Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Hoveround Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

General

The following description of Hoveround Corporation 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined-contribution plan covering all full-time employees of Hoveround Corporation (the “Company”/“Employer”) who have completed at least 90 days of service and are age 18 or older. Participants who have completed 90 days of service, as defined by the Plan, and are 18 years of age or older are eligible for the Employer match. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”). The Company’s 401(k) Plan Committee is responsible for overseeing the Plan, determining the appropriateness of the Plan’s investments and monitoring investment performance.

Plan assets were held in the custody of Voya Institutional Trust Company (“VITC”) (the “Plan Trustee”) at December 31, 2024 and 2023 (see Note 4).

Contributions

Plan participants may elect to contribute up to 100% of their pre-tax annual compensation to the Plan, as defined in the Plan. The contribution is limited, with certain exceptions for those employees who are aged 50 or older, to a maximum contribution of \$23,000 in 2024. The Plan also allows for the Company to make an Employer contribution to the Plan, in an amount to be determined at the discretion of the Company. The Company made an employer matching contribution of approximately \$129,000 for the year ended December 31, 2024. The employer did not make an additional discretionary matching contribution for the year ended December 31, 2024.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Employer’s discretionary contributions, (b) Plan earnings, and (c) administrative expenses charged to the Plan. Allocations are based on participant contributions, earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary employee contributions and earnings thereon. Vesting in the Employer’s matching and discretionary contributions, plus earnings thereon, is based upon years of continuous service, as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Upon the death or permanent disability of a participant, their entire account balance becomes fully vested.

**Hoveround Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Investment Options

Upon enrollment in the Plan, a participant may direct their account balances among any of the Plan's investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000, or 50%, of their vested account balance. Note terms range from one to five years, or up to 15 years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at the Prime Rate on the day of the note request, plus 1%. A participant may have no more than one loan outstanding during the Plan year. Principal and interest are paid ratably through payroll deductions.

Participant notes receivable are recorded at their unpaid principal balance, plus accrued but unpaid interest. If collection of participant notes receivable is deemed doubtful, the amount is recognized as a distribution in the period the determination is made.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in their account. Early retirement is not permitted under this Plan. Normal retirement age, as detailed in the Plan, is 59½. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan but were not paid as of December 31, 2024 and 2023.

Disposition of Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to pay administrative expenses of the Plan or to reduce Employer contributions made to the Plan. Forfeiture balances that will be used to reduce future administrative expenses and Employer contributions were approximately \$3,700 and \$6,000 at December 31, 2024 and 2023 respectively. Forfeitures used during the year ended December 31, 2024 to reduce Employer contributions and to pay Plan expenses were approximately \$5,300.

Investment Risk

The Plan's investments are not insured by the Plan Trustee, the Company, the Federal Deposit Insurance Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds, and other similar types of investments that it may elect to invest in.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

**Hoveround Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Payment of Benefits

Benefits to participants are recorded upon distribution.

Investments

As of December 31, 2024 and 2023, the Plan's investments in registered investment companies are stated at fair value, as reported by VITC.

Investments in registered investment companies are valued based on the net asset value ("NAV") of the underlying investment held by the fund, adjusted for unpaid expenses.

The Plan presents, in the statement of changes in net assets available for benefits, the net change in fair value of its investments, which consists of realized gains and losses, and the unrealized gains and losses in those investments.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts (see Note 6). The Plan's investments in the insurance company general account are stated at contract value. Contract value is deemed to be the relevant measurement attribute for those contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest.

Purchases and sales are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Excess Contributions Payable

Corrective distributions, resulting from exceeding maximum allowed contributions, in the amounts of approximately \$13,200 and \$20,500 were accrued at December 31, 2024 and 2023, respectively, and offset against participant contributions in the statement of changes in net assets available for benefits.

Administrative Expenses

Certain administrative expenses are paid by the Plan and are allocated to the individual participant accounts in accordance with the Plan document. Certain investment expenses are netted against net change in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, the Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

**Hoveround Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Note 3. Tax Status

The Plan is a qualified trust under Section 401(a) of the Internal Revenue Code (“IRC”) and is subject to the provisions of ERISA. The Plan document, as restated on February 14, 2018, is a prototype plan prepared and maintained by Voya Retirement Insurance and Annuity Company. The prototype plan has received a determination of qualification from the IRS dated September 1, 2014. The Plan administrator believes that the adopted Plan continues to qualify and will remain exempt from federal income taxes under Section 401(a).

Note 4. Information Certified by the Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustee, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024.

The Plan’s independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5. Fair Value Measurement

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value in accordance with authoritative accounting literature. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2.** Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3.** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Hoveround Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Registered investment companies	\$ 9,174,592	\$ 9,174,592	\$ -	\$ -

	December 31, 2023			
	Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Registered investment companies	\$ 8,579,467	\$ 8,579,467	\$ -	\$ -

Note 6. Fully Benefit-Responsive Investment Contracts

The Plan's investments held in the guaranteed income fund ("GIF") as of December 31, 2024 and 2023 are deemed to be a fully benefit-responsive group annuity products with Voya and, therefore, are reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The GIF does not limit the Plan's ability to transact at contract value. The GIF contract permits either party to terminate the contract with 90 days' notice. The Voya Fixed Account, the Plan's only GIF, guarantees principal and a guaranteed minimum interest rate of 1.00% for the life of the contract. The average crediting interest rates were 1.00% and 1.50% for the years ended December 31, 2024 and 2023, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Withdrawals influenced by employer-initiated events, such as reallocation of investments, may result in a distribution at other than contract value, and are subject to certain restrictions. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

**Hoveround Corporation 401(k) Plan
Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Parties-In-Interest

The Plan's investments are managed by VITC and, therefore, these transactions qualify as party-in-interest transactions.

Note 9. Reconciliation To Form 5500

Net assets available for benefits at December 31, 2024 and 2023, as presented in these financial statements, differ from what is reported on IRS Form 5500 in the following manner:
