Independent Auditors' Report

The Plan Administrator of the
International Data Group, Inc. 401(k) and Profit Sharing Plan
Needham, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the International Data Group, Inc. 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTERNATIONAL DATA GROUP, INC. 401(k) AND PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the International Data Group, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by International Data Group, Inc. and its subsidiaries (the "Employer"). In accordance with the trust agreement, the Employer administers the Plan. The Plan covers all regular employees who have attained the age of 21 ("Participants"). Temporary employees are eligible to join the Plan after one year, defined as at least 1,000 hours of service, from their date of hire and attainment of age 21. Participants will enter the Plan as soon as administratively feasible after their date of hire or enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

Participant Contributions

Participants may defer up to 100% of their eligible pre-tax compensation, as defined by the Plan, subject to dollar limits imposed by Federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("Participant Rollovers").

Employer Contributions

Matching Contributions

Employer's discretionary contribution will not exceed 50% of a participant's deferral up to 6% of eligible compensation deferred. The matching contribution is to be paid as soon as practicable following each payroll period. Catch-up contributions are not eligible for a match. Based on the formula above, for the Plan year ended December 31, 2024, the Employer made a matching contribution totaling \$3,960,115 net of forfeitures applied in the amount of \$283,694.

Profit Sharing Contributions

The Employer, at the discretion of the Board of Directors, may also elect an amount to contribute as a profit sharing contribution. To be eligible for a profit sharing contribution, a participant must be employed on the last day of the Plan year. Profit sharing contributions are allocated among eligible participants by business unit, in accordance with the ratio that each such eligible Participant's compensation bears to the total compensation of all such eligible Participants. The Employer did not elect to contribute a profit sharing contribution to the Plan for the year ended December 31, 2024.

AND PROFIT SHARING PLAN**

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Participant Accounts

Participants direct the investment of all contributions into various investment options offered by the Plan. Each participant's account is credited with the Participant's contribution and allocations of the Employer's contributions, plus earnings/losses thereon, less administrative and investment fees. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant Contributions

Participants are immediately vested in their deferral and rollover contributions plus earnings thereon.

Employer Contributions

Employer matching and profit sharing contributions vest over a four-year period with 25% vesting after one year and an additional 25% vesting at the end of each year thereafter (100% after 4 years). A participant also becomes fully vested upon reaching normal retirement age or upon death or disability prior to termination of employment.

Notes Receivable from Participants

Participants that are currently employed may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested accounts. Terms range up to five years. Participants may have two notes receivable outstanding at a time. The notes receivable from Participants bear interest at the prime rate, as posted in the Wall Street Journal, plus two percent and are secured by the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Withdrawals and Distributions

The Plan allows for in-service withdrawals by Participants who are age 59½ and are fully vested in their accounts. Hardship withdrawals are permitted from a participant's elective deferral contributions account. Participants are entitled to their vested account upon death, disability, retirement or termination of employment. A participant can only receive a lump-sum amount equal to the vested value of his or her accounts. In addition, upon termination, if a participant's vested account is less than \$1,000, the Plan administrator, after notification, may distribute the benefit to the participant. If a participant's vested account is more than \$1,000 but less than \$5,000, the Plan administrator, after notification, may distribute the benefit into an Individual Retirement Account ("IRA").

**INTERNATIONAL DATA GROUP, INC. 401(k)
AND PROFIT SHARING PLAN**

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance at the earlier of the end of five consecutive one-year breaks in service or if the participant receives a complete distribution of their vested accounts. The Plan uses forfeitures to reduce future Employer matching and profit sharing contributions. At December 31, 2024 and 2023, unused forfeitures amounted to approximately \$132,000 and \$149,000, respectively. During 2024, \$148,528 of forfeitures were used to reduce the 2023 Employer matching contribution funded during 2024. Subsequent to year end, \$132,354 was used to offset a portion of the Employer contribution for 2024 funded in 2025.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Unit Values

Individual participant accounts for the common/collective trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

**INTERNATIONAL DATA GROUP, INC. 401(k)
AND PROFIT SHARING PLAN**

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Administrative Expenses

Certain expenses of the Plan are paid by the Employer and are not included in the Statement of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from Participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net appreciation in fair value of investments.

Contributions

Contributions from Plan participants and the Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Note 3 - Information Certified by the Trustee and Custodian

Plan investments include mutual funds and common/collective trusts offered by the Plan's trustee and custodian, VOYA Retirement Insurance and Annuity Company ("VOYA"). The fair value of investments as of December 31, 2024 and 2023, and all investment transactions for the year ended December 31, 2024, including interest and dividends and net appreciation in fair values are certified as complete and accurate as reported to the Plan by VOYA. Substantially all of the information contained in the supplemental Schedule of Assets (Held at End of Year) and notes receivable from participants has also been certified by VOYA.

Participants may direct their contributions as well as Employer contributions to any of several investment options. The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. The Plan currently offers a variety of mutual funds and common/collective trusts as investment options

INTERNATIONAL DATA GROUP, INC. 401(k) AND PROFIT SHARING PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds - Target Solution Trusts

Valued at the NAV of units of the collective trusts within which the Plan is invested. The NAV as provided by VOYA is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the trusts less any liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (contributions and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

**INTERNATIONAL DATA GROUP, INC. 401(k)
AND PROFIT SHARING PLAN**

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Common/Collective Trust - Stable Value Fund

This fund is invested in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (“wrapper”) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and a return of fully accrued contract value at maturity.

Investment contracts held by a defined contribution plan that invests in indirect fully benefit-responsive investment contracts (stable value funds) are required to be reported at fair value. These funds calculate NAV as a practical expedient based on net assets which include fully benefit-responsive investment contracts. In addition, such investments in stable value funds are carried at contract value by the contract issuer. Purchases and redemptions of shares may only be effected with the investee fund at contract value and as a result the contract value is considered to be fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

Description	Assets at Fair Value as of December 31, 2024

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV/AUV per share as of December 31, 2024 and 2023, respectively.

AND PROFIT SHARING PLAN**

Notes to Financial Statements

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict that could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments include mutual funds and common/collective trusts managed by VOYA. Certain Plan investments are shares of mutual funds managed by VOYA Investment Management, Inc., which is an independently managed subsidiary of VOYA. As a result, these transactions qualify as party-in-interest transactions. VOYA is the trustee as defined by the Plan. Notes receivable from Participants also qualify as exempt party-in-interest transactions, as defined by ERISA. Administrative fees paid to VOYA and other service Plan providers totaled \$5,030 for the year ended December 31, 2024.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become fully vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Plan, by letter dated February 20, 2018, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The tax periods prior to 2019 are no longer subject to examination and there are currently no audits in progress for any tax periods.

**INTERNATIONAL DATA GROUP, INC. 401(k)
AND PROFIT SHARING PLAN**

Notes to Financial Statements

Note 9 - Subsequent Events

The Plan and Plan management have evaluated subsequent events through October 15, 2025, the date that the financial statements were available to be issued. Except as identified below, no significant matters were identified for disclosure during this evaluation.

As a result of a reduction in the Plan Sponsor's workforce in 2025, the Company experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination occurs if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting in the Employer's contributions is required for the affected participants, but the remaining participants' vesting continues to be determined according to the Plan provisions. Management believes all affected participants were properly vested in accordance with the terms of a partial plan termination.
