Retirement Plan Committee
Chemtrade Chemicals Corporation
Consolidated Pension Plan (Plan No. 10)
Toronto, Ontario

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Chemtrade Chemicals Corporation Consolidated Pension Plan (Plan No. 10) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As described in Note 1 to the financial statements, the Reheis Pension Plan for Hourly Employees (Plan No. 030); the Chemtrade Chemicals Corporation Salaried Employees' Pension Plan (Plan No. 108); the Peridot Chemicals (New Jersey), Inc. Newark Union Employees Pension Plan (Plan No. 003); and the Chemtrade Delaware, Inc. Retirement Plan (Plan No. 131) merged into the Plan effective December 31, 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CHEMTRADE CHEMICALS CORPORATION
CONSOLIDATED PENSION PLAN (PLAN NO. 10)
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Chemtrade Chemicals Corporation Consolidated Pension Plan (Plan No. 10) (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined benefit pension plan sponsored by Chemtrade Chemicals Corporation (the “Company”). The Administrative Committee of the Plan and the Plan administrator control and manage the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective December 15, 2022, the Plan purchased a group annuity contract with Minnesota Life Insurance Company for in-pay retirees in the Plan, who: (i) commenced their benefit prior to January 1, 2022; and (ii) had a monthly annuity benefit of less than \$1,000, subject to certain exceptions. The payments under the group annuity contract commenced on December 15, 2022. In 2023, the Plan received the refund total of \$313,777 related to several individuals that had passed away which reduced the total premium paid for the group annuity contract by the Plan. This is listed as “Other income” on the statements of changes in net assets available for plan benefits.

Effective December 31, 2022, the Reheis Pension Plan for Hourly Employees (Plan No. 030, the “Reheis Plan”); the Chemtrade Chemicals Corporation Salaried Employees’ Pension Plan (Plan No. 108, the “Salaried Plan”); the Peridot Chemicals (New Jersey), Inc. Newark Union Employees Pension Plan (Plan No. 003, the “Peridot Newark Plan”); and the Chemtrade Delaware, Inc. Retirement Plan (Plan No. 131, the “Delaware Plan”), collectively (the “Merged Plans”), were participating plans in the Master Trust, merged into the Plan.

The terms, conditions, rights, and benefits provided to participants and beneficiaries in the Merged Plans under the Plan shall be governed by the terms of the Merged Plans’ Plan documents as in effect immediately prior to the plan mergers. Each participant in the Merged Plans will receive a benefit immediately after the merger which is equal to or greater than the benefit he or she would have been entitled to receive immediately before the mergers if the Merged Plans had then terminated.

Eligibility: For participants of the Plan, eligibility was closed for all non-union employees and new hires for certain union groups as of April 1, 2004. In addition, the future benefit accruals were ceased for all non-union employees as of April 1, 2004 and employees who were at any time prior to the amendment date represented by certain union groups starting September 1, 2006. The Plan Sponsor subsequently amended to close the entrance and freeze the benefit accrued for certain union employees. The Plan is frozen to all participants as of November 15, 2010, the effective date of the amendment for the last location with union employees.

Pension Benefits: For participants of the Peridot Chemicals (New Jersey), Inc. Curtis Bay Union Employees Pension Plan (the “Legacy CBP Plan”), their benefits are calculated with a flat dollar amount and are subject to a seven-year graded vesting schedule, as defined by the Plan.

For other participants of the Plan, their benefits are subject to a five-year vesting schedule, as defined by the Plan. There is no partial vesting of benefits. In addition, their benefits are either determined based upon a final pay formula or with a flat dollar amount, as amended.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Generally, the final pay formula is calculated as a percentage of earnings multiplied by years of credited service with certain adjustments, as provided in the Plan. The flat dollar formula is calculated using the flat dollar amount, as amended, multiplied by years of credited service. Married participants may elect to receive their pension benefits from various forms of joint and survivor annuities. Unmarried participants may elect to receive the value of their benefits in the form of a life annuity.

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, death and disability benefits.

Master Trust: The assets of the Plan are held in a trust account, Chemtrade Delaware Inc. Defined Benefit Master Trust (“Master Trust”). The assets of the Master Trust are held by the Trustee. Net investment income (loss) and administrative expenses of the Master Trust were allocated 100 percent to the Plan as the Plan is the only participating plan in the Master Trust at December 31, 2024 and 2023.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan’s interest in the Master Trust is reported at fair value based upon the fair values of the underlying investments held in the Master Trust. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned on an accrual basis. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. It is reasonably possible that a significant change may occur in the near term for the estimate of the actuarial present value of accumulated plan benefits and the fair values of the Plan’s interest in the Master Trust.

Risks and Uncertainties: The Plan invests in the Master Trust which invests in various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity, credit risks as well as risks associated with global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are prepared, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in this estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could also be material to the Plan’s financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Benefit Payments: Benefits are recorded when paid.

NOTE 3 – FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. This method and the actuarial assumptions referred to in Note 4 have been designed to provide sufficient funds to pay benefits as they become payable under the Plan. The Company met the minimum funding requirements of ERISA for the plan years ended December 31, 2024 and 2023. No participant contributions are allowed under Plan provisions.

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by the employees through the valuation date. Accumulated plan benefits as of December 31, 2023, include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions underlying the computations for the Plan as of December 31, 2023, are as follows:

| | |
|---|---|
| Assumed settlement interest rate | 4.94% |
| Mortality basis | |
| Healthy & Disabled | Pri-2012 mortality study projected generationally from 2012 with scale MP2021 reflecting a slow COVID-19 recovery |
| Retirement | Specified percentages commencing at age 50 through age 70 |

The actuarial assumptions used by the Plan are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's and Master Trust's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan's interest in the Master Trust.

Mutual Funds: The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of shares of the collective trusts are based upon the net asset values of the funds reported by the fund managers as of the Plan's financial statement dates and recent transaction prices. The net asset value is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Note 7 for investments of the Master Trust measured at fair value on a recurring basis.

NOTE 6 – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2024 and 2023 and investment gain (loss) from Master Trust for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by The Bank of New York Mellon / BNY Mellon, N.A., the trustee ("Trustee") of the Plan.

NOTE 7 – INTEREST IN MASTER TRUST

The Plan's investment assets are held in a trust and consist of an undivided interest in the Master Trust established by the Company and its affiliates and are administered by the Trustee. Use of the Master Trust permits the commingling of trust assets of a number of pension plans of the Company and its affiliates for investment and administrative purposes. Although assets of the plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses.

The following presents the net assets held by the Master Trust at December 31, 2024 and 2023:

CHEMTRADE CHEMICALS CORPORATION
CONSOLIDATED PENSION PLAN (PLAN NO. 10)
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2024 and 2023, certain investments in the Master Trust were held in investment funds which were managed by certain affiliates of the independent actuary and the Trustee of the Plan and, therefore, qualify as party-in-interest transactions. The majority of fees paid for by the Plan are considered party-in-interest transactions.

NOTE 9 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 2, 2013 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. No provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination, subject to a statutory ceiling on the amount of an individual’s monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

The 2024 Static Mortality Table for Annuitants and Non-Annuitants per§1.430(h)(3)-1(a)(3) was used for healthy lives while the Revenue Ruling 96-7 Mortality Table was used for disabled lives. Currently there are thirteen disabled lives in this population.

Schedule SB, line 24 — Change in Actuarial Assumptions

The expected return on asset changed from 6.70% to 6.30% to better reflect anticipated future market experience and current asset allocation.

Since this change to non-prescribed assumption did not reduce funding standard either (1) by more than \$50 million or (2) reduce the Funding standard by more than the greater of \$5 million and 5% of the FT before change, IRS approval was not required.
