Report of Independent Auditors

Plan Administrator
Meridian Holdings Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Meridian Holdings Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate to the best of its knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Meredian Holdings Group, Inc. 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2024 and 2023

1. Description of Plan

The following description of the Meredian Holdings Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established and made effective January 1, 2009, and most recently restated effective July 1, 2022, for the benefit of the employees of Meredian Holdings Group, Inc. and its affiliated companies (the Company). The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company serves as the Plan's Sponsor and Administrator. The Plan's recordkeeper is ADP Retirement Services (ADP). Its directed Trustee is Reliance Trust Company (Reliance) and its investment advisor is MAI Investment Advisors. Effective December 31, 2024, ADP Retirement Trust Services, LLC (ADP Trust) became the Plan's directed Trustee. The Board of Directors is responsible for oversight of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Effective January 1, 2024, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants' default deferral rate is 3% of their compensation, with an automatic annual increase of 1%, capped at 10%.

Contributions

Contributions from Plan participants and the Safe Harbor matching and non-elective contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Each year, participants may contribute up to 90% of pretax or post-tax annual compensation, as defined in the Plan limited by the provisions of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants' default deferral rate is 3% of their compensation, with an automatic annual increase of 1%, capped at 10%. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will contribute a Safe Harbor matching contribution amount equal to 100% of the participant's elective deferral until such deferral equals 4% of the participant's compensation. The Safe Harbor matching contribution is invested directly into the investment options selected by the participant. Discretionary non-elective contributions may be contributed at the discretion

1. Description of Plan (continued)

Contributions (continued)

of the Company's Board of Directors and are also invested directly into the investment options selected by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Company did not make discretionary non-elective contributions for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company Safe Harbor contributions, as well as allocations of the Company's discretionary contribution, when applicable, and Plan earnings.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's Safe Harbor matching contributions, plus actual earnings thereon. Vesting in the Company discretionary contributions and earnings thereon is based on years of continuous service. A participant becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year of service until the participant becomes 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. One outstanding loan is allowed at a time. Loan terms range from one month to five years and are repaid in equal payroll period installments. The loans are secured by the balance in each participant's account and bear interest at rates of 5.25% to 10.50%. The interest rate on any loan to a participant shall be a reasonable interest rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. For the year ended December 31, 2024, the interest rate is set at 2% over the prime interest rate.

Notes to Financial Statements

1. Description of Plan (continued)

Payment of Benefits

On termination of service due to retirement, death, disability or termination of employment, a participant with a vested balance greater than \$7,000 may elect to receive either a single lump-sum amount, direct rollover, partial withdrawal, or equal installments equal to the value of the participant's vested interest in his or her account. A single lump-sum distribution will be made to terminated participants whose vested balance is less than \$7,000.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than the fully benefit-responsive investment contract discussed in Note 3, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Committee determines the Plan's valuation policies utilizing information provided by investment advisors, custodian, and insurance company. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Meredian Holdings Group, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued. During the period from December 31, 2024 to October 9, 2025, the Plan did not have any material recognizable subsequent events, other than the Plan termination discussed in Note 5.

3. Guaranteed Investment Contract with Reliance Trust Company

The Plan is invested in a Synthetic Guaranteed Investment Contract (GIC) with Reliance, provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the GIC and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Contract value is also often referred to as “book value.” The contract meets the fully benefit-responsive investment contract criteria, notwithstanding the contract provisions that limit the ability of the plan to transact at contract value when a market value event occurs.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statements of net assets available for benefits at contract value.

No events limit the ability of the Plan to transact at contract value so long as the contract remains in force. Except for events which may result in termination for cause, as outlined in the Reliance GIC (e.g. Plan termination or merger, early retirement incentive, layoffs, etc.), Reliance may not cause the contract to be terminated at an amount other than contract value. None of these events occurred during 2024. See Note 5 regarding the plan termination which occurred subsequent to December 31, 2024.

Meredian Holdings Group, Inc. 401(k) Plan

Notes to Financial Statements

3. Guaranteed Investment Contract with Reliance Trust Company (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract; (2) partial or complete plan termination; (3) plan disqualification; or (4) the issuer provides at least ninety days notice of termination. Consult your Plan's contract for further information. See Note 5 regarding the plan termination which occurred subsequent to December 31, 2024.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Meridian Holdings Group, Inc. 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued based on the closing market price reported on the active market on which the underlying investments are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,125,114	\$ -	\$ -	\$ 7,125,114
Common collective trusts	-	7,480,136	-	7,480,136
Total investments at fair value	\$ 7,125,114	\$ 7,480,136	\$ -	\$ 14,605,250

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,199,248	\$ -	\$ -	\$ 7,199,248
Common collective trusts	-	5,632,857	-	5,632,857
Total investments at fair value	\$ 7,199,248	\$ 5,632,857	\$ -	\$ 12,832,105

5. Plan Termination

The Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. The Plan was terminated effective May 30, 2025. Participants became 100% vested in their entire account. Plan assets will be distributed as soon as administratively possible.

Meredian Holdings Group, Inc. 401(k) Plan

Notes to Financial Statements

6. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan sponsored by ADP. The pre-approved profit sharing plan provider has received an opinion letter from the Internal Revenue Service as to the pre-approved profit sharing plan's qualified status. The pre-approved profit sharing plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

7. Accounting for Uncertainty in Income

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related Party Transactions and Party In Interest Transactions

Certain Plan investments are funds managed by Reliance Trust Company. Reliance Trust Company is the Trustee of the Plan, therefore these transactions qualify as party in interest transactions. Total fees paid by the Plan for administration and investment services amounted to \$92,105 for the year ended December 31, 2024.
