Report of Independent Auditor

To,
The Participants and the Plan Administrator,
Ask Staffing 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the accompanying financial statements of Ask Staffing 401(k) Savings Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and December 31, 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024, and December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024, and December 31, 2023, and for the years ended December 31, 2024, and December 31, 2023, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the auditor’s responsibilities for the audits of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - supplemental schedule required by ERISA.

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2024, is presented for purposes of additional analysis and not a required part of the financial statements but supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following brief description of Ask Staffing 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan effective January 01, 2019, as defined in the Employee Retirement Income Security Act of 1974, and is sponsored by Ask Staffing, Inc. (“the Company/ Plan Sponsor”). Employees of the Company are permitted to enter the Plan on completion of six months of service and, after reaching 21 years of age, can begin to contribute elective deferrals on the day the eligibility requirement is satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All the employees of the Company are eligible to participate in the Plan, subject to the eligibility requirements and exclusions mentioned in the Plan document.

Participant contributions

The Plan permits elective deferrals, Roth elective deferrals, and rollover contributions. All employees, except for non-resident and residents of Puerto Rico, are eligible for all the above contribution types. In-plan Roth rollover contributions are not permitted. The Plan includes a provision under Internal Revenue Code (“IRC”) Section 401(k) whereby participants may make elective deferral contributions and Roth elective deferrals (“deferral contributions”) to the Plan up to a minimum of 1% of their annual compensation and a maximum of 90% of their annual compensation. Annual participant contribution amounts are limited to \$23,000 and \$22,500 salary deferrals for the years ended December 31, 2024, and December 31, 2023. Participant’s aged 50 or over may elect to contribute an additional \$7,500 (“catch-up contributions”), for the years ended December 31, 2024, and December 31, 2023, over the base statutory limit in accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001. During the year ended December 31, 2024, the Plan refunded \$98,920 (December 31, 2023 - \$ Nil) to certain participants to correct excess contributions under applicable non-discrimination testing requirements.

Employer contributions

The employer may, in its sole discretion, contribute and allocate to each eligible participant's account a percentage of the participant's elective deferrals. Matching contributions and nonelective contributions, if any, shall be determined as of the end of the Plan year. A participant must be an active employee of the Company on the last day of the Plan year to receive employer contributions. No contributions were made by the employer during the years ended December 31, 2024, and December 31, 2023, respectively.

Participant accounts

Each participant’s account is credited with their contributions, employer contributions, if any, and Plan earnings or losses offset by withdrawals and Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Upon retirement, disability, death, or termination, a participant or beneficiary can elect to receive either a lump-sum distribution or installment distributions.

Administration

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions that may affect eligibility for benefits.

Reliance Trust Company, for the years ended December 31, 2024, and December 31, 2023, served as the Plan trustee pursuant to the Plan agreement. All amounts contributed to the Plan are held by the Plan trustee in a qualified trust. The Plan trustee is responsible for the safekeeping of the trust funds and must fulfil all trustee duties in a prudent manner and in the best interests of the beneficiaries. The trust established on behalf of the Plan will be the funding medium used for the accumulation of assets from which plan benefits will be distributed. ADP Retirement Services (“ADP”) serves as a third-party Plan administrator appointed by the Company.

Plan expenses

Some expenses incurred for administering the Plan are paid by the Company, and these amounts are excluded from the Plan’s financial statements. Asset and fund fees are recorded as a reduction of investment income and charged to participant accounts. Certain distribution fees and participant note fees are paid by participants as applicable. Investment advisory/broker and some third-party administrator fees are paid by the Plan. Certain investment management and custodial fees are netted within net appreciation/returns and are not separately presented.

	Year ended	
	December 31, 2024	December 31, 2023
Recordkeeping fees	10,080	7,480
Total	10,080	7,480

Vesting

All participants are vested in all employer-matching contributions and earnings thereon under the following vesting schedule:

Years of vesting service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become 100% vested upon full or partial termination of the Plan, upon reaching the normal retirement age of sixty-five years, or upon disability or death of the participant.

Forfeitures

Forfeitures of non-vested employer contributions, if any, may be used to reduce employer contributions and/or pay eligible plan administrative expenses. For the years ended December 31, 2024, and December 31, 2023, forfeiture activity was none, and the forfeitures balance was \$Nil at December 31, 2024 (\$Nil at December 31, 2023).

Investment options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by the trustee.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$500 for the years December 31, 2024, and December 31, 2023, respectively, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest will be paid ratably through payroll deductions. Delinquent notes receivable from participants will be reclassified as distributions based on the terms of the Plan document. During the years 2024 and 2023, certain participant loans were deemed distributed in accordance with IRS regulations; there were no loans in default outstanding at year-end.

Benefit payments

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching age fifty-nine and a half. Upon normal retirement at age sixty-five, disability, or death, the participant or beneficiary may receive the value of the account as set forth in the Plan document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or as set forth in the Plan document.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to Internal Revenue Service ("IRS") penalties unless the distribution is transferred to another qualified plan or individual retirement account.

The required minimum distribution ("RMD") starting age is defined by the year in which the participant is born as follows:

Born Year	RMD Starting Age
If born before July 1, 1949	RMD Starting Age is 70.5
Born between July 1, 1949, and December 31, 1950	RMD Starting Age is 72
Born between January 1, 1951, and December 31, 1959	RMD Starting Age is 73
Born on or after January 1, 1960	RMD Starting Age is 75

Hardship withdrawals

Participants may take hardship withdrawals from elective deferrals (including earnings for December 31, 2024, and excluding earnings for December 31, 2023) and vested employer contributions.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Ask Staffing 401(k) Savings Plan

Financial Statements

December 31, 2024, and December 31, 2023

Use of estimates in financial statements

The preparation of financial statements in conformity with GAAP requires the use of management estimates. These estimates are subjective in nature and involve assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of investment income and deductions during the plan year. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investment valuation and income recognition

Investments in mutual funds and common/collective trusts are valued at fair value, as provided by the trustee. Net appreciation in the fair value of investments represents the change in fair value, during the year, including realized and unrealized gains and losses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Basis of fair value measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for investment assets measured at fair value:

Mutual funds (registered investment companies): The fair value of the Plan's mutual funds is valued at the net asset value of the shares held by the Plan at year-end. These mutual funds are actively traded, and therefore, the fair values are classified as Level 1 estimates.

Ask Staffing 401(k) Savings Plan

Financial Statements

December 31, 2024, and December 31, 2023

Common/collective trusts: Units held in common/collective trusts (“CCT”) are valued using the net asset value (“NAV”) practical expedient of the CCT as reported by the issuer of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions. As of December 31, 2024, and December 31, 2023, the Plan had no unfunded commitments related to its investments in common/collective trusts. Redemptions are permitted daily at NAV, and there are no advance-notice requirements, lock-ups, gates, or other redemption restrictions at the participant level.

Contributions

Participant and employer contributions are recorded in the period the employer makes the payroll deduction.

Payment of benefits

Benefits are recorded when paid. Excess participant contributions payable generally represent the distribution of certain assets to employees for the Plan to comply with ERISA nondiscrimination rules. As of December 31, 2024 and December 31, 2023, there were no amounts allocated to participants who had elected to withdraw that remained unpaid.

NOTE 3: RISKS AND UNCERTAINTIES

The Plan provides for various investments in mutual funds and common/ collective trusts. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, and the overall volatility in the financial markets, it is at least reasonably possible that changes will occur in the near term that could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as at December 31, 2024, and December 31, 2023, may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 4: INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY (“TRUSTEE”) (UNAUDITED)

The following is a summary of the Plan's asset information as of December 31, 2024, and December 31, 2023, and for the years ended December 31, 2024, and December 31, 2023, included throughout the Plan's financial statements and supplemental schedule as of December 31, 2023, that was prepared by or derived from information provided by the Reliance Trust Company and furnished to the Plan administrator. The Plan administrator has obtained certifications from Reliance Trust Company that the information provided to the Plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

During the years ended December 31, 2024, and December 31, 2023, the Plan's investments (including gains and losses of investments bought, sold, and held during the year) appreciated in value as follows:

	Year ended	
	December 31, 2024	December 31, 2023
Net appreciation in the fair value of mutual funds	162,623	169,875

NOTE 6: FAIR VALUE MEASUREMENTS

The following tables present, by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2024. As required by ASC Topic 820, Fair Value Measurements and Disclosures, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's policy is to recognize significant transfers between levels at the Plan's year-end.

The tables below set forth, by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024, and December 31, 2023:

NOTE 8: INCOME TAX STATUS

For the years ended December 31, 2024, and December 31, 2023, the Plan Sponsor entered into a non-standardized arrangement of the ADP, LLC, Non-Standardized Pre-Approved Profit-Sharing Plan Money Purchase ("CODA"). ADP, LLC has received an opinion letter from the IRS dated October 06, 2020, which stated that the form of the non-standardized pre-approved profit-sharing plan and related trust was designed in accordance with applicable sections of the IRC. It is the opinion of the Plan trustee and the Plan's attorney that the Plan is in compliance with all applicable laws and regulations.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2024, and December 31, 2023, there are no uncertain positions

Ask Staffing 401(k) Savings Plan

Financial Statements

taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

The Plan trustee, Reliance Trust Company, manages Plan investments; therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. The Company pays certain other administrative expenses of the Plan on behalf of the Plan. These qualify as exempt party-in-interest transactions. Party-in-interest transactions also include loans made to participants.

NOTE 10: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2024, through the date the financial statements were available to be issued. Based on the evaluation, the Plan states that effective January 01, 2025, the Plan has appointed ADP Retirement Trust Services, LLC (“ADP Trust”) as the Plan’s Trustee upon the resignation of Reliance Trust Company on December 31, 2024.
