Independent Auditor's Report

Plan Administrator
Stampede Culinary Partners, Inc. Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stampede Culinary Partners, Inc. Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year the ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, and Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Stampede Meat, Inc. Employee Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Stampede Meat, Inc. Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, as most recently amended and restated effective January 1, 2021, is a contributory, defined contribution plan maintained for the benefit of all eligible employees of Stampede Meat, Inc. (the Company). Employees become eligible upon reaching 21 years of age and after completing one year and 1,000 hours of service and can enter the Plan the first of the month following meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective February 1, 2015, the Plan provides for automatic enrollment at a deferral rate of 2% of compensation, as defined, for eligible employees unless an eligible employee elects otherwise. Effective January 1, 2017, the Plan elected to exclude employee commissions from eligible compensation. The Plan was amended effective April 1, 2023, to allow employees from the Plan Sponsor's wholly owned subsidiary, DL Lee, Inc, to participate in the Plan.

Contributions: The Plan provides for the following contributions which are to be maintained in separate accounts. Contributions are subject to certain limitations:

Participant-directed contributions: Each year, participants may contribute up to 20% of pretax annual compensation, as defined by the Plan. Participants who reach the age of 50 before the end of the plan year are eligible to make catch-up contributions.

Company matching contributions: The Company may, at its discretion, contribute an amount equal to a percentage of each participant's eligible salary deferral contributions. For the year ended December 31, 2024, the discretionary Company matching contributions were allocated on the basis of 25% of each participant's eligible elective deferrals of the first 2% eligible compensation (as defined), 50% of the third percent and 75% of the fourth percent.

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Company discretionary profit sharing contributions: The Company may also make discretionary profit sharing contributions to the Plan. The amount to be contributed by the Company is at the discretion of the Company. No profit sharing contributions were made for 2024.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from another qualified deferred compensation plan.

Vesting: Participants are immediately vested in their participant-directed, Company's discretionary matching, discretionary profit sharing contribution, if any and rollover contribution accounts, plus actual earnings thereon. Participants who attain retirement age, as defined, or terminate employment due to death or disability are 100% vested in their accounts.

Forfeited accounts: At December 31, 2024 and 2023, there was \$2,105 and \$15,659, respectively, in forfeited nonvested accounts. During 2024, no forfeitures were used to pay administrative expenses or reduce Company matching contributions.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with participant-directed contributions, discretionary Company matching contribution, if any, discretionary Company profit sharing contributions, if any, rollover contributions, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of instrument options as more fully described in the Plan's literature. Participants are allowed to change their investment options on a daily basis.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of the vested account balance or \$50,000. The term of the notes receivable may not exceed five years unless the note is for the purchase of a principal residence which may not exceed 15 years. A participant may have no more than two notes outstanding at any given time. All notes receivable balances are secured by the balance in the participant's accounts and bear interest at a reasonable fixed rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the loan was funded. The interest rate on notes receivable outstanding at December 31, 2024, ranged from 4.25% to 9.50%. Principal and interest are paid periodically through weekly payroll deductions.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan's literature. Participants may make withdrawals from their account balances upon reaching age 59½ or by determination that a financial hardship, as defined, has been incurred.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) require the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are paid by the participants. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Administrative costs: The majority of administrative costs of the Plan are paid for by the Plan with the remainder paid by the Plan's sponsor.

Payment of benefits: Benefit payments to participants are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, (the Custodians)

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

	2024	2023
Shares of registered investment companies (at fair value)	\$ 10,574,184	\$ 8,667,747
Guaranteed investment contract (at contract value)	208,331	184,160
Notes receivable from participants	162,078	126,583
Net appreciation in fair value of investments	546,219	
Interest and dividends	588,054	
Interest on notes receivable from participants	11,245	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

Stampede Meat, Inc. Employee Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	\$ 10,574,184	\$ -	\$ -	\$ 10,574,184
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	\$ 8,667,747	\$ -	\$ -	\$ 8,667,747

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Stampede Meat, Inc. Employee Savings Plan

Notes to Financial Statements

Note 5. Guaranteed Portfolio Fund and Fully Benefit-Responsive Contract

In 2014, the Plan entered into an unallocated fixed annuity Key Guaranteed Portfolio Fund guaranteed investment contract with Empower Annuity Insurance Company of America (EAIC), which is an AA rated company. EAIC maintains the contributions in a general account. The account is credited with earnings on the investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Participants should refer to the investment contract for a list of such events. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no contract termination clauses or charges applied upon discontinuance to terminate the agreement prior to the scheduled maturity date. The contract value of investment contracts as of December 31, 2024 and 2023, was \$208,331 and \$184,160, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Note 6. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC and, therefore, these transactions qualify as party-in-interest.

The Company pays certain investment advisory and administrative expenses of the Plan. Total administrative expenses paid by the Plan for the year ended December 31, 2024, were \$58,330. In addition, certain administrative functions are performed by employees of the Company for which no compensation is received from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8. Income Tax Status

The Plan has adopted an Internal Revenue Service (IRS) preapproved plan sponsored by Empower Retirement, LLC. The preapproved plan has received an opinion letter from the IRS dated November 14, 2022, as to the Plan's qualified status. The opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is currently operating in compliance with applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Stampede Meat, Inc. Employee Savings Plan

Notes to Financial Statements

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 10,923,699	\$ 8,967,187
Notes receivable from participants	(162,078)	(126,583)

Excess contribution payable	20,894	11,303
Net assets available for benefits per Form 5500	<u>\$ 10,927,088</u>	<u>\$ 8,978,490</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to changes in net assets available for benefits per Form 5500 for the year ended December 31, 2024.

Changes in net assets available for benefits per the financial statements	\$ 1,956,512
Interests and dividends	(2,711)
Investment gain	(2,493)
Interests on notes receivable from participants	2,574
Company contributions	(6,021)
Participants contributions	20,893
Benefit paid directly to participants	(3,818)
Administrative expenses	(16,338)
Changes in net assets available for benefits per Form 5500	<u>\$ 1,948,598</u>

Note 11. Nonexempt Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit \$75,202 of participant contribution deferrals within the Plan timeframe as stated by the DOL regulations. The Plan Sponsor intends to reimburse the Plan for lost interest in 2025.
