## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of  
UPS/IBT Local 2727 Defined Contribution Money Purchase Pension Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UPS/IBT Local 2727 Defined Contribution Money Purchase Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024

---

### 1. DESCRIPTION OF PLAN

The following description of the UPS/IBT Local 2727 Defined Contribution Money Purchase Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's information.

**General**—The Plan is a voluntary defined contribution pension plan established effective January 1, 1989, by United Parcel Service Company ("UPS") pursuant to a collective bargaining agreement with the International Brotherhood of Teamsters (IBT) for full-time Local 2727 employees of UPS who have satisfied the requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Active participation in the Plan commences as of the first day of the week in which the employee is credited with 250 hours of service during a three-month period. The three-month period begins on the day the individual becomes an employee of UPS and, if necessary, on the first day following any such completed three-month period.

Fidelity Management Trust Company, the Plan's trustee, maintains custody of the Plan's assets under a trust agreement, and its affiliate, Fidelity Workplace Services LLC, provides recordkeeping services to the Plan.

**Contributions**—UPS makes contributions to the Plan as required by the Collective Bargaining Agreement. Employer contributions are recorded when committed by the employer in accordance with the provisions of the Plan and the collective bargaining agreement. All required contributions by the plan document were made in order to satisfy the minimum funding requirements of Section 412 of the Internal Revenue Code (IRC). Voluntary employee rollover contributions are permitted. No participant contributions are permitted.

Eligible participants receive a pension contribution of 13% multiplied by straight-time compensated hours in a week up to 45 straight or overtime compensated hours per week. In no event will an eligible participant receive a pension contribution of less than \$91 per week, provided the participant has received compensation for at least one scheduled workday.

**Participant Accounts**—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with employer contribution, participant's rollover contributions, and Plan earnings. Participant accounts are also charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan document.

**Investments**—Participants may direct the investment of their contributions and any employer contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Participants may also direct their

investments through a self-directed brokerage account, which offers the option to invest in mutual funds, exchange-traded funds and common stocks, among other options.

**Vesting**—A participant’s entire account, including employer contributions, is 100% vested at all times.

**Notes Receivable from Participants**—The Plan permits participants who satisfy the requirements of the IRC and Department of Labor’s regulations as set forth in the Plan to borrow from the Plan loans in the minimum amount of \$1,000 up to a maximum of \$50,000. These loans shall not exceed the smallest of: (1) 50% of the value of the Participant’s entire nonforfeitable interest in his or her accounts under this Plan less the balance of all other outstanding loans to the participant under this Plan; (2) \$50,000 reduced by the excess (if any) of A) highest outstanding balance of loans to the participant under all tax-qualified defined benefit and defined contribution plans of all affiliates, including this Plan, during the one-year period ending on the day immediately preceding the date of the loan over B) the outstanding balance of the previous loans on the date on which the current loan is made; (3) \$10,000 for each general purpose loan; or (4) such lesser maximum amount as the Plan committee may, from time to time, establish and apply uniformly to all loans made pursuant to the terms of the Plan.

The loans are secured by the balance in the participant’s account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. As of December 31, 2024, participant loans have maturities up to 30 years at interest rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

**Payment of Benefits**—A participant who ceases to be an employee for any reason other than death or disability shall be entitled to receive the entire interest in the account valued as of the valuation date coincident with or following the date on which the account is liquidated to provide benefits, reduced by a security interest held by the Plan by reason of an outstanding loan, unless the loan is repaid. Upon the death of a participant prior to his/her benefit commencement date, the participant’s beneficiary shall be entitled to receive the remainder of the balance in the participant’s account valued as of the valuation date coincident with or following the date on which the account is liquidated to provide benefits, reduced by a security interest held by the Plan by reason of an outstanding loan unless the loan is repaid.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting**—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Use of Estimates and Risks and Uncertainties**—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants’ account balances and the amounts reported in the financial statements.

The Plan’s exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed investment elections. As of December 31, 2024 and

2023, the following investment represents more than 10% of the fair value of the Plan's total investments.

	<b>2024</b>	<b>2023</b>
Fidelity Contrafund Commingled Pool Fund	\$ 97,159,247	\$ 81,827,488

**Investment Valuation and Income Recognition**—The Plan's investments are 100% participant directed and stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held at year end.

**Contributions**—Employer contributions are recorded when earned.

**Notes Receivable from Participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

**Administrative Expenses**—Administrative expenses of the Plan are paid by the Plan and the Plan sponsor, as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Participants of the Plan are charged recordkeeping fees directly to their participant accounts. Participants are additionally allocated credits from the trustee based on daily investment balances in core funds, as established by the trustee. These credits are presented as a separate line item on participant account statements and as an addition to net assets available for benefits.

**Payment of Benefits**—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2024 and 2023.

### 3. CERTIFIED INVESTMENT INFORMATION

### 4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

***Mutual Funds And Money Market Fund***—The fair values of mutual funds and a money market fund are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

***Collective Trust Funds***—The fair values of participation units held in collective trusts are based on the net asset values as a practical expedient are reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust provides for redemptions by the Plan at reported net asset values per share, with no advance notice requirement. There are no redemption restrictions for plan participants. There are no unfunded commitments.

***Self-Directed Brokerage Accounts***—These primarily consist of mutual funds, exchange-traded funds, common stocks, and interest-bearing cash measured at fair value as described for these general investment types within this note (Level 1 and Level 2 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan’s investments measured at fair value on a recurring basis as of December 31, 2024 and 2023, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	Fair Value Measurements at December 31, 2024			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 77,037,991	\$ -	\$ -	\$ 77,037,991
Self-directed brokerage account	104,159,642	2,310,673	-	106,470,315
Money market fund	35,547,299	-	-	35,547,299
Collective trust funds*	-	-	-	392,445,431
Total Investments—at fair value	<u>\$ 216,744,932</u>	<u>\$ 2,310,673</u>	<u>\$ -</u>	<u>\$ 611,501,036</u>

	Fair Value Measurements at December 31, 2023			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 82,366,168	\$ -	\$ -	\$ 82,366,168
Self-directed brokerage account	84,379,142	-	-	84,379,142
Money market fund	34,220,753	-	-	34,220,753
Collective trust funds*	-	-	-	342,974,433
Total Investments—at fair value	<u>\$ 200,966,063</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 543,940,496</u>

\* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

## 5. TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Plan administrator by a letter dated June 23, 2015, that the Plan and related trust are designed in accordance with applicable regulations of the IRC. Although the Plan has been amended since receiving the determination letter, UPS and Plan management believe that the Plan is currently designed and operating in compliance with

the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

## **6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and its affiliate, Fidelity Workplace Services LLC is the Plan's recordkeeper. Investment management fees are paid by the Plan and these expenses are reflected in the financial statements as a reduction of the return on the Plan's investments.

These transactions and payment of trustee and other administrative fees paid by the Plan qualify as exempt party-in-interest transactions.

The trustee receives revenue from mutual fund service providers for services the trustee provides to the funds. The trustee in turn periodically funds the Plan with revenue credits. These revenue credits are allocated to participants. These transactions are considered as exempt party-in-interest transactions.

Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. These loans qualify as exempt party-in-interest transactions.

## **7. PLAN TERMINATION**

Although it has not expressed any intent to do so, UPS has the right under the Plan, subject to collective bargaining agreements, to modify the benefits provided to active employees, discontinue its contributions at any time, and terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

## **8. SUBSEQUENT EVENTS**

In preparing the financial statements for the year ended December 31, 2024, subsequent events were evaluated through October 13, 2025 the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustment to the Plan's financial statements or accompanying footnote disclosures.
