## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the  
ExamWorks 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements**

We have performed audits of the financial statements of the ExamWorks 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### 1. Description of Plan

The following description of the ExamWorks 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies which are available from the plan administrator, for a more complete description of the Plan's provisions.

##### General

The Plan is a defined contribution plan covering eligible employees of ExamWorks, LLC (collectively, ExamWorks or the Company), except for employees covered by a collective bargaining agreement, leased employees, residents of Puerto Rico, or non-resident aliens. Employees become eligible to participate in the Plan upon completion of three months of service and reaching the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On August 1, 2024, the Company acquired Clay Consulting LLC d/b/a South Central Texas Healthcare Co., which was associated with the Slavic Integrated Administration Multiple Employer Retirement Plan (Slavic401(k) Plan). Subsequent to year-end and effective July 1, 2025, the Slavic401(k) Plan was partially merged into the ExamWorks 401(k) Plan.

##### Contributions

Each participant may make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,000 in 2024. Eligible employees who have attained age 50 by the end of the Plan year may make "catch-up" contributions of up to \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching contributions to the Plan for employees who complete at least 1,000 hours of service during the Plan year and are employed as of the last day of the Plan year. Determination of the discretionary matching contribution is at the discretion of the Board of Directors of the Company. There were no discretionary matching contributions in 2024.

##### Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's discretionary matching contributions, and earnings and losses on the investments in their account and is charged with an administrative expense and certain individual transaction fees. Participants direct the investment of their contributions into various investment options offered in the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### **Vesting**

Participants are vested immediately in their contributions and rollovers plus actual earnings and losses thereon. Vesting in the Company's discretionary matching contribution portion of their account is based on years of continuous service. A participant vests 25% per year, starting in year 2, and is fully vested after five years of service.

All amounts become fully vested upon the participant's attainment of normal retirement age, disability, or death. Participants who previously participated in predecessor plans may be subject to different vesting schedules.

#### **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one (1) note outstanding at any time. The notes are secured by the balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan document. During 2024, notes had fixed rates ranging from 4.25% to 10.50% for the term of the note, not to exceed 5 years (10 years if used for the purchase of a residence). Principal and interest are paid through payroll deductions.

#### **Excess Contributions Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code (IRC) are recorded as a liability with a corresponding reduction to contributions in the year the original contribution was made. The Plan distributed the required excess contributions to the applicable participants in accordance with Internal Revenue Service regulations.

#### **Payment of Benefits**

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum amount, equal to the value of the participant's vested interest in their account. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. The participant's contributions may also be withdrawn for certain hardship situations. If a participant terminates employment and has an account balance less than \$1,000, the participant will automatically receive a lump-sum payment equal to the value of their account. If a participant terminates employment and has an account balance greater than \$1,000 but less than \$7,000, the participant's balance will be rolled over to an individual retirement plan account.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### **Forfeited Accounts**

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$698 and \$4,099, respectively. These accounts are first used to cover administrative expenses of the Plan and, second, to reduce future Company discretionary matching contributions. In 2024, the Plan used \$4,159 to pay administrative expenses.

#### **Administrative Expenses**

Participant fees are paid by participants on a pro-rata basis. Participants also pay fees for distributions, loans, and other participant-initiated transactions. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

At December 31, 2024 and 2023, the Plan also maintains a revenue credit sharing account which totaled \$21,257 and \$12,520, respectively. During 2024, the Plan's qualified institution deposited a revenue credit of \$7,878 into the Plan's revenue credit sharing account, the revenue sharing account had investment income of \$859. The revenue credit account is maintained within the money market fund on the statements of net assets available for benefits as of December 31, 2024 and 2023.

## **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **Contributions**

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's discretionary matching contributions are considered payable to the Plan when approved by the Board of Directors.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

#### **Notes Receivable from Participants**

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

#### **Payment of Benefits**

Benefit payments are recorded when paid.

#### **Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

### **3. Information Certified by the Qualified Institution**

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, net increase in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

### **4. Investments**

Certain Plan investments include shares of mutual funds and a money market fund which are managed by Fidelity. Fidelity is a service provider of the Plan and the Plan's qualified institution; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net

## Notes to Financial Statements

### December 31, 2024 and 2023

---

increase in fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

The Plan's investments are susceptible to various market risks. Market risks include U.S and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted market prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

Investment in the common/collective trust funds are valued at its net asset value (NAV). The NAV is based on quoted prices determined daily based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the fund. The common/collective trust funds may

be traded daily at their NAV, but the market is considered inactive (Level 2). There are no unfunded commitments in these funds as of December 31, 2024 and 2023.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their values as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 86,367,394	\$ -	\$ -	\$ 86,367,394

<b>Total investments, at fair value</b>	<b>\$ 86,367,394</b>	<b>\$ 2,328,741</b>	<b>\$ -</b>	<b>\$ 88,696,135</b>

  

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 77,223,871	\$ -	\$ -	\$ 77,223,871
Common/collective trust funds	-	1,257,350	-	1,257,350
<b>Total investments, at fair value</b>	<b>\$ 77,223,871</b>	<b>\$ 1,257,350</b>	<b>\$ -</b>	<b>\$ 78,481,221</b>

### 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary matching contributions.

### 6. Income Tax Status

In 2020, the Plan that was based on a volume submitter plan with CODA sponsored by Fidelity Management & Research Co. (Fidelity Management), an affiliate of Fidelity moved to a Non-Standardized Pre-approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR, LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has determined and informed Fidelity Management by a letter dated June 30, 2020 that the pre-approved is designed in accordance with the applicable requirements of the IRC. Although the Plan has not received an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the  
ExamWorks 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements**

We have performed audits of the financial statements of the ExamWorks 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### 1. Description of Plan

The following description of the ExamWorks 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies which are available from the plan administrator, for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan covering eligible employees of ExamWorks, LLC (collectively, ExamWorks or the Company), except for employees covered by a collective bargaining agreement, leased employees, residents of Puerto Rico, or non-resident aliens. Employees become eligible to participate in the Plan upon completion of three months of service and reaching the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On August 1, 2024, the Company acquired Clay Consulting LLC d/b/a South Central Texas Healthcare Co., which was associated with the Slavic Integrated Administration Multiple Employer Retirement Plan (Slavic401(k) Plan). Subsequent to year-end and effective July 1, 2025, the Slavic401(k) Plan was partially merged into the ExamWorks 401(k) Plan.

#### Contributions

Each participant may make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,000 in 2024. Eligible employees who have attained age 50 by the end of the Plan year may make "catch-up" contributions of up to \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching contributions to the Plan for employees who complete at least 1,000 hours of service during the Plan year and are employed as of the last day of the Plan year. Determination of the discretionary matching contribution is at the discretion of the Board of Directors of the Company. There were no discretionary matching contributions in 2024.

#### Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's discretionary matching contributions, and earnings and losses on the investments in their account and is charged with an administrative expense and certain individual transaction fees. Participants direct the investment of their contributions into various investment options offered in the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### **Vesting**

Participants are vested immediately in their contributions and rollovers plus actual earnings and losses thereon. Vesting in the Company's discretionary matching contribution portion of their account is based on years of continuous service. A participant vests 25% per year, starting in year 2, and is fully vested after five years of service.

All amounts become fully vested upon the participant's attainment of normal retirement age, disability, or death. Participants who previously participated in predecessor plans may be subject to different vesting schedules.

#### **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one (1) note outstanding at any time. The notes are secured by the balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan document. During 2024, notes had fixed rates ranging from 4.25% to 10.50% for the term of the note, not to exceed 5 years (10 years if used for the purchase of a residence). Principal and interest are paid through payroll deductions.

#### **Excess Contributions Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code (IRC) are recorded as a liability with a corresponding reduction to contributions in the year the original contribution was made. The Plan distributed the required excess contributions to the applicable participants in accordance with Internal Revenue Service regulations.

#### **Payment of Benefits**

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum amount, equal to the value of the participant's vested interest in their account. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. The participant's contributions may also be withdrawn for certain hardship situations. If a participant terminates employment and has an account balance less than \$1,000, the participant will automatically receive a lump-sum payment equal to the value of their account. If a participant terminates employment and has an account balance greater than \$1,000 but less than \$7,000, the participant's balance will be rolled over to an individual retirement plan account.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### **Forfeited Accounts**

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$698 and \$4,099, respectively. These accounts are first used to cover administrative expenses of the Plan and, second, to reduce future Company discretionary matching contributions. In 2024, the Plan used \$4,159 to pay administrative expenses.

#### **Administrative Expenses**

Participant fees are paid by participants on a pro-rata basis. Participants also pay fees for distributions, loans, and other participant-initiated transactions. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

At December 31, 2024 and 2023, the Plan also maintains a revenue credit sharing account which totaled \$21,257 and \$12,520, respectively. During 2024, the Plan's qualified institution deposited a revenue credit of \$7,878 into the Plan's revenue credit sharing account, the revenue sharing account had investment income of \$859. The revenue credit account is maintained within the money market fund on the statements of net assets available for benefits as of December 31, 2024 and 2023.

## **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **Contributions**

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's discretionary matching contributions are considered payable to the Plan when approved by the Board of Directors.

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

#### **Notes Receivable from Participants**

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

#### **Payment of Benefits**

Benefit payments are recorded when paid.

#### **Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

### **3. Information Certified by the Qualified Institution**

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, net increase in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

### **4. Investments**

Certain Plan investments include shares of mutual funds and a money market fund which are managed by Fidelity. Fidelity is a service provider of the Plan and the Plan's qualified institution; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net

## Notes to Financial Statements

### December 31, 2024 and 2023

---

increase in fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

The Plan's investments are susceptible to various market risks. Market risks include U.S and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted market prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

Investment in the common/collective trust funds are valued at its net asset value (NAV). The NAV is based on quoted prices determined daily based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the fund. The common/collective trust funds may

be traded daily at their NAV, but the market is considered inactive (Level 2). There are no unfunded commitments in these funds as of December 31, 2024 and 2023.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their values as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 86,367,394	\$ -	\$ -	\$ 86,367,394

<b>Total investments, at fair value</b>	<b>\$ 86,367,394</b>	<b>\$ 2,328,741</b>	<b>\$ -</b>	<b>\$ 88,696,135</b>

  

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 77,223,871	\$ -	\$ -	\$ 77,223,871
Common/collective trust funds	-	1,257,350	-	1,257,350
<b>Total investments, at fair value</b>	<b>\$ 77,223,871</b>	<b>\$ 1,257,350</b>	<b>\$ -</b>	<b>\$ 78,481,221</b>

### 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary matching contributions.

### 6. Income Tax Status

In 2020, the Plan that was based on a volume submitter plan with CODA sponsored by Fidelity Management & Research Co. (Fidelity Management), an affiliate of Fidelity moved to a Non-Standardized Pre-approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR, LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has determined and informed Fidelity Management by a letter dated June 30, 2020 that the pre-approved is designed in accordance with the applicable requirements of the IRC. Although the Plan has not received an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
