INDEPENDENT AUDITORS' REPORT

Participants and Accu Reference Medical Lab LLC Committee of 401(k)

Profit Sharing Plan and Trust

Linden, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of Accu Reference Medical Lab LLC 401(k), Profit Sharing Plan and Trust which comprise the statements of net assets available for benefits as of January 1, 2024 to December 31, 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of January 1, 2024 to December 31, 2024 and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Accu Reference Medical Lab LLC 401(k) Profit Sharing Plan and Trust January 1, 2024 to December 31, 2024

Note 1: DESCRIPTION OF THE PLAN

The following description of the Accu Reference Medical Lab LLC 401(k) Profit Sharing Plan and Trust provides general information regarding the Plan. Refer to the Plan document for a complete description of Plan provisions.

General

The Plan is sponsored and maintained by Accu Reference Medical Lab LLC for the benefit of eligible employees. The Plan is intended to conform to and qualify under § 401 and § 501 of the Internal Revenue Code (IRC) of 1986, as amended.

Plan Governance

As of December 31, 2024, there were 1,010 active employees of which 867 participated in the plan. There were 643 participants with account balances as of the end of the plan year. The governance committees are either elected or appointed representatives (senior leadership and/or Board of Director members) from the Company. The Plan Sponsor Committee is responsible for decisions regarding benefits at the direction of the participating employers. The Trust Committee is responsible for fiduciary and plan administrative functions.

Eligibility

Regular full-time and certain part-time employees are eligible to participate and may begin making employee contributions as soon as administratively possible following their date of hire.

The following are not eligible to participate in the Plan: temporary employees, part-time employees without benefits, leased employees, non-resident aliens, employees of entities acquired by foreclosure, other individuals who for any period are classified as an independent contractor, employees covered by a collective bargaining agreement (unless the terms of the bargaining agreement otherwise provides), interns, externs, and cooperative students.

Contributions

The provisions of the Plan are summarized below:

- Any eligible employee who is not participating in the Accu Reference Medical Lab LLC 401(k) Profit Sharing Plan. For qualified employees, contributions are made at a rate of 3% of compensation.
- Participants may contribute up to 90% of the eligible earnings on a pre-tax basis and up to 90% of eligible earnings on a post-tax basis (Roth 401(k) contributions). Total participant contributions may not exceed 90% of eligible earnings.
- Employer does not provide matching contributions.
- Effective 1/1/19, the plan was changed to automatically enroll any eligible employee.

Participant Accounts

Each participant's account is credited with the participant's contribution, related employer contributions, if any, and Plan allocations of earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account. Participant accounts are valued on a daily basis.

Vesting

The vesting provisions of the Plan are as follows:

- Participants are immediately vested in participant contributions, paid-leave contributions, and investment income earned thereon.
- Participants vest 100% in employer matching contributions and employer contributions after five years of service. Participants with less than five years of service vest in the employer contributions at a rate of 25% for each full year of service.
- Participants are immediately vested upon death, disability, or retirement.

Notes Receivable from Participants

The Plan allows participants to borrow a portion of their account balance subject to limitations set forth by the Plan and the IRC. Notes are secured by the balance in the participants' accounts and generally bear interest at the prime rate. Repayment of notes receivable from participants, including monthly interest charges, is made semi-monthly in the form of payroll withholding. Notes are generally made for a term of five years or less, except for notes for a principal residence, which may be made for a term of up to 25 years.

Payment of Benefits

The participant's account value will be distributed to the participant upon termination. The Plan participant or a beneficiary may elect distribution under one, or any combination, of the following methods: by payment in a lump sum or by payment in monthly installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant. All distributions will be paid in the form of a check drawn on the Trust. In the case of death, distributions will be made to the designated beneficiary.

The Plan allows for in-service withdrawals upon financial hardship, as defined in the Plan, or upon attainment of age 59 1/2. The Plan also allows for in-service withdrawals of post-tax, rollover, or deductible employee contributions and certain matching contributions, as defined in the Plan.

Forfeited Accounts

Nonvested employer contributions are forfeited by terminating participants. Forfeited accounts are held in an account at Reliance Trust Company until used to either pay Plan administrative expenses or to reduce employer contributions. There were no forfeited accounts at December 31, 2024.

Plan Administration

The Plan provides that an employee, who has satisfied the Plan's eligibility requirements, will have rights to benefits under the Plan. Accu Reference Medical Lab LLC serves as Plan Administrator. The Trust Committee has primary responsibility for administration and interpretation of the Plan and investment of the Plan assets.

The Trust Committee is the trustee for the Plan assets. The trustee supervises and administers all investments and related activities, including such functions as purchases, sales, reinvestment, and collection of investment income.

Reliance Trust Company is the custodian and third-party plan administrator of the Plan. In December 2018, there was a change in the custodian and third-party plan administrator of the Plan from Mid Atlantic Trust Company to Reliance Trust Company.

Plan Termination

Although there has been no expression of intent to do so, the Plan Sponsor Committee has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the plan provisions. Upon either full or partial termination of the Plan, or, if applicable, upon complete discontinuance of profit-sharing plan contributions to the Plan, an affected participant's right to his/her account balance is 100% vested, irrespective of the vested percentage which otherwise would apply. Any approved change will be added to the Plan in writing and communicated to participants at such time and in such manner as the Plan Administrator deems necessary.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, income is recorded in the year earned and expenses are recorded in the year incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, as well as disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The accounting guidance describes three levels of inputs that may be used to measure fair value.

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly. Level 2 inputs include the following:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in markets that are not active so that they are traded less frequently than exchange-traded instruments, the prices are not current, or principal market information is not released publicly,
- inputs other than quoted prices that are observable for the asset or liability, and
- inputs derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Unobservable inputs are supported by little or no market activity and are significant to the fair value of the assets or liabilities. These unobservable inputs reflect the Plan's own assumptions about assumptions that market participants would use in pricing the asset or liability. Level 3 assets and liabilities include financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2024.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Comingled trust funds, mutual funds and separate accounts are valued at the NAV of shares held by the Plan at year end.

Self-direct brokerage accounts are comprised of investments selected by participants through retail brokerage accounts. These investments primarily include corporate stocks, mutual funds, money market accounts and certificates of deposit. These investments are typically actively traded in public markets and thus valued at daily closing market prices.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued based on the terms of the underlying instrument and dividend income is recorded on the ex-dividend date. Net investment income includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2024, there was a total of \$191,268 in Participant Loans.

Benefits and Expenses

Benefit payments to participants are recorded upon distribution. Administrative and other eligible expenses of the Plan are paid from the Plan assets to the extent of forfeited employer contributions. Expenses in excess of forfeitures are either paid from Plan assets or directly by the employers. Administrative and other expenses of the Plan consist of legal, auditing, recordkeeping, and custodial fees.

NOTE 3: INCOME TAX STATUS

The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the

United States of America require the Trust Committee to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4: RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 5: FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. For additional information on how the Plan measures fair value, refer to Note 2.

NOTE 6: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. There have been no material subsequent events that would require recognition in these financial statements or disclosure in the Notes to Financial Statements.
