INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Pressmen Welfare Fund:

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of the Pressmen Welfare Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Pressmen Welfare Fund as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and in benefit obligations for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pressmen Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pressmen Welfare Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pressmen Welfare Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pressmen Welfare Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules Form 5500, schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024 and Form 5500, supplemental schedule H, line 4j – schedule of reportable transactions for the year ended December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the Pressmen Welfare Fund (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan’s provisions.

General

The Plan was created pursuant to an agreement and declaration of trust dated January 20, 1971. The Plan covers employees in jobs covered by a collective bargaining agreement with the Graphic Communication International Union Local 72-C (the “Union”). This Plan also covers eligible dependents of active employees and retirees. Unemployed participants, retired employees, employees’ widows, widowers or orphaned children are allowed to continue their eligibility by paying their own contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Benefits

The Plan provides health benefits (medical, hospital, surgical, major medical, and dental), life insurance, short-term disability benefits, and accidental death and dismemberment benefits to eligible active employees. Employees who retire from covered employment after attaining age 55 and 5 years of service may continue to receive benefits under the Plan until they become eligible for Medicare. Retiree benefits are similar to those received as an active employee but are limited to medical, prescription, and limited vision coverage only. All Plan benefits are provided through either insurance or indemnity arrangements with the following companies:

- Cigna
- Incorporated Mutual of Omaha
- Kaiser Permanente

Plan Administration

The Plan is governed by the Board of Trustees consisting of an equal number of representatives of the employers subject to collective bargaining agreements and the Union. The Plan engaged Associated Administrators, LLC to provide third-party administrator services to the Plan.

Contributions

Employers subject to a collective bargaining agreement remit monthly contributions on behalf of each covered employee employed by the tenth day of each month. Covered employees are required to make monthly contributions. Retirees electing coverage under this plan pay monthly premiums by the first day each month for which coverage is sought. All employer contribution monies are used exclusively for providing benefits and paying of all expenses incurred with respect to the operations of the Plan.

The monthly retiree premiums as of both December 31, 2024 and 2023, are as follows:

Plan Modifications

The Plan's Board of Trustees ("Trustees"), as Sponsor, has the right under the Plan to change, modify or eliminate any of the benefits offered by the Plan at any time, subject to the provisions set forth in ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and benefit obligations, and the disclosure of contingencies, if any, as of the date of the statements of net assets available for benefits and changes therein during the reporting periods. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by its investment advisers and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. In accordance with the policy of presenting investments at fair value, net appreciation, including both unrealized and realized gains and losses, in value is reported on the statements of changes in net assets available for benefits for the period in which it occurs.

Pressmen Welfare Fund
Notes to Financial Statements
December 31, 2024 and 2023

Employer Contributions and Contributions Receivable

Each participating employer provides monthly contributions to the Plan pursuant to the terms and conditions of the collective-bargaining agreements. Employer contributions are accrued based upon an analysis of employer remittance reports and subsequent cash receipts. The carrying amount of employer contributions is reduced by an allowance for credit losses that reflects management's best estimate of the amounts that will not be collected. Factors which influence management's judgement in determining the appropriate allowance for credit losses include past collection experience, industry standards, current economic conditions, and expected future economic conditions. As of December 31, 2024 and 2023, the allowance for credit losses was \$0 and \$10,552, respectively.

Management of the Plan, in the normal course of business, contracts for the performance of audits of contributing employer compensation records to verify compliance with the employers' obligations to make required contributions to the Plan.

Participating Self-Pay Contributions and Participant Contribution Receivable

Employees of the participating employers provide monthly contributions to the Plan pursuant to the terms and conditions of the collective-bargaining agreements. Participating self-pay contributions are accrued based upon an analysis of remittance reports and subsequent cash receipts. The carrying amount of participant contributions receivables is reduced by an allowance for credit losses that reflects management's best estimate of the amounts that will not be collected. Factors which influence management's judgement in determining the appropriate allowance for credit losses include past collection experience, industry standards, current economic conditions, and expected future economic conditions. As of December 31, 2024 and 2023, the allowance for credit losses was \$0.

Recognition of Benefits

Benefits are recognized when paid.

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Postretirement Benefit Obligations

Postretirement benefit obligations represent the total actuarial present value of those estimated future benefits that are attributed to employee service rendered through December 31. Postretirement benefits include future benefits expected to be paid to or for currently retired or terminated employees and their beneficiaries and dependents.

The accumulated plan benefits for active participants will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to participant service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2024, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 8, 2025, the date that the financial statements were available to be issued and no items have come to the attention of management that require recognition or disclosure.

Pressmen Welfare Fund
Notes to Financial Statements
December 31, 2024 and 2023

3. POST RETIREMENT BENEFITS

The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan's participating employers and from existing plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary from McKeogh Company, and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Medicare Prescription Drug Improvement and Modernization Act of 2003 (the Act) provides for a prescription drug benefit under Medicare (Medicare Part D) as well as a Federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D. The Plan's postretirement benefit obligations do not reflect any amount associated with the subsidy related to this Act.

The actuarial cost method used to determine the postretirement benefit obligation was the Projected Unit Credit Cost Method. Benefits were attributed to each employee's service up to the date on which he or she attains full eligibility for the benefits.

Significant actuarial assumptions used in the valuation as of December 31, 2024, are as follows:

- Discount rate: 4.5% per year.
- Mortality: RP-2014 Blue Collar Mortality projected to 2019 with Scale MP-2014.
- Withdrawal rates varying by ages are as follows:

<u>Age</u>	<u>Rate</u>
25	0.099
35	0.050
45	0.017

- Rates for retirement are as follows:

<u>Age</u>	<u>Rate</u>
55-61	0.05
62	0.30
63-64	0.10
65	1.00

Pressmen Welfare Fund
Notes to Financial Statements
December 31, 2024 and 2023

- Disability incidence rates varying by age are as follows:

<u>Age</u>	<u>Rate</u>
25	0.002
35	0.003
45	0.006

- Family Composition: Actual data was used for retirees. Costs for retired participants with family coverage are based on the assumption that the family unit consists of the retiree and spouse only.
- Participation: The percentage of eligible retirees assumed to participate is 10%. Of these, 50% are assumed to be both married and elect coverage for their spouse.
- Administrative expenses: A load of 11.5% was applied to the gross medical premiums to estimate the annual administrative expense cost.

The premium assumptions were based on the actual premium rates in effect as of the valuation date. The premium for the various coverage plans available were blended and a weighted average premium was used in the valuation. The trend rate was based on the expectation of future growth and grades down to a 5% ultimate rate over a period of five years.

The effect of a one percentage increase in the assumed health care cost-trend rate would increase the postretirement obligation as of December 31, 2024 and 2023, to \$120,075 and \$121,534, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, or the benefits provided thereunder be modified, amended or terminated, in whole or part, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

These benefits are not guaranteed or vested and the Plan's Trustees, as Sponsor, has the right under the Plan to modify the benefits provided to participants.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Notes to Financial Statements
December 31, 2024 and 2023

Certificates of deposit: Certificates of deposit are held at a banking institution and are valued at cost, which approximates fair value.

Mutual funds: Valued based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Certificates of deposit	\$ -	\$ 99,995	\$ -	\$ 99,995
Mutual funds	657,997	-	-	657,997
Total investments in the fair value hierarchy	<u>\$ 657,997</u>	<u>\$ 99,995</u>	<u>\$ -</u>	<u>\$ 757,992</u>
Uninvested cash				191,094
Investments, at fair value				<u>\$ 949,086</u>

	2023			
	Level 1	Level 2	Level 3	Total
Certificates of deposit	\$ -	\$ 200,997	\$ -	\$ 200,997
Mutual funds	526,400	-	-	526,400
Total investments in the fair value hierarchy	<u>\$ 526,400</u>	<u>\$ 200,997</u>	<u>\$ -</u>	<u>\$ 727,397</u>
Uninvested cash				82,961
Investments, at fair value				<u>\$ 810,358</u>

5. TAX STATUS

The Internal Revenue Service ("IRS") determined and informed the Plan by a letter dated December 13, 1983, that the Plan and related trust, as then designed, is exempt from federal income tax under Section 501(a) of the Internal Revenue Code (the "IRC"), as described at Section 501(c)(9). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires management to evaluate tax positions taken and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition in the financial statements. The Plan is subject to routine audits by taxing and regulatory jurisdictions; however, there are currently no audits in progress for any tax periods. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Pressmen Welfare Fund
Notes to Financial Statements
December 31, 2024 and 2023

Cash consists of monies held in non-interest-bearing transaction accounts. The Plan places its cash with a financial institution deemed to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation for up to \$250,000. At times, the cash balances may exceed the federally insured limits. Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Plan's net assets available for benefits and operations.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

7. CONTRIBUTIONS FROM MAJOR EMPLOYERS

The Plan has three employers which accounted for approximately 93% of employer contributions for the year ended December 31, 2024 and two employers which accounted for approximately 75% of employer contributions for the year ended December 31, 2023.

8. PRIORITIES UPON PLAN TERMINATION

The Trustees reserve the right to terminate or amend the Plan. In the event of the final termination of the Agreement and Declaration of Trust and the Plan, the Trustees may proceed with the termination of the Plan or take such other action as permitted by law. If the Plan is terminated, the Trustees shall have full authority to take any and all action required by law in connection with such termination and any other action permitted by law deemed by them to be necessary to accomplish the prompt and equitable completion of matters relating to such termination. The Trustees shall continue to serve as trustees and Plan assets shall continue to be held in trust until all matters relating to termination have been completed.

Upon termination, after payment of all pending benefit claims, reasonable expenses, taxes, and proper charges, Plan assets shall be allocated and distributed in the manner, and to the persons, that the Trustees determined will best effectuate the purposes hereof, provided that such allocation and distribution shall be in the best interests of eligible employees and eligible dependents, shall not unduly impair the benefit rights of such eligible persons existing at the time of termination, and shall be consistent with the provisions of ERISA, the IRC, and other applicable law.

9. PREMIUMS BY CARRIER

For the years ended December 31, 2024 and 2023, benefits paid included \$1,774,459 and \$1,777,916 respectively, of insurance premiums paid to Kaiser Permanente for medical, prescription, and hospital benefits, \$44,620 and \$44,648, respectively, of insurance premiums paid to Incorporated Mutual of Omaha for life, accidental death and dismemberment, and short term disability benefits, and \$34,297 and \$34,627, respectively, of insurance premiums paid to Cigna for dental benefits.

10. PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
