Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **FORVIS MAZARS, LLP**

(2) EIN: **44-0160260**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of AbleHearts Healthcare Foundation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements ("2024 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 18, 2024 indicated that (a) the amounts and disclosures in the

2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

AbleHearts Healthcare Foundation 401(k) Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of Plan

General

The following description of AbleHearts Healthcare Foundation 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan was created on January 1, 2021, by NHNFP Healthcare Inc. d/b/a AbleHearts Healthcare Foundation (the “Foundation”) and subsequently amended effective February 12, 2023. The Plan is a defined contribution 401(k) plan covering all eligible employees of the following Foundation subsidiaries formed or acquired during or after 2021: AbleHearts Communications LLC; AbleHearts Home Services LLC; AbleHearts Rehabilitation LLC; AbleHearts MW Administrative Services LLC; AbleHearts SE Administrative Services LLC; AbleHearts SW Administrative Services LLC; Alton NH LLC (“Alton”); East Peoria NH LLC (“East”); Edwardsville NH LLC (“Edwardsville”); Elgin NH LLC (“Elgin”); Innovative Medical Management Solutions, LLC; Inverness NH LLC (“Inverness”); Joliet NH LLC (“Joliet”); LP Orlando, LLC; Lakeland Oaks NH LLC; Magnolia Crossing NH LLC (“Magnolia”); Moline NH LLC (“Moline”); Northbrook NH LLC (“Northbrook”); Peoria NH LLC (“Peoria”); Rockford NH LLC (“Rockford”); St. Charles NH LLC (“St. Charles”); St. Louis NH LLC (“St. Louis”); Wood River NH LLC (“Wood”); and AbleHearts Cook County Consulting Services LLC, collectively, the “Company”/“Employer.”

Eligible employees are defined as employees who have at least three months of service and are not covered by a collective bargaining agreement unless the agreement provides for Plan participation. The Plan excludes certain temporary or leased staff employees from participation in the Plan if the employee is under the age of 21 and has completed less than 1,000 hours during a 12-month consecutive month period beginning on the hire date and each anniversary of the hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to qualify as a participant-directed plan under Section 404(c) of ERISA. Plan assets were held in the custody of Fidelity Management Trust Company (“Fidelity” or the “Plan Trustee”) at December 31, 2024 (see Note 4).

Contributions

Each participant may elect to contribute, on a taxable Roth or a tax-deferred basis, a percentage of their eligible salary, as defined, each payroll period, and the Company will make safe-harbor matching contributions equal to 100% of the first 3% of the participant’s compensation and 50% of the next 2% of the participant’s compensation that is deferred to the Plan. All contributions are subject to Internal Revenue Code (“IRC”) rules and limitations.

The Company may also make discretionary contributions to the Plan at the discretion of the Board of Directors. Such discretionary contributions will be allocated proportionately, based on each participant’s compensation and provided that the participant has completed 1,000 hours of service during the Plan year and that such participant is an employee on the last day of such Plan year. There were no employer discretionary contributions made for the year ended December 31, 2024.

Employee contributions receivable of approximately \$50,000 at December 31, 2023 consisted of contributions from eligible participants made during 2023 that were received by the Plan in 2024. Employer contributions receivable of approximately \$20,000 at December 31, 2024 consisted of the portion of the Company’s safe-harbor matching contributions associated with 2024 salary deferrals by eligible participants that were received by the Plan in 2025. Employer contributions receivable of approximately \$93,000 at December 31, 2023 consisted of the portion of the Company’s safe-harbor matching contributions associated with 2023 salary deferrals by eligible participants that were received by the Plan in 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary employee contributions, safe harbor contributions, and earnings thereon. Upon the death or permanent disability of a participant while an employee, their entire account balance becomes fully vested.

Vesting in the Employer's discretionary contributions, plus earnings thereon, is based upon years of continuous service, as follows:

0 year	0%
1 year	100%

Investment Options

Upon enrollment in the Plan, a participant may direct their account balances among any of the Plan's investment options offered by the Plan. Participants may change their investment options and move their investments from one fund to another in accordance with rules established by the Plan administrator.

Forfeitures

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$4,500 and \$3,400, respectively. These accounts will be used to reduce future employer contributions/reallocated to participants in the same manner as employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the prior 12-month period, or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund(s) and the participant loans fund. Loan terms range from one to five years and are granted for hardship reasons or specified financial needs. The loan term can be up to 15 years if it is for the purchase of a principal residence. A participant may have no more than two loans outstanding during the Plan year. Principal and interest are repaid through payroll deduction.

Participant notes receivable are recorded at their unpaid principal balance, plus accrued but unpaid interest. If collection of participant notes receivable is deemed doubtful, the amount is recognized as a distribution in the period the determination is made.

Payment of Benefits

Upon termination of employment, disability, retirement at age 65, retirement at age 55 and 5 years of service, attainment of age 59 ½, or loan for reason of hardship, a participant may elect a lump-sum distribution of his/her vested account. Upon death, the participant's beneficiary may also make a withdrawal in lump-sum or installment method. At age 70 ½ or when employment is terminated, whichever is later, the participant will receive an automatic distribution to his/her account. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan but were not paid as of December 31, 2024.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

As of December 31, 2024, the Plan’s funds were invested in registered investment companies and a collective investment trust fund. The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Registered investment companies are valued at the reported net asset value (“NAV”) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying assets owned less any fund liabilities.

In accordance with the Plan’s policy of stating marketable securities at fair value, the appreciation or depreciation for each year is reflected in the Plan’s statement of changes in net assets available for benefits as a net change in fair value of investments.

The Plan uses NAV per unit to value the collective investment trust fund (see Note 3). The NAV, as provided by the Plan Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**AbleHearts Healthcare Foundation 401(k) Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Investment Risk

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Trustee.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as an excess contribution payable, with a corresponding reduction to contributions. The excess contributions accrued as of December 31, 2024 were paid in 2025.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Costs

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition through October 13, 2025 the date the financial statements were available to be issued (see Note 10).

Note 3. Fair Value Measurement

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value in accordance with authoritative accounting literature. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

Note 4. Information Certified by the Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Custodian, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule(s) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5. Related-party Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan, so those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were approximately \$7,600 for the year ended December 31, 2024. The fees are paid by the Plan and qualify as a party-in-interest transaction.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Note 6. Plan Termination

Effective May 19, 2025, the Plan was terminated and the Foundation and affiliates participating in the Plan shall make no further contributions to the Plan and all participants became 100% vested in their account balances as of May 19, 2025. Management is currently in the process of liquidating the remaining plan balances (see Note 10).

Note 7. Tax Status

The IRS has determined and informed the Foundation by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 8. Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as an excess contribution payable, with a corresponding reduction to contributions. The excess contributions accrued as of December 31, 2023 were paid in 2024.

Note 9. Reconciliation to Form 5500

Assets available for benefits at December 31, 2024, as presented in these financial statements, differ from what is reported on IRS Form 5500 in the following manner:

Net assets available for benefits per the financial statements	\$ 7,247,834
2024 Employer contributions receivable	<u>(19,584)</u>
Net assets available for benefits per Form 5500	<u>\$ 7,228,250</u>

Changes in net assets available for benefits for the year ended December 31, 2024, as presented in the financial statements, differs from what is reported on IRS Form 5500 in the following manner:

Change in net assets available for benefits per financial statements	\$ (1,580,787)
Employer contributions receivable at December 31, 2024	(19,584)
Employer contributions receivable at December 31, 2023	92,960

AbleHearts Healthcare Foundation 401(k) Savings Plan
Tampa, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of AbleHearts Healthcare Foundation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements ("2024 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 18, 2024 indicated that (a) the amounts and disclosures in the

2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

AbleHearts Healthcare Foundation 401(k) Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of Plan

General

The following description of AbleHearts Healthcare Foundation 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan was created on January 1, 2021, by NHNFP Healthcare Inc. d/b/a AbleHearts Healthcare Foundation (the “Foundation”) and subsequently amended effective February 12, 2023. The Plan is a defined contribution 401(k) plan covering all eligible employees of the following Foundation subsidiaries formed or acquired during or after 2021: AbleHearts Communications LLC; AbleHearts Home Services LLC; AbleHearts Rehabilitation LLC; AbleHearts MW Administrative Services LLC; AbleHearts SE Administrative Services LLC; AbleHearts SW Administrative Services LLC; Alton NH LLC (“Alton”); East Peoria NH LLC (“East”); Edwardsville NH LLC (“Edwardsville”); Elgin NH LLC (“Elgin”); Innovative Medical Management Solutions, LLC; Inverness NH LLC (“Inverness”); Joliet NH LLC (“Joliet”); LP Orlando, LLC; Lakeland Oaks NH LLC; Magnolia Crossing NH LLC (“Magnolia”); Moline NH LLC (“Moline”); Northbrook NH LLC (“Northbrook”); Peoria NH LLC (“Peoria”); Rockford NH LLC (“Rockford”); St. Charles NH LLC (“St. Charles”); St. Louis NH LLC (“St. Louis”); Wood River NH LLC (“Wood”); and AbleHearts Cook County Consulting Services LLC, collectively, the “Company”/“Employer.”

Eligible employees are defined as employees who have at least three months of service and are not covered by a collective bargaining agreement unless the agreement provides for Plan participation. The Plan excludes certain temporary or leased staff employees from participation in the Plan if the employee is under the age of 21 and has completed less than 1,000 hours during a 12-month consecutive month period beginning on the hire date and each anniversary of the hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to qualify as a participant-directed plan under Section 404(c) of ERISA. Plan assets were held in the custody of Fidelity Management Trust Company (“Fidelity” or the “Plan Trustee”) at December 31, 2024 (see Note 4).

Contributions

Each participant may elect to contribute, on a taxable Roth or a tax-deferred basis, a percentage of their eligible salary, as defined, each payroll period, and the Company will make safe-harbor matching contributions equal to 100% of the first 3% of the participant’s compensation and 50% of the next 2% of the participant’s compensation that is deferred to the Plan. All contributions are subject to Internal Revenue Code (“IRC”) rules and limitations.

The Company may also make discretionary contributions to the Plan at the discretion of the Board of Directors. Such discretionary contributions will be allocated proportionately, based on each participant’s compensation and provided that the participant has completed 1,000 hours of service during the Plan year and that such participant is an employee on the last day of such Plan year. There were no employer discretionary contributions made for the year ended December 31, 2024.

Employee contributions receivable of approximately \$50,000 at December 31, 2023 consisted of contributions from eligible participants made during 2023 that were received by the Plan in 2024. Employer contributions receivable of approximately \$20,000 at December 31, 2024 consisted of the portion of the Company’s safe-harbor matching contributions associated with 2024 salary deferrals by eligible participants that were received by the Plan in 2025. Employer contributions receivable of approximately \$93,000 at December 31, 2023 consisted of the portion of the Company’s safe-harbor matching contributions associated with 2023 salary deferrals by eligible participants that were received by the Plan in 2024.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary employee contributions, safe harbor contributions, and earnings thereon. Upon the death or permanent disability of a participant while an employee, their entire account balance becomes fully vested.

Vesting in the Employer's discretionary contributions, plus earnings thereon, is based upon years of continuous service, as follows:

0 year	0%
1 year	100%

Investment Options

Upon enrollment in the Plan, a participant may direct their account balances among any of the Plan's investment options offered by the Plan. Participants may change their investment options and move their investments from one fund to another in accordance with rules established by the Plan administrator.

Forfeitures

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$4,500 and \$3,400, respectively. These accounts will be used to reduce future employer contributions/reallocated to participants in the same manner as employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the prior 12-month period, or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund(s) and the participant loans fund. Loan terms range from one to five years and are granted for hardship reasons or specified financial needs. The loan term can be up to 15 years if it is for the purchase of a principal residence. A participant may have no more than two loans outstanding during the Plan year. Principal and interest are repaid through payroll deduction.

Participant notes receivable are recorded at their unpaid principal balance, plus accrued but unpaid interest. If collection of participant notes receivable is deemed doubtful, the amount is recognized as a distribution in the period the determination is made.

Payment of Benefits

Upon termination of employment, disability, retirement at age 65, retirement at age 55 and 5 years of service, attainment of age 59 ½, or loan for reason of hardship, a participant may elect a lump-sum distribution of his/her vested account. Upon death, the participant's beneficiary may also make a withdrawal in lump-sum or installment method. At age 70 ½ or when employment is terminated, whichever is later, the participant will receive an automatic distribution to his/her account. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan but were not paid as of December 31, 2024.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

As of December 31, 2024, the Plan’s funds were invested in registered investment companies and a collective investment trust fund. The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Registered investment companies are valued at the reported net asset value (“NAV”) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying assets owned less any fund liabilities.

In accordance with the Plan’s policy of stating marketable securities at fair value, the appreciation or depreciation for each year is reflected in the Plan’s statement of changes in net assets available for benefits as a net change in fair value of investments.

The Plan uses NAV per unit to value the collective investment trust fund (see Note 3). The NAV, as provided by the Plan Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**AbleHearts Healthcare Foundation 401(k) Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Investment Risk

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Trustee.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as an excess contribution payable, with a corresponding reduction to contributions. The excess contributions accrued as of December 31, 2024 were paid in 2025.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Costs

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition through October 13, 2025 the date the financial statements were available to be issued (see Note 10).

Note 3. Fair Value Measurement

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value in accordance with authoritative accounting literature. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

Note 4. Information Certified by the Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Custodian, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule(s) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2024.

The Plan’s independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5. Related-party Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan, so those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were approximately \$7,600 for the year ended December 31, 2024. The fees are paid by the Plan and qualify as a party-in-interest transaction.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Note 6. Plan Termination

Effective May 19, 2025, the Plan was terminated and the Foundation and affiliates participating in the Plan shall make no further contributions to the Plan and all participants became 100% vested in their account balances as of May 19, 2025. Management is currently in the process of liquidating the remaining plan balances (see Note 10).

Note 7. Tax Status

The IRS has determined and informed the Foundation by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 8. Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as an excess contribution payable, with a corresponding reduction to contributions. The excess contributions accrued as of December 31, 2023 were paid in 2024.
