### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

Member of:  
American Institute  
of Certified Public  
Accountants

Ohio Society of  
Certified Public  
Accountants

We have performed audits of the accompanying financial statements of Fricker's USA, LLC 401(k) Plan, (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

#### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule of Assets are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Fricker's USA LLC 401(k) Plan**

### **Notes to Financial Statements**

**December 31, 2024 and 2023**

#### **1. Description of Plan**

The following summary description of the Fricker's USA LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions and operation of the Plan.

##### **General**

The Plan is a defined contribution plan covering substantially all employees (other than highly compensated employees) of Fricker's USA, LLC (the "Company" or "Plan Sponsor") and Fricker's Maintenance Company, LLC who have attained the age of twenty-one and completed three consecutive months of service. Employees may begin participating on the first day of the month on or after the day they have satisfied all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

##### **Trust Agreement**

Assets of the Plan are held for investment by the Trustee of the Plan, Darlene Robinson, who is an officer of the Company. Plan investments are held for safekeeping by the Custodian of the Plan, Ascensus Trust Company.

##### **Contributions**

Participants may contribute annually up to 100% of annual compensation, not to exceed \$23,000 and \$22,500 in 2024 and 2023, respectively. In addition, participants over age 50 make a "catch-up" contribution up to \$7,500 in 2024 and 2023. Participants of the Plan could make Roth 401(k) contributions which are maintained in a separate account. Participants may also contribute amounts representing rollover distributions from other qualified defined contribution plans and certain individual retirement accounts. The Company makes matching contributions equal to 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company also contributes a profit-sharing contribution to the Plan equal to a discretionary amount determined by the Company for specific participants of the Plan. Profit-sharing contributions were \$75,087 and \$75,088 in 2024 and 2023, respectively and are included in employer contributions on the statements of changes in net assets available for benefits.

##### **Participant Accounts**

Each participant account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations of Plan earnings are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Investments**

The Plan holds its investments under a trust agreement with the Custodian who serves as a custodian of the investments held on behalf of participants. The Plan allows for investment of a participant's account balance in 26 different mutual fund investment options (22 in 2023) and participants may change their investment options at any time throughout the year.

#### **1. Description of Plan - continued**

##### **Vesting**

Participant contributions to the Plan plus actual earnings thereon are vested immediately. The Company's matching contribution and discretionary contribution portion plus actual earnings thereon are vested based on years of service. A participant is vested 20% after two years of service, vesting by 20% for each additional year of service up to 100% vesting after the sixth year of service.

##### **Rollover Contributions**

The Plan may also accept eligible rollover contributions and transfers at the discretion of the Plan Administrator. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions were made with respect to any rollover contributions.

##### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a portion of their total vested account balance. Loan transactions are accounted for as a transfer between the investment fund and the Participant Loan fund. Loan terms range from one to thirty years. The loans are secured by 50% of the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustee. The interest rate on outstanding loans is the prime rate plus 1% (8.5% at December 31, 2024). Principal and interest is paid ratably through bi-weekly payroll deductions. Loans from a participant's Roth account are not permitted.

Under U.S. Department of Labor regulations, the Plan must identify each calendar quarter any participant loan in default. The participant has until the end of the following quarter to pay the overdue amounts. If not paid, a taxable distribution of the unpaid participant loan balance plus accrued interest will be declared.

##### **Benefit Payments**

On termination of service due to death, disability, normal retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments over a specified period of time, or a joint and survivor annuity. In addition, participants who have reached age 59 ½ have the option of withdrawing all or part of their vested account balance at any time. If the vested amount of the participant's account is \$1,000 or less, it will be paid out automatically in one lump-sum payment.

### **Notes to Financial Statements – continued**

**December 31, 2024 and 2023**

#### **1. Description of Plan - continued**

##### **Forfeitures**

Upon termination any unvested portion is forfeited. Forfeited accounts are used to reduce plan administrative fees or allocated to reduce future employer contributions. Forfeited non-vested accounts totaled \$-0- and \$1,219 at December 31, 2024 and 2023, respectively.

##### **Administrative Expenses**

Recordkeeping fees and certain other administrative expenses are paid by participants. The Plan Sponsor pays all remaining administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

#### **2. Summary of Accounting Policies**

##### **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

##### **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Shares of mutual funds are valued at quoted market prices in an active market which represents the net asset value of shares held by the Plan at year end. Interest and dividend income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

##### **Contributions**

Participant salary deferrals and employer contributions are included in income in the period the related salary is earned.

##### **Benefit Payments**

Payments of benefits are recorded when paid.

##### **Notes Receivable from Participants**

Participant loans are classified as notes receivable from participants and measured at unpaid principal balance plus accrued interest. Delinquent loans are treated as distributions based on the terms of the Plan.

##### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## 2. Summary of Accounting Policies - continued

### Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

### Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure in the December 31, 2024 financial statements through October 8, 2025, the date financial statements are available to be issued, and has determined there were no subsequent events that require disclosure under Financial Accounting Standards Board Accounting Standards Codification 855, *Subsequent Events*.

## 3. Information Certified by the Custodian (Unaudited)

The following information related to investments, notes receivable from participants, interest and dividends, and net appreciation (depreciation) in fair value of investments included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 by the Custodian as of December 31, 2024 and 2023 and for the years then ended:

**4. Fair Value Information**

Accounting principles generally accepted in the United States define fair value, establishes a framework for measuring fair value using a three-tier hierarchy and requires certain fair value disclosures. The following is a list of the different levels in the fair value hierarchy based on the data and/or methods used to determine fair value:

- Level 1: Quoted market prices in active markets for identical assets or liabilities
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data for substantially the full term of the asset or liability
- Level 3: Unobservable inputs that may be supported by little or no market activity and reflects management's assumptions that are significant to the measurement of fair value

The asset's or liability's fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methods used for assets measured at fair value:

- *Mutual Funds*: Valued at the closing price reported in the active market where securities are traded at year end.
- *Pooled Separate Accounts*: Valued at the fair market value of the account's underlying assets obtained from market quotations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes those assets measured at fair value on a recurring basis at December 31, 2024 and 2023:

	2024			
	Carrying Amount	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs

## **Fricker's USA, LLC 401(k) Plan**

### **Notes to Financial Statements – continued**

**December 31, 2024 and 2023**

#### **5. Plan Termination**

While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

#### **6. Tax Status**

The IRS has determined and informed the Trustee, by letter dated January 1, 2018, that the prototype non-standardized profit-sharing plan, which serves as a basis for the Plan, and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

#### **7. Related Party Transactions and Party in Interest Transactions**

Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled \$140,496 and \$75,335 as of December 31, 2024 and 2023, respectfully. Interest received on notes receivable from participants totaled \$5,788 and \$4,684 for the year ended December 31, 2024 and 2023, respectively.
