Part I Annual Report Identification Information
 For calendar plan year 2024 or fiscal plan year beginning 04/11/2024 and ending 12/31/2024

A This return/report is for: a multiemployer plan a multiple-employer plan (Filers checking this box must provide participating employer information in accordance with the form instructions.)

a single-employer plan a DFE (specify) C

B This return/report is: the first return/report the final return/report

an amended return/report a short plan year return/report (less than 12 months)

C If the plan is a collectively-bargained plan, check here.

D Check box if filing under: Form 5558 automatic extension the DFVC program

special extension (enter description)

E If this is a retroactively adopted plan permitted by SECURE Act section 201, check here.

Part II Basic Plan Information—enter all requested information

<p>1a Name of plan <u>DWS RREEF GLOBAL INFRASTRUCTURE COLLECTIVE</u></p>	<p>1b Three-digit plan number (PN) ▶ <u>001</u></p>
<p>2a Plan sponsor's name (employer, if for a single-employer plan) Mailing address (include room, apt., suite no. and street, or P.O. Box) City or town, state or province, country, and ZIP or foreign postal code (if foreign, see instructions) <u>DWS TRUST COMPANY</u></p> <p><u>100 SUMMER STREET, 8TH FLOOR</u> <u>BOSTON, MA 02110</u></p>	<p>1c Effective date of plan</p> <hr/> <p>2b Employer Identification Number (EIN) <u>82-6252443</u></p> <p>2c Plan Sponsor's telephone number <u>617-295-3573</u></p> <p>2d Business code (see instructions)</p>

Caution: A penalty for the late or incomplete filing of this return/report will be assessed unless reasonable cause is established.

Under penalties of perjury and other penalties set forth in the instructions, I declare that I have examined this return/report, including accompanying schedules, statements and attachments, as well as the electronic version of this return/report, and to the best of my knowledge and belief, it is true, correct, and complete.

SCHEDULE H (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110 2024 This Form is Open to Public Inspection
--	--	---

For calendar plan year 2024 or fiscal plan year beginning 04/11/2024 and ending 12/31/2024	
A Name of plan DWS RREEF GLOBAL INFRASTRUCTURE COLLECTIVE	B Three-digit plan number (PN) ▶ 001
C Plan sponsor's name as shown on line 2a of Form 5500 DWS TRUST COMPANY	D Employer Identification Number (EIN) 82-6252443

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets	(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a	
b Receivables (less allowance for doubtful accounts):		
(1) Employer contributions	1b(1)	
(2) Participant contributions	1b(2)	
(3) Other	1b(3)	477516
c General investments:		
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)	521392
(2) U.S. Government securities	1c(2)	
(3) Corporate debt instruments (other than employer securities):		
(A) Preferred	1c(3)(A)	
(B) All other	1c(3)(B)	
(4) Corporate stocks (other than employer securities):		
(A) Preferred	1c(4)(A)	
(B) Common	1c(4)(B)	139418127
(5) Partnership/joint venture interests	1c(5)	
(6) Real estate (other than employer real property)	1c(6)	
(7) Loans (other than to participants)	1c(7)	
(8) Participant loans	1c(8)	
(9) Value of interest in common/collective trusts	1c(9)	
(10) Value of interest in pooled separate accounts	1c(10)	
(11) Value of interest in master trust investment accounts	1c(11)	
(12) Value of interest in 103-12 investment entities	1c(12)	
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)	
(14) Value of funds held in insurance company general account (unallocated contracts).....	1c(14)	
(15) Other.....	1c(15)	25000000

1d Employer-related investments:		(a) Beginning of Year	(b) End of Year
(1) Employer securities.....	1d(1)		
(2) Employer real property.....	1d(2)		
e Buildings and other property used in plan operation.....	1e		
f Total assets (add all amounts in lines 1a through 1e).....	1f	25000000	140417035
Liabilities			
g Benefit claims payable.....	1g		
h Operating payables.....	1h		
i Acquisition indebtedness.....	1i		
j Other liabilities.....	1j		372137
k Total liabilities (add all amounts in lines 1g through 1j).....	1k	0	372137
Net Assets			
l Net assets (subtract line 1k from line 1f).....	1l	25000000	140044898

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers.....	2a(1)(A)		
(B) Participants.....	2a(1)(B)		
(C) Others (including rollovers).....	2a(1)(C)		
(2) Noncash contributions.....	2a(2)		
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		0
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit).....	2b(1)(A)	22242

(11) Other expenses.....	2i(11)	-61307	
(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)		211059
j Total expenses. Add all expense amounts in column (b) and enter total.....	2j		211059

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		296228
l Transfers of assets:			
(1) To this plan.....	2l(1)		114748670
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name:

(2) EIN:

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
e Was this plan covered by a fidelity bond?			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
l Has the plan failed to provide any benefit when due under the plan?			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) Yes No Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

Fair Value Measurements

Various inputs are used in determining the value of DWS RREEF Global Infrastructure Collective Investment Trust Fund (the "Fund") investments. These inputs are summarized in three broad levels. Level 1 includes quoted prices in active markets for identical securities. Level 2 includes other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds and credit risk). Level 3 includes significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments). The level assigned to the securities valuations may not be an indication of the risk or liquidity associated with investing in those securities.

The following is a summary of the inputs used as of December 31, 2024, in valuing the Fund's investments. For information on the Fund's policy regarding the valuation of investments, please refer to the Security Valuation section of Note (1) A in the accompanying Notes to Financial Statements.

DWS RREEF Global Infrastructure Collective Investment Trust Fund

Notes to Financial Statements

(1) Summary of Significant Accounting Policies

DWS RREEF Global Infrastructure Collective Investment Trust Fund (the “Fund”) is a collective investment trust, organized under the DWS RREEF Collective Investment Trust (the “Trust”) by DWS Trust Company (the “Trustee”), which has exclusive management and control of the Fund, which seeks total return from both capital appreciation and current income. The Fund will primarily invest in the securities of U.S. and non-U.S. infrastructure-related companies. A company is considered an infrastructure-related company if, in the opinion of portfolio management, at least 50% of its non-cash assets are infrastructure assets or 50% of its gross income or net profits are derived, directly or indirectly, at the time the security is purchased, from the ownership, management, construction, operation, utilization, or financing of infrastructure assets.

The Trustee uses RREEF America L.L.C., an affiliate of the Trustee, to provide day-to-day investment advisory services and other ancillary services. All delegations of advisory services shall be subject to the overall supervision and direction of the Trustee.

The Fund is considered an investment company under accounting principles generally accepted in the United States of America (“U.S. GAAP”) which requires the use of management estimates. Actual results could differ from those estimates. The Fund qualifies as an investment company under Topic 946, “Financial Services – Investment Companies” of Accounting Standards Codification of U.S. GAAP. The Fund’s financial statements have been prepared in accordance with U.S. GAAP and are stated in United States Dollars (“U.S. Dollars”). The following is a summary of the significant accounting and reporting policies used in preparing the financial statements.

Use of estimates: Preparing financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions in determining the reported amounts of assets and liabilities, including the fair value of investments, and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

A. Security Valuation

Investments are stated at value determined as of the close of regular trading on the New York Stock Exchange (“NYSE”) on each day the exchange is open for trading.

Various inputs are used in determining the value of the Fund’s investments. These inputs are summarized in three broad levels. Level 1 includes quoted prices in active markets for identical securities. Level 2 includes other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds and credit risk). Level 3 includes significant unobservable inputs (including the Fund’s own assumptions in determining the fair value of investments). The level assigned to the securities valuations may not be an indication of the risk or liquidity associated with investing in those securities.

Equity securities are valued at the most recent sale price or official closing price reported on the exchange (U.S. or foreign) or over-the-counter market on which they trade. Equity securities for which no sales are reported are valued at the calculated mean between the most recent bid and asked quotations on the relevant market or, if a mean cannot be determined, at the most recent bid quotation. Equity securities are generally categorized as Level 1. For certain international equity securities, in order to adjust for events which may occur between the close of the foreign exchanges and the close of the New York Stock Exchange, a fair valuation model may be used. This fair valuation model takes into account comparisons to the valuation of American Depositary Receipts (ADRs) and certain indices and these securities are categorized as Level 2.

Investments in open-end investment companies are valued at their net asset value each business day and are categorized as Level 1.

Securities and other assets for which market quotations are not readily available or for which the above valuation procedures are deemed not to reflect fair value are valued in a manner that is intended to reflect their fair value as determined in accordance with procedures approved by the Trustee and are generally categorized as Level 3. In accordance with the Fund's valuation procedures, factors considered in determining value may include, but are not limited to, the type of the security; the size of the holding; the initial cost of the security; the existence of any contractual restrictions on the security's disposition; the price and extent of public trading in similar securities of the issuer or of comparable companies; quotations or evaluated prices from broker-dealers and/or pricing services; information obtained from the issuer, analysts, and/or the appropriate stock exchange (for exchange-traded securities); an analysis of the company's or issuer's financial statements; an evaluation of the forces that influence the issuer and the market(s) in which the security is purchased and sold; and with respect to debt securities, the maturity, coupon, creditworthiness, currency denomination and the movement of the market in which the security is normally traded. The value determined under these procedures may differ from published values for the same securities.

Disclosure about the classification of fair value measurements is included in a table following the Fund's Investment Portfolio.

B. Foreign Currency Translations

The books and records of the Fund are maintained in U.S. dollars. Investment securities and other assets and liabilities denominated in a foreign currency are translated into U.S. dollars at the prevailing exchange rates at period end. Purchases and sales of investment securities, income and expenses are translated into U.S. dollars at the prevailing exchange rates on the respective dates of the transactions.

Net realized and unrealized gains and losses on foreign currency transactions represent net gains and losses between trade and settlement dates on securities transactions, the acquisition and disposition of foreign currencies, and the difference between the amount of net investment income accrued and the U.S. dollar amount actually received. The portion of both realized and unrealized gains and losses on investments that results from fluctuations in foreign currency exchange rates is not separately disclosed, but is included with net realized and unrealized gain/appreciation and loss/depreciation on investments.

C. Foreign Taxes

The Fund may be subject to foreign taxes (a portion of which may be reclaimable) on income, capital gains on investments, certain foreign currency transactions or other corporate events. All foreign taxes are recorded in accordance with the applicable foreign tax regulations and rates that exist in the foreign jurisdictions in which the Fund invests. These foreign taxes, if any, are paid by the Fund and are reflected in its Statement of Operations as follows: foreign taxes withheld at source are presented as a reduction of income, foreign taxes on capital gains from sales of investments and foreign currency transactions are included in their respective net realized gain (loss) categories. Receivables and payables related to foreign taxes as of December 31, 2024, if any, are disclosed in the Fund's Statement of Assets and Liabilities.

D. Federal Income Taxes

The Fund's policy is to comply with the requirements of the Internal Revenue Code ("IRC") applicable to collective investment trusts by limiting participation in the Fund to qualified plans that are exempt from taxation and satisfy the requirements of IRC Section 401(a) of the IRC by qualifying as a "group trust" as defined in Revenue Ruling 81-100, as amended. At December 31, 2024, the Trust is exempt from federal income taxes and no federal income tax provision is required.

Additionally, based on the Fund's understanding of the tax rules and rates related to income, gains and transactions for the foreign jurisdictions in which it invests, the Fund will provide for foreign taxes, and where appropriate, deferred foreign taxes.

The Fund has elected an accounting policy to classify interest and penalties, if any, as interest expense. The Fund has reviewed the tax position as of December 31, 2024, and has determined that no provision for income tax is required in the Fund's financial statements. The Fund's open tax years are subject to examination by the taxing authorities.

E. Distributions of Income and Gains

All net investment income and realized capital gains are retained by the Fund.

F. Other

Investment transactions are accounted for on the trade date plus one basis for daily net asset value calculations. However, for financial reporting purposes, investment transactions are reported on the trade date. Dividend income is recorded on the ex-date net of foreign withholding taxes. Certain dividends from foreign securities may be recorded subsequent to ex-date or as soon as the Fund is informed of such dividends. Realized gains or losses on investment transactions are recorded on an identified cost basis. Proceeds from litigation payments, if any, are included in net realized gain (loss) from investments. Interest income is recorded on an accrual basis.

G. Contingencies

In the normal course of business, the Fund may enter into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet been made. However, based on experience, the Fund expects the risk of loss to be remote.

H. Stock Market Risk

When stock prices fall, you should expect the value of your investment to fall as well. Stock prices can be hurt by poor management on the part of the stock's issuer, shrinking product demand, and other business risks. These may affect single companies as well as groups of companies. The market as a whole may not favor the types of investments a fund makes, which could adversely affect a stock's price, regardless of how well the company performs, or the fund's ability to sell a stock at an attractive price. There is a chance that stock prices overall will decline because stock markets tend to move in cycles, with periods of rising and falling prices. Events in the U.S. and global financial markets, including actions taken by the U.S. Federal Reserve or foreign central banks to stimulate or stabilize economic growth, may at times result in unusually high market volatility which could negatively affect performance. High market volatility may also result from significant shifts in momentum of one or more specific stocks due to unusual increases or decreases in trading activity. Momentum can change quickly, and securities subject to shifts in momentum may be more volatile than the market as a whole and returns on such securities may drop precipitously. To the extent that a fund invests in a particular geographic region, capitalization, or sector, the fund's performance may be affected by the general performance of that region, capitalization, or sector.

I. Market Disruption Risk

Economies and financial markets throughout the world are becoming increasingly interconnected, which increases the likelihood that events or conditions in one country or region will adversely impact markets or issuers in other countries or regions. This includes reliance on global supply chains that are susceptible to disruptions resulting from, among other things, war and other armed conflicts, extreme weather events, and natural disasters. Such supply chain disruptions can lead to, and have led to, economic and market disruptions that have far-reaching effects on financial markets worldwide. The value of a fund's investments may be negatively affected by adverse changes in overall economic or market conditions, such as the level of economic activity and productivity, unemployment and labor force participation

rates, inflation or deflation (and expectations for inflation or deflation), interest rates, demand and supply for particular products or resources including labor, and debt levels and credit ratings, among other factors. Such adverse conditions may contribute to an overall economic contraction across entire economies or markets, which may negatively impact the profitability of issuers operating in those economies or markets. In addition, geopolitical and other globally interconnected occurrences, including war, terrorism, economic or financial crises, uncertainty or contagion, trade disputes, government debt crises (including defaults or downgrades) or uncertainty about government debt payments, government shutdowns, public health crises, natural disasters, climate change, and related events or conditions have led, and in the future may lead, to disruptions in the U.S. and world economies and markets, which may increase financial market volatility and have significant adverse direct or indirect effects on a fund and its investments. Adverse market conditions or disruptions could cause a fund to lose money, experience significant redemptions, and encounter operational difficulties. Although multiple asset classes may be affected by adverse market conditions or a particular market disruption, the duration and effects may not be the same for all types of assets.

Current military conflicts in various geographic regions, including those in Europe and the Middle East, can lead to, and have led to, economic and market disruptions, which may not be limited to the geographic region in which the conflict is occurring. Such conflicts can also result, and have resulted in some cases, in sanctions being levied by the United States, the European Union and/or other countries against countries or other actors involved in the conflicts. In addition, such conflicts and related sanctions can adversely affect regional and global energy, commodities, financial, and other markets and thus could affect the value of a fund's investments. The extent and duration of any military conflict, related sanctions, and resulting economic and market disruptions are impossible to predict, but could be substantial.

Other market disruption events include pandemic spread of viruses, such as the novel coronavirus known as COVID-19, which have caused significant uncertainty, market volatility, decreased economic and other activity, increased government activity, including economic stimulus measures, and supply chain disruptions. While COVID-19 is no longer considered to be a public health emergency, the Fund and its investments may be adversely affected by lingering effects of this virus or future pandemic spread of viruses.

In addition, markets are becoming increasingly susceptible to disruption events resulting from the use of new and emerging technologies to engage in cyber-attacks or to take over the websites and/or social media accounts of companies, governmental entities or public officials, or to otherwise pose as or impersonate such, which then may be used to disseminate false or misleading information that can cause volatility in financial markets or for the stock of a particular company, group of companies, industry or other class of assets.

J. Foreign Investment Risk

The Fund faces the risks inherent in foreign investing. Adverse political, economic or social developments as well as U.S. and foreign government actions such as the imposition of tariffs, economic and trade sanctions or embargoes could undermine the value of the Fund's investments or prevent the Fund from realizing the full value of its investments or prevent the Fund from selling securities it holds. Financial reporting standards for companies based in foreign markets differ from those in the U.S. Additionally, foreign securities markets generally are smaller and less liquid than U.S. markets. To the extent that the Fund invests in non-U.S. dollar denominated foreign securities, changes in currency exchange rates may affect the U.S. dollar value of foreign securities or the income or gain received on these securities. In addition, because non-U.S. markets may be open on days when the Fund does not price its units, the value of the securities in the Fund's portfolio may change on days when unitholders will not be able to purchase or sell the Fund's units.

K. Infrastructure-related Companies Risk

Infrastructure related companies can be negatively affected by various factors, including general or local economic conditions and political developments, general changes in market sentiment towards infrastructure assets, high interest costs in connection with capital construction and improvement programs, difficulty in raising capital, costs associated with compliance with changes in regulations, regulation or intervention by various government authorities, including government regulation of rates, inexperience with and potential losses resulting from the deregulation of a particular

industry or sector, changes in tax laws, environmental problems, costs or disruptions caused by extreme weather or other natural disasters, the effects of energy conservation policies, commodities markets disruptions (e.g., significant changes over short time periods in the price of oil), technological changes, surplus capacity, casualty losses, threat of terrorist attacks, and changes in interest rates. Rising interest rates could lead to higher financing costs and reduced earnings for infrastructure-related companies. A company is considered to be an infrastructure-related company if at least 50% of its non-cash assets are infrastructure assets or 50% of its gross income or net profits are derived, directly or indirectly, from the ownership, management, construction, operation, utilization, or financing of infrastructure assets. Infrastructure-related companies may be focused in the energy, industrials, and utilities sectors. At times, the performance of securities in these sectors may lag the performance of other sectors or the broader market as a whole. A downturn in these sectors could have an adverse impact on the Fund.

(2) Investment Transactions

For the period from April 11, 2024 (commencement of operations) through December 31, 2024, purchases and sales of investment securities (excluding in-kind transactions and short-term investments) aggregated \$40,957,861 and \$12,399,305, respectively.

(3) Contributions and Withdrawals

In accordance with the Declaration of Trust, net asset value per unit is determined each business day of each month. Units are admitted and withdrawn at these values.

(4) In-Kind Subscriptions

Under certain circumstances, and when considered to be in the best interest of the Fund, the Fund may accept portfolio securities rather than cash as payment for the purchase of Fund shares (in-kind subscription). For financial reporting and tax purposes, the cost basis of contributed securities is equal to the market value of the securities on the date of contribution. In-kind subscriptions result in no gain or loss and no tax consequences for the Fund. On September 26, 2024 and October 17, 2024 the Fund received securities in-kind. This resulted in the issuance of 9,438,707 shares valued at \$112,448,670.

(5) Expenses

The Trustee is the Administrator of the Fund, and has retained State Street Bank and Trust Company as the sub administrator for administrative services such as fund accounting and record keeping. The Fund is responsible for all expenses in connection with its operation, including any audit, custodian, record keeping and administrative service fees levied against the Fund (collectively “Fund Operating Expenses”). For the period from April 11, 2024 (commencement of operations) through July 16, 2024, the Fund paid to the Trustee an annual fee (“management fee”) of 0.53% of average daily net assets for services provided to the Fund. For the period from July 17, 2024 through September 25, 2024, the Fund paid to the Trustee an annual fee (“management fee”) of 0.51% of average daily net assets for services provided to the Fund. Effective September 26, 2024 through December 31, 2024, the Fund pays to the Trustee an annual fee (“management fee”) of 0.40% of average daily net assets for services provided to the Fund. For the period from April 11, 2024 (commencement of operations) through December 31, 2024, the management fee was \$202,459 of expenses.

For the period from April 11, 2024 (commencement of operations) through September 25, 2024, the Trustee contractually agreed to reimburse Fund Operating Expenses (excluding certain expenses such as management fee and extraordinary expenses) to limit the annual expense ratio to 0.07% of average daily net assets. Effective September 26, 2024, the Trustee agrees to reimburse Fund Operating Expenses (excluding certain expenses such as management fee and extraordinary expenses) to limit the annual expense ratio to 0.00% of average daily net assets. For the period from April 11, 2024 (commencement of operations) through December 31, 2024, the Trustee reimbursed \$61,307 of expenses.

(6) Ownership of the Fund

At December 31, 2024, there were four beneficial owners that held 10% or more of the outstanding units of the Fund, each owning 39%, 21%, 21% and 19%, respectively.

(7) Payments by Affiliates

During the year ended December 31, 2024, the Trustee agreed to reimburse the Fund \$53,994 for transaction fees related to the in-kind subscriptions.

(8) Review for Subsequent Events

Management has reviewed the events and transactions for subsequent events from January 1, 2025 through April 1, 2025, the date the financial statements were available to be issued, and has determined that there were no material events that would require disclosure in the Fund's financial statements through this date.

Independent Auditor's Report

To the Participants and Trustee of
DWS RREEF Global Infrastructure Collective Investment Trust Fund

Opinion

We have audited the accompanying financial statements of DWS RREEF Global Infrastructure Collective Investment Trust Fund, which comprise the statement of assets and liabilities, including the investment portfolio, as of December 31, 2024, and the related statements of operations, changes in net assets, and the financial highlights for the period from April 11, 2024 (commencement of operations) through December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of DWS RREEF Global Infrastructure Collective Investment Trust Fund as of December 31, 2024, and the results of its operations, changes in its net assets, and its financial highlights for the period from April 11, 2024 (commencement of operations) through December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DWS RREEF Global Infrastructure Collective Investment Trust Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DWS RREEF Global Infrastructure Collective Investment Trust Fund's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DWS RREEF Global Infrastructure Collective Investment Trust Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DWS RREEF Global Infrastructure Collective Investment Trust Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.
