Independent Auditors' Report

To the Participants and Plan Administrator of
Arnold & Porter Profit-Sharing and 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arnold & Porter Profit-Sharing and 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for year ended December 31, 2024 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arnold & Porter Profit-Sharing and 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Arnold & Porter Profit-Sharing and 401(k) Plan and Trust (the Plan and the Trust, respectively) provides only general information. Effective January 1, 2024, the plan name changed from Arnold & Porter Kaye Scholer LLP Profit-Sharing and 401(k) Plan and Trust to Arnold & Porter Profit-Sharing and 401(k) Plan and Trust. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Arnold & Porter Kaye Scholer LLP (the Partnership or Employer). The Plan is intended to be a qualified profit-sharing plan under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), with a qualified cash or deferred arrangement under Code Section 401(k). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Eligibility

For eligibility purposes, partners in the Partnership are treated as employees. Each U.S.-based employee of the Employer is eligible to participate in the 401(k) portion of the Plan on the employee's first date of employment or attainment of age 21, whichever is later. Each U.S.-based employee is eligible to participate in the profit-sharing portion of the Plan after completion of 24 months of continuous service with the Employer, except that associate attorneys and certain designated employees (Excluded Employees) are not eligible to participate in the profit-sharing portion of the Plan. A U.S.-based employee of the Employer is any common law employee who is working in any of the Employer's U.S. offices or any U.S.-based partner. A U.S.-based partner is a partner who is a citizen or a permanent resident of the U.S.

Participant Accounts

The plan administrator maintains a separate account in the name of each participant and beneficiary having an interest in the Trust. Contributions by or on behalf of a participant and earnings on those contributions, are credited to his or her account. Records are kept showing the amount of contributions made by or on behalf of each participant, and separate records are kept for that part of his or her account attributable to Employer profit-sharing contributions and participant pre-tax contributions, after-tax contributions, Roth 401(k) contributions and rollover contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. A statement of a participant's account balance is furnished to the participant quarterly. Each participant may direct the investment of his or her account into either a portfolio of mutual and other collective investment funds available under the Plan and/or into an individually directed brokerage account (IDA) managed by the participant or an investment advisor of the participant's choosing, yet still held by the Trust.

Contributions

Each year the Employer makes a profit-sharing contribution to the Plan, on behalf of each eligible participant (generally, a U.S.-based employee or partner other than an Excluded Employee who is employed by the Employer on the last day of the plan year or had died or became disabled during the plan year). The amount of the annual profit-sharing contribution made on behalf of each eligible participant who (1) is not a partner, or who does not have a certain job title specified in the Plan, is equal to 7.5% of that part of the compensation (as defined in the Plan) of the eligible participant for the plan year earned after completion of 24 months of continuous service, which contribution is allocated to the eligible participant's account, or (2) has a certain job title specified in the Plan, is equal to the amount specified in the Plan. The amount of the annual profit-sharing contribution made on behalf of eligible participants who are partners is equal to a percentage of the compensation (as defined in the Plan) of all participants who are partners equal to (i) the excess of the dollar limit on annual additions under Code Section 415 (c)(1)(A) for the year, over the dollar limit on elective deferrals under Code Section 402(g) for the year; divided by (ii) the dollar limit on compensation under Code Section 401(a)(17) for the year. For the years ended December 31, 2024 and 2023, the profit-sharing contribution on behalf of eligible participants who were partners equaled 13.33% and 13.18%, respectively, of the compensation of all such participants. The amount of compensation that is taken into account for purposes of making contributions under the Plan is limited by the Code.

Each pay period, the Employer contributes to the Plan the pre-tax contribution amount, and/or the Roth 401(k) contribution amount, elected by each participant. A participant may elect pre-tax and/or Roth 401(k) contributions either as a stated dollar amount or as a percentage of his or her compensation (as defined in the Plan) limited to 50% of compensation, up to the annual dollar limit of \$23,000 and \$22,500, respectively, for the years ended December 31, 2024 and 2023.

A participant who attains age 50 before the close of a plan year and who made the maximum amount of pre-tax contributions and/or Roth 401(k) contributions permitted under the Code is permitted to make additional "catch-up" contributions to the Plan in the form of pre-tax contributions and/or Roth 401(k) contributions. The annual dollar limit for catch-up contributions for the years ended December 31, 2024 and 2023 was \$7,500.

A participant also may make after-tax and rollover contributions to the Plan.

Total contributions (excluding rollover and catch-up contributions) made by and on behalf of a participant for a plan year are subject to certain Code limitations and nondiscrimination testing.

Automatic Enrollment

The Plan provides for automatic enrollment of eligible employees of the Employer who do not make affirmative elections to contribute or not to contribute to the Plan. An eligible employee who is automatically enrolled in the Plan is deemed to make a pre-tax contribution (the Default Contribution) of 6% of compensation (the Default Percentage) each payroll period, and the Default Percentage will automatically increase by 1% (up to 50%) each January 1 following the date on which the eligible employee is automatically enrolled in the Plan. Default Contributions are invested in the applicable target retirement date fund offered under the Plan. An automatically enrolled participant may affirmatively elect at any time to change his or her Default Percentage, cease making pre-tax contributions, cease to be subject to the annual increases and/or change the investment fund in which his or her Default Contributions are invested.

Arnold & Porter Profit-Sharing and 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2024 and 2023

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan to the extent not paid by the Employer, except for (1) administrative expenses related to individual transactions in participants' accounts and IDAs, which are charged to participants' accounts or paid directly by the participants and (2) custodial and recordkeeping fees attributable to the accounts of participants who have terminated employment with the Employer, which are charged to such participants' accounts.

Vesting

Participants are vested immediately in their contributions and the Employer's contributions plus actual earnings thereon.

Payment of Benefits

On termination of employment with the Employer for any reason, including death or total and permanent disability, or after reaching age 59½, a participant or his or her beneficiary may request distribution of his or her account balance either in lump sum or installment payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Hardship Withdrawals

The Plan allows a participant to make a hardship withdrawal in an amount (not less than \$1,000) necessary to satisfy an immediate and heavy financial need, provided the participant furnishes written evidence of the need and the amount. A hardship withdrawal must be on account of one of the following: (1) expenses for medical care; (2) costs directly related to the purchase of a principal residence of the participant; (3) payment of tuition, related educational fees, and room and board expenses, for up to the next 12 months of post-secondary education for the participant, or the participant's spouse, children, or dependents; (4) payments necessary to prevent the eviction of the participant from his or her principal residence or foreclosure of the mortgage on his or her principal residence; (5) payments for burial or funeral expenses for the participant's deceased parent, spouse, children, or dependents; (6) expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction; (7) payment for expenses incurred and/or income lost as a result of residing or working in a federally declared disaster area; or (8) any other event or occurrence that the Commissioner of the Internal Revenue Service (IRS) may designate through the publication of revenue rulings, notices and other documents of general applicability.

Notes Receivable From Participants

A participant may borrow from the Plan at any time subject to certain limitations. Loans from the Plan bear simple interest. The term of a loan will not exceed five years unless the loan is used to acquire a principal residence, in which case the term may not exceed 30 years. A participant loan is secured by the account receivable created by the loan and by such additional security as the Plan's trustees (Trustees) may accept, and the loan may be prepaid without penalty. If a loan is secured by a principal residence, it becomes due and payable upon disposition of such residence. Failure to make a payment on a loan when due constitutes a default. A participant has until the last day of the calendar quarter following the calendar quarter in which the required payment was due to cure the default. If the default is not cured during the grace period, the unpaid balance is deemed to be distributed to the participant at the expiration of the grace period. At December 31, 2024 and 2023, the interest rates on outstanding loans ranged from 4.25% to 10.50%.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3, Fair Value Measurements, for details on inputs, valuation techniques and fair value measurement levels within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the accompanying financial statements and notes. Actual results could differ from those estimates.

Recent Regulatory Updates

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted certain mandatory and optional provisions effective for the years ended December 31, 2024 and 2023, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets for liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds - The money market funds are valued at the quoted net asset value (NAV) of shares held by the Plan at year-end, and accordingly are valued using Level 1 inputs.

Mutual Funds - The fair values of certain of the Plan's investments in mutual fund accounts are based on quoted market prices of the shares held by the Plan at year end, and accordingly are valued using Level 1 inputs.

Collective Trusts - The collective trusts are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements
December 31, 2024 and 2023

IDA Investments:

Common and Preferred Stocks - The Plan's investments held in certain common and preferred stocks are valued at quoted market prices, and accordingly are valued using Level 1 inputs. The fair values of certain restricted common stock and preferred stocks are valued at the quoted market price of the issuer's unrestricted common stock, and accordingly are valued using Level 3 inputs.

Corporate and Government Obligations - The Plan's investments held in corporate and government obligations, for which quoted market prices are not available, are valued based on yields currently available on comparable securities of issues with similar credit ratings, and accordingly are valued using Level 2 inputs.

Unit Investment Trusts - The Plan's investments held in unit investment trusts are based on the quoted market prices of the underlying securities held within each trust, and accordingly are valued using Level 1 inputs.

Partnerships - The Plan's investments held in certain publicly traded partnership investments are based on quoted market prices, and accordingly are valued using Level 1 inputs. The fair values of certain nonpublicly traded partnership investments are based on observable and unobservable inputs and are developed based on the best information available under the circumstances, and accordingly are valued using Level 3 inputs. The unobservable inputs for a partnership investment are generally based on the valuation by the general partner of the partnership's investments in investment entities based on the amount the underlying fund would have received at December 31, 2024 and 2023 had it liquidated its interests, prior to any withdrawal fees, if applicable.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024

4. Information Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Charles Schwab Trust Bank and Provident Trust Group, LLC, custodians of the Plan as of and for the years ended December 31, 2024 and 2023, have certified to the completeness and accuracy of the investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution; however, investments held by Matrix Trust Company totaling \$658,973 and \$633,835 at December 31, 2024 and 2023, respectively, and the related investment activity for the years ended December 31, 2024 and 2023 including \$25,138 of investment gains and \$12,564 of investment losses, respectively, were not certified.

5. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of complete or partial plan termination, the Plan assets shall be distributed in accordance with the terms of the Plan.

6. Tax Status

The Plan has received a determination letter from the IRS dated August 25, 2017, indicating that the terms of the Plan conform to the applicable requirements of the Code and, therefore, the Trust is exempt from taxation. The Plan has been amended since the date of the amendment for which this determination letter was received. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for taxes has been included in the Plan's financial statements.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

8. Concentrations

As of December 31, 2024 and 2023, the Plan had assets of \$478,467,310 and \$380,007,994, respectively, that were invested in the Vanguard Instl Index PI and Vanguard Growth Index Instl funds.

9. Related-Party and Party in Interest Transactions

The Plan's assets are held under a contract with Charles Schwab Trust Bank, Matrix Trust Company and Provident Trust Group, LLC, the custodians of the Plan. Contributions are held and managed by the custodians, who invest cash received, interest and dividend income as directed by the Trustees and/or the participants and make distributions to participants as directed by the plan administrator or the participants.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

As described in Note 1, certain investment and operational related expenses are paid by the Plan, to the extent not paid by the Partnership. Additionally, the Plan is administered by the administrative committee (the Plan Administrator), which is composed of partners and employees of the Partnership. No such partner or employee receives compensation from the Plan.

10. Delinquent Participant Contributions

For the year ended December 31, 2024, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, which totaled \$25, were not corrected in 2024. The Plan has compensated participants for lost earnings resulting from the delay in contributions during 2025.
