---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
The Iowa Clinic 401(k) Profit Sharing Plan
West Des Moines, Iowa

Opinion

We have audited the accompanying financial statements of The Iowa Clinic 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Iowa Clinic 401(k) Profit Sharing Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of The Iowa Clinic 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Iowa Clinic, P.C. (Plan Sponsor or Employer) as well as employees of all other participating employers who have adopted the plan, who have one month of service and are age twenty-one or older for elective deferrals. Employees who have completed one year of service and are age twenty-one or older are eligible to participate for employer contributions, subject to entry dates as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of their annual compensation, as defined in the Plan, up to the maximum limitations imposed by the IRS. Participants may contribute on either a pretax or post-tax basis through Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The employer contributes a matching contribution equal to 50% of the first 6% of compensation that a participant contributes to the Plan. In addition, the employer may make discretionary contributions, which are currently equal to 10.7% of eligible compensation. Additional profit sharing contributions may be contributed at the option of the Plan sponsor and each participating employer.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation with automatic increases, as defined in the Plan. Contributions are automatically invested in a designated fund until changed by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution, and allocations of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer's matching contributions plus actual earnings thereon. Vesting in the employer's fixed profit sharing contribution and discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

NOTES TO FINANCIAL STATEMENTS**

NOTE 1 DESCRIPTION OF PLAN (continued)

Investment Options

Upon enrollment in the Plan, a participant may invest in government securities, corporate bonds, common and preferred stocks, insurance contracts, shares of registered investment companies, pooled separate accounts and other investment products offered by the investment or insurance company of their choice. Partnership interests that do not have a readily ascertainable market value were eliminated as an investment choice for new investments. Participants hired after January 1, 2010 are not allowed to establish a participant-directed brokerage account. Participants hired prior to January 1, 2010 had 90 days from their initial plan entry date to establish a participant-directed brokerage account.

Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance in accordance with Plan restrictions. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the vested portion of the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the time of the loan, which range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant whose vested account balance exceeds \$1,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, ad hoc distributions, or annual installments over specified times, not exceeding the life expectancy or joint life expectancy of the participant and/or the beneficiary. A participant whose vested account balance does not exceed \$1,000 on termination date will receive his or her vested account balance as a lump-sum distribution.

The Plan allows for hardship withdrawals to participants who meet an immediate and severe financial need, and are limited to a participant's vested account balance resulting from elective contributions and earnings thereon.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited unallocated nonvested accounts totaled \$65,601 and \$85,829, respectively.

The nonvested portion of a terminated participant's account balance will be forfeited and allocated to reduce the employer's matching contributions and profit sharing contributions for the Plan year immediately following the Plan year in which the forfeiture occurs. Employer contributions were reduced by \$762,368 and \$581,337 from forfeited accounts for the years ended December 31, 2024 and 2023, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**The Iowa Clinic 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2024 and 2023.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated their material tax positions and determined there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 INVESTMENTS

The Plan's investments are held by various investment companies. The following schedule presents investments at December 31, 2024 and 2023.

	<u>2024</u>	<u>2023</u>

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Guaranteed investment contracts—The Plan has investment contracts with Principal Life Insurance Company (Principal). Principal maintains the Plan's deposits in an unallocated fund, to which it adds interest at the contract rate. Deposits into these contracts are guaranteed the contract rate of return. The contract has been determined not to be fully benefit-responsive; therefore, the investment contract is stated at fair value, determined to be the contract value minus early withdrawal charges, adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

Mutual funds—Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts—Pooled separate accounts invest primarily in domestic and international long-term bonds, domestic and international stocks, or single mutual funds. The fair value of the underlying bonds, stocks, or mutual funds is a publicly quoted pricing input used in determining the net asset value (NAV) of the pooled separate accounts, which is not publicly quoted but is available to current investors when plan participants access their account values via the custodian's website. Pooled separate accounts are deemed to have readily determinable fair values which are calculated on a daily basis and are actively traded within the Plan.

Participant-directed brokerage accounts—Participant-directed brokerage accounts consist of mutual funds, corporate bonds, pooled separate accounts and common and preferred stocks that are valued on the basis of readily determinable market prices, and interest-bearing cash.

NOTE 4 FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Transfers between levels

For years ended December 31, 2024 and 2023, there were no significant transfers between Levels 1, 2 or 3.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the years ended December 31, 2024 and 2023.

NOTE 4 FAIR VALUE MEASUREMENTS (continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, respectively, and the significant unobservable inputs and the ranges of values for those inputs.

<u>Instrument</u>	<u>Fair Value</u>		<u>Principal valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Range of significant input values</u>	
	<u>2024</u>	<u>2023</u>			<u>2024</u>	<u>2023</u>
Guaranteed investment contracts	<u>\$ 20,252</u>	<u>\$ 23,931</u>	Assumed proceeds at discontinuance	Guaranteed rate Current rate	4.65% - 4.77% 0.10% - 4.95%	4.41% - 5.27% 0.14% - 4.15%

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of guaranteed interest accounts and pooled separate accounts managed by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal). Principal is the custodian of the non-brokerage account investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

All of the Board of Trustees members are currently participants in the Plan.

Employees of the Plan administrator participate in the Plan.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 7 TAX EXEMPT STATUS

The Internal Revenue Service has determined and informed the plan sponsor by letter dated June 13, 2017, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code and that the Plan Sponsor and each participating employer are members of the same affiliated service group under Section 414(m) of the Internal Revenue Code. The Plan has been amended and restated since the request for a determination letter. However, because the Plan uses an approved prototype document, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 ADMINISTRATION OF PLAN ASSETS

Certain administrative functions are performed by officers or employees of the plan sponsor. No such officer or employee receives compensation from the Plan. Other administrative expenses, including audit fees, are paid directly by the Plan Sponsor.

**The Iowa Clinic 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 9 RISKS AND UNCERTAINTIES

Participants invest their account balances in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 31, 2025, the date which the financial statements were available to be issued. There were no subsequent events that required accrual or disclosure.
