceed the life expectancy of the participant and their beneficiary. If the participant's total vested account balance is \$1,000 or less, payment is made in a lump sum.

Participant Loans

A Plan participant may borrow from their vested account balance. The loan amount must be at least \$1,000 and cannot exceed the lesser of \$50,000 or 50% of the participant's vested account balance. A fee based on the Plan's loan program is charged for processing a loan application. Annual interest is charged on loans based on the prime rate in effect at the time the loan is made plus 2%. During the Plan year ended December 31, 2024, interest rates on outstanding participant loans ranged from 5.25% to 10.5%. The participant must pledge their vested account balance as collateral for the loan. The term of the loan is not to exceed five years unless it is used to buy or build a participant's principal residence. Principal and interest payments are made through payroll deductions. In the event a participant does not repay the loan, the Plan administrator has the right to accelerate the loan and to reduce the participant's accrued benefit, to the extent permitted by law, by the amount of the unpaid loan balance, including interest due thereon.

Forfeited Accounts

Upon termination of their employment with the Company, Plan participants forfeit their nonvested account balances. As of December 31, 2024 and 2023, available forfeited nonvested accounts were \$2,044 and \$23,166, respectively. To the extent available, these accounts may be used by the Plan Sponsor to (1) pay the administrative expenses of the Plan and (2) reduce future matching contributions. During the Plan year ended December 31, 2024, matching contributions were reduced by \$695,140 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make certain estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in their value, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments held by the Plan are presented at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on an accrual basis as earned. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments, as reflected in the Statement of Changes in Net Assets Available for Benefits, includes realized and unrealized gains and losses on investments recorded during the year.

Management fees and operating expenses charged to the Plan for investment in the various fund and retirement trust offerings are deducted from income earned on a daily basis and are not separately reflected. As such, management fees and operating expenses are reflected as a reduction of investment returns for such investments.

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Expenses

Administrative expenses of the Plan, except for loan processing and redemption fees, if applicable, are paid by the Plan Sponsor or the Trust, as provided for in the Plan document. Expenses paid by the Plan Sponsor are excluded from the Plan's financial statements.

Benefits Paid to Participants

Benefit payments made to Plan participants are recorded upon distribution from the Plan. As of December 31, 2024, there was \$1,704 due to participants who elected to withdraw from the Plan but were not yet paid. As of December 31, 2023, there was \$600,632 due to participants who elected to withdraw from the Plan but were not yet paid.

Notes Receivable from Plan Participants

Notes receivable from Plan participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from Plan participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a Plan participant fails to make loan repayments and the Plan administrator deems the loan to be a distribution, the loan balance is reduced, and a benefit payment is reflected in the Statement of Changes in Net Assets Available for Benefits.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from Plan participants as of December 31, 2024 and 2023, and the net change in the fair value of investments, interest and dividend income, and interest income earned on notes receivable from Plan participants for the Plan year ended December 31, 2024, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the Trustee.

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

4. Fair Value Measurements

In accordance with Accounting Standards Codification Topic 820, Fair Value Measurement, assets and liabilities measured at fair value are categorized into a three-level valuation hierarchy. The determination of the applicable level within the hierarchy of a particular asset or liability depends on the inputs used in its valuation as of the measurement date, notably the extent to which the inputs are market-based (observable) or internally derived (unobservable). The three levels are defined as follows:

Level 1 – inputs to the valuation methodology are based on quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 – inputs to the valuation methodology are based on quoted prices for similar assets and liabilities in active markets for substantially the full term of the financial instrument; quoted prices for identical or similar instruments in markets that are not active for substantially the full term of the financial instrument; and model-derived valuations whose inputs or significant value drivers are observable.

Level 3 – inputs to the valuation methodology are based on unobservable prices or valuation techniques that are significant to the fair value measurement.

Following is a description of the valuation techniques and inputs used for each general type of assets measured and recorded at fair value by the Plan:

Mutual Funds: These investment options are valued at their respective daily closing prices, which are quoted and publicly available. The closing price is based on each fund's daily NAV per share and reflects the price at which shares in the fund can be transacted on a given day.

Money Market Fund: The T. Rowe Price Government Money Fund is a money market fund which is valued at \$1.00 per share. This fund consists primarily of U.S. government securities and repurchase agreements that are fully collateralized by government securities.

Stable Fund: The Putnam Stable Value 15 is a stable value fund which is valued at \$1.00 per share. This fund invests primarily in high-quality guaranteed investment contracts issued by insurance companies which aim to provide price stability on a day-to-day basis. Units of this fund generally may be redeemed daily at the current NAV per share. Any such redemptions take effect immediately after the daily valuation. The Plan had no unfunded commitments to the Stable Fund as of December 31, 2024 or 2023.

Retirement Hybrid Trusts: Given that their NAV per share amounts are not made publicly available, the T. Rowe Price Retirement Hybrid Trusts (the "Retirement Hybrid Trusts") are measured using the NAV

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

per share practical expedient (as permitted by U.S. GAAP) and, therefore, are not classified in the fair value hierarchy. Units of the Retirement Hybrid Trusts generally may be redeemed daily with one day's advance written notice. However, the Trustee, at its sole discretion, may require up to 30 days' written notice prior to redemption. The Plan had no unfunded commitments to the Retirement Hybrid Trusts as of December 31, 2024 or 2023.

The methods described may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are considered appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the Plan's investments as carried at fair value:

	<u>December 31,</u> <u>2024</u>	<u>December 31,</u> <u>2023</u>
Mutual Funds – Equities ^(a)	\$ 562,596,524	\$ 525,225,194
Mutual Funds – Fixed Income ^(a)	40,720,917	42,919,116
Money Market Fund ^(a)	8,786,070	8,946,909
Stable Fund ^(b)	3,956,742	3,314,736
Retirement Hybrid Trusts ^(b)	198,918,743	171,166,252
Total investments	<u>\$ 814,978,996</u>	<u>\$ 751,572,207</u>

^(a) Based on Level 1 measurements.

^(b) Measured at fair value using the NAV per share practical expedient and not classified within the fair value hierarchy.

5. Related Party and Party-In-Interest Transactions

Certain investments held by the Plan are shares of funds managed by the Trustee and qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the returns of the Plan.

T. Rowe Price Retirement Plan Services, Inc. provides certain administrative and recordkeeping services to the Plan pursuant to a Recordkeeping Agreement ("RKA") it has with the Company. The Recordkeeper receives certain administrative fees from the Plan's investment options for providing recordkeeping and shareholder services in connection with the Plan's investments.

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

If the administrative fees received by the Recordkeeper from investment options exceed the amount owed under the RKA, an amount equal to that excess will be remitted by the Recordkeeper to the Plan's Trust on a quarterly basis. Such amounts may be applied to pay permissible Plan fees or may be reallocated to the accounts of Plan participants. During the Plan year ended December 31, 2024, the amount credited to the Trust and included within other income in the Statement of Changes in Net Assets Available for Benefits was \$581,263. If the administrative fee payments generated by the Plan are not sufficient to satisfy the recordkeeping fee, the Plan or the Company makes payment to the Recordkeeper in the amount of such shortfall.

6. Tax Status

The Plan received a determination letter from the IRS dated March 9, 2018, stating that the Plan is qualified under Section 401(a) of the United States Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Ralph Lauren Corporation 401(k) Plan

Notes to Financial Statements (Continued)

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits, per the financial statements, to Form 5500:

	<u>December 31, 2024</u>	<u>December 31, 2023</u>
Net assets available for benefits, per the financial statements	\$ 826,704,012	\$ 759,259,707

Net assets available for benefits, per Form 5500	<u>\$ 826,556,387</u>	<u>\$ 759,092,654</u>

The following is a reconciliation of benefits paid to Plan participants, per the financial statements, to Form 5500:

	<u>For the Year Ended December 31, 2024</u>
Benefits paid to Plan participants, per the financial statements	\$ 77,022,941
Add: Deemed distributions of participant loans during current year	147,625
Less: Deemed distributions of participant loans during prior year	<u>(167,053)</u>
Benefits paid to Plan participants, per Form 5500	<u>\$ 77,003,513</u>

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 10, 2025, the date the financial statements were available to be issued.
