Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **TORRILLO & ASSOCIATES, LLC**

(2) EIN: **83-0414789**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the HMH 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the HMH 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements of the HMH 401(k) Savings Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the HMH 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the HMH 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the HMH 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the HMH 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the HMH 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, which was created and became effective January 1, 2019, is a defined contribution plan operating under Section 401(k) of the Internal Revenue Code (“IRC”) and sponsored by Hackensack Meridian Health, Inc. (“HMH” or the “Network”). Effective December 31, 2022, the Plan was amended and restated. The Plan is subject to the provisions of ERISA, as amended.

Effective December 31, 2023, the Plan was amended to merge the assets and liabilities of the HMH 401(k) Savings Plan – Health Ventures with and into the Plan. The HMH 401(k) Savings Plan – Health Ventures merger activity is reflected as due from affiliated plan in the statement of net assets available for benefits as of December 31, 2023.

Eligibility

The Plan covers substantially all employees of the Network. Eligible employees are able to participate in the Plan as soon as administratively possible following their hire date. Non-resident aliens who have no earned income from sources within the United States and leased employees are ineligible to participate in the Plan. Temporary employees are excluded until they complete two consecutive years with 500 or more hours. Salary deferral eligibility requirements have been modified to reflect provisions required by the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019 and the SECURE 2.0 Act of 2022. Employees who are employed as a result of a Section 410(b)(6)(C) transaction (asset or stock acquisition) are included in the Plan for a transition period beginning on the date of acquisition and ending on the last day of the next Plan year.

Contributions

Each year, participants may contribute a minimum of 1% up to a maximum of 70% of their pretax compensation, as defined in the Plan document. Participants may also designate contributions as Roth contributions. The Plan provides for an automatic enrollment provision of 3% of compensation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional “catch-up contributions”. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Network will make fixed, tiered matching contributions equal to a uniform percentage of each tier of each participant’s elective deferrals. Each tier represents the amount of the participant’s applicable contributions that equals the specified percentage of the participant’s compensation as follows: (i) the first tier matching percentage is 100% of elective deferrals equal to 2%, and (ii) the second tier matching percentage is 50% of elective deferrals equal to 3%. The employer match will be made each pay period for full-time and part-time team members scheduled to work more than twenty hours per week, and for per diem team members. Temporary employees are not eligible for employer match contributions.

All eligible employees will receive a 1.5% nonelective contribution that is calculated and contributed annually. There is a subset of employees (Meridian Cash Balance Frozen DB Plan employees) who are eligible for an additional 3% transition credit employer nonelective contribution that is calculated and contributed annually and subject to 3-year cliff vesting. To be eligible for this additional employer contribution, a Meridian Cash Balance Pension Plan participant must be at least age 50 with at least 10 years of service as of December 31, 2018. This transition credit ends on January 1, 2029 or when an employee terminates, whichever happens first. During 2023, the Plan was amended to provide additional transition credits for employees who became participants from the merger of the HMH 401(k) Savings Plan – HUMC & PMC Grandfathered Participants with

HMH 401(k) Savings Plan
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

and into the Plan. HUMC participants age 50 to 59 with 10 years of service by December 31, 2021 were eligible for a 3% transition credit, subject to 3-year cliff vesting, through 2023. HUMC participants age 60 and above with 10 years of service by December 31, 2021 are eligible for a 4.16% transition credit, subject to 3-year cliff vesting, through 2026. PMC participants were eligible for a 2% to 3% transition credit, subject to 3-year cliff vesting, through 2023 based on employment classification, age and years of service, as defined in the Plan document. To receive non-elective contributions, unless they retire, become disabled, or die during the Plan year, participants must be employed on the last day of the Plan year and work 1,000 hours during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, Network matching contributions, Network nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in their own contributions, rollover contributions and actual earnings thereon. Participants become fully vested in the Network's matching and nonelective contributions after three years of service.

Notwithstanding the above vesting for the Network's matching and nonelective contribution, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (65), early retirement age (55 with 10 years of service), death or disability while an employee, as defined in the Plan document.

Forfeited Accounts

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined, represents a forfeiture. Forfeitures may be used to reinstate previously forfeited accounts, to pay Plan expenses or to reduce employer contributions. The unallocated forfeiture balance was approximately \$1,703,000 and \$1,021,000, as of December 31, 2024 and 2023, respectively. During 2024, forfeitures of approximately \$1,452,000 were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their vested account balance. Generally, the minimum loan amount is \$1,000. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as of the date of the loan initiation. All loans are directly from the participant's accumulations of elective deferral contributions and rollover contributions. Notes terms range from one to five years or up to twenty years for the purchase of a primary residence. A participant may only have two loans outstanding at any time. Loans are repaid directly by the participant to the Plan trustee.

Payment of Benefits

Participants may elect to receive the vested portion of their account starting at age 59-1/2 without any penalty or upon the date on which the participant terminates employment with the Network. Hardship withdrawals are permitted for circumstances defined in the Plan document. In addition, minimum payments must begin subject to Internal Revenue Service ("IRS") guidelines.

Participants are entitled to receive the full amount credited to their individual retirement accounts primarily in the form of a lump sum or partial withdrawals. No more than five distributions may be made to a participant during a Plan year. Provisions are also made for death, disability and termination benefits.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Income generated from revenue sharing agreements is reported in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants and Network matching contributions from the Network are recorded in the year in which the employee contributions are withheld from compensation. Network nonelective contributions are recorded in the year in which the related participant compensation was earned.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

All reasonable administrative expenses and fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Network. Expenses of maintaining the Plan that are paid directly by the Network are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)3(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund, insurance companies and qualified institutions, which control TIAA Trust, N.A., trustee and qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, fully benefit-responsive investment contracts, at contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, including net appreciation in fair value of investments, dividend and interest income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The information for the registered investment companies (mutual funds), the guaranteed annuity contract and the participant loans listed in the schedule of assets (held at end of year) as of December 31, 2024 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

<i>Registered investment companies (mutual funds):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies:	\$ 1,934,990,724	\$ 1,934,990,724	\$ -	\$ -
Total investments, at fair value	<u>\$ 1,934,990,724</u>	<u>\$ 1,934,990,724</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies:	\$ 1,397,832,193	\$ 1,397,832,193	\$ -	\$ -
Total investments, at fair value	<u>\$ 1,397,832,193</u>	<u>\$ 1,397,832,193</u>	<u>\$ -</u>	<u>\$ -</u>

5. Contracts with Insurance Companies

The Plan holds the TIAA Stable Value Fund, a traditional investment contract. This fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses.

The fund is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. As of December 31, 2024, the high credit ratings of Teachers Insurance and Annuity Association and College Retirement Equities Fund uphold its ability to meet obligations set forth in contracts.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events have occurred or are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

HMH 401(k) Savings Plan
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

6. Risks and Uncertainties

The Plan provides for various investment options in any combination of registered investment companies (mutual funds) and a guaranteed annuity contract monitored by affiliates of the trustee. Investment securities are exposed to various risks; such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In February 2025, former Network employees filed a complaint against the Network, alleging that the Network breached its fiduciary duty of prudence under ERISA by offering the TIAA Stable Value Fund as an investment option and having excessive recordkeeping fees for the Plan. In August 2025, management filed a motion to dismiss this complaint. While the outcome of this complaint cannot be determined with certainty at this time, management believes that it will not have a material effect on the financial statements of the Plan.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of the insurance companies and trustee, and therefore, these transactions qualify as party-in-interest transactions. The Plan also issues participant loans to its participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Certain administrative functions of the Plan are performed by officers or employees of the Network. No such officer or employee receives compensation from the Plan.

8. Plan Termination

The Network has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants in the Plan at the date of termination or discontinuance shall be nonforfeitable.

9. Tax Status

Effective December 31, 2022, the Network amended and restated the Plan through adoption of TIAA's Non-Standardized Defined Contribution Pre-Approved Plan. The IRS issued an opinion letter, dated October 7, 2020, stating that the pre-approved plan document was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

10. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. There are no subsequent events identified except for those previously disclosed.
