INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
COE Distributing 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of COE Distributing 401(k) Profit Sharing Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Capital Bank and Trust Company, a qualified institution, as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS.") Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT

(continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

(continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COE DISTRIBUTING 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of COE Distributing 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan established to provide supplemental retirement benefits for employees of JMJS, Inc. d/b/a COE Distributing (“Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees become eligible to participate in the Plan on the first day of the quarter following one year of service, provided that they are an eligible employee at the end of that period. If they do not meet the requirement as specified, they will also be eligible for the Plan if they complete 1,000 hours of service in an eligibility computation period, provided that they are an eligible employee at the end of that period. The Plan has an auto enrollment feature for all eligible employees who do not opt out. The automatic deferral for those who do not opt out is 4%.

Contributions

Participants may elect to defer up to 100% of their compensation on a pre-tax or after-tax Roth basis. The Plan provides for the matching of pre-tax and Roth contributions by the Company equal to a maximum of 4% of the participant’s elected deferrals. In addition, participants who receive qualified distributions from another qualified plan may be able to rollover such distributions into the Plan. Rollover contributions for 2024 and 2023 were \$28,333 and \$9,799, respectively. Federal law also limits the amount you may elect to defer under this Plan and any other retirement plan permitting 401(k) contributions during any calendar year (\$23,000 in 2024 and \$22,500 in 2023). However, if a participant is age 50 or over, they may defer an additional amount of up to \$7,500 (in both 2024 and 2023). The Internal Revenue Code may further restrict 401(k) contribution elections by participants considered to be highly compensated.

Discretionary contribution (profit sharing portion)

At the Company’s discretion, they may elect to contribute additional amounts out of earnings to all eligible salaried employees. Eligible salaried employees are those who were employed as of the last day of the Plan year or have resigned during the year and have completed at least 500 hours of service during the Plan year, or who were terminated by reason of retirement, death, or permanent disability. Eligible employees share in the allocation of the discretionary profit sharing contribution based on a fraction as defined in the Plan document. The Company made \$458,531 and \$409,524 of discretionary profit sharing contributions during the years ended December 31, 2024 and 2023, respectively.

COE DISTRIBUTING 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings based on the investment options selected by the participant and reduced by the participant's withdrawals, administrative expenses, and an allocation of Plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Allocations to individual participant accounts are based upon unit values at specified valuation dates.

Vesting and forfeited amounts

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' discretionary profit sharing and matching contributions is based on years of continuous service as noted below:

- Two years but less than three years - 20%
- Three years but less than four years - 40%
- Four years but less than five years - 60%
- Five years but less than six years - 80%
- Six years or more - 100%

Participants will forfeit the portion of their accrued benefit that is not vested upon termination of employment with the Company. Forfeitures of nonvested employer discretionary contributions arising from employee terminations and withdrawals are used to pay Plan expenses, supplement discretionary profit sharing contributions, or reduce matching contributions. As of December 31, 2024 and 2023, forfeited accounts totaled \$14,362 and \$19,258. Unused forfeited amounts are recorded within the money market fund on the statements of assets available for benefits. A total of \$31,566 and \$13,139 of forfeited accounts were used to reduce Company discretionary contributions during the years ended December 31, 2024 and 2023, respectively.

Notes receivable from participants

Participants may borrow from their accounts up to the lesser of 50% of their vested balance or \$50,000 minus the highest outstanding balance of loans in the past 12 months. Loans are repaid by regular payroll reductions over a maximum of five years, or longer for the purchase of a principal residence. Outstanding loans that are not repaid when a participant withdraws from the Plan are classified as benefit payments in the statements of changes in assets available for benefits. There were \$214,396 and \$166,427 of participant loans outstanding under the Plan as of December 31, 2024 and 2023, respectively. Interest rates on outstanding loans ranged from 4.25% to 9.50% as of December 31, 2024 and 2023.

NOTE 1 - PLAN DESCRIPTION (continued)

Notes receivable from participants (continued)

Under the Plan's policy, the balance of notes in default (as defined) is reported to the participant as taxable income and is subject to personal income taxes and penalties. Such notes remain outstanding and continue to accrue interest even though they have been reported to a participant on Form 1099 (a "deemed distribution"). Notes will not be charged against the participant's vested account balance until approval is received to offset the note due to the participant's termination of service, retirement, death, disability, attainment age of 59-1/2, or reaching the earliest date that distribution is permitted under the Plan.

Distribution of benefits

A participant who has terminated service, has incurred a hardship (as defined in the Plan document), or has become disabled may receive a distribution from the Plan. Upon termination of service due to death, disability, or retirement, if the participant's account balance is \$7,000 or less, the terminated participant's account balance will be automatically rolled into a qualified individual retirement account. If the participant's account balance is greater than \$7,000, the participant may elect to receive a lump-sum amount. In determining whether the \$7,000 threshold has been exceeded, rollovers will be taken into account.

If the participant is a 5% owner, the Plan is required to make a distribution of the participant's account balance on the required beginning date which is April 1 following the year in which the 5% owner attains the age of 70 1/2. For all other participants, the required beginning date is April 1 following the year in which the participant attains the age of 73 or terminates employment with the employer, if later.

Hardship distributions can only be made from accounts which are 100% vested and the participant must be employed at the time of taking the hardship distribution.

Investment options

Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocations on a daily basis.

Administrative expenses

Expenses incurred by the Plan Sponsor and custodian for their services and costs in administering the Plan are paid by the Plan Sponsor or the Plan, as permitted by the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting consistent with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in assets during the reporting period. Actual results could differ from those estimates.

Investments

The Plan provides participants the opportunity to direct both participant and Company contributions into separate investment funds. However, the investing activity within the funds is discretionary, and the individual investment managers have the authority to make investment decisions.

As of December 31, 2024 and 2023, investments are reported at their fair values as reported by Capital Bank and Trust Company. The Plan’s mutual fund and money market fund investments are stated at fair value, as determined by quoted market prices.

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Interest and dividend income is recorded as earned. All gains and losses (realized and unrealized) on investments recorded at fair value, bought and sold as well as held during the year are included in net appreciation in fair value of investments reported within the statements of changes in assets available for benefits.

The Plan provides various investment options offered through the custodian of the Plan. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits and participants' individual account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions

Employee contributions are recorded when withheld from the participant's compensation. Employer match contributions are recorded at that same time. Discretionary profit sharing contributions are recorded as approved.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 13, 2025, the date on which the financial statements were available to be issued.

NOTE 3 - CERTIFICATION

All information related to investment assets, notes receivables from participants, investment transactions, and related income is disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year, and is certified as complete and accurate by the Capital Bank and Trust Company, the custodian of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 - INVESTMENTS

Investments measured and reported at fair value are classified and disclosed in one of the following categories based on the extent of market observability:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments reported as Level I include mutual funds and money market funds.

COE DISTRIBUTING 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

Level II – Pricing inputs are other than quoted market prices included in Level I, however, are observable either directly or indirectly for the investment. The Plan does not carry any of these investments.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan does not carry any of these investments.

The valuation of the Plan’s investments by the above fair value hierarchy levels are as follows as of December 31:

	2024			
	Level I	Level II	Level III	Total
Investments measured at fair value				
Mutual funds	\$ 7,025,794	\$ --	\$ --	\$ 7,025,794
Money market fund	14,362	--	--	14,362
Total	\$ 7,040,156	\$ --	\$ --	\$ 7,040,156
	2023			
	Level I	Level II	Level III	Total
Investments measured at fair value				
Mutual funds	\$ 5,227,551	\$ --	\$ --	\$ 5,227,551
Money market fund	349,434	--	--	349,434
Total	\$ 5,576,985	\$ --	\$ --	\$ 5,576,985

NOTE 5 - TERMINATION

Although not expressing any intention to do so, the Company reserves the right to terminate the Plan at any time. In the event of termination of the Plan, the interest of participants affected by the termination and their beneficiaries under the Plan shall be non-forfeitable.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a volume submitter plan. The sponsor of the volume submitter plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service as to the volume submitter plan’s qualified status. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designated, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 6 - INCOME TAX STATUS (continued)

In accordance with U.S. GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2021.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain plan investments are mutual funds and a money market fund managed by the custodian, Capital Bank and Trust. Transactions within those accounts qualify as party-in-interest transactions. The plan also holds notes receivable from participants which qualify as party-in-interest transactions.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of notes receivable from participants per the financial statements to the Form 5500 for the years ended December 31:

	<u>2024</u>	<u>2023</u>

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (continued)

The financial statements present participant loans that have been deemed distributions as notes receivable from participants until a distributable event. However, the instructions for Schedule H of the Form 5500 state that a participant loan that has been deemed distributed during the Plan year should be reported as an expense if the participant loan is treated as a directed investment solely of the participant's individual account and, if as of the end of the Plan year, the participant is not continuing repayment under the loan.
