Independent Auditor's Report

To the Plan Administrator
Talascend, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Talascend, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Talascend, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Talascend, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Talascend, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Talascend, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Talascend, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (Continued)

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1: Description of Plan

The following description of Talascend, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan established by Talascend, LLC under a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by Fidelity Management & Research Company. The Plan generally covers all employees of Talascend, LLC and Talascend SL, LLC (the Companies) who have attained the age of 21. Employees become participants in the Plan on the first day of the month following eligibility. The Plan qualifies under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: The Plan generally allows eligible employees to contribute an amount not to exceed the lesser of 50% of their compensation or an amount which, when added to other additions (exclusive of earnings) to the participant's account in any plan year, does not exceed the maximum limitation on annual additions to a participant's account under applicable provisions of the Internal Revenue Code. Each participant designates the percentage of their contribution which is to be invested in one or more of the available investment fund options. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers), with the exception of Roth accounts. In the event the Plan fails to satisfy relevant nondiscrimination provisions, participant contributions may be returned to certain active participants. "Excess participant contributions payable" represents the amounts to be refunded and is reported in the statements of net assets available for benefits.

Employer Contributions: The Companies are generally not required to contribute to the Plan, but may make discretionary matching contributions at the option of the Companies. Discretionary employer matching contributions are allocable to active participants that have made eligible contributions during the Plan year and are either employed on the last day of the Plan year or have terminated employment during the Plan year as a result of retirement, death, or disability. For the years ended December 31, 2024 and 2023, there were no discretionary employer matching contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of the Companies' contributions, and Plan earnings and losses. Plan earnings and losses are allocated based on the account balances of the participants. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance. All Plan assets as of December 31, 2024 and 2023, with the exception of the forfeiture account and participant contributions receivable, have been allocated to participant accounts.

Vesting: Participants are immediately vested in all of their contributions and investment earnings thereon. Vesting in the Companies' contributions and investment earnings thereon is based on years of credited service. A participant is 40% vested after two years of credited service and 100% vested after three years of credited service. In the event of death, disability, or retirement, a participant's interest is immediately fully vested in the employer contributions and related earnings under terms set forth in the Plan agreement.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1: Description of Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts up to the lesser of \$50,000 or 50 percent of their vested account balance. The loans, which must be for at least \$1,000, bear interest at prevailing rates for similar loans as determined by the plan administrator. Repayments are generally made through payroll deductions. A participant may have only two loans outstanding at any one time.

Payment of Benefits: Upon termination of employment due to death, disability, or other reasons, a participants may have their plan benefits distributed as a lump sum payment equal to a participant's balance. Distributions of deceased participant's account will be made to the designated beneficiary. Account balances that are equal to or less than \$1,000 will be distributed in a lump sum amount and account balances equal to or less than \$5,000 will be rolled into an IRA account. Participants are generally required to take minimum distributions upon reaching the age of 73. In-service withdrawals are permitted after a participant has attained 59½ years of age. Hardship withdrawals by a participant are permitted if specified criteria are met.

Forfeitures: The non-vested portion of a participant's account balance is forfeited upon termination of employment. As of December 31, 2024 and 2023, forfeited non-vested participant accounts totaled \$970 and \$3, respectively. Forfeitures are first utilized to pay the Plan's administrative expenses and the remainder used to reduce the Companies' contributions. During the years ended December 31, 2024 and 2023, \$-0- and \$947 from forfeited non-vested accounts was used to pay Plan expenses, respectively.

Note 2: Summary of Significant Accounting Policies

Following is a description of the significant accounting and reporting policies of the Plan:

Basis of Presentation: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance. Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements
December 31, 2024 and 2023

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions: Contributions from participants, including any related employer matching contributions, are recorded in the period the employer withholds payroll deductions from Plan participants.

Benefits Paid to Participants: Benefits are recorded when paid to participants.

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2025, the date the financial statements were available to be issued. During the period January 1, 2025 through October 13, 2025, the Plan did not have any material recognizable subsequent events.

Note 3: Fair Value Measurements

Generally Accepted Accounting Principles (GAAP) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2024 and 2023

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for Plan investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values (NAV) of shares held by the Plan at year end. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are to be reported at fair value. The table below presents the assets and liabilities measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,454,021	\$ -0-	\$ -0-	\$ 17,454,021

	<u>\$ 17,920,462</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ 17,920,462</u>
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,596,756	\$ -0-	\$ -0-	\$ 14,596,756
Money market fund	503,716	-0-	-0-	503,716
	<u>\$ 15,100,472</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ 15,100,472</u>

Note 4: Information Certified by the Plan Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedules.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments in money market and mutual funds, common collective trust, and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was derived from information certified as complete and accurate by Fidelity.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 5: Common/Collective Trust

The Fidelity Managed Income Portfolio Fund (the Managed Income Portfolio or the Fund), a common/collective trust fund, invests in a variety of benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The Fund meets all of the standards required to be considered fully benefit-responsive, and is therefore reported at contract value in the statements of net assets available for benefits. The Managed Income Portfolio holds investments in fully benefit-responsive investment contracts that provide that the Plan make withdrawals at contract value for benefit-responsive requirements. The fund does not have a guaranteed rate of return, as the fund yield can fluctuate with the returns of the underlying fund assets.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Managed Income Portfolio at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify for Section 401(k) of the Internal Revenue Code.
2. The establishment of a defined contribution plan that competes with the Plan for employee contributions.
3. Any substantive modification or administration of the Fund that is not consented.
4. Change in laws or regulations having an adverse effect on the Fund's cash flow.
5. Communications from the Plan sponsor or fiduciary designed to influence transfers out of the Fund.
6. Transfers of assets from the Fund to a directly competing investment option.

No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6: Notes Receivable from Participants

As of December 31, 2024, 7 participants were indebted to the Plan in the total amount of \$24,411 (December 31, 2023 - 7 participants in the total amount of \$34,375) as the result of loans made to them by the Plan. The loans are evidenced by promissory notes bearing interest at 4.25% to 9.50% per annum, and are payable in installments, the latest of which is due in November 2028. The notes are fully secured by the participants' vested account balances.

Note 7: Excess Participant Contributions Payable

The Plan is subject to certain non-discrimination rules under ERISA and the Internal Revenue Code (the Code). For the Plan year ended December 31, 2023, the Plan failed certain of the non-discrimination tests under the Code due to lower contribution percentages by non-highly compensated eligible employees relative to the contribution percentages of highly compensated eligible employees. In order to meet the requirements of the non-discrimination rules, the Plan refunded a portion of the contributions made by highly compensated participants, in accordance with applicable provisions of the Code. The refund for 2023, paid in 2024, totaled \$10,214. The refunds are recorded as "Excess participant contributions payable" in the December 31, 2023 statements of net assets available for benefits and are included as an adjustment to participant contributions on the statements of changes in net assets available for benefits for the year ended December 31, 2023. The Plan met all requirements of the non-discrimination rules for the year ended December 31, 2024.

Notes to Financial Statements
December 31, 2024 and 2023

Note 8: Plan Termination

The Companies have the right under the Plan agreement to discontinue their contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all participants will become fully vested. The Companies have not indicated any intention to terminate the Plan.

Note 9: Income Tax Status

The Internal Revenue Service has ruled in a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA and related trust established by Fidelity Management & Research Company qualifies under applicable sections of the Internal Revenue Code. An employer who adopts this plan is generally considered to have a plan that is also qualified. The Plan's administrator and the Plan's sponsor believe that the Plan is designed and currently operating in compliance with the applicable requirements of the Internal Revenue Code. The Plan's federal tax returns are subject to examination by the Internal Revenue Service generally for a period of three years after the returns are filed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress for any tax periods.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 11: Parties-in-Interest

The Plan offers participants various investment options which are managed by an affiliate of Fidelity Management Trust Company (Fidelity), the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, Fidelity provides various recordkeeping services for which it is compensated. For the years ended December 31, 2024 and 2023, the Plan paid administrative fees totaling \$13,443 and \$14,834, respectively, to Fidelity.

Note 12: Administrative Expenses

The Plan provides that the Plan sponsor, at its discretion, may pay administrative expenses of the Plan. For each of the years ended December 31, 2024 and 2023 the Plan sponsor paid Plan administrative expenses totaling approximately \$17,500 and \$17,000, respectively. Expenses paid directly by the Plan sponsor are excluded from these financial statements.

Note 13: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 14: Non-Exempt Prohibited Transactions

The Company failed to remit to the Plan's trustee certain employee contributions totaling \$2,547 within the period prescribed by the Department of Labor (DOL) regulations. As of December 31, 2024, the Company has initiated the process to resolve the matter as required by the DOL through the Voluntary Fiduciary Correction Program (VFCP).

Independent Auditor's Report

To the Plan Administrator
Talascend, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Talascend, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Talascend, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Talascend, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Talascend, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Talascend, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Talascend, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (Continued)

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1: Description of Plan

The following description of Talascend, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan established by Talascend, LLC under a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by Fidelity Management & Research Company. The Plan generally covers all employees of Talascend, LLC and Talascend SL, LLC (the Companies) who have attained the age of 21. Employees become participants in the Plan on the first day of the month following eligibility. The Plan qualifies under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: The Plan generally allows eligible employees to contribute an amount not to exceed the lesser of 50% of their compensation or an amount which, when added to other additions (exclusive of earnings) to the participant's account in any plan year, does not exceed the maximum limitation on annual additions to a participant's account under applicable provisions of the Internal Revenue Code. Each participant designates the percentage of their contribution which is to be invested in one or more of the available investment fund options. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers), with the exception of Roth accounts. In the event the Plan fails to satisfy relevant nondiscrimination provisions, participant contributions may be returned to certain active participants. "Excess participant contributions payable" represents the amounts to be refunded and is reported in the statements of net assets available for benefits.

Employer Contributions: The Companies are generally not required to contribute to the Plan, but may make discretionary matching contributions at the option of the Companies. Discretionary employer matching contributions are allocable to active participants that have made eligible contributions during the Plan year and are either employed on the last day of the Plan year or have terminated employment during the Plan year as a result of retirement, death, or disability. For the years ended December 31, 2024 and 2023, there were no discretionary employer matching contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of the Companies' contributions, and Plan earnings and losses. Plan earnings and losses are allocated based on the account balances of the participants. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance. All Plan assets as of December 31, 2024 and 2023, with the exception of the forfeiture account and participant contributions receivable, have been allocated to participant accounts.

Vesting: Participants are immediately vested in all of their contributions and investment earnings thereon. Vesting in the Companies' contributions and investment earnings thereon is based on years of credited service. A participant is 40% vested after two years of credited service and 100% vested after three years of credited service. In the event of death, disability, or retirement, a participant's interest is immediately fully vested in the employer contributions and related earnings under terms set forth in the Plan agreement.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1: Description of Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts up to the lesser of \$50,000 or 50 percent of their vested account balance. The loans, which must be for at least \$1,000, bear interest at prevailing rates for similar loans as determined by the plan administrator. Repayments are generally made through payroll deductions. A participant may have only two loans outstanding at any one time.

Payment of Benefits: Upon termination of employment due to death, disability, or other reasons, a participants may have their plan benefits distributed as a lump sum payment equal to a participant's balance. Distributions of deceased participant's account will be made to the designated beneficiary. Account balances that are equal to or less than \$1,000 will be distributed in a lump sum amount and account balances equal to or less than \$5,000 will be rolled into an IRA account. Participants are generally required to take minimum distributions upon reaching the age of 73. In-service withdrawals are permitted after a participant has attained 59½ years of age. Hardship withdrawals by a participant are permitted if specified criteria are met.

Forfeitures: The non-vested portion of a participant's account balance is forfeited upon termination of employment. As of December 31, 2024 and 2023, forfeited non-vested participant accounts totaled \$970 and \$3, respectively. Forfeitures are first utilized to pay the Plan's administrative expenses and the remainder used to reduce the Companies' contributions. During the years ended December 31, 2024 and 2023, \$-0- and \$947 from forfeited non-vested accounts was used to pay Plan expenses, respectively.

Note 2: Summary of Significant Accounting Policies

Following is a description of the significant accounting and reporting policies of the Plan:

Basis of Presentation: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance. Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions: Contributions from participants, including any related employer matching contributions, are recorded in the period the employer withholds payroll deductions from Plan participants.

Benefits Paid to Participants: Benefits are recorded when paid to participants.

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2025, the date the financial statements were available to be issued. During the period January 1, 2025 through October 13, 2025, the Plan did not have any material recognizable subsequent events.

Note 3: Fair Value Measurements

Generally Accepted Accounting Principles (GAAP) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for Plan investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values (NAV) of shares held by the Plan at year end. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are to be reported at fair value. The table below presents the assets and liabilities measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,454,021	\$ -0-	\$ -0-	\$ 17,454,021

	<u>\$ 17,920,462</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ 17,920,462</u>
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,596,756	\$ -0-	\$ -0-	\$ 14,596,756
Money market fund	503,716	-0-	-0-	503,716
	<u>\$ 15,100,472</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ 15,100,472</u>

Note 4: Information Certified by the Plan Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedules.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments in money market and mutual funds, common collective trust, and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was derived from information certified as complete and accurate by Fidelity.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 5: Common/Collective Trust

The Fidelity Managed Income Portfolio Fund (the Managed Income Portfolio or the Fund), a common/collective trust fund, invests in a variety of benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The Fund meets all of the standards required to be considered fully benefit-responsive, and is therefore reported at contract value in the statements of net assets available for benefits. The Managed Income Portfolio holds investments in fully benefit-responsive investment contracts that provide that the Plan make withdrawals at contract value for benefit-responsive requirements. The fund does not have a guaranteed rate of return, as the fund yield can fluctuate with the returns of the underlying fund assets.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Managed Income Portfolio at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify for Section 401(k) of the Internal Revenue Code.
2. The establishment of a defined contribution plan that competes with the Plan for employee contributions.
3. Any substantive modification or administration of the Fund that is not consented.
4. Change in laws or regulations having an adverse effect on the Fund's cash flow.
5. Communications from the Plan sponsor or fiduciary designed to influence transfers out of the Fund.
6. Transfers of assets from the Fund to a directly competing investment option.

No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6: Notes Receivable from Participants

As of December 31, 2024, 7 participants were indebted to the Plan in the total amount of \$24,411 (December 31, 2023 - 7 participants in the total amount of \$34,375) as the result of loans made to them by the Plan. The loans are evidenced by promissory notes bearing interest at 4.25% to 9.50% per annum, and are payable in installments, the latest of which is due in November 2028. The notes are fully secured by the participants' vested account balances.

Note 7: Excess Participant Contributions Payable

The Plan is subject to certain non-discrimination rules under ERISA and the Internal Revenue Code (the Code). For the Plan year ended December 31, 2023, the Plan failed certain of the non-discrimination tests under the Code due to lower contribution percentages by non-highly compensated eligible employees relative to the contribution percentages of highly compensated eligible employees. In order to meet the requirements of the non-discrimination rules, the Plan refunded a portion of the contributions made by highly compensated participants, in accordance with applicable provisions of the Code. The refund for 2023, paid in 2024, totaled \$10,214. The refunds are recorded as "Excess participant contributions payable" in the December 31, 2023 statements of net assets available for benefits and are included as an adjustment to participant contributions on the statements of changes in net assets available for benefits for the year ended December 31, 2023. The Plan met all requirements of the non-discrimination rules for the year ended December 31, 2024.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 8: Plan Termination

The Companies have the right under the Plan agreement to discontinue their contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all participants will become fully vested. The Companies have not indicated any intention to terminate the Plan.

Note 9: Income Tax Status

The Internal Revenue Service has ruled in a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA and related trust established by Fidelity Management & Research Company qualifies under applicable sections of the Internal Revenue Code. An employer who adopts this plan is generally considered to have a plan that is also qualified. The Plan's administrator and the Plan's sponsor believe that the Plan is designed and currently operating in compliance with the applicable requirements of the Internal Revenue Code. The Plan's federal tax returns are subject to examination by the Internal Revenue Service generally for a period of three years after the returns are filed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress for any tax periods.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 11: Parties-in-Interest

The Plan offers participants various investment options which are managed by an affiliate of Fidelity Management Trust Company (Fidelity), the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, Fidelity provides various recordkeeping services for which it is compensated. For the years ended December 31, 2024 and 2023, the Plan paid administrative fees totaling \$13,443 and \$14,834, respectively, to Fidelity.

Note 12: Administrative Expenses

The Plan provides that the Plan sponsor, at its discretion, may pay administrative expenses of the Plan. For each of the years ended December 31, 2024 and 2023 the Plan sponsor paid Plan administrative expenses totaling approximately \$17,500 and \$17,000, respectively. Expenses paid directly by the Plan sponsor are excluded from these financial statements.

Note 13: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 14: Non-Exempt Prohibited Transactions

The Company failed to remit to the Plan's trustee certain employee contributions totaling \$2,547 within the period prescribed by the Department of Labor (DOL) regulations. As of December 31, 2024, the Company has initiated the process to resolve the matter as required by the DOL through the Voluntary Fiduciary Correction Program (VFCP).

Independent Auditor's Report

To the Plan Administrator
Talascend, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Talascend, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Talascend, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Talascend, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Talascend, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Talascend, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Talascend, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (Continued)

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1: Description of Plan

The following description of Talascend, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan established by Talascend, LLC under a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by Fidelity Management & Research Company. The Plan generally covers all employees of Talascend, LLC and Talascend SL, LLC (the Companies) who have attained the age of 21. Employees become participants in the Plan on the first day of the month following eligibility. The Plan qualifies under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: The Plan generally allows eligible employees to contribute an amount not to exceed the lesser of 50% of their compensation or an amount which, when added to other additions (exclusive of earnings) to the participant's account in any plan year, does not exceed the maximum limitation on annual additions to a participant's account under applicable provisions of the Internal Revenue Code. Each participant designates the percentage of their contribution which is to be invested in one or more of the available investment fund options. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers), with the exception of Roth accounts. In the event the Plan fails to satisfy relevant nondiscrimination provisions, participant contributions may be returned to certain active participants. "Excess participant contributions payable" represents the amounts to be refunded and is reported in the statements of net assets available for benefits.

Employer Contributions: The Companies are generally not required to contribute to the Plan, but may make discretionary matching contributions at the option of the Companies. Discretionary employer matching contributions are allocable to active participants that have made eligible contributions during the Plan year and are either employed on the last day of the Plan year or have terminated employment during the Plan year as a result of retirement, death, or disability. For the years ended December 31, 2024 and 2023, there were no discretionary employer matching contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of the Companies' contributions, and Plan earnings and losses. Plan earnings and losses are allocated based on the account balances of the participants. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance. All Plan assets as of December 31, 2024 and 2023, with the exception of the forfeiture account and participant contributions receivable, have been allocated to participant accounts.

Vesting: Participants are immediately vested in all of their contributions and investment earnings thereon. Vesting in the Companies' contributions and investment earnings thereon is based on years of credited service. A participant is 40% vested after two years of credited service and 100% vested after three years of credited service. In the event of death, disability, or retirement, a participant's interest is immediately fully vested in the employer contributions and related earnings under terms set forth in the Plan agreement.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1: Description of Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts up to the lesser of \$50,000 or 50 percent of their vested account balance. The loans, which must be for at least \$1,000, bear interest at prevailing rates for similar loans as determined by the plan administrator. Repayments are generally made through payroll deductions. A participant may have only two loans outstanding at any one time.

Payment of Benefits: Upon termination of employment due to death, disability, or other reasons, a participants may have their plan benefits distributed as a lump sum payment equal to a participant's balance. Distributions of deceased participant's account will be made to the designated beneficiary. Account balances that are equal to or less than \$1,000 will be distributed in a lump sum amount and account balances equal to or less than \$5,000 will be rolled into an IRA account. Participants are generally required to take minimum distributions upon reaching the age of 73. In-service withdrawals are permitted after a participant has attained 59½ years of age. Hardship withdrawals by a participant are permitted if specified criteria are met.

Forfeitures: The non-vested portion of a participant's account balance is forfeited upon termination of employment. As of December 31, 2024 and 2023, forfeited non-vested participant accounts totaled \$970 and \$3, respectively. Forfeitures are first utilized to pay the Plan's administrative expenses and the remainder used to reduce the Companies' contributions. During the years ended December 31, 2024 and 2023, \$-0- and \$947 from forfeited non-vested accounts was used to pay Plan expenses, respectively.

Note 2: Summary of Significant Accounting Policies

Following is a description of the significant accounting and reporting policies of the Plan:

Basis of Presentation: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance. Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions: Contributions from participants, including any related employer matching contributions, are recorded in the period the employer withholds payroll deductions from Plan participants.

Benefits Paid to Participants: Benefits are recorded when paid to participants.

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2025, the date the financial statements were available to be issued. During the period January 1, 2025 through October 13, 2025, the Plan did not have any material recognizable subsequent events.

Note 3: Fair Value Measurements

Generally Accepted Accounting Principles (GAAP) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for Plan investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values (NAV) of shares held by the Plan at year end. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are to be reported at fair value. The table below presents the assets and liabilities measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,454,021	\$ -0-	\$ -0-	\$ 17,454,021

Note 4: Information Certified by the Plan Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedules.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments in money market and mutual funds, common collective trust, and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was derived from information certified as complete and accurate by Fidelity.

Note 5: Common/Collective Trust

The Fidelity Managed Income Portfolio Fund (the Managed Income Portfolio or the Fund), a common/collective trust fund, invests in a variety of benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The Fund meets all of the standards required to be considered fully benefit-responsive, and is therefore reported at contract value in the statements of net assets available for benefits. The Managed Income Portfolio holds investments in fully benefit-responsive investment contracts that provide that the Plan make withdrawals at contract value for benefit-responsive requirements. The fund does not have a guaranteed rate of return, as the fund yield can fluctuate with the returns of the underlying fund assets.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Managed Income Portfolio at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify for Section 401(k) of the Internal Revenue Code.
2. The establishment of a defined contribution plan that competes with the Plan for employee contributions.
3. Any substantive modification or administration of the Fund that is not consented.
4. Change in laws or regulations having an adverse effect on the Fund's cash flow.
5. Communications from the Plan sponsor or fiduciary designed to influence transfers out of the Fund.
6. Transfers of assets from the Fund to a directly competing investment option.

No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6: Notes Receivable from Participants

As of December 31, 2024, 7 participants were indebted to the Plan in the total amount of \$24,411 (December 31, 2023 - 7 participants in the total amount of \$34,375) as the result of loans made to them by the Plan. The loans are evidenced by promissory notes bearing interest at 4.25% to 9.50% per annum, and are payable in installments, the latest of which is due in November 2028. The notes are fully secured by the participants' vested account balances.

Note 7: Excess Participant Contributions Payable

The Plan is subject to certain non-discrimination rules under ERISA and the Internal Revenue Code (the Code). For the Plan year ended December 31, 2023, the Plan failed certain of the non-discrimination tests under the Code due to lower contribution percentages by non-highly compensated eligible employees relative to the contribution percentages of highly compensated eligible employees. In order to meet the requirements of the non-discrimination rules, the Plan refunded a portion of the contributions made by highly compensated participants, in accordance with applicable provisions of the Code. The refund for 2023, paid in 2024, totaled \$10,214. The refunds are recorded as "Excess participant contributions payable" in the December 31, 2023 statements of net assets available for benefits and are included as an adjustment to participant contributions on the statements of changes in net assets available for benefits for the year ended December 31, 2023. The Plan met all requirements of the non-discrimination rules for the year ended December 31, 2024.

Note 8: Plan Termination

The Companies have the right under the Plan agreement to discontinue their contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all participants will become fully vested. The Companies have not indicated any intention to terminate the Plan.

Note 9: Income Tax Status

The Internal Revenue Service has ruled in a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA and related trust established by Fidelity Management & Research Company qualifies under applicable sections of the Internal Revenue Code. An employer who adopts this plan is generally considered to have a plan that is also qualified. The Plan's administrator and the Plan's sponsor believe that the Plan is designed and currently operating in compliance with the applicable requirements of the Internal Revenue Code. The Plan's federal tax returns are subject to examination by the Internal Revenue Service generally for a period of three years after the returns are filed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress for any tax periods.

TALASCEND, LLC 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 11: Parties-in-Interest

The Plan offers participants various investment options which are managed by an affiliate of Fidelity Management Trust Company (Fidelity), the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, Fidelity provides various recordkeeping services for which it is compensated. For the years ended December 31, 2024 and 2023, the Plan paid administrative fees totaling \$13,443 and \$14,834, respectively, to Fidelity.

Note 12: Administrative Expenses

The Plan provides that the Plan sponsor, at its discretion, may pay administrative expenses of the Plan. For each of the years ended December 31, 2024 and 2023 the Plan sponsor paid Plan administrative expenses totaling approximately \$17,500 and \$17,000, respectively. Expenses paid directly by the Plan sponsor are excluded from these financial statements.

Note 13: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 14: Non-Exempt Prohibited Transactions

The Company failed to remit to the Plan's trustee certain employee contributions totaling \$2,547 within the period prescribed by the Department of Labor (DOL) regulations. As of December 31, 2024, the Company has initiated the process to resolve the matter as required by the DOL through the Voluntary Fiduciary Correction Program (VFCP).
