Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Nouria 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Nouria 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nouria 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nouria 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nouria 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of Nouria 401(k) Retirement Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agree to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOURIA 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024

Note 1 - Description of the Plan

The following brief description of the Nouria 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Nouria 401(k) Retirement Plan, established on March 27, 2017, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees of Nouria Energy Corporation (the "Company"), except for non-resident aliens and certain employees who are residents of Puerto Rico. The Plan Administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Effective June 1, 2024, the Plan was amended whereby Fidelity Management Trust Company became the trustee and custodian of the plan assets. Prior to June 1, 2024, Charles Schwab Trust Bank was the trustee and custodian.

Enrollment - All employees are eligible to participate in the Plan upon commencement of employment with the Company, except for non-resident aliens and certain employees who are residents of Puerto Rico.

Contributions - Each year, participants may contribute up to 100% of their pretax annual compensation, as defined by the Plan. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer Safe Harbor Matching contributions shall be equal to 100% of the first 3% of eligible compensation, plus 50% of the next 2% of eligible compensation, that a participant contributes to the Plan. Participants are eligible for Employer Safe Harbor Matching contributions after completion of six months of service. In addition, each year, the Company may make an additional matching employer contribution to the Plan. The Company did not make additional matching employer contributions to the plan for the year ending December 31, 2024. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants' Accounts -. Each participant's account is credited with (a) the participant's contributions, (b) employer Safe Harbor Matching contributions and additional matching contributions, if any (c) plan earnings, and (d) plan expenses. Allocations of plan earnings and plan expenses are based on account balances, as defined. Allocations of the employer Safe Harbor Matching contributions and additional matching contributions, if any are based on participant compensation. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their deferral contributions, rollover contributions, employer contributions and actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024

Note 1 - Description of the Plan (Continued)

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in one percent increments to various investment options including a money market account, mutual funds and collective investment trusts. Participants may reallocate their funds or redirect new contributions on a daily basis among any of the offered funds.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 or up to the lesser of 50% of the participants vested account balance, or \$50,000, reduced by the excess (if any) of the participant's highest outstanding loan balance during the 12 month period ending on the date of the loan over the participant's current outstanding loan balance on the date of the loan. The notes receivable are secured by the balance in the participant's account. The notes bear interest at a reasonable rate as determined by the Administrator based upon local prevailing rates. Principal and interest is paid ratably through weekly payroll deductions. Generally, notes must be repaid within five years unless being used to purchase a primary residence.

Payment of Benefits - Upon retirement, disability, death or termination of service, participants or beneficiaries are entitled to a distribution equal to the total value of the participant's vested account. A participant or beneficiary may elect to receive the value of their vested account in a lump-sum cash payment, a rollover distribution to an eligible retirement account or in a series of installments. Participants may withdraw from their vested accounts upon certain hardship situations defined in the Plan or upon attainment of age 59-1/2.

For balances less than \$1,000, benefit payments are made in the form of a lump sum payment. For balances greater than \$1,000, but less than \$5,000, benefit payments are made in the form of either a lump sum payment or are rolled over to an Individual Retirement Account for the benefit of the participant. Participants having \$5,000 or more in their account may elect to defer benefit payments until a minimum distribution is required to be made.

Plan Amendment and Termination - The Plan may be amended at any time by the Company, provided that no such amendment may deprive participants of their vested benefits. Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will remain 100% vested in their accounts.

Administrative Costs - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Transaction fees related to the administration of notes receivable from participants and distributions are charged directly to the respective participants' accounts and are included in administrative expenses. Expenses related to recordkeeping, account maintenance, and investment advisory services are allocated amongst all participants within the plan. Investment related expenses are included in net appreciation in fair value of investments.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles.

NOURIA 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period, and disclosures of contingent assets and liabilities, if applicable, at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions in accordance with the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Investment Valuation and Income Recognition - All investments are recorded at fair value in the financial statements. Fair value is measured in accordance with U.S. generally accepted accounting principles as more fully described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for collective investment trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trust but do have an interest therein represented by units which are valued daily. The trust earns interest which is automatically reinvested in additional units. Generally contributions to and withdrawals from the trust are converted to units by dividing the amount of such transactions by the unit values as last determined and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Income Tax Status - Effective June 1, 2024, the Plan began utilizing the Fidelity Non-Standardized Pre-Approved Profit Sharing Plan. The Plan being utilized obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Prior to June 1, 2024 the Plan was utilizing a prototype plan. The prototype plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service state that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the plan had been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believed that the Plan was currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified.

NOURIA 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Income Tax Status (Continued) - In determining the recognition of uncertain tax positions, the Plan applies a more-likely-than-not recognition threshold and determines the measurement of uncertain tax positions considering the amounts and probabilities of the outcomes that could be realized upon ultimate settlement with taxing authorities. As of December 31, 2024, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is generally subject to potential examination by taxing jurisdictions for the prior three years. Currently, no audits for any tax periods are in progress.

Subsequent Events - The date to which events occurring after December 31, 2024 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments, and notes receivables from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, at fair value, and notes receivable from participants held as of December 31, 2024 and 2023, and all investment income and interest income on notes receivable from participants for the year ended December 31, 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company and Charles Schwab Trust Bank. Fidelity Management Trust Company, was the custodian and trustee of the plan as of December 31, 2024 and for the period June 1, 2024 to December 31, 2024. Charles Schwab Trust Bank was the custodian and trustee of the plan as of December 31, 2023 and for the period January 1, 2024 to May 31, 2024.

Note 4 - Fair Value Measurements

Fair value is defined under U.S. generally accepted accounting principles as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under U.S. generally accepted accounting principles must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy is based on three levels of inputs as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

NOURIA 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024

Note 4 - Fair Value Measurements (Continued)

Following is a description of the Plan's valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual Funds and Money Market Funds

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund and calculated at the close of business on the NYSE. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds and money market funds are classified within Level 1 of the valuation hierarchy.

Collective Investment Trusts

The Plan's investment in a collective investment trust, MFS Large Cap Value CIT Class CT, is a public investment vehicle valued using the Net Asset Value ("NAV") provided by the administrator of the fund and calculated at the close of business on the NASDAQ. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investment in this collective investment trust is classified within Level 1 of the valuation hierarchy.

The Plan's investments in the collective investment trusts, Reliance Trust MetLife Series 25053 Class 0 and Galliard Stable Return Fund C, are public investment securities valued using the net asset value (NAV) provided by Fidelity Management Trust Company. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective investment trust funds do not have any unfunded commitments related to its investments, and participant directed redemptions have no restrictions. These investments measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in the table below are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents the financial instruments carried at fair value, by the valuation hierarchy (as previously described) as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
<u>Level 1</u>		
Money market fund	\$ 711	\$ -
Mutual funds	17,293,556	13,425,010
Collective investment trust	917,701	-
Total Level 1 investments	<u>18,211,968</u>	<u>13,425,010</u>
Investments measured at net asset value	<u>662,019</u>	<u>578,254</u>

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024

Note 4 - Fair Value Measurements (Continued)

The following tables summarize the collective investment trusts for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant or plan redemption restrictions for these investments.

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
MetLife Series 25053 Class 0	\$ 617,000	-	Daily	1 Day
Galliard Stable Return Fund C	<u>45,019</u>	-	Daily	1 Day
	<u>\$ 662,019</u>			

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
MetLife Series 25053 Class 0	\$ <u>578,254</u>	-	Daily	1 Day

Note 5 - Notes Receivable from Participants

As of December 31, 2024, notes receivable from participants bear interest at rates ranging from 4.25% to 9.5%, and mature at various dates through December 2029. As of December 31, 2023, notes receivable from participants bear interest at rates ranging from 4.25% to 9.5%, and mature at various dates through November 2028. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Note 6 - Related Party Transactions

Certain plan investments are currently managed by Fidelity Management Trust Company and previously managed by Charles Schwab Trust Bank. Transactions with Fidelity Management Trust Company and Charles Schwab Trust Bank qualify as party-in-interest transactions. During the year ended December 31, 2024, fees paid to Fidelity Management Trust Company and to Charles Schwab Trust bank amounted to \$16,546 and \$7,462 respectively.

In addition, during the year ended December 31, 2024 investment advisory fees in the amount of \$20,183 and \$31,309 were paid to CAPTRUST Financial Advisors and Hooker & Holcombe, Inc, respectively. The Company elects to pay certain other administrative expenses of the plan.

NOURIA 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic related issues or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Subsequent Events

Effective January 1, 2025, the Plan includes an automatic salary deferral feature. Employees who become eligible to participate in the Plan on or after January 1, 2025 who fail to affirmatively make any deferral elections (including an election to contribute 0% of eligible compensation) within the time prescribed by the Administrator shall be deemed to have elected to defer 3% of eligible compensation as pre-tax contributions. Automatically enrolled participants will have their contributions invested in the Fidelity Index Fund that most closely aligns with the participant's age and projected retirement date. If the Administrator automatically enrolls a participant who did not want to participate in the Plan, the Administrator can refund deferrals to the participant within 90 days after being automatically enrolled, provided the participant notifies the Administrator within a reasonable period of time prior to the end of the 90-day period.

In addition, effective January 1, 2025, the Plan includes an escalation of the automatic deferral amount feature. Participants who are automatically enrolled in the Plan on or after January 1, 2025, who fail to affirmatively opt out of this feature, will have their deferral election increased annually on January 1st by 1% until the deferral reach a cap of 7%. The auto escalation feature will be skipped if January 1st is within the first 6 months of a participant's automatic enrollment.

During February 2025, the Company acquired Enmarket, which is a regional chain of community focused convenience stores and car washes in Southeastern United States. Employees of Enmarket became eligible to participant in the Plan.
