WV-OH Supplemental Health Plan

**INDEPENDENT AUDITOR'S REPORT**

**Opinion on the 2024 Financial Statements**

We have audited the accompanying financial statements of the WV-OH Supplemental Health Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the WV-OH Supplemental Health Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the WV-OH Supplemental Health Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the WV-OH Supplemental Health Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the WV-OH Supplemental Health Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the WV-OH Supplemental Health Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

#### *2024 Supplemental Schedules Required by ERISA*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held at the End of the Year as of December 31, 2024 and the Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and

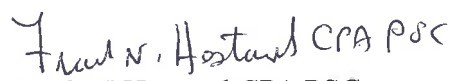

Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### *2023 Financial Statements*

Predecessor auditors performed an audit of the 2023 financial statements of the WV-OH Supplemental Health Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 7, 2024, included a Basis for Qualified Opinion paragraph disclosing that the Plan's 2023 financial statements excluded the Statement of Benefit Obligations, the Statement of Changes in Benefit Obligations, and related disclosures. The prior period audit report also indicated that, except for the omission of the information described in the Basis for Qualified Opinion, the (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

WV-OH Supplemental Health Plan  
Notes to Financial Statements

**1. Description of the Plan**

The following description of the WV-OH Supplemental Health Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description Booklet for a more complete description of the Plan's provisions.

**General**

The Plan is a noncontributory defined benefit health and welfare plan, originally established under an agreement dated December 17, 2001, and most recently restated effective February 1, 2021, between the employers and the participating local unions, with operations beginning in January 2002. The Plan is used to defray the cost of health benefits of members after retirement or upon disablement. The Plan also provides a supplemental short term disability benefit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Eligibility**

The Plan is open to any member, who worked under the terms and conditions of a Collective Bargaining Agreement in effect between participating employers and participating employees as defined in the Summary Plan Description Booklet and Amendment. The participating unions include IBEW Local Unions 141 (Wheeling), 466 (Charleston), 596 (Clarksburg), and 968 (Parkersburg) in West Virginia and IBEW Local 972 (Marietta) and 1105 (Newark) in Ohio.

In general, an individual will be eligible to receive a health premium benefit from the Plan as a retired member (or spouse of a retired member) of a participating union after retirement and attainment of age 57 ½, provided they have worked at least 3,000 hours within 10 years preceding retirement.

Members are also eligible for the health premium benefit if they become totally disabled while working under the terms and conditions of the collective bargaining agreement and were, or are, covered by the 4<sup>th</sup> District IBEW Health Fund.

Eligibility for the short-term disability benefit is determined through verification from a doctor of inability to work.

WV-OH Supplemental Health Plan  
Notes to Financial Statements

**1. Description of the Plan (continued)**

**Contributions**

The Plan provides that participating employers make monthly contributions to the Plan per hour worked. The employers' contribution rate is determined by the Collective Bargaining Agreements Effective June 1, 2024 and 2023 the rates were 80 cents per hour and 70 cents per hour, respectively.

**Benefit Payments**

The Plan provides two types of benefits to eligible member retirees and their spouses:

Health Premiums – The Plan will pay generally 50% of the premium owed to the 4<sup>th</sup> District IBEW Health Fund on behalf of each member, provided the member keeps current on their share of the premium payment.

Weekly Disability – The Plan provides a supplemental disability benefit of \$150 a week to members that are eligible for this benefit up to a maximum of 26 weeks.

**Funding Policy**

According to the Plan, contributions must be funded to the Plan no later than the 25<sup>th</sup> day of the month following the date gross wages are paid. A grace period is allowed for.

**Reciprocity**

Members of the participating unions may work from time to time in the jurisdiction of Local 317 (Huntington) or Local 575 (Portsmouth). In this case, Local 317 or 575 will forward the contribution due on behalf of these members to the Plan. Likewise, members of Local 317 or 575 may work from time to time for employers in the Plan's jurisdiction. Contributions for these members are forwarded to Local 317 or 575.

**Participant Accounts**

No individual accounts are maintained.

WV-OH Supplemental Health Plan  
Notes to Financial Statements (continued)

## 2. Summary of Significant Accounting Policies

### **Basis of Presentation**

The financial statements have been prepared on the accrual basis of accounting.

### **Recent Accounting pronouncements**

In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, Financial Instruments - Credit Losses (Topic 326), which is effective for the Plan for the year ended December 31, 2024. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

### **Valuation of Investments**

The Plan's investments are stated at fair value. Securities traded on the national securities exchange are valued at the last reported sales price on the last business day of the plan year.

### **Tax Status**

The Internal Revenue Service ruled on December 3, 2003, that the Plan is a tax exempt organization as defined under Section 501(c)(9) of the Internal Revenue Code of 1954; accordingly, no provision for Federal income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosures in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

WV-OH Supplemental Health Plan  
Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Subsequent Events**

Subsequent Events were evaluated through October 5, 2025 the date the financial statements were available to be issued.

**Employer Contributions and Reciprocals (Net)**

Contributions paid from employers under union agreements and reciprocals received, less reciprocals paid (net) for the fiscal years ended December 31, 2024 and 2023, is comprised of the following:

	<u>2024</u>	<u>2023</u>
Contributions from employers	\$ 3,080,102	\$ 2,090,320
Reciprocal receipts	5,690	19,554
	3,085,792	2,109,874
Deduct: reciprocal payments	(5,518)	(11,190)
	\$ 3,080,274	\$ 2,098,684

**Reclassification**

Certain 2023 amounts have been reclassified to conform to the 2024 presentation. These reclassifications had no impact on the total assets, liabilities or changes in net assets available for benefits.

WV-OH Supplemental Health Plan  
Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

**Benefit Obligations and Postretirement Benefit Obligations**

The Plan does not have any insurance premium or claims payable. Furthermore, the 4<sup>th</sup> District IBEW Health Fund has committed to report and fund the postretirement benefit obligations, as well as the estimated claims payable and claims incurred but not reported. Their obligation will continue to be reflected on the 4<sup>th</sup> District IBEW Health Fund's financial statements.

**3. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WV-OH Supplemental Health Plan  
Notes to Financial Statements (continued)

**3. Fair Value Measurements (continued)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Money Market Funds: Valued at the closing price reported on the active market on which the securities are traded.
- Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Change Commission. These funds are required to publish their daily net asset value (NAV) and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Mutual funds and money market funds below determine fair value using a calculated net asset per share, or its equivalent. As of December 31, 2024 and 2023, there were no unfunded commitments related to these investment. These investments can be redeemed daily with no redemption notice required.

**3. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

<u>Assets at Fair Value as of December 31, 2024</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 3,910,453			\$ 3,910,453
Cash Equivalents	7,394			7,394
Total Assets at Fair Value	\$ 3,917,847			\$ 3,917,847

<u>Assets at Fair Value as of December 31, 2023</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 3,690,802			\$ 3,690,802
Cash Equivalents	8,502			8,502
Total Assets at Fair Value	\$ 3,699,304			\$ 3,699,304

**4. Administrative Expenses**

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party administrators, the attorney, investment managers and consultants, actuary, and auditor. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.

WV-OH Supplemental Health Plan  
Notes to Financial Statements (continued)

**5. Priorities Upon Termination of the Plan**

Although the board of trustees has not expressed intent to discontinue the Plan, they may do so at any time subject to the provisions of ERISA and the terms of the Trust and Collective Bargaining Agreement. In the event of termination of the Plan, the assets of the Plan would continue to be used to pay reasonable administrative expenses and to distribute and apply remaining surplus as the trustees so determine, until no assets remain.

**6. Concentration of Credit Risk**

Cash is maintained in an interest-bearing checking account. The checking balance may exceed insured limits for federal deposit insurance. The Plan has not experienced any losses in this account. Management believes the Plan is not exposed to any significant risk on bank deposits.

**7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**8. Party-In-Interest Transactions**

As disclosed in Note 4, the Plan pays certain administrative, investment and professional fees to various service providers. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of the Employee Retirement Income Security Act of 1974 (ERISA).
