## Independent Auditors' Report

To the Plan Participants and the Plan Administrator  
SEIKO Watch of America LLC Savings and Investment Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed an audit of the financial statements of SEIKO Watch of America LLC Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of SEIKO Watch of America LLC Savings and Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and for the year then ended stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SEIKO Watch of America LLC Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SEIKO Watch of America LLC Savings and Investment Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SEIKO Watch of America LLC Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SEIKO Watch of America LLC Savings and Investment Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Other Matter – 2023 Financial Statements***

The 2023 financial statements of the Plan were audited by Marcum LLP. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

INVESTMENT PLAN**

Notes to Financial Statements

As of December 31, 2024 and 2023 and For The Year Ended December 31, 2024

**(1) Description of the Plan**

The following description of the SEIKO Watch of America Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

**(a) General**

The Plan is a defined contribution plan established effective January 1, 1971, and as amended January 1, 2022, covering substantially all employees of SEIKO Watch of America (the Company, the Employer or the Plan Sponsor). The Investment Committee, which is appointed by the Executive Committee of the Company, controls and manages the operation and administration of the Plan. The Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Prudential Retirement Insurance and Annuity Company serves as the trustee of the Plan. Effective March 31, 2023, Prudential Bank & Trust, FSB merged into Empower Trust Company, LLC, an Empower affiliate, and all services performed by Prudential Bank & Trust, FSB have been assumed by Empower Trust Company, LLC (the "Trustee").

**(b) Eligibility**

Employees are eligible to participate in the Plan for purposes of 401(k) contributions and qualified nonelective contributions immediately upon hire and for purposes of matching contributions following the completion of six months of eligibility service with the Company. Per Federal Law, employees must be 21 years of age to participate in the Plan.

**(c) Contributions**

Employees who are eligible and elect to participate in the Plan are able to contribute from 2% up to 30% of their compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The amount of contributions that may be made each payroll period on behalf of any eligible employee who is a highly compensated employee shall not exceed 15%. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for auto-enrollment with automatic employee pre-tax contribution of 3%. The employee has 30 days from plan entry date to decline auto-enrollment and/or modify contribution percentage.

In addition, the Plan has auto-escalation which increases 1% per year to maximum 15%. Employees can opt-out of auto-escalation.

The Plan accepts "eligible rollover distributions" that are rolled over directly to the Plan (direct rollovers).

The Company shall make a regular matching contribution to the Plan for each contribution period on behalf of each of its eligible employees. An employee is only eligible to receive the Company match upon six months of service. The amount of such matching contribution shall be equal to the following:

- a. With respect to employees on the payroll as of March 31, 2004, 100% of each \$1 contributed to the Plan during the contribution period.

**SEIKO WATCH OF AMERICA LLC SAVINGS AND  
INVESTMENT PLAN**

Notes to Financial Statements

As of December 31, 2024 and 2023 and For The Year Ended December 31, 2024

**(1) Description of the Plan (continued)**

***(c) Contributions (continued)***

- b. With respect to participating employees in the Plan as of April 1, 2004, who met the three-year vesting requirements, and who have combined age and length of service totaling 55 as of April 1, 2004, 125% of each \$1 contributed to the Plan during the contribution period. If anyone participating in the Plan as of April 1, 2004, did not meet the three-year vesting requirement in this category, they will receive 125% of each \$1 contributed to the Plan when they have met the three-year vesting requirement.
- c. With respect to employees hired after March 31, 2004, and before December 31, 2008, who did not meet the three-year vesting described above, 75% of each \$1 contributed to the Plan during the contribution period. Upon reaching 100% vesting, the Company may give an additional discretionary contribution of \$0.25 for each dollar contributed to the Plan. No discretionary contributions were made to the Plan for the year ended December 31, 2024.
- d. With respect to employees hired on or after January 1, 2009, 75% of each \$1 contributed to the Plan during the contribution period.

Employee contributions that exceed 6.8% of the eligible employee's base pay for the contribution period are excluded from the Company match.

***(d) Investments***

Participants direct the investment of their contributions and the Company contributions into any investment option offered by the Plan. During 2024 and 2023, the Plan offered 11 investment options. All funds are invested in bonds, common stocks, and short-term securities.

***(e) Participant Accounts***

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Company matching contribution, participant forfeitures and an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. The allocation is based on participants' account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

***(f) Vesting***

All employees are always 100% vested in the value of their own contributions and the investment earnings on these contributions. Participants who were employees of the Company as of March 31, 2004, are 100% vested in Company contributions. Employees hired on or after April 1, 2004, become 100% vested in Company contributions upon completion of three years of service. 1,000 hours constitutes 1 year of vested service.

**SEIKO WATCH OF AMERICA LLC SAVINGS AND  
INVESTMENT PLAN**

Notes to Financial Statements

As of December 31, 2024 and 2023 and For The Year Ended December 31, 2024

**(1) Description of the Plan (continued)**

***(g) Payment of Benefits***

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment, joint and survivor annuity if married, or a single-life annuity in the amount equal to the value of the participant's vested interest in his or her account. The Plan provides for hardship withdrawals, as set forth in accordance with applicable sections of the IRC not to exceed a participant's actual contributions to the Plan and must result from an immediate and heavy financial need of the participant.

***(h) Notes Receivables from Participants***

Participants may borrow from the Plan against their individual account balances in accordance with the Plan's provisions. The loans are secured by the balance in the participants' account. The minimum amount participants may borrow is \$1,000 and the maximum amount is the lesser of:

- a. \$50,000, reduced by the participant's outstanding balance of loans from the Plan on the date on which the loan is made or
- b. 50% of the participant's vested accrued benefit.

Loans bear interest based upon the "bank prime rate," plus 1% reported by the U.S. Federal Reserve on the last business day of the calendar quarter effective for loans made on and after the first business day of the subsequent quarter. The interest rate on participant loans is declared quarterly; however, the Plan reserves the right to change the basis for determining the interest rate prospectively with 30 days' notice. The interest rate will only apply to a loan issued after the changes take effect. Principal and interest are to be repaid via payroll deductions or directly from the participant by check or similar payment method, in substantially equal payments, no less than quarterly. A participant loan must be payable within a period not exceeding five years from the date the participant receives the loan from the Plan, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be payable within 15 years. A participant may not have more than two outstanding loans at any time.

***(i) Forfeitures***

Nonvested employer matching and discretionary contributions are forfeited upon termination of employment or a participant's withdrawal from the Plan. Forfeitures are used to pay Plan expenses and/or to reduce contributions. Forfeitures used to reduce employer contributions and/or plan expenses, inclusive of investment earnings, for the year ended December 31, 2024, were \$1,893. Unallocated forfeited assets were \$50,390 and \$32,183 as of December 31, 2024, and 2023, respectively.

**(2) Summary of Significant Accounting Policies**

***(a) Basis of Accounting***

The accompanying financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles (GAAP).

**SEIKO WATCH OF AMERICA LLC SAVINGS AND  
INVESTMENT PLAN**

Notes to Financial Statements

As of December 31, 2024 and 2023 and For The Year Ended December 31, 2024

**(2) Summary of Significant Accounting Policies (continued)**

***(b) Use of Estimates***

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***(c) Risks and Uncertainties***

The Plan utilizes various investment instrument securities, including pooled separate accounts and a Guaranteed Income Fund (GIF). Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

***(d) Investment Valuation and Income Recognition***

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee, and insurance company. The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses.

***(e) Contributions***

Contributions from plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

***(f) Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as deemed distributions based on the terms of the Plan document.

***(g) Payment of Benefits***

Benefit payments to participants are recorded upon distribution. As of December 31, 2024, and 2023, there were no distributions payable to plan participants.

***(h) Administrative Expenses***

Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. The plan sponsor provides accounting and other administrative services to the Plan at no charge. Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently,

**(2) Summary of Significant Accounting Policies (continued)**

**(h) Administrative Expenses (continued)**

Management fees and operating expenses are reflected as a reduction of investment return for such investments. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses.

**(i) Subsequent Events**

The Plan's management has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued. There were no other events identified requiring recognition or disclosure in the financial statements.

**(3) Investments and Fair Value Measurements**

Accounting Standards Codification ("ASC") ASC 820, *Fair Value Measurements*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets or liabilities; Level 2, Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in active markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, then Level 2 input must be observable for substantially the full term of the asset or liability; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Pooled separate accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

**Investments Measured Using the Net Asset Value Per Share Practical Expedient**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024, and 2023, respectively. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

<b>December 31, 2024</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency (if currently eligible)</b>	<b>Redemption Notice Period</b>

**Fully Benefit Responsive Contract**

The Plan invests in the Empower Annuity Insurance Company guaranteed income fund, which is a fully benefit responsive contract. This investment is valued at the contract value reported by the fund manager based on the underlying investments within each fund. There is no imposed redemption restriction.

The existence of certain events can limit the Contract's ability to transact at contract value with the issuers of its investment contracts. These events include: the Contract's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code; the establishment of a defined contribution plan that completes with the plan for employee contributions; any substantive modification of the Plan or the administration of the Plan that is not considered to be a wrap issuer; any change in law, regulation or administrative ruling applicable to the plan that could have a material adverse effect on the Plan's cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or Prudential that is designed to induce or influence unitholders not to invest in the Plan or to transfer assets out of the Plan any transfer of assets from the Plan directly to a competing investment option. As of December 31, 2024, the occurrence of an event outside the normal operation of the Contract that would cause a withdrawal from an investment contract is not to be considered probable. Contract values as of December 31, 2024, and 2023, are \$11,794,424 and \$14,723,583, respectively.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

**(4) Information Certified by the Trustee**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA – required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest income and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company, the Trustee of the Plan. This information has not been audited by the Plan’s independent auditors.

**(5) Exempt Party-In-Interest Transactions**

Certain Plan investments are shares of pooled separate accounts and a guaranteed income account managed and valued by the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund and the GIF. Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan. The Company pays these salaries on behalf of the Plan.

**(6) Plan Termination**

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, employees become 100% vested in any nonvested employer contributions.

**(7) Income Tax Status**

The Plan is based on a prototype plan. The Internal Revenue Service (IRS) informed the prototype plan sponsor, in an opinion letter dated November 14, 2022, that the form of the plan is acceptable under the requirements of the Internal Revenue Code. An employer may rely on a favorable opinion letter issued to a prototype sponsor as evidence that the plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2015-36. Although the prototype plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and being operated in compliance with applicable requirements of the IRC so that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(8) Delinquent Participant Contributions**

The Company determined that certain remittances of employee deferrals and/or loan repayments for the Plan year ended December 31, 2024, 2023 and 2022, were not made timely in accordance with Department of Labor (DOL) guidelines. The Company ultimately decided to categorize the remittances in question as prohibited transactions. The Company intends to correct all remittances that are included on the schedule of delinquent participant contributions in the supplemental schedules to the financial statements.
