INDEPENDENT AUDITOR'S REPORT

Plan Trustees
Reed & Reed, Inc. Employee Stock Ownership Plan

Opinion on the 2024 Financial Statements

We have audited the accompanying financial statements of Reed & Reed, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

Plan Trustees
Reed & Reed, Inc. Employee Stock Ownership Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor's Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023, were audited by Berry, Dunn, McNeil & Parker, LLC whose report dated August 1, 2024, expressed an unmodified opinion on those financial statements and included an other matter paragraph that provided an opinion that the information in the 2023 supplemental schedule was fairly stated in all material respects in relation to the financial statements as a whole.

REED & REED, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of Reed & Reed, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Reed & Reed, Inc. (the Plan Sponsor) established the Plan effective February 1, 2016, at which date the Plan purchased 100,000 shares of the Plan Sponsor's common stock, at a price of \$6.30 per share, through issuance of a note payable for \$630,000. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the Code). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Plan Trustees.

The Plan is a leveraged employee stock ownership plan. The Plan uses contributions from the Plan Sponsor, as well as proceeds from loans from the Plan Sponsor to repurchase shares of stock in accordance with the Plan. Any shares repurchased through the proceeds from loans are held in a trust established by the Plan and considered unallocated. The borrowing is to be repaid by Plan Sponsor contributions to the trust fund. As the Plan makes each payment of principal on the note, an appropriate percentage of stock, as determined by the Plan Trustees, is allocated to eligible participants' accounts in accordance with applicable regulations under the Code. Accordingly, the financial statements of the Plan present separately the assets and liabilities of the Plan and changes in net assets available for Plan benefits pertaining to:

- 1) The accounts of participants with rights in allocated stock (Allocated), and
- 2) Stock not yet allocated to participants (Unallocated).

Eligibility

Plan Sponsor employees who have attained age 21 and completed at least six months of service are eligible to participate in the Plan. Six months of service is defined as 1,000 hours of service during the Plan year. An employee becomes a participant on the first enrollment date following their completion of six months of service. Enrollment dates are January 1 and July 1. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Plan Sponsor contributions for such year. Certain management employees are excluded from the Plan as defined by the Plan Document.

Voting Rights

The Plan Trustees typically will decide how shares of the Plan Sponsor common stock held by the Plan will be voted. In certain situations, the participants have the right to decide how shares of the Plan Sponsor common stock allocated to their accounts will be voted.

REED & REED, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of previously unallocated shares of the Plan Sponsor common stock as determined by the Plan Trustees and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Plan Sponsor as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants become fully vested upon reaching three years of service. A participant also becomes fully vested when the participant reaches the age of 65, or in the event of death or disability.

Benefit Payments

No distributions from the Plan are normally made until a participant reaches the retirement age of 65, dies, becomes disabled, or otherwise terminates employment with the Plan Sponsor. If a participant terminates service due to retirement, disability or death, the distribution of the vested account balance will commence by the end of the Plan year following the Plan year in which the retirement, disability or death occurs. If a participant terminates employment prior to reaching the retirement age, the distribution of the vested account balance will commence within five years of the severance from employment. Distributions of vested balances in excess of \$5,000 require written consent by the participant before the participant attains the age of 65. Participants may elect to receive the value of their benefits as a direct rollover into an IRA, a lump-sum distribution or installments over a fixed number of years plus accrued income. Distributions under the Plan of a participant's vested interest may be made in cash or in shares of the Plan Sponsor common stock or partially in cash and partially in shares of the Plan Sponsor common stock.

Benefits are recorded when paid.

Put Option

Under federal income tax regulations, the shares of the Plan Sponsor common stock that are held by the Plan and its participants and are not readily tradable on an established market, or are subject to trading limitations, include a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its common stock distributed to participants for which there is no market. The put price is the fair market value established as of the preceding Plan year-end. The Plan Sponsor can pay for the purchase with interest over a period not exceeding five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

REED & REED, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Plan Sponsor common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, eligible participants may diversify up to 25% of the number of shares of the Plan Sponsor common stock allocated to their account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify will have a transfer to the Plan Sponsor's 401(k) plan if the participant has an account in the 401(k) plan.

Forfeitures

Forfeitures are allocated to eligible participants using the same allocation formula as the allocation of undistributed shares of common stock for a Plan year. Forfeited cash and shares of terminated non-vested account balances allocated to the remaining participants at December 31, 2024 totaled \$51.02 and 53 shares, respectively. Forfeited cash and shares of terminated non-vested account balances allocated to the remaining participants at December 31, 2023 totaled \$93.27 and 31 shares, respectively.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Investment in the Plan Sponsor Common Stock

The shares of the Plan Sponsor common stock are valued at estimated fair value, which is determined by annual independent appraisals. The per share fair value at December 31, 2024 and 2023 was \$222.00 and \$134.60, respectively. See Note 7 for a discussion of fair value measurement.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan Sponsor.

Risks and Uncertainties

Shares of the Plan Sponsor common stock are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with this investment, it is at least reasonably possible that changes in the value of the shares of common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Management has considered transactions or events occurring through October 13, 2025, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 26, 2018 that the Plan and related trust are designed in accordance with applicable sections of the Code. The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

5. Administration of Plan Assets

The Plan's assets, which consist principally of shares of the Plan Sponsor common stock, are held by the Trustees of the Plan. The Trustees also administer the payment of benefits, and interest and principal on the loan, which is reimbursed to the Plan through contributions as determined by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

6. Investment in the Plan Sponsor Common Stock

The Plan's non-participant directed investments in shares of the Plan Sponsor common stock at December 31, 2024 and 2023 are as follows:

	<u>2024</u>		<u>2023</u>

7. Fair Value Measurement

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets at fair value.

Plan Sponsor common stock: The fair value is determined based on an independent appraisal. The appraisal was based on a combination of two different income approaches, based on past trends and expected future performance of the Plan Sponsor, and a market approach based on public companies' financial information.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Plan Sponsor common stock	\$ _____ -	\$ _____ -	<u>\$22,200,000</u>	<u>\$22,200,000</u>
Total assets at fair value	\$ _____ -	\$ _____ -	<u>\$22,200,000</u>	<u>\$22,200,000</u>

8. Note Payable to Plan Sponsor

On February 1, 2016, the Plan entered into a note payable agreement with the Plan Sponsor in connection with the acquisition of the shares of Plan Sponsor common stock. The note payable was due in annual installments of \$36,741, including interest at 5%, through December 2055. However, the 2023 scheduled payment was not made until March 2024, resulting in the note payable being re-amortized. For years 2024 and forward, the note payable is due in annual installments of \$36,727 through December 2055. The outstanding balance on the note payable was \$572,679 and \$587,946 at December 31, 2024 and 2023, respectively. The note payable is collateralized by unallocated shares of Plan Sponsor common stock.

The scheduled amortization of the loan is as follows:

2025	\$ 8,093
2026	8,498
2027	8,923
2028	9,369
2029	9,837
Thereafter	<u>527,959</u>
Total	\$ <u>572,679</u>

The Plan Sponsor is obligated to make contributions in cash to the Plan which equals the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.
