Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance of
AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan
Overland Park, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan (formerly AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan and Trust) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024

Note 1 – Plan Description

The following description of the AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of AdamsBrown, LLC (the "Plan Sponsor" or "Company") and Adams Brown Technology Specialists, LLC who have the earlier of six consecutive months of service or the completion of one year of service and meet the age 21 requirement for eligibility. The Plan includes prior service with several other employers, as defined in the Plan document, for purposes of determining eligibility and vesting. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective November 1, 2023, the Plan document was amended to include service with VonFeldt, Bauer & VonFeldt Chtd for purposes of determining eligibility and vesting.

During 2024, the Plan's Custodian changed from Matrix Trust Company to Charles Schwab Trust Bank.

Effective January 1, 2024, the Plan document was amended to include service with The Technology Specialists, Inc. for purposes of determining eligibility and vesting.

Effective January 1, 2024, the Plan document was restated to limit elective deferrals to 75% of eligible compensation, exclude collective bargaining (union) employees and employees that are on the payroll of an employer who is not a participating employer in the Plan, and modify available withdrawals to lump sum and partial withdrawals. Also, as a result of the restatement, the Plan name was changed from AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan and Trust to AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan.

Effective July 1, 2024, the restatement modified eligibility requirements for Plan entry to six months of service and the Plan entry date to the first day of each month.

Effective October 1, 2024, the Plan was restated to include an automatic enrollment and escalation provision. This provision applies to all participants who do not have an existing Salary Reduction Agreement in effect on the Automatic Deferral Effective Date, or whose elective deferral rate under such agreement is -0%. Applicable participants are automatically enrolled at a 3% Roth elective deferral rate, with a 1% automatic increase each year, effective August 1, up to a maximum of 10%.

Voluntary Correction Program

On March 21, 2022, the Company filed a Voluntary Correction Program ("VCP") submission with the Internal Revenue Service (IRS), which detailed an operational failure relating to eligibility to participate in the Plan for rehired participants. In its VCP submission, the Company documented the procedures that have taken place to correct the operational failure. When the Plan was restated effective February 2, 2022, the Plan document was updated to align with administrative procedures. The Company received a compliance statement from the IRS on April 25, 2023, stating they agreed with the corrective actions and changes to administrative procedures that were made by the Company.

AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024

Contributions

Each year, participants may contribute a portion of their eligible compensation, as defined, as pretax or Roth deferrals up to the maximum allowed by the *Internal Revenue Code (IRC)*. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the limit imposed by law. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor makes a safe harbor matching contribution of 100% of the first 3% of eligible compensation plus 50% of salary deferrals up to the next 2% of eligible compensation. The Plan Sponsor may also make additional discretionary contributions. No additional discretionary contributions were made in 2024 or 2023. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan Sponsor safe harbor matching contributions, as well as allocations of the Plan Sponsor's discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferrals, rollover contributions, and the Company's safe harbor matching contributions plus earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest on a graded schedule and are 100% vested after six years of credited service.

Benefit Payments

Upon termination of service for any reason, a participant with a vested balance in excess of \$5,000 may elect to receive either a lump-sum amount or cash installments. Vested benefits less than \$1,000 will be paid in a lump-sum amount and vested benefits between \$1,000 and \$5,000 will be rolled into an IRA.

Effective January 1, 2024, the Plan adopted the SECURE Act 2.0 provision to raise the threshold for mandatory distributions, where vested balances of \$7,000 or less are subject to automatic rollover out of the Plan.

In-service withdrawals are available for hardships or upon a participant attaining age 59 ½, as defined.

Effective January 1, 2024, the Plan adopted a provision to permit Qualified Birth or Adoption Distributions. The Plan is in the process of formally amending the Plan document to incorporate this provision pending IRS guidance on required amendment language.

Administrative Expenses

Most Plan fees and administrative expenses are paid by the Plan and some are netted with investment income. Administrative fees paid by the Plan, and not netted with investment income during 2024, were \$13,755.

Note 2 – Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash

At December 31, 2024, the Plan's cash consisted of an interest-bearing money market savings account held by the Plan's Custodian. This amount is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

At December 31, 2023, the Plan's cash consisted of a non-interest-bearing cash account held by the Plan's Custodian. This account was not insured by the FDIC.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts, which are presented at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefit Payments

Benefit payments are recorded when paid to participants.

Note 3 – Custodians' Certifications

Certain information was certified as complete and accurate by Matrix Trust Company and Charles Schwab Trust Bank, the Plan's Custodians. Matrix Trust Company certified Plan information as of December 31, 2023 and 2024, and for the year ended December 31, 2024. Charles Schwab certified Plan information as of December 31, 2024, and for the period April 30, 2024 through December 31, 2024. That information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 4 – Fair Value Measurements

The Plan's mutual funds and exchange traded funds are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Fair Value Measurements at Reporting Date Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2024</u>	Fair Value		
Mutual funds	\$ 30,899,652	\$ 30,899,652	\$ -
Common collective trust funds	13,465,108	-	13,465,108
Investments at fair value	<u>\$ 44,364,760</u>	<u>\$ 30,899,652</u>	<u>\$ 13,465,108</u>

AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024

	Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2023</u>			
Mutual funds	\$ 31,196,403	\$ 31,196,403	\$ -
Exchange traded funds	6,689,778	6,689,778	-
Investments at fair value	\$ 37,886,181	\$ 37,886,181	\$ -

Level 1 Fair Value Measurements

The fair values of mutual funds and exchange traded funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair values of collective investment funds are based on inputs that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

The collective investment funds invest in securities that have observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. While the underlying assets values are quoted prices, the net asset value (NAV) of a unit in these funds is not publicly quoted. Units can be issued and redeemed on any business day at the NAV. All earnings and losses are reflected in the computation of the NAV and are realized by the participant upon withdrawal.

Note 5 – Guaranteed Investment Contract

At December 31, 2023, and for the period between January 1, 2024 through May 31, 2024, the Plan invested in the CUNA Mutual Life Stable Value Fund issued by the CMFG Life Insurance Company. This investment met the fully benefit-responsive investment contract criteria and was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. This investment was a single group annuity contract with a fixed rate of interest which was reset on a quarterly basis. The average yield for the fund was 2.00% and 1.93% for the period ended May 31, 2024 and year ended December 31, 2023, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The following represents the total contract value of this investment contract held by the Plan at December 31, 2023:

	2023
Traditional investment contracts	\$ 711,139

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

AdamsBrown, LLC Employee's Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but was not less than 1 percent. The crediting rate was reviewed on a semi-annual basis for resetting.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 – Tax Status

Effective February 2, 2022, the Plan document was restated to a non-standardized pre-approved plan sponsored by CMFG Life Insurance Company and received a favorable opinion letter from the IRS dated June 30, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the *IRC*. Although the Plan has been restated, the Plan Sponsor and Administrator believe that the Plan is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8 – Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan investments were managed by CUNA Mutual and Charles Schwab, the Plan service providers, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to CUNA Mutual and Charles Schwab for administrative expenses were \$13,755 for the year ended December 31, 2024.

CUNA Mutual and Charles Schwab provide certain administrative services to the Plan pursuant to a Service Agreement between the Company and these service providers. Revenue credits generally represent the return of excess revenue generated by the Plan based upon the terms of the Service Agreement. Excess revenue occurs when CUNA Mutual and Charles Schwab's net revenue from the Plan participants' investments exceeds required revenue levels stated in the Service Agreement. Revenue credits are deposited to the Plan's account and may be used to pay reasonable and necessary Plan expenses. The Plan Sponsor may make a payment to CUNA Mutual and Charles Schwab for administrative expenses not covered by revenue credits. Administrative expenses are presented net of \$1,310 revenue credits received during the Plan year.

Note 9 – Subsequent Events

Subsequent events have been evaluated through October 14, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan added AB Payroll, LLC as a participating employer.

During 2025, participants aged 60 to 63 were permitted higher catch-up limits in accordance with Secure 2.0.
