INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Electrical Workers' VEBA Trust

Opinion

We have audited the accompanying financial statements of the Electrical Workers' Disability Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for plan benefit obligations and of changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Electrical Workers' Disability Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in its plan benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Electrical Workers' Disability Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Electrical Workers' Disability Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Electrical Workers' Disability Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Electrical Workers' Disability Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of and for the year ended December 31, 2024, are presented for the purposes of

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ELECTRICAL WORKERS'
DISABILITY PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN:

The following description of the Electrical Workers' Disability Plan (the Plan) provides only general information. Participants should refer to the Plan documents, summary plan descriptions, and other plan literature for a complete description of the Plan's provisions.

General - The Plan was established August 1, 2015. The purpose of the Plan is to provide disability benefits as detailed in the collective bargaining agreements between the Northwest Line Constrictors Chapter of the National Electrical Contractors Association and the International Brotherhood of Electrical Workers (AFL-CIO) Local Union No. 77, Local Union No. 125, Local Union No. 483 and Local Union No. 659.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan - The sponsor of the Plan is the Electrical Workers' VEBA Trust. The Plan is administered by an eight-member Board of Trustees, with the assistance of A.W. Rehn & Associates, Inc. and Alliant Employee Benefits, contract administration organizations; Gallagher Benefit Services, a benefits consulting services firm; Lincoln Financial Group, an insurance carrier and consultant; Katten Muchin Rosenman LLP and Thorp, Purdy, Jewett, Urness & Wilkinson, P.C., legal services firms; and Clifton Larson Allen LLP, payroll auditor. Financial statement accounting and auditing services are provided by SCHOEDEL & SCHOEDEL, Certified Public Accountants, PLLC.

Eligibility - Participation in the Plan or its programs is limited to those parties identified in the collective bargaining agreement between the Northwest Line Constrictors Chapter of the National Electrical Contractors Association and the International Brotherhood of Electrical Workers (AFL-CIO) Local Union No. 77, Local Union No. 125, Local Union No. 483 and Local Union No. 659. A participant becomes eligible for benefits in the first month following completion of 125 hours of active full-time employment. To maintain eligibility, participants must work at least 125 hours per month.

Right to Change or Terminate the Plan - The Board of Trustees has the exclusive right to construe the provisions of the Plan as set forth in the plan document, except for determinations to be made by the insurance carrier, with respect to administration, eligibility, and benefit entitlement under the applicable policies. It is the expectation of the Board of Trustees that the Plan will continue indefinitely. However, continuation of the Plan is not assumed as a contractual obligation of the Board of Trustees. As such, the Board of Trustees retains the right to amend or terminate the Plan without prior notice unless required by law.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are the representations of the Board of Trustees, who is responsible for the integrity and objectivity of

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Presentation - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Board of Trustees to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Non-interest Bearing Cash - Non-interest bearing cash includes cash on hand and non-interest bearing demand deposits held at financial institutions.

Investment Valuation - The Plan's investments are reported at fair market value. For a further discussion of fair value measurements, see Note 7.

Employer Contributions Receivable and Employer Contributions Recognition - Plan contributions are recognized in the period reportable hours are worked by covered employees, regardless of when such contributions are reported or remitted to the Plan. As of December 31, 2024 and 2023, employers were liable for contributions based upon time worked prior to January 1 of the subsequent year. Such estimated contributions have been recorded as receivable.

Investment Income Recognition - Investment transactions are recorded on a trade-date basis. Acquisition costs are included in the cost of investments purchased, and sales are recorded net of selling expenses.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Income from the Plan's investments is included in the Statements of Changes in Net Assets Available for Benefits.

Payment of Insurance Premiums - Insurance premiums are recognized when paid.

Valuation of Other Financial Instruments - The Plan recognizes other financial instruments at historical cost, which approximates fair value due to the short maturities of those instruments.

Net Asset Restrictions - All net assets are restricted to providing benefits and related administrative support.

NOTE 3 - INCOME TAX STATUS:

The trust that sponsors and administers this plan is qualified as a tax-exempt organization under Section 501(c)(9) of the Internal Revenue Code (IRC). The trust obtained a tax determination letter dated March 8, 2009, in which the Internal Revenue Service stated that the trust, as then designed, was in compliance with the applicable requirements of the IRC. The trust agreement has subsequently been amended and restated since receiving the determination letter. The Board of Trustees believes the trust and related plan is designed and has been operated through December 31, 2024 in accordance with applicable provisions of the IRC.

NOTE 4 - RISKS AND UNCERTAINTIES:

In determining the fair value of financial instruments, the Board of Trustees uses a variety of methods and assumptions that are based on market conditions and risks existing at the date of the Statement of Net Assets Available for Benefits. All methods of assessing fair value result in a general approximation of value, and such value may never actually be realized.

As of the audit report date, the U.S. Federal Deposit Insurance Corporation (FDIC) provides full coverage up to \$250,000 per depositor per ownership category on deposit accounts at FDIC-insured institutions.

The Plan holds a money market account which in turn holds various investment securities. Investment securities are exposed to various risks including interest rate fluctuations, market fluctuations and credit risk. Due to the level of risk associated with certain types of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 5 - NON-INTEREST BEARING CASH:

As of December 31, 2024 and 2023, non-interest bearing cash consisted of a checking account at Washington Trust Bank totaling \$119,642 and \$126,829, respectively.

NOTE 6 - MONEY MARKET ACCOUNT, AT FAIR VALUE:

As of December 31, 2024 and 2023, the Plan maintained a money market account with Washington Trust Bank totaling \$502,756 and \$275,456, respectively. The money market account (the account) is not FDIC insured. The account's intention is to maintain the value of the account at \$1.00 per share. However, the investment is exposed to various risks including interest rate fluctuations, market fluctuations and credit risks. Due to the level of risk associated with this investment, it is at least reasonably possible that changes in the values of underlying investments will occur and that such changes could affect the account's valuation.

NOTE 7 - FAIR VALUE MEASUREMENTS:

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instruments, including estimates of timing, amount of expected future cash flows and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Various inputs may be used to determine the value of the Plan's investments. These inputs are summarized in three broad levels for financial statement purposes. The three-level hierarchy is used to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. The valuation inputs or methodologies used to value investments are not necessarily an indication of the risk or liquidity associated with investing in those investments.

Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The hierarchy of inputs that are used in determining the fair value of the Plan's investments is summarized in the three broad levels listed below:

- Level 1: Unadjusted quoted market prices in active markets, for identical investments;
- Level 2: Other significant observable market inputs (including quoted prices for similar investments, interest rates, credit risks, etc.); and
- Level 3: Significant unobservable inputs (including the Plan's own estimates and assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Money market accounts - Valuations of money market accounts are derived from the underlying investments. Public quotations of the underlying investments are used when available.

The following is a summary of the fair valuation of the Plan's investments as of December 31, 2024, based on the inputs used to value them:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market account	<u>\$ 502,756</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 502,756</u>

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued):

The following is a summary of the fair valuation of the Plan's investments as of December 31, 2023, based on the inputs used to value them:

	Level 1	Level 2	Level 3	Total
Money market account	\$ 275,456	\$ -	\$ -	\$ 275,456

During the year ended December 31, 2024, there were no transfers between levels within the fair value hierarchy.

NOTE 8 - REFUND OF OVERPAID PREMIUMS RECEIVABLE:

During the year ended December 31, 2023, it was discovered that incorrect premium rates were charged from August 2019 through January 2024. The errors resulted in overpaid premiums and totaled \$289,422. The insurer refunded the overpaid amounts during the year ended December 31, 2024.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Schedule H of Form 5500 as of December 31, 2024 and 2023:
