**To the Participants and the Board of Trustees
Bruceton Farm Service, Inc. 401(k) Plan
Morgantown, West Virginia**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Bruceton Farm Service, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bruceton Farm Service, Inc. 401(k) Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Bruceton Farm Service, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bruceton Farm Service, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bruceton Farm Service, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bruceton Farm Service, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2023 Financial Information

The accompanying statement of net assets available for benefits of Bruceton Farm Service, Inc. 401(k) Plan as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended were not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 1 - PLAN DESCRIPTION

The following description of the Bruceton Farm Service, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible full-time employees of Bruceton Farm Service, Inc. and its wholly owned subsidiaries and affiliates (the “Company”) who have attained the age of 21, have completed one year of service and have been credited with at least 1,000 hours of service during such period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for the oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 15% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company’s safe harbor matching contribution is 100% of each participant’s elective deferrals not exceeding 3% of the participant’s compensation, plus 50% of each participant’s elective deferrals in excess of 3% but not in excess of 5% of the participant’s compensation. The Company is also permitted to make a discretionary matching contribution and a discretionary nonelective contribution. There were no discretionary contributions for the year ended December 31, 2024. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s safe harbor matching contributions, as well as allocations of the Company’s discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their salary deferral contributions, safe harbor matching contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company’s discretionary contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 1 - PLAN DESCRIPTION - CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. This amount is reduced by any other outstanding loan balances from all qualified plans sponsored by the employer, and the excess, if any, of the highest total outstanding loan balance of all other outstanding loans for the previous 12 months ending on the day before the date the loan is made, minus the current outstanding loan balance. Notes receivable bear interest at the prime lending rate plus 1% and are fixed for the life of the note. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested interest in the Plan is \$1,000 or less, a distribution will be made regardless of whether the participant consents to the distribution. The plan allows for hardship distributions if certain criteria are met. In-service distributions are also permitted for participants that have attained age 59 ½.

Forfeitures

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled approximated \$46,000 and \$45,000, respectively. The forfeited amounts in any year are used to pay plan expenses or reduce employer discretionary contributions. No forfeitures were used during the plan year ended December 31, 2024.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BRUCETON FARM SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and insurance company. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, as the Guaranteed Portfolio Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Since the Plan cannot withdraw money until maturity, the contract is not considered fully benefit-responsive in accordance with Accounting Standards Codification (ASC) Topic 960-325. The contract is therefore considered non benefit-responsive and is included in the financial statements at fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

Investment Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's total investments at December 31:

	2024	2023
T. Rowe Price Blue Chip Growth Adv	\$ 1,382,774	\$ 1,050,317
Empower S&P 500 Index Fund Inv	1,088,642	836,764

Contributions

Contributions from Plan participants and the safe harbor matching contributions from the Employer are recorded in the year in which employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value in investments.

Plan Expense Account

The Plan Expense Account was established for the purpose of paying necessary and reasonable costs associated with the administration of the Plan and is considered an unallocated holding account. Per the agreement, the amounts in the Plan Expense Account shall be invested in the same investment fund in which the Plan's forfeiture assets are invested. The Plan Expense Account had a balance of \$1,765 and \$1,740 which were included in the forfeiture balance as of December 31, 2024 and 2023, respectively.

The Plan Expense Account agreement stipulates that Empower Annuity Insurance Company of America ("EAIC") will pay to the Plan on a monthly basis Revenue Credits. Revenue Credits are funded from EAIC's general assets and are made available as a reduction in the compensation that EAIC would otherwise earn in connection with the services it provides to the Plan. The deposits to the account totaled \$32,117 and \$25,969 for the years ended December 31, 2024 and 2023, respectively. The Plan Expense Account may be used to pay plan expenses with the Revenue Credits. The agreement in effect names the direct payee of the Revenue Credits to be the Plan's investment advisor a third party administrator. Total expenses paid from the account were \$32,117 and \$25,969 for the years ended December 31, 2024 and 2023, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

BRUCETON FARM SERVICE, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****December 31, 2024 (Audited) and 2023 (Unaudited)****NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts - Prices/unit values for variable annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price of the underlying mutual fund, adjusted by applying the expense factor in the annuity contract.

Investment Contract with Insurance Company - Valued at fair value using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually. (See Note 9.)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024:

NOTE 4 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include an investment contract with Empower Trust Company, LLC, pooled separated accounts managed by Empower Trust Company, LLC, and a non benefit-responsive investment contract with Empower Annuity Insurance Company of America ("EAIC"). These transactions qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. Fees incurred by the Plan for investment management services are included in net appreciation of fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC). The pre-approved plan received an opinion letter on June 30, 2020 that the pre-approved plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 7 - CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held at December 31, 2024, and net appreciation in fair value of investments, interest income on notes receivable from participants, and interest for the year ended December 31, 2024, was obtained by management, and agreed to, or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee, and Empower Annuity Insurance Company of America (qualified institutions).

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a non benefit-responsive investment contract with EAIC which maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer, including: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 10 - OTHER EMPLOYER CONTRIBUTION RECEIVABLE

During the year ended December 31, 2024, the Plan had an operational error in the calculation of the safe harbor matching contributions for a group of participants. Due to this error, the Plan is in the process of paying a true-up contribution to these participants. An other employer contribution receivable in the amount of \$2,488 was recorded as of December 31, 2024.

Bruceton Farm Service, Inc. 401(k) Plan
Morgantown, West Virginia**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Bruceton Farm Service, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bruceton Farm Service, Inc. 401(k) Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Bruceton Farm Service, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bruceton Farm Service, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bruceton Farm Service, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bruceton Farm Service, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2023 Financial Information

The accompanying statement of net assets available for benefits of Bruceton Farm Service, Inc. 401(k) Plan as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended were not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

NOTE 1 - PLAN DESCRIPTION

The following description of the Bruceton Farm Service, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible full-time employees of Bruceton Farm Service, Inc. and its wholly owned subsidiaries and affiliates (the "Company") who have attained the age of 21, have completed one year of service and have been credited with at least 1,000 hours of service during such period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 15% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company's safe harbor matching contribution is 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. The Company is also permitted to make a discretionary matching contribution and a discretionary nonelective contribution. There were no discretionary contributions for the year ended December 31, 2024. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferral contributions, safe harbor matching contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

BRUCETON FARM SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 1 - PLAN DESCRIPTION - CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. This amount is reduced by any other outstanding loan balances from all qualified plans sponsored by the employer, and the excess, if any, of the highest total outstanding loan balance of all other outstanding loans for the previous 12 months ending on the day before the date the loan is made, minus the current outstanding loan balance. Notes receivable bear interest at the prime lending rate plus 1% and are fixed for the life of the note. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested interest in the Plan is \$1,000 or less, a distribution will be made regardless of whether the participant consents to the distribution. The plan allows for hardship distributions if certain criteria are met. In-service distributions are also permitted for participants that have attained age 59 ½.

Forfeitures

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled approximated \$46,000 and \$45,000, respectively. The forfeited amounts in any year are used to pay plan expenses or reduce employer discretionary contributions. No forfeitures were used during the plan year ended December 31, 2024.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BRUCETON FARM SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and insurance company. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, as the Guaranteed Portfolio Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Since the Plan cannot withdraw money until maturity, the contract is not considered fully benefit-responsive in accordance with Accounting Standards Codification (ASC) Topic 960-325. The contract is therefore considered non benefit-responsive and is included in the financial statements at fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

Investment Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's total investments at December 31:

	2024	2023
T. Rowe Price Blue Chip Growth Adv	\$ 1,382,774	\$ 1,050,317
Empower S&P 500 Index Fund Inv	1,088,642	836,764

Contributions

Contributions from Plan participants and the safe harbor matching contributions from the Employer are recorded in the year in which employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value in investments.

Plan Expense Account

The Plan Expense Account was established for the purpose of paying necessary and reasonable costs associated with the administration of the Plan and is considered an unallocated holding account. Per the agreement, the amounts in the Plan Expense Account shall be invested in the same investment fund in which the Plan's forfeiture assets are invested. The Plan Expense Account had a balance of \$1,765 and \$1,740 which were included in the forfeiture balance as of December 31, 2024 and 2023, respectively.

The Plan Expense Account agreement stipulates that Empower Annuity Insurance Company of America ("EAIC") will pay to the Plan on a monthly basis Revenue Credits. Revenue Credits are funded from EAIC's general assets and are made available as a reduction in the compensation that EAIC would otherwise earn in connection with the services it provides to the Plan. The deposits to the account totaled \$32,117 and \$25,969 for the years ended December 31, 2024 and 2023, respectively. The Plan Expense Account may be used to pay plan expenses with the Revenue Credits. The agreement in effect names the direct payee of the Revenue Credits to be the Plan's investment advisor a third party administrator. Total expenses paid from the account were \$32,117 and \$25,969 for the years ended December 31, 2024 and 2023, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

BRUCETON FARM SERVICE, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****December 31, 2024 (Audited) and 2023 (Unaudited)****NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts - Prices/unit values for variable annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price of the underlying mutual fund, adjusted by applying the expense factor in the annuity contract.

Investment Contract with Insurance Company - Valued at fair value using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually. (See Note 9.)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

NOTE 4 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include an investment contract with Empower Trust Company, LLC, pooled separated accounts managed by Empower Trust Company, LLC, and a non benefit-responsive investment contract with Empower Annuity Insurance Company of America ("EAIC"). These transactions qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. Fees incurred by the Plan for investment management services are included in net appreciation of fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC). The pre-approved plan received an opinion letter on June 30, 2020 that the pre-approved plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 7 - CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held at December 31, 2024, and net appreciation in fair value of investments, interest income on notes receivable from participants, and interest for the year ended December 31, 2024, was obtained by management, and agreed to, or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee, and Empower Annuity Insurance Company of America (qualified institutions).

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a non benefit-responsive investment contract with EAIC which maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer, including: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 10 - OTHER EMPLOYER CONTRIBUTION RECEIVABLE

During the year ended December 31, 2024, the Plan had an operational error in the calculation of the safe harbor matching contributions for a group of participants. Due to this error, the Plan is in the process of paying a true-up contribution to these participants. An other employer contribution receivable in the amount of \$2,488 was recorded as of December 31, 2024.
