INDEPENDENT AUDITORS' REPORT

To the Employee Benefits Administration Committee of the Blue Cross and Blue Shield of North Carolina 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Blue Cross and Blue Shield of North Carolina 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, (the “ERISA-required supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the ERISA-required supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Employee Benefits Administration Committee of the Blue Cross and Blue Shield of North Carolina 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Blue Cross and Blue Shield of North Carolina 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, (the “ERISA-required supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the ERISA-required supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Blue Cross and Blue Shield of North Carolina 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Blue Cross and Blue Shield of North Carolina 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description or plan agreement for more complete information.

General

The Plan is a multiple employer defined contribution plan that covers eligible employees of the Participating Employers: Blue Cross and Blue Shield of North Carolina (Blue Cross NC) and Echo Health Ventures, LLC (Echo). Effective May 31, 2023, Experience Health, Inc. (Experience Health) withdrew as a Participating Employer, and the accounts of its former employees remain plan assets until distributed.

Contributions are determined separately by each Participating Employer and are allocated to participants employed by such Participating Employer.

Fidelity Management Trust Company (Fidelity) is the trustee of the Plan, who also provides investment products and participant record-keeping services. The Plan Administrator is Blue Cross NC. Blue Cross NC delegates the duties of the Plan Administrator to the Blue Cross NC Employee Benefits Administration Committee.

Plan Termination

Although it has not expressed any intent to do so, Blue Cross NC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.

Participant Contributions

Plan participants may contribute elective deferrals through payroll withholding deductions. Elective deferrals are limited to 75% of compensation and are subject to Internal Revenue Code (IRC) limits. Eligible employees are automatically enrolled in the Plan at a deduction rate of 2% of compensation unless they elect a different deduction rate, or unless they decline to participate. For participants with a deferral rate of less than 6%, the deduction rate is automatically increased by 1% each January until the deduction rate reaches 6%, unless they decline the increase. At the discretion of the Plan Administrator, participants may contribute amounts from other eligible retirement plans.

Participating Employer Contributions

Blue Cross NC employer safe harbor matching contributions are 100% of the first 4% and 50% of the next 2% of compensation that participants contribute to the Plan. Blue Cross NC nondiscretionary non-elective contributions equal 3% of compensation, allocated to eligible participants.

Echo employer safe harbor matching contributions are 100% of the first 6% of compensation that participants contribute to the Plan. Echo may, at its discretion, contribute non-elective contributions for eligible participants. Echo did not contribute non-elective contributions for the plan year ended December 31, 2024.

Unallocated Accounts

Unallocated accounts include forfeitures and a Qualified Replacement Plan Suspense Account (QRP Account). Forfeitures relating to non-vested portions of terminated participant balances may be used to reduce Participating Employer contributions and to pay Plan expenses. The QRP Account, established with funds transferred from the terminated Blue Cross and Blue Shield of North Carolina Retirement Plan (Retirement Plan), is credited with investment earnings, and used to fund Blue Cross NC nondiscretionary non-elective contributions.

Transfer in represents additional funds credited to the Plan's Qualified Replacement Plan account from the Blue Cross and Blue Shield of North Carolina Retirement Plan (Retirement Plan). The Retirement Plan terminated in 2022 and, on December 28, 2022, transferred excess assets of \$106,950,584. The additional funds reflect residual earnings collected and final accounting reconciliations completed by the trustee.

Transfers from unallocated accounts used to settle accrued Blue Cross NC nondiscretionary non-elective contributions at December 31, 2024 during 2025 total \$19,070,944.

Eligibility and Vesting

Full-time employees and part-time employees who are regularly scheduled to work more than 20 hours per week are eligible to participate in the Plan immediately upon employment. Other part-time employees are eligible to participate upon completion of 1,000 hours during a consecutive twelve-month period. Effective in 2024, employees who complete at least 500 hours of service in three consecutive twelve-month periods are eligible to make elective deferral contributions. All participant and Participating Employer safe harbor matching contributions are fully vested. Participants employed on or hired after January 1, 2024 are fully vested in Blue Cross NC employer non-elective contribution accounts. All other Participating Employer contribution accounts are fully vested after three years of vesting service.

Years of vesting service includes years of service with a variety of organizations affiliated with the Blue Cross and/or Blue Shield System provided that any break in continuous employment between any other organization and the Participating Employer does not exceed 90 days. Years of vesting service includes years of service with organizations that participate in Echo and Experience Health joint ventures with Blue Cross NC.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Participating Employer contributions, and the Plan's earnings. Participant accounts are charged with an allocation of designated administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their account balances according to available options, including participant directed brokerage accounts.

Notes Receivable from Participants

Participants may borrow a minimum of \$500 from their vested account balance. Loans cannot exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the balance in the participant's account. The interest rate is fixed and equal to the prime rate as of the first working day of the month the loan is made. Loan terms are no more than 5 years unless the proceeds are used to purchase a primary residence, in which case the term may extend to 15 years.

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Upon employment termination, participants may elect to receive the vested portion of their account balance as a lump sum payment or installment payments over a designated period not to exceed the life expectancy of the participant or the joint and last survivor expectancy of the participant and a designated beneficiary. Participants age 59½ or older, who are actively employed, may elect to receive all or part of the vested portion of their account balance. Other distributions are permitted for various reasons described in the Plan document.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the fully benefit responsive contract, which is stated at contract value, investments are reported at fair value (refer to Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Distributions from registered investment companies and stock dividends are recognized as income on the ex-dividend date. Distributions from other investments are recognized as income on the payment date. Interest is recognized as income when earned. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan administration and related trust expenses not paid by the Plan are paid by Participating Employers.

3. Information Certified by Trustee

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2024, is obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity.

4. Fair Value Measurements

Accounting principles generally accepted in the United States of America provide the framework for measuring fair value by utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described as follows:

Level I Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.

Level II Inputs, other than quoted prices included in Level I that are observable for the asset or liability through corroboration with market data at the measurement date.

Level III Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Registered investment companies: These are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. These funds have quoted prices in active markets.

Participant-directed brokerage accounts: These are investments in a wide array of securities, invested at a participant's direction through a Fidelity brokerage account. The underlying investments are valued within the bid-ask spread for quoted market prices in active markets.

Collective trust funds: Collective trust funds are valued at NAV provided by the fund administrator as a practical expedient for fair value. The collective trust funds provide for daily redemptions with no restrictions. The Plan has no unfunded commitments to these trusts as of December 31, 2024 and 2023.

QRP investment contract: The Plan invests unallocated QRP Account assets in an investment contract. The sole underlying investment of the investment contract is the New York Life (Issuer) Pooled Separate Account No. 25. The fair value of the investment contract approximates contract value which is determined by the Issuer according to the contract terms. The investment contract is credited with investment earnings, charged for contract expenses, and charged for transfers described in Note 1, Unallocated Accounts. Unless an exception is granted by the Issuer, withdrawals from the contract are permitted ratably over a period of seven years.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024

	Level I	Level II	Level III	Total

Total investments at fair value	\$ 271,572,804	\$ 89,553,344	\$ -	\$ 1,205,802,418

The following amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits:

(a) Collective trust fund investments measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

5. Fully Benefit Responsive Investment Contract

The Plan holds an Investment Contract (Contract) with New York Life (Issuer), which is considered a traditional fully benefit responsive investment contract. Contributions to the Contract are invested in a pooled separate account managed by the Issuer. The Contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Issuer of the Contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan reports the value of the Contract at contract value because this is the amount received by participants if they initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the Contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Participants may only transfer amounts invested in the Contract to a competing fund following a period of at least 90 days during which the amounts are invested in a non-competing fund. Competing funds generally include money market funds, other guaranteed funds, and bond funds with a duration of less than 3 years.

Aggregate participant withdrawal requests resulting from an employer-initiated event may be subject to an annual limit based on the Plan's contract balance at the beginning of the year. Withdrawals in excess of the annual limit may be subject to a market value adjustment. Other events might limit the ability of the Plan to transact at contract value with the Issuer. Such events include (1) amendments to the Plan documents (including Plan termination), (2) changes to the Plan's aforementioned prohibition on competing investment options, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (4) premature termination of the contract. None of the preceding events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Issuer and that also would limit the ability of the Plan to transact at contract value with participants.

6. Related Party and Party-In-Interest Transactions

Parties-in-interest are defined by Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Investment transactions and any fees paid to parties for services associated with plan operations are considered party-in-interest transactions. The Plan engaged in the following party-in-interest transactions which are exempt from prohibited transaction rules defined by ERISA: investment transactions with the trustee, payment of expenses related to investment management and administration of the Plan, and loan transactions with participants.

7. Tax Status

The IRS has determined and informed Blue Cross NC by a letter dated September 28, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

Management has reviewed transactions and events occurring subsequent to December 31, 2024 through October 13, 2025, the date at which the financial statements were available to be issued, for any that would require recognition or disclosure in the accompanying financial statements.
