## INDEPENDENT AUDITOR'S REPORT

To the Employee Ownership Committee of  
Midwestern Mechanical Employee Stock Ownership Plan  
Sioux Falls, South Dakota

### ***Opinion on 2024 Financial Statements***

We have audited the accompanying financial statements of Midwestern Mechanical Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### ***Responsibilities of Management of the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the 2024 Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## Midwestern Mechanical Employee Stock Ownership Plan

---

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Report on Compiled 2023 Financial Statement***

Plan management is responsible for the accompanying financial statement of Midwestern Mechanical Employee Stock Ownership Plan, which comprises the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2023 financial statement.

### ***Other Matter – Supplemental Schedule Required by ERISA***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion the information in the accompanying schedule is fairly stated in all material respects in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **MIDWESTERN MECHANICAL EMPLOYEE STOCK OWNERSHIP PLAN**

### **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)**

#### **(1) Plan Description**

The following brief description of the Midwestern Mechanical Holdings, Inc. (the Company, the Employer, and the Plan Sponsor) Employee Stock Ownership Plan (the Plan or the ESOP) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

The Company is engaged in the installation of plumbing, heating, cooling, and fire protection systems. Work is regularly performed for clients primarily in South Dakota and Iowa.

The Plan was formed on January 1, 2023.

#### **General**

The Plan, a defined contribution plan, is designed as a stock bonus plan for participating employees of the Company. The Plan operates as an employee stock ownership plan and is designated to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The administrator of the Plan is the Company's Employee Ownership Committee. The trustee of the Plan is SCJ Financial Services.

#### **Eligibility**

Employees of the Company are generally eligible to participate in the Plan and receive employer contributions after achieving 18 years of age and completing 12 months of employment with at least 1,000 hours of service. Plan entry is offered to eligible employees on the first of the year following eligibility requirements are met. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

#### **Contributions**

The Employee Executive Committee of the Company determines the Plan contribution amount annually. Contributions can be made in cash, Company stock, or in such other property as is acceptable to the Trustee. The contributions are allocated according to the pro rata share of each participant's compensation to total eligible compensation. Employees are not permitted to make contributions.

#### **Voting Rights**

Each participant is entitled to exercise voting rights on corporate matters relating to corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets of the business. Each participant will be notified in advance by the Trustee to vote the shares attributable to his or her ESOP account. The Trustee is permitted to vote the shares for which instructions have not been given by the participant. The Trustee is required to vote any unallocated shares on behalf of the collective best interests of the Plan participants and beneficiaries.

#### **Put Option**

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market; therefore, participants have a put option to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years at the share price in effect. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

## **MIDWESTERN MECHANICAL EMPLOYEE STOCK OWNERSHIP PLAN**

### **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)**

#### **(1) Plan Description**

##### **Participant Accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation. At December 31, 2024 (Audited) and 2023 (Compiled), all of the Plan's shares have been allocated.

Plan earnings or losses are allocated to each participant's account based on the ratio of the participant's account balance.

##### **Vesting**

Upon retirement, disability, death (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representative,) or termination of the employment with the Company or termination of the Plan, participants will be entitled to a distribution of their vested interest. A participant is 20 percent vested after two years of credited service, and continues to vest at 20 percent increments until they become fully vested after six years of credited service, or if less than six years of credited service, upon reaching retirement age, upon total and permanent disability or death, or upon termination of the Plan. A year of service is any fiscal year during which the employee has 1,000 or more hours of service. Participants are 100% vested in their account balances upon attainment of age 65, normal retirement, death, or permanent disability.

##### **Forfeitures**

At December 31, 2024 (Audited) and 2023 (Compiled), there was no balance in the forfeited non-vested account as all forfeitures are used in the same year they are forfeited. Forfeited accounts are re-allocated to eligible participants. During the year ended December 31, 2024 (Audited), forfeited non-vested accounts totaling \$135,260 were re-allocated to eligible participants. Allocations are based on a participant's eligible compensation, relative to the total Plan eligible compensation.

##### **Payment of Benefits**

Eligible participants may elect to receive a lump-sum amount equal to the value of their vested interest. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash. Vested benefit payments to terminated employees scheduled to be paid during the following plan year total approximately \$57,000.

Distributions will be made in a lump sum for amounts up to \$7,000 or five substantially equal annual installments over a five-year period for amounts in excess of \$7,000 with the minimum annual installment being the lesser of the participant's remaining balance or \$5,000. The period in which installments may be distributed may be extended up to an additional five years, for each \$275,000 or fraction thereof by which the participant's aggregate account exceeds \$1,380,000. Upon termination of employment, the Company may convert the vested shares to other investments until a disbursement is requested or the six-year disbursement threshold has been met. For account balances between \$1,000 and \$5,000, the balance will be distributed or rolled into an individual retirement plan as soon as practicable. Account balances less than \$1,000 will be distributed by the close of the Plan year in which employment is terminated.

## MIDWESTERN MECHANICAL EMPLOYEE STOCK OWNERSHIP PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

#### (1) Plan Description

##### Diversification

Diversification is offered to active participants close to retirement age so they may have the opportunity to move part of the value of their investment in Company stock into alternative investments under the plan or in another qualified plan maintained by the Company. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the total shares allocated to their account, less shares already diversified. In the sixth year, the percentage changes to 50 percent and each Plan year thereafter. The election to diversify is made subsequent to year end and is based on the participant's account balance at year-end.

##### Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, vested benefits will not be reduced except for a change in the fair market value of the assets allocated to each individual account. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or their respective beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code (IRC). In the event of Plan termination, participants will become 100 percent vested in their accounts. Upon termination, the ESOP Ownership Committee directs the trustee to pay all liabilities of the Plan.

#### (2) Summary of Significant Accounting Policies

##### Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

##### Risks and Uncertainties

The Plan invests in investment securities which consist of the Company's common stock. Investments are exposed to various risks, such as interest, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

##### Contributions

Contributions from the Company are recorded in the year in which the participant compensation was earned.

##### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as those held during the year.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)**

**(2) Summary of Significant Accounting Policies**

**Investment Valuation and Income Recognition**

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Substantially all operating expenses of the Plan are paid by the Company.

**Subsequent Events**

The Plan Administrator has evaluated subsequent events through October 14, 2025, the date which the financial statements were available to be issued.

**(3) Investment**

The Plan had no unallocated shares as of December 31, 2024 (Audited) and 2023 (Compiled). The Plan's investment in the Company's common shares is as follows at December 31:

	<b>2024</b>	<b>2023</b>
	<b>(Audited)</b>	<b>(Compiled)</b>
Number of Shares	1,000,000	-
Cost	\$ 1,930,000	\$ -
Estimated Fair Value	\$ 2,560,000	\$ -

During 2024, the Company contributed 1,000,000 of new shares during plan years ended December 31, 2024 (Audited). As of December 31, 2024 (Audited), a receivable of 287,690 shares for a total of \$736,486 was due from the Company. There were no shares retired from the Plan during the plan years ended December 31, 2024 (Audited) or 2023 (Compiled).

**(4) Fair Value**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: inputs include
  1. quoted prices for similar assets or liabilities in active markets;
  2. quoted prices for identical or similar assets or liabilities in inactive markets;
  3. inputs other than quoted prices that are observable for the asset or liability;
  4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

**MIDWESTERN MECHANICAL EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)**

**(4) Fair Value**

- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Due to the use of unobservable inputs and the level of risk associated with such inputs, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets in fair value as of December 31:

<b>December 31, 2024 (Audited):</b>	Level One	Level Two	Level Three	Fair Value Measurement
Investment in Midwestern Mechanical Common Stock	\$ -	\$ -	\$ 2,560,000	\$ 2,560,000

Following is a description of the valuation methodologies used for assets measured at fair value.

The fair value of the Plan Sponsor's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, discount rates, return on assets, return on equity, market comparisons, and estimated fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves the Administrator's selection of an independent appraiser on an annual basis. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report, which Plan management reviews in detail, discusses, and approves.

The only asset carried at fair value on a recurring basis is the investment in Company's common stock. The following methods and assumptions were used to estimate the fair value of the asset at December 31, 2024 (Audited) and 2023 (Compiled).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## MIDWESTERN MECHANICAL EMPLOYEE STOCK OWNERSHIP PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

#### (4) Fair Value

The change in fair value of the Level Three financial assets for the year ended December 31, 2024 is as follows:

<b>Balance -- December 31, 2023 (Compiled)</b>	\$ -
Employer Contribution of 1,000,000 shares	1,930,000
Net Unrealized Appreciation in Market Value of Investments	630,000
<hr/>	
<b>Balance -- December 31, 2024 (Audited)</b>	<b>\$ 2,560,000</b>

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date

	\$ 630,000
--	------------

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in assets available for benefits.

#### (5) Related Party and Party-In-Interest Transactions

The Plan invests in Company common stock. Additionally, the Plan sponsor made stock and cash contributions for the year ended December 31, 2024 (Audited). As of December 31, 2024 (Audited), the Plan has a receivable from the Company for additional shares to be contributed. Resulting transactions are related party and party-in-interest transactions. As described in Note 2, the Company pays all plan expenses. The Plan's service provider is also a party-in-interest under ERISA.

#### (6) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 23, 2024, the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken a significant uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### (7) Administration of Plan Assets

The Plan's assets, which consist principally of the Company's common shares, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee fees are paid directly by the Company.
