Plan Administrator and Participants
Hyundai Power Transformers USA 401(k) Plan
Montgomery, Alabama

Scope and Nature of ERISA Section 103(a)(3)(c)

We have performed audits of the accompanying financial statements of Hyundai Power Transformers USA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hyundai Power Transformers USA 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

8228 Old Federal Road Montgomery, AL 36117 • P (334) 462-6456 • f (334) 356-9206 • richard@montgomery-cpa.com

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis of Opinion

We conducted our audits in accordance with accounting principles generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hyundai Power Transformers USA 401(k) Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hyundai Power Transformers USA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan and determining that the plan's transactions that are prepared and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(c) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore it is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standard, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform auditing procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hyundai Power Transformers USA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hyundai Power Transformers USA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit finding, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Hyundai Power Transformers USA 401(k) Plan, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

December 31, 2024 and 2023

Note 1 – Description of Plan

The following description of the Hyundai Power Transformers USA (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective May 1, 2023, the Company has changed names from Hyundai Power Transformers USA, Inc. to HD Hyundai Power Transformers USA, Inc.

The Company's Plan was originally established July 4, 2011. Various revisions were made to the Plan via revision, effective January 1, 2023.

General – The Plan is a defined contribution plan, covering all full-time employees of the Company who have at least three consecutive months of service and are age twenty-one or older. The Plan operates on a calendar year basis, beginning each January 1st (Plan Year). Eligible employees may participate in the Plan at entry dates of January 1st and July 1st or each year. The Plan is subject to the provisions of Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Massachusetts Mutual Life Insurance Company (Custodian) serves as the Plan's custodian.

Contributions – Participants may contribute their pre-tax compensation, as defined in the Plan, up to statutory limitations. Participants who have attained age fifty before the end of the Plan Year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing roll-over distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides a matching contribution of 60% percent of the first 5% percent of base compensation contributed by Participants. Contributions are subject to certain limitations as outlined in the Plan.

Participant Accounts – Participant's accounts are credited with their contributions, Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Vesting – Participants are vested immediately in their contributions. Company matching contributions and earnings thereon become 100% vested upon reaching three years of service. Eligible participants hired prior to January 1, 2016 are 100% vested in all sources from day one.

Forfeitures – Any amounts forfeited from Participant accounts shall be used to restore forfeitures, reduce Company contributions or to pay reasonable plan expenses.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a Participant (or beneficiary upon death) may elect to receive either a lump-sum distribution or a series of annual payments, as defined by the Plan. For termination of service for any other reason, a participant may elect to receive a lump-sum distribution or remain in the Plan.

December 31, 2024 and 2023

Notes Receivable from Participants – Participants could borrow up to 50% of their account balance subject to certain limitations. The Plan allowed loans between \$1,000 and \$50,000. Participant loans are secured by the Participant's account balance. Interest accrues at a rate of prime plus 1%. Principal and interest are paid ratably over a fixed term via payroll deductions. The Plan, as amended January 25, 2017, no longer allows for Participant loans. Participant loans in place at date of amendment will remain in place under original terms. All prior participant loans have been fully repaid.

Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting. Benefit payments are recorded as paid.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation & Investment Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's custodian determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Income Taxes - The Plan adopted a Non-Standardized 401(k) Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008 (Determination Letter), that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Determination Letter, the Plan administrator believes that the Plan is in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified. The Plan is subject to routine audits by tax authorities; however there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Date of Management's Review – Subsequent events were evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

Reclassification – Management has made certain reclassifications to prior year balances to conform to the presentation of the current period financial statements.

Note 3 – Trustee

The Plan changed its Plan Trustee from Nationwide to Lincoln Financial towards the end of 2024 calendar year. Under such changes, there is a statutory blackout period, whereby participants are unable to access their account balances or request distributions. The blackout period lasted from December 17, 2024 to January 8, 2025. On December 23, 2024, all Plan assets were liquidated and participant funds remitted from Nationwide to Lincoln Financial. Lincoln held these funds in a “conversion account” until the end of the blackout period. Conversion account funds were all held in a Lincoln Stable Value Account – LNGPA. Upon end of blackout period, participant funds were transferred to various Lincoln investment fund vehicles per investment options allowed in the Plan and participant elections.

Note 4 – Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation of investments includes the Plan’s gains and losses on investments sold during the year or held at year end. Investment related expenses are included as a reduction of the net appreciation of investments.

The Plan was invested in the following registered investment company mutual funds as of December 31:

The Plan's investments reported net appreciation of investments of \$ 1,011,118 for the periods ended December 31, 2024 and 2023, respectively.

Note 5 – Fair Value Instruments

The fair value accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs that are not corroborated by market data.

The Plan uses appropriate valuation techniques based on the observable inputs to measure the fair value of its investments.

The fair value of mutual funds are Level 1. is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Note 6 – Related Party Transactions

All Plan investments are managed by the Custodian. Any purchases and sales of investments are performed on the open market at fair value and qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Information Certified by Custodian

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, the Plan Custodian has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate.

- Investments, as reflected in the statement of net assets available for benefits as of December 31, 2024 and 2023
- Investment activity, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024 and 2023
- Investment information disclosed in Note 3 to the financial statements
- Investments, as reflected in Schedule H, Line 4i – Schedule of Assets (held at End of Year) as of December 31, 2024

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information, except comparing such information to the related information in the financial statements and supplemental schedule.
