CCJ & Associates, LLC 401(k) Plan
La Porte, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CCJ & Associates, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

October 14, 2025
CCJ & Associates, LLC 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 1 - Plan Description

The following description of the CCJ & Associates, LLC 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 1, 2001 for eligible employees of CCJ & Associates, LLC and adopting employers (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). CCJ & Associates, LLC serves as the plan administrator. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee.

Eligibility

The Plan is provided for all eligible employees, as defined, who are at least 18 years of age and complete one month of service. Eligible employees may enter the Plan on the first day of each month following the date in which the eligibility requirements are met. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Eligible employees make pre-tax and or Roth contributions to the Plan by electing to defer up to 90% of their eligible compensation, as defined, subject to the maximum limits allowed by law. Eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to the limitations of the IRC. Participants may also make rollover contributions from other qualified plans and certain other qualified sources as defined in the plan document.

Upon meeting the eligibility requirements, employees will automatically begin deferring 3% of their compensation, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. The contributions are made on a pre-tax basis unless the employee affirmatively designates that any portion or all of the contributions be treated as Roth contributions. In March of each year, the automatic deferral percentage will increase by 1% up to a maximum contribution of 10% of eligible compensation, unless an affirmative election is made to opt out of the annual increase.

The Company makes safe harbor nonelective contributions to all eligible participants, as defined, in an amount equal to 3% of an employee's eligible compensation. The Company also has the option to make discretionary nonelective contributions such as profit-sharing contributions that are not safe harbor contributions. For the year ended December 31, 2024, the Company made a discretionary profit-sharing contribution to the Plan on behalf of eligible employees equal to \$435,454, which is net of \$20,000 in forfeitures. The Company may also elect to make discretionary matching contributions. For the year ended December 31, 2024, the Company elected not to make discretionary matching contributions.

See independent auditor's report.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options daily. Under the Plan, earnings and losses are allocated to the participants' accounts daily based on their respective balances in the investments.

Vesting and Forfeitures

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Additionally, participants are 100% vested in safe harbor nonelective contributions made by the Company plus actual earnings thereon. A participant's interest in discretionary nonelective contributions and discretionary matching contributions made by the Company begins vesting at 20% after two years of service, increasing 20% each year thereafter, with the participant becoming 100% vested after six years of service. Regardless of the vesting schedule, participants become fully vested upon reaching normal retirement age, as defined, death, or total and permanent disability.

Forfeitures can be used to pay plan expenses or to reduce future Company contributions. As of December 31, 2024 and 2023, the balance in the forfeiture account was \$8,818 and \$161,630, respectively. During 2024, \$163,669 was utilized to offset the 2023 plan year discretionary profit-sharing contributions and \$1,250 was utilized to pay plan expenses.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their respective accounts. Participants may borrow a minimum of \$1,000 from their account balance. The loan may not be more than 50% of the participant's vested account balance or \$50,000 reduced by any outstanding loan balance, if any, during the previous 12 months, whichever is less. Interest rates are based on the prime rate plus 1%. Principal and interest are repaid directly to Fidelity. Loans are to be repaid within five years unless the purpose of the loan is to acquire a principal residence, which allows the loan to extend to 10 years. Participants are only allowed to have one loan outstanding at a time.

Benefit Payments

Distributions may be made to participants upon termination of employment, retirement, disability, or death. Withdrawals may be made by active participants upon attainment of age 59½, as a qualified reservist, due to financial hardship, subject to the provisions of the Plan, as well as for other permitted reasons. The distribution may be made as a lump-sum payment, partial withdrawal or substantially equal installments. Upon termination, participants with a vested account balance of \$1,000 or less shall receive an automatic lump-sum distribution from the Plan. For participants who terminate with a vested account balance of more than \$1,000 but less than \$7,000, Fidelity will make a direct rollover into an individual retirement account. Upon withdrawal from the Plan or termination of employment, participants may be subject to federal income taxes on contributions and income earned.

See independent auditor's report.

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract. See Note 3.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023 as the notes are collateralized by the participants' account balances. In general, notes receivable from participants are considered in default if a scheduled payment has not been received in the quarter following the calendar quarter in which the payment was due. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Administrative expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Company, at its discretion.

See independent auditor's report.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to certain risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

Note 3 - Group Fixed Annuity Contract

The Plan invests in an unallocated group fixed annuity contract with The Lincoln National Life Insurance Company (Lincoln). The Lincoln Stable Value Separate Account 1, a fully benefit-responsive investment contract, is reported at contract value which represents deposits made under the contracts, plus earnings at guaranteed crediting rates, and less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Lincoln guarantees that the interest credited to the contract will never fall below 1% and is guaranteed for a six-month period.

Certain events limit the ability of the Plan to transact at contract value. Such events include: termination of the contract by the plan sponsor due to full plan termination, which requires at least 90 days advance notice; termination of the contract with Lincoln, which is considered a market value event and could be subject to a market value adjustment pursuant to a formula specified in the contract which may be more or less than contract value or a book value installment option; and participant initiated withdrawals which must remain invested in the contract for at least 90 days before transferring to a competing fund. Plan management does not believe the occurrence of any events that would limit the Plan's ability to transact at contract value with participants are probable.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual Funds: These funds are valued daily based upon their quoted market prices.

Note 5 - Certified Information

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity that all of the information provided is complete and accurate as of December 31, 2024 and 2023 and for the year ended December 31, 2024. Information included in the financial statements and the related notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule of assets (held at end of year).

Note 6 - Federal Income Tax

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan document was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, there were unintentional delays in remitting \$101,179 of participant contributions to the Plan within the timeframe specified by the DOL's Regulation 29 CFR 2510.3-102. The participant contributions have been remitted to the Plan; however, management is in the process of calculating lost earnings on the late remittances.

Note 9 - Party-in-Interest Transactions

Certain investments in the Plan are issued by an affiliate of Fidelity. In addition, the Plan engages in transactions with participants related to notes receivable. These transactions qualify as party-in-interest transactions and are covered by an exemption from the “prohibited transaction” provisions of ERISA and the IRC.

Plan Administrator
CCJ & Associates, LLC 401(k) Plan
La Porte, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CCJ & Associates, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

October 14, 2025
CCJ & Associates, LLC 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 1 - Plan Description

The following description of the CCJ & Associates, LLC 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 1, 2001 for eligible employees of CCJ & Associates, LLC and adopting employers (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). CCJ & Associates, LLC serves as the plan administrator. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee.

Eligibility

The Plan is provided for all eligible employees, as defined, who are at least 18 years of age and complete one month of service. Eligible employees may enter the Plan on the first day of each month following the date in which the eligibility requirements are met. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Eligible employees make pre-tax and or Roth contributions to the Plan by electing to defer up to 90% of their eligible compensation, as defined, subject to the maximum limits allowed by law. Eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to the limitations of the IRC. Participants may also make rollover contributions from other qualified plans and certain other qualified sources as defined in the plan document.

Upon meeting the eligibility requirements, employees will automatically begin deferring 3% of their compensation, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. The contributions are made on a pre-tax basis unless the employee affirmatively designates that any portion or all of the contributions be treated as Roth contributions. In March of each year, the automatic deferral percentage will increase by 1% up to a maximum contribution of 10% of eligible compensation, unless an affirmative election is made to opt out of the annual increase.

The Company makes safe harbor nonelective contributions to all eligible participants, as defined, in an amount equal to 3% of an employee's eligible compensation. The Company also has the option to make discretionary nonelective contributions such as profit-sharing contributions that are not safe harbor contributions. For the year ended December 31, 2024, the Company made a discretionary profit-sharing contribution to the Plan on behalf of eligible employees equal to \$435,454, which is net of \$20,000 in forfeitures. The Company may also elect to make discretionary matching contributions. For the year ended December 31, 2024, the Company elected not to make discretionary matching contributions.

See independent auditor's report.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options daily. Under the Plan, earnings and losses are allocated to the participants' accounts daily based on their respective balances in the investments.

Vesting and Forfeitures

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Additionally, participants are 100% vested in safe harbor nonelective contributions made by the Company plus actual earnings thereon. A participant's interest in discretionary nonelective contributions and discretionary matching contributions made by the Company begins vesting at 20% after two years of service, increasing 20% each year thereafter, with the participant becoming 100% vested after six years of service. Regardless of the vesting schedule, participants become fully vested upon reaching normal retirement age, as defined, death, or total and permanent disability.

Forfeitures can be used to pay plan expenses or to reduce future Company contributions. As of December 31, 2024 and 2023, the balance in the forfeiture account was \$8,818 and \$161,630, respectively. During 2024, \$163,669 was utilized to offset the 2023 plan year discretionary profit-sharing contributions and \$1,250 was utilized to pay plan expenses.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their respective accounts. Participants may borrow a minimum of \$1,000 from their account balance. The loan may not be more than 50% of the participant's vested account balance or \$50,000 reduced by any outstanding loan balance, if any, during the previous 12 months, whichever is less. Interest rates are based on the prime rate plus 1%. Principal and interest are repaid directly to Fidelity. Loans are to be repaid within five years unless the purpose of the loan is to acquire a principal residence, which allows the loan to extend to 10 years. Participants are only allowed to have one loan outstanding at a time.

Benefit Payments

Distributions may be made to participants upon termination of employment, retirement, disability, or death. Withdrawals may be made by active participants upon attainment of age 59½, as a qualified reservist, due to financial hardship, subject to the provisions of the Plan, as well as for other permitted reasons. The distribution may be made as a lump-sum payment, partial withdrawal or substantially equal installments. Upon termination, participants with a vested account balance of \$1,000 or less shall receive an automatic lump-sum distribution from the Plan. For participants who terminate with a vested account balance of more than \$1,000 but less than \$7,000, Fidelity will make a direct rollover into an individual retirement account. Upon withdrawal from the Plan or termination of employment, participants may be subject to federal income taxes on contributions and income earned.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract. See Note 3.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023 as the notes are collateralized by the participants' account balances. In general, notes receivable from participants are considered in default if a scheduled payment has not been received in the quarter following the calendar quarter in which the payment was due. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Administrative expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Company, at its discretion.

See independent auditor's report.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to certain risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

Note 3 - Group Fixed Annuity Contract

The Plan invests in an unallocated group fixed annuity contract with The Lincoln National Life Insurance Company (Lincoln). The Lincoln Stable Value Separate Account 1, a fully benefit-responsive investment contract, is reported at contract value which represents deposits made under the contracts, plus earnings at guaranteed crediting rates, and less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Lincoln guarantees that the interest credited to the contract will never fall below 1% and is guaranteed for a six-month period.

Certain events limit the ability of the Plan to transact at contract value. Such events include: termination of the contract by the plan sponsor due to full plan termination, which requires at least 90 days advance notice; termination of the contract with Lincoln, which is considered a market value event and could be subject to a market value adjustment pursuant to a formula specified in the contract which may be more or less than contract value or a book value installment option; and participant initiated withdrawals which must remain invested in the contract for at least 90 days before transferring to a competing fund. Plan management does not believe the occurrence of any events that would limit the Plan's ability to transact at contract value with participants are probable.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual Funds: These funds are valued daily based upon their quoted market prices.

Note 5 - Certified Information

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity that all of the information provided is complete and accurate as of December 31, 2024 and 2023 and for the year ended December 31, 2024. Information included in the financial statements and the related notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule of assets (held at end of year).

Note 6 - Federal Income Tax

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan document was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, there were unintentional delays in remitting \$101,179 of participant contributions to the Plan within the timeframe specified by the DOL's Regulation 29 CFR 2510.3-102. The participant contributions have been remitted to the Plan; however, management is in the process of calculating lost earnings on the late remittances.

Note 9 - Party-in-Interest Transactions

Certain investments in the Plan are issued by an affiliate of Fidelity. In addition, the Plan engages in transactions with participants related to notes receivable. These transactions qualify as party-in-interest transactions and are covered by an exemption from the “prohibited transaction” provisions of ERISA and the IRC.

Plan Administrator
CCJ & Associates, LLC 401(k) Plan
La Porte, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CCJ & Associates, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

October 14, 2025
CCJ & Associates, LLC 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 1 - Plan Description

The following description of the CCJ & Associates, LLC 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 1, 2001 for eligible employees of CCJ & Associates, LLC and adopting employers (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). CCJ & Associates, LLC serves as the plan administrator. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee.

Eligibility

The Plan is provided for all eligible employees, as defined, who are at least 18 years of age and complete one month of service. Eligible employees may enter the Plan on the first day of each month following the date in which the eligibility requirements are met. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Eligible employees make pre-tax and or Roth contributions to the Plan by electing to defer up to 90% of their eligible compensation, as defined, subject to the maximum limits allowed by law. Eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to the limitations of the IRC. Participants may also make rollover contributions from other qualified plans and certain other qualified sources as defined in the plan document.

Upon meeting the eligibility requirements, employees will automatically begin deferring 3% of their compensation, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. The contributions are made on a pre-tax basis unless the employee affirmatively designates that any portion or all of the contributions be treated as Roth contributions. In March of each year, the automatic deferral percentage will increase by 1% up to a maximum contribution of 10% of eligible compensation, unless an affirmative election is made to opt out of the annual increase.

The Company makes safe harbor nonelective contributions to all eligible participants, as defined, in an amount equal to 3% of an employee's eligible compensation. The Company also has the option to make discretionary nonelective contributions such as profit-sharing contributions that are not safe harbor contributions. For the year ended December 31, 2024, the Company made a discretionary profit-sharing contribution to the Plan on behalf of eligible employees equal to \$435,454, which is net of \$20,000 in forfeitures. The Company may also elect to make discretionary matching contributions. For the year ended December 31, 2024, the Company elected not to make discretionary matching contributions.

See independent auditor's report.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options daily. Under the Plan, earnings and losses are allocated to the participants' accounts daily based on their respective balances in the investments.

Vesting and Forfeitures

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Additionally, participants are 100% vested in safe harbor nonelective contributions made by the Company plus actual earnings thereon. A participant's interest in discretionary nonelective contributions and discretionary matching contributions made by the Company begins vesting at 20% after two years of service, increasing 20% each year thereafter, with the participant becoming 100% vested after six years of service. Regardless of the vesting schedule, participants become fully vested upon reaching normal retirement age, as defined, death, or total and permanent disability.

Forfeitures can be used to pay plan expenses or to reduce future Company contributions. As of December 31, 2024 and 2023, the balance in the forfeiture account was \$8,818 and \$161,630, respectively. During 2024, \$163,669 was utilized to offset the 2023 plan year discretionary profit-sharing contributions and \$1,250 was utilized to pay plan expenses.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their respective accounts. Participants may borrow a minimum of \$1,000 from their account balance. The loan may not be more than 50% of the participant's vested account balance or \$50,000 reduced by any outstanding loan balance, if any, during the previous 12 months, whichever is less. Interest rates are based on the prime rate plus 1%. Principal and interest are repaid directly to Fidelity. Loans are to be repaid within five years unless the purpose of the loan is to acquire a principal residence, which allows the loan to extend to 10 years. Participants are only allowed to have one loan outstanding at a time.

Benefit Payments

Distributions may be made to participants upon termination of employment, retirement, disability, or death. Withdrawals may be made by active participants upon attainment of age 59½, as a qualified reservist, due to financial hardship, subject to the provisions of the Plan, as well as for other permitted reasons. The distribution may be made as a lump-sum payment, partial withdrawal or substantially equal installments. Upon termination, participants with a vested account balance of \$1,000 or less shall receive an automatic lump-sum distribution from the Plan. For participants who terminate with a vested account balance of more than \$1,000 but less than \$7,000, Fidelity will make a direct rollover into an individual retirement account. Upon withdrawal from the Plan or termination of employment, participants may be subject to federal income taxes on contributions and income earned.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract. See Note 3.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023 as the notes are collateralized by the participants' account balances. In general, notes receivable from participants are considered in default if a scheduled payment has not been received in the quarter following the calendar quarter in which the payment was due. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Administrative expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Company, at its discretion.

See independent auditor's report.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to certain risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

Note 3 - Group Fixed Annuity Contract

The Plan invests in an unallocated group fixed annuity contract with The Lincoln National Life Insurance Company (Lincoln). The Lincoln Stable Value Separate Account 1, a fully benefit-responsive investment contract, is reported at contract value which represents deposits made under the contracts, plus earnings at guaranteed crediting rates, and less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Lincoln guarantees that the interest credited to the contract will never fall below 1% and is guaranteed for a six-month period.

Certain events limit the ability of the Plan to transact at contract value. Such events include: termination of the contract by the plan sponsor due to full plan termination, which requires at least 90 days advance notice; termination of the contract with Lincoln, which is considered a market value event and could be subject to a market value adjustment pursuant to a formula specified in the contract which may be more or less than contract value or a book value installment option; and participant initiated withdrawals which must remain invested in the contract for at least 90 days before transferring to a competing fund. Plan management does not believe the occurrence of any events that would limit the Plan's ability to transact at contract value with participants are probable.

CCJ & ASSOCIATES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual Funds: These funds are valued daily based upon their quoted market prices.

Note 5 - Certified Information

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity that all of the information provided is complete and accurate as of December 31, 2024 and 2023 and for the year ended December 31, 2024. Information included in the financial statements and the related notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule of assets (held at end of year).

Note 6 - Federal Income Tax

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan document was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, there were unintentional delays in remitting \$101,179 of participant contributions to the Plan within the timeframe specified by the DOL's Regulation 29 CFR 2510.3-102. The participant contributions have been remitted to the Plan; however, management is in the process of calculating lost earnings on the late remittances.

Note 9 - Party-in-Interest Transactions

Certain investments in the Plan are issued by an affiliate of Fidelity. In addition, the Plan engages in transactions with participants related to notes receivable. These transactions qualify as party-in-interest transactions and are covered by an exemption from the “prohibited transaction” provisions of ERISA and the IRC.
