Report of Independent Auditor

To the Plan Administrator and Participants
Specialty Appliances LLC
401(k) Retirement Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Specialty Appliances LLC 401(k) Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the 2024 Financial Statements* section:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the 2024 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2024 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2024, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of Specialty Appliances LLC 401(k) Retirement Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 4, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPECIALTY APPLIANCES LLC 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan

The following description of the Specialty Appliances LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by Specialty Appliances LLC. (the “Company”). The Plan covers all employees who are age 18 or older and have completed the service requirement as defined in the Plan Document, except certain union employees, nonresident aliens, leased employees, and interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – American United Life Insurance Company, a OneAmerica company, serves as the “custodian” and “qualified institution” as of the for the year ended December 31, 2024.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Participants may change their investment options at their discretion.

Contributions – Participants may elect to contribute a portion of their compensation as a pre-tax deferral or Roth deferral subject to certain Internal Revenue Code (“IRC”) limitations. The sum of participants pre-tax and Roth contributions is subject to the annual limitation of \$23,000 for the year ended December 31, 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation or the employee may choose a different percentage or a flat dollar amount.

The Company may make a matching contribution to the Plan. For the year ended December 31, 2024, the Company match was 100% of the first 3% contributed. For the year ended December 31, 2023, the Company match was 10% of the participant’s contribution. In addition, the Company may make discretionary contributions to the Plan. Contributions are subject to certain statutory limitations.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of credited service and vests an additional 20% per year thereafter up to 100% vested after six years.

Distributions – Vested amounts contributed through salary/wage reductions may be withdrawn by or distributed to a participant only upon: (1) termination of service, (2) death, (3) disability, (4) retirement, or (5) a hardship distribution. Upon proof to the satisfaction of the Company of an immediate and heavy financial need, amounts contributed may be withdrawn for hardship purposes. Certain income tax penalties may apply to withdrawals or distributions prior to retirement. If the balance in their account is greater than \$5,000, the account may not be distributed without the participant’s consent. If the balance in a participant’s account is less than \$5,000, the Plan may distribute the lump sum of the account upon termination of service of the participant.

Forfeited Accounts – Forfeitures are retained in the Plan and will be used to reduce administrative expenses under the Plan or reduce future employer contributions to the Plan. As of December 31, 2024 and 2023, forfeited nonvested accounts were \$3,983 and \$-0-, respectively. During the year ended December 31, 2024, \$1,000 of forfeitures were used to reduce administrative expenses and \$9,020 of forfeitures were used to reduce employer contributions.

SPECIALTY APPLIANCES LLC 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of: (a) the Company's qualified non-elective contributions and (b) Plan earnings and is charged for withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses – The Company provides certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly by the Company, include audit and legal fees, and are excluded from the accompanying financial statements.

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for the guaranteed investment contract that is stated at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The net appreciation of investments includes both realized and unrealized gains and losses on investments. Securities transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions Receivable – Any participant related contributions that have been deducted from the participant's payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year are reflected as participant contributions receivable in the accompanying financial statements. In addition, any contributions due and payable by the Company are reflected as employer contributions receivable in the accompanying financial statements.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of IRC limitations are recorded as a liability with a corresponding reduction in participant contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15 of the subsequent year.

Payment of Benefits – Benefit payments are recorded as deductions from the net assets when they are approved for payment and paid by the Plan.

SPECIALTY APPLIANCES LLC 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

Fair Value Measurements – The Plan follows the *Fair Value Measurement* topic of the Financial Accounting Standards Board's Accounting Standards Codification 820, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodology used as of December 31, 2024 and 2023.

Pooled Separate Accounts – These investments represent unitized accounts that typically hold one mutual fund traded on an established market. The fair value of the underlying investment is determined by the issuer and is valued daily using publicly available quoted market prices. As American United Life Insurance Company adjusts the number of units in the pooled separate account to match the fair value of the underlying investment(s), these pooled separate accounts are classified within Level 1 of the valuation hierarchy.

The Plan believes its valuation method is appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Stable Value Fund – In accordance with U.S. GAAP, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's stable value fund promises contract value for a benefit event (death, certain retirement income payments, separation from service, hardship, and small account balances) with no conditions, limits, or restrictions. Therefore, the stable value fund is considered fully benefit-responsive and recorded at contract value.

SPECIALTY APPLIANCES LLC 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 3—Information prepared and certified by the Plan’s custodian (unaudited)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company, the qualified institution, have certified the following information included in the accompanying financial statements is complete and accurate:

- Investments in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation of investments and interest income in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024.

The Plan’s independent auditors did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value of financial investments

The Plan’s financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2 as of:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 3,398,748	\$ -	\$ -	\$ 3,398,748
Investments, at fair value				\$ 3,398,748

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 3,973,941	\$ -	\$ -	\$ 3,973,941
Investments, at fair value				\$ 3,973,941

Note 5—Fully benefit-responsive investment contract

The Plan has entered into a traditional investment contract through a group annuity contract with the custodian. The traditional investment contract held by the Plan is a guaranteed investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest rate that is guaranteed to the Plan.

The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

SPECIALTY APPLIANCES LLC 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 5—Fully benefit-responsive investment contract (continued)

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures, or spin off of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring. The guaranteed investment contract does not permit the custodian to terminate the agreement prior to the scheduled maturity date. The average yield on the investment contract for December 31, 2024 and 2023, was approximately 2.45% and 2.52%, respectively.

Note 6—Related party and party-in-interest transactions

The Plan invests in pooled separate accounts, stable value account, and a fixed account managed by American United Life Insurance Company, the custodian. Transactions in such investments qualify as party-in-interest transactions but are exempt from the prohibited transaction rules.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

Note 8—Tax status

The Plan adopted a non-standardized, pre-approved profit sharing plan. The non-standardized, pre-approved profit sharing plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated the volume submitter profit sharing plan was designed in accordance with the applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax. Therefore, the Plan continues to be tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SPECIALTY APPLIANCES LLC 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 9—Risks and uncertainties

The Plan's investment securities are subject to various risks, such as interest rate, market, and credit. Due to the levels of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the financial statements.

Note 10—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 3,443,714	\$ 4,284,850
Participant contributions receivable	(18,112)	-
Employer contributions receivable	(8,851)	-
Excess contributions payable	5,915	-
Net assets available for benefits per Form 5500	<u>\$ 3,422,666</u>	<u>\$ 4,284,850</u>

The following is a reconciliation of statement of changes in net assets available for Plan benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

Net decrease in net assets available for benefits per the financial statements	\$ (841,136)
Change in participant contribution receivable	(18,112)
Change in employer contribution receivable	(8,851)
Change in excess contributions payable	5,915
Net decrease in net assets available for benefits per Form 5500	<u>\$ (862,184)</u>

Note 11—Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2025, the date these financial statements were available to be issued.

Subsequent to year-end in January 2025, the Plan transitioned its custodian and qualified institution from American United Life Insurance Company to Voya Retirement Insurance and Annuity Company. During the transition, there was a blackout period which covered the last two pay periods of December 2024 as those assets were held and subsequently deposited into the Voya held accounts in January 2025. The contributions during this period are reflected as participant and employer contribution receivables on the statement of net assets available for benefits as of December 31, 2024.
