INDEPENDENT AUDITOR'S REPORT

The GE HealthCare Benefits Administrative Committee of
GE HealthCare Flexible Compensation Plan

Opinion

We have audited the financial statements of GE HealthCare Flexible Compensation Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 - Plan Description

The following description of the GE HealthCare Flexible Compensation Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a defined contribution health and welfare benefit plan and was formed on January 1, 2023 as a result of GE HealthCare Technologies Inc.'s (the "Company" or the "Plan Sponsor") spin-off from General Electric Company. Substantially all full-time employees of the Company are eligible to participate in the Plan.

As of December 31, 2023, the Plan's assets were held in cash within the General Electric Insurance Plan Trust (the "GE IPT"). State Street Bank & Trust Company is the custodian of the GE IPT. As of December 31, 2024, the Company no longer participates in the GE IPT, and the assets of the Plan were transferred to the Company in 2024. As of December 31, 2024, the Plan's assets are included within the Company's general assets and is restricted in use and can only be used to pay future benefits on behalf of Plan participants or dependents.

Contributions

Participants make contributions for eligible medical expenses and eligible child and dependent care expenses. Employees contribute amounts to individual accounts through regular payroll deductions, and forfeit contributions in excess of specified amounts if they do not submit claims within six months following the plan year end.

Contributions in excess of claims, to be used for future benefit payments totaling \$311 and \$584 at December 31, 2024 and 2023, respectively, have been included on the accompanying statements of net assets available for benefits. Balances payable to the Company forfeited by participants totaling \$572 and \$535 at December 31, 2024 and 2023, respectively, have been included on the accompanying statements of net assets available for benefits. Participants are permitted to rollover a maximum amount of their account balances each year to the following plan year in accordance with Internal Revenue Service (IRS) regulations. Unused balances that are not subject to the rollover provisions are forfeited to the Company.

Claims Payable

Represents claims submitted for reimbursement subsequent to December 31, 2024 and 2023 that relate to eligible services incurred during 2024 and 2023, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Record-keeping fees and other expenses related to the Plan are paid by the Plan through employer contributions made into the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The GE IPT invests in a cash investment fund, private equity funds, and certain other investments. Market risks include global events, which could impact the value of the investment securities, such as a pandemic or international conflict. Due to level of risks associated with certain investments, it is reasonable to expect that changes in the value of investments will occur (including in the near term) and that such changes could materially affect the GE IPT investments.

Pre-funding Deposits

Pre-funding deposits represent amounts deposited in advance with independent agencies for benefits to be adjudicated by those independent agencies. The pre-funding deposits have been made by the Company on behalf of the Plan and are to be reimbursed to the Company by the Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 13, 2025, which is the date the financial statements were available to be issued.

Note 3 - Interest in Master Trust

As of December 31, 2023, the Plan's assets were held by the GE IPT, which was established to hold the assets of the Plan and several other benefit plans sponsored by General Electric Company. Each participating plan's interest in the GE IPT is divided. The Plan only held cash within the GE IPT and did not hold any investments. Accordingly, the Plan did not share in the investment income of the GE IPT.

The net assets of the GE IPT and the Plan's interest in the GE IPT investment balances at December 31, 2023 are as follows:

	December 31, 2023	
	GE IPT Balances	Plan's Interest in GE IPT Balances
Investments:		
Cash investment fund	\$ 990	\$ -
Private equities and other investments	6,990	-
Total investments	7,980	-
Other assets:		
Income receivable	30	-
Cash	11,802	1,202
Other receivable	177	-
Total assets	12,009	1,202
Liabilities - Accrued expenses	(13)	-
Total net assets	\$ 19,976	\$ 1,202

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the GE IPT investments:

Cash Investment Fund

The cash investment fund is valued based on quoted market prices.

Private Equities and Other Investments

Investments in private equity and other investments held by the GE IPT are generally valued using the NAV per share as a practical expedient for fair value provided certain criteria are met. The NAV of the funds are determined based on the fair values of the underlying investments in the funds. Investments that are measured at fair value using the NAV as a practical expedient are not classified in the fair value hierarchy.

(000s omitted)

Note 4 - Fair Value Measurements (Continued)

The following table presents information about the GE IPT's investments measured at fair value on a recurring basis at December 31, 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2023	
	Investments (at Fair Value)	Level 1
Cash investment fund	\$ 990	\$ 990
Total	990	<u>\$ 990</u>
Investments measured at NAV - Private equities and other investments (1)		<u>6,990</u>
Total investments at fair value	<u>\$ 7,980</u>	

- (1) This asset class consists primarily of closed-end private equity funds, which invest across various fund types, including venture capital, buyouts, growth and debt strategies. The term of each fund is typically 10 or more years and the fund's investors do not have an option to redeem their interest in the fund. The assets in the class have been diversified across vintage years, industry sectors, and geographic regions. Also included are investments in fund of funds, which invest across a diversified array of strategies. Generally redemptions are not available or allowable for these funds. As of December 31, 2023, there were certain unfunded commitments for these funds. There has not been significant funding (administrative expenses only) relating to those commitments during the year ended December 31, 2023. The GE IPT does not expect there to be significant funding related to those in the future.

Note 5 - Plan Termination

The Plan Sponsor reserves the right to amend, modify, suspend, replace, or terminate the Plan at any time, for any reason, in its sole discretion, with or without notice, to the full extent permitted by law. No employee, dependent, or other individual has a vested right to any benefit under the Plan, and no provision of the Plan or any communication regarding the Plan shall be interpreted to provide or imply such a right. In the event of termination, participants are able to request reimbursement for eligible expenses from their account balances as of the date of termination, as defined in the plan document.

Note 6 - Tax Status

Pursuant to a letter issued by the IRS, on June 24, 1987, the GE IPT has obtained a favorable tax exemption letter from the IRS. As of December 31, 2024, the Plan Sponsor believes that the Plan continues to qualify and to operate in accordance with applicable provisions of Section 125 of the Internal Revenue Code. As a result, no provision for income taxes has been included in the Plan's financial statements.
