Opinion

We have audited the financial statements of **Central Moloney, Inc. Salaried Employee Stock Ownership Plan and Trust (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits in liquidation as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits in liquidation of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits in liquidation for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Terminating Plan

As further discussed in Note 1 to the financial statements, the Plan Sponsor elected to terminate the Plan effective October 20, 2023. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting to liquidation basis. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Board of Trustees
Central Moloney, Inc. Salaried Employee
Stock Ownership Plan and Trust

Responsibilities of Management for the Financial Statements *(Continued)*

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for reasonable period of time.

Auditor’s Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Central Moloney, Inc. Salaried Employee Stock Ownership Plan and Trust

Notes to Financial Statements December 31, 2024 and 2023

NOTE 1: PLAN DESCRIPTION

The following brief description of the Central Moloney, Inc. Salaried Employee Stock Ownership Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

Central Moloney Inc. (the Company) established the Plan effective as of January 1, 1996. As of January 1, 2016, the Plan was amended and operated, in relevant part, as a leveraged employee stock ownership plan (ESOP), and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective October 19, 2023, in connection with the reorganization of the Company, the Company's Board of Directors voted to make the newly formed CMI Reorganization Holdings, Inc. (the Plan Sponsor) the Plan Sponsor. On October 20, 2023, all of the issued and outstanding equity interest of the Company was purchased by a third-party and the decision was made to terminate the Plan.

Prior to October 16, 2023, the Plan was administered by an Administrative Committee comprised of four persons appointed by the Company's Board of Directors. The Plan's Trustees were also comprised of four persons appointed by the Company's Board of Directors. Effective October 16, 2023, the Company's Board of Directors voted to retain the services of an independent fiduciary and transactional trustee for the Plan as a result of the Company sale.

Plan Termination

During the year ended December 31, 2023, the Company was purchased by a third-party. As a result of the purchase, the Plan Sponsor elected to terminate the Plan effective October 20, 2023. As of that date, participants are no longer credited for hours of service, no current or future employees who are not currently in the Plan will be eligible to participate in the Plan, no former employees will be allowed to reenter the Plan as a participant as of their reemployment date, no employer contributions will be made to the Plan attributable to compensation paid after the termination date and all participant accounts are fully vested and nonforfeitable.

Eligibility

Prior to October 20, 2023, salaried employees of the Company were generally eligible to participate in the Plan after obtaining the age of 18. Participants who did not have at least 1,000 hours of service during a Plan year or are not employed on the last working day of a Plan year were generally not eligible for an allocation of Company contributions for such year. Effective October 20, 2023, as a result of the Plan's termination, no new participants can be added to the Plan.

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1: PLAN DESCRIPTION (Continued)

Contributions

Prior to October 20, 2023, the Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equaled the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its notes payable. Employee contributions are not permitted.

Dividends

Prior to October 20, 2023, to the extent that dividends were not used by the Plan for debt service, participants could leave the funds in the Plan to be invested in Employer stock, as provided by the Plan.

Payment of Benefits

Distributions on account of death, disability, or retirement are made in a lump sum, or in the form of periodic payments beginning in the Plan year following the event based on the election of the participant or the participant's designated beneficiary. Distributions are made in cash or in the form of a direct rollover to an eligible retirement plan or IRA.

Voting Rights

Prior to October 20, 2023, the Trustees voted all Employer stock held by the Plan as directed by the Administrative Committee. However, each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustees prior to the time that such rights were to be exercised in regards to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution or the sale of substantially all the assets of the Company. The Trustees were required to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Prior to October 20, 2023, each participant's account was credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustees from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who were eligible employees of the Company as of the last day of the Plan year would receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. As of October 1, 2023, only Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1: PLAN DESCRIPTION (Continued)

Participant Accounts (Continued)

Upon termination of employment a required divestiture of Company stock will occur according to the following schedule:

<u>Plan Year Following Termination</u>	<u>Fraction of Stock Divested</u>
1	1/5
2	1/4
3	1/3
4	1/2
5	100%

The amount divested will be the fair market value of the Company stock as of the most recent valuation date. The divestiture shall occur, at the participant's election, in the form of a distribution or a transfer to the participants general investment account to be invested as directed by the participant.

Vesting

Effective October 20, 2023, participants are fully vested in their account balance, and no amounts will be forfeited.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

NOTE 1: PLAN DESCRIPTION (Continued)

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. As a result of the decision to terminate the Plan, effective October 20, 2023, all participants became fully vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As discussed in Note 1, the Plan Sponsor elected to terminate the Plan effective October 20, 2023. In accordance with accounting principles generally accepted in the United States of America, the Plan changed the basis of accounting to the liquidation plan basis used in presenting the 2024 and 2023 financial statements.

Cash and Cash Equivalents

The Plan considers all demand deposits and highly liquid investments with original maturities of three months or less at the date of purchase to be cash and cash equivalents. At times during the year, cash and cash equivalents exceeded amounts insured by the Federal Deposit Insurance Corporation (FDIC) or the Securities Investor Protection Corporation (SIPC) and were not collateralized. In the event of an institutional failure, the excess over FDIC or SIPC insurance limits may not be recoverable. For the year ended December 31, 2023, the Plan's balance of cash and cash equivalents maintained at multiple financial institutions totaled approximately \$263,663,000 of which approximately \$1,379,000 was neither insured or collateralized. For the year ended December 31, 2024, the Plan's balance of cash and cash equivalents maintained at multiple financial institutions totaled approximately \$8,859,000, all of which was fully insured or collateralized.

Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. Fair value of the Company's outstanding shares is determined annually by a professional independent appraisal. The Plan's other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits

Benefits are recorded when paid. At December 31, 2024 and 2023, there were no amounts allocated to withdrawing participants that had not been paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

All other expenses paid by the Company totaled approximately \$53,000 on behalf of the Plan for the year ended December 31, 2024.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: INVESTMENT IN COMPANY STOCK

The Plan's investments in the Company's common stock at December 31, are as follows:

	<u>2024</u>	<u>2023</u>
Sponsor company common shares		
Number of shares	410,475	410,475
Cost	\$ 177,991	\$ 26,349,566
Fair value	\$ 7,938,586	\$ 7,290,036

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Company common stock

The fair value of the Company common stock is determined based on an annual independent appraisal. The appraisal is based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process includes selection of the appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a report which Plan management reviews in detail, discusses and approves. The results of this process are documented in minutes of the Plan fiduciary.

Money market mutual fund

The Plan's money market mutual fund is valued at the daily closing price as reported by the fund. The money market mutual fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market mutual fund held by the Plan is deemed to be actively traded.

U.S. government securities

U.S. government securities are valued using pricing models maximizing the use of observable inputs for similar securities.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2024				
Common stock	\$ 7,938,586	\$ -	\$ -	\$ 7,938,586
Money market mutual fund	85,642,016	85,642,016	-	-
	<u>\$ 93,580,602</u>	<u>\$ 85,642,016</u>	<u>\$ -</u>	<u>\$ 7,938,586</u>
	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2023				
Common stock	\$ 7,290,036	\$ -	\$ -	\$ 7,290,036
U.S. government securities	80,563,157	-	80,563,157	-
	<u>\$ 87,853,193</u>	<u>\$ -</u>	<u>\$ 80,563,157</u>	<u>\$ 7,290,036</u>

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

During the year ended December 31, 2024, there were no purchases of Level 3 investments or transfers of assets into or out of Level 3.

NOTE 6: TAX STATUS

The Plan obtained a determination letter on June 6, 2017, in which the IRS informed the Plan Sponsor that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Additionally, the Plan obtained a determination letter dated March 5, 2025, in which the IRS informed the Plan Sponsor that the termination of the Plan would not affect the Plan's qualification for federal tax purposes. The Employer's and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting standards require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan may be subject to audit by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan investments, including the Company's common stock, are exposed to various risks, including interest rate, market and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Plan's financial statements.

NOTE 8: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. This is a related party and party-in-interest transaction.

NOTE 9: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2025, the date that the financial statements were available to be issued.
