We are providing this letter in connection with your audits of the financial statements of Marex 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). We acknowledge that your audits did not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution") that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that our election for an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described in 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

We understand that your audits were made for the purpose of expressing an opinion as to whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with US GAAP and that the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We are also providing this letter in connection with the ERISA-required supplemental schedule as of December 31, 2023 for the purpose of the expression of your opinion as to whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

We have fulfilled our responsibility, as set out in the terms of the Engagement Letter, for the preparation and fair presentation of the financial statements in accordance with US GAAP and for the preparation and presentation of the ERISA-required supplemental schedule in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud, including programs and controls to prevent and detect fraud.

We also acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of

the surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, as of October 2, 2024, the following representations made to you during your audits.

8. There are no other liabilities or gain or loss contingencies that are required to be accounted for or disclosed in accordance with US GAAP (ASC 450).

22. Amendments to the Plan instrument have been properly disclosed in the financial statements.
23. Significant estimates and material concentrations known to management that are required to be disclosed in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 275, *Risks and Uncertainties*) are properly disclosed in the financial statements.

Significant estimates are estimates at the date of the financial statements that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.

24. We have no knowledge of any business relationships, financial relationships, or other relationships that the Plan or its affiliates has with New Mountain Capital or its affiliates. We also acknowledge our responsibility for communicating to you all relationships, including business relationships, financial relationships, or other relationships, that the Plan or its affiliates are considering with New Mountain Capital or its affiliates. We have not identified any such relationships.

We understand that "business relationships" include (1) teaming arrangements, (2) alliances, (3) joint investments or joint ventures, and (4) vendor in the ordinary course arrangements. We also understand that "financial relationships" include (1) direct financial investments, (2) material, indirect financial investments, and (3) lending relationships.

25. We have no knowledge of any participation in, investment in, purchase of, or ownership of the debt of Grant Thornton Advisors LLC by the Plan or its affiliates. We have informed the appropriate individuals that make investment decisions for the Plan and its affiliates, including any investment committee and third-party investment advisors, if applicable, that participating in, investing in, purchasing, or owning the debt of Grant Thornton Advisors LLC may impair your independence. We also acknowledge that, if it comes to our attention that the Plan or its affiliates are considering participating in, investing in, purchasing, or otherwise owning the debt of Grant Thornton Advisors LLC, we will bring such matters to your attention immediately for further discussion and evaluation.
26. The Plan has satisfactory title to all owned assets. There are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
27. The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
28. In connection with the preparation of the financial statements we evaluated, in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 205, *Presentation of Financial Statements*), whether there were conditions or events that, when considered in the aggregate, raised substantial doubt about the Plan's ability to continue as a going concern for a period not less than one year from the date the financial statements are issued or available to be issued. Our evaluation was based on relevant conditions and events known and reasonably knowable at that date.
29. The financial statements disclose all the matters of which we are aware that are relevant to the Plan's ability to continue as a going concern for a reasonable period of time, including principal conditions or events and management's plans.
30. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities, including those reported or disclosed at fair value, as well as information obtained from brokers, pricing services, or other third parties. The methods, significant assumptions, and data used in making accounting estimates and the related disclosures, including those measured at fair value, are reasonable, are consistently applied, and result in a measurement appropriate to achieve recognition, measurement, or disclosure for financial statement and disclosure purposes in accordance with the financial reporting framework. In addition, the data used in making accounting estimates is accurate and complete. No events have occurred subsequent to the date of the financial statements through the date of this letter that would require adjustment to these estimates and fair value measurements, or the related disclosures included in the financial statements.
31. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 820, *Fair Value Measurements and Disclosures*). In addition, in accordance with US GAAP, the Plan has categorized its financial instruments, based on the priority of inputs to the valuation technique, into a three-level fair value hierarchy. The fair value gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs that are used to measure the securities fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.
32. There are no financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk.
33. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code and intend to continue as a qualified plan and trust. The Plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status, including complying with laws and regulations and preventing violations that may cause disqualification. We are not aware of any matters that would affect the continued qualified status of the Plan.
34. We are responsible for the preparation of Plan amendments necessitated by changes in law or regulation or required by changes in the operation of the Plan. All amendments required by such changes have been adopted by the Plan.
35. The Plan has complied with DOL regulations concerning the timely remittance of participants' contributions to the trusts containing assets for the Plan, except as disclosed in the related ERISA-required supplemental schedule.

36. All required filings with the appropriate regulatory agencies have been made.
37. The Plan has complied with the fidelity bonding requirements of ERISA.
38. We acknowledge our responsibility for the preparation and presentation of the Schedule H Line 4i, Schedule of Assets (held at end of year) in accordance with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information, including its form and content, is fairly presented in accordance therewith. The methods of measurement and presentation of the supplementary information are consistent with those used in the prior period. We have disclosed to you the significant assumptions and interpretations underlying the measurement and presentation of the supplementary information.
39. We have no intentions to terminate the Plan.
40. The Plan sponsor may make a discretionary matching contribution to eligible participants. During 2023, the Plan sponsor matched 50% of the participant's salary deferrals, not to exceed 6% of eligible compensation with a \$6,000 cap for employees in the Marex Services, Inc, Marex Spectron USA LLC and ED&F Services, Inc division of Marex.
41. You provided a nonattest service by assisting us with drafting the financial statements and ERISA-required supplemental schedule. In connection with this nonattest service, we confirm that:
 - a. We made all management decisions and performed all management functions
 - b. We have suitable skill, knowledge, and experience to evaluate the accuracy and completeness of the financial statements and ERISA-required supplemental schedule
 - c. We accept responsibility for such financial statements and ERISA-required supplemental schedule.
42. All events subsequent to the date of the financial statements through the date of this letter and for which US GAAP requires recognition or disclosure have been recognized or disclosed.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Participants of the
Marex 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Marex 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

Marex 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Marex 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on May 1, 2010 and effective August 23, 2023, the Plan amended and restated the Adoption Agreement, but there were no significant changes to the Plan provisions as a result of the restatement. The Plan is a defined contribution plan covering employees of Marex North America LLC ("Marex") and Spectron Inc. a participating employer (collectively, the "Company"). The Plan does not cover leased employees or nonresident aliens. Employees become eligible to participate in the Plan upon completing one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Fidelity Management Trust Company ("Fidelity" or the "Trustee") serves as trustee for the Plan and Fidelity Workplace Services LLC serves as the recordkeeper for the Plan.

Effective August 1, 2023, the employees under Marex North America, LLC ("Marex") moved to Marex Services, Inc. ("MSI") for business reasons of licenses. MSI was added as a participating employer in the Plan. Marex moved all service providers which all had services with Marex to MSI. All the rights and responsibilities changed to the new entity.

Contributions

Participants may make pre-tax and Roth 401(k) contributions of up to 90% of their annual compensation, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing transfers from other qualified plans.

The Company may make a discretionary matching contribution to eligible participants. During 2023, the Company matched 50% of the participant's salary deferrals, not to exceed 6% of eligible compensation with a \$6,000 cap for employees in the Marex Services, Inc., Marex Spectron USA, LLC and ED&F Services, Inc, division of Marex. The Company may also make a discretionary non-elective contribution to participants employed on the last day of the Plan year. There was no Company discretionary non-elective contribution approved or made for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, and an allocation of the Plan earnings, and is charged with an allocation of administrative expenses, if applicable. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the value of his or her vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their own contributions, rollovers, qualified non-elective contributions plus actual earnings thereon are permitted. Vesting in the Company's discretionary matching contributions and discretionary non-elective contributions and any earnings thereon will be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	100%

Participants who continue in employment as an employee until their normal retirement age, or participants who dies while employed as an employee or while performing qualified military service shall have a 100% vested interest in their account. Participants that merged into the Plan from the X-Change Financial Access LLC Profit Sharing 401(k) Plan who did not work an hour of service on or after December 1, 2021, in the Company's discretionary matching contributions and discretionary non-elective contributions and any earnings thereon will vest after three years of service.

Notes Receivable From Participants

Participants may borrow a minimum of \$1,000, up to a maximum of \$50,000 or 50% of the vested portion of their account balance, whichever is less. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans, based on the prime rate plus 1% at the date of the loan. Principal and interest are paid ratably through payroll deductions. Repayment occurs over a period not to exceed five years, unless the loan is to acquire any dwelling unit that is or will be the principal residence of the participant, in which case the repayment period may extend to 30 years. Participants can have no more than one loan outstanding at a time.

Benefit Payments

Participants may take withdrawals prior to termination of employment under a hardship withdrawal, rollover contributions or an age of 59½ withdrawal, whereby a participant may withdraw all or any portion of his or her account balance. Upon termination of service due to death, disability, retirement or other reasons, participants may receive the vested balance of their accounts. All amounts are distributed in lump-sum payment. Vested balances less than \$1,000 can be distributed from the trust upon proper notification to the participant.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Marex 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in the orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent loans are reclassified as distributions based on the terms of the Plan agreement.

Forfeited Accounts

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated employees in accordance with the Plan agreement. Forfeitures are to first be used to pay administrative expenses under the Plan. To the extent that forfeitures are not used to pay administrative expenses under the Plan, forfeitures will be used to reduce Company contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$36,100 and \$9,600, respectively. During the year ended December 31, 2023, approximately \$1,600 of forfeitures were used to pay administrative expenses and approximately \$1,800 were used to reduce Company contributions.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE D - FAIR VALUE MEASUREMENTS

Accounting guidance issued by the Financial Accounting Standards Board establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds - Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Collective trust funds - Valued at the NAV of units of the collective trust funds. The NAV is calculated by the funds based on net assets, which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund and is used as a practical expedient to estimate fair value.

Money market fund - Valued at NAV of \$1.00 per share held by the Plan at year end.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Under the terms of the contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds.

NOTE G - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity, the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE J - TAX STATUS

The Company adopted a standardized prototype plan sponsored by Fidelity Management & Research LLC ("FMR"). The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. The Plan has been amended and restated since the date of the opinion letter; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes that the Plan was qualified and that the related trust was tax-exempt as of December 31, 2023 and 2022.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

NOTE K - SUBSEQUENT EVENTS

Plan management evaluated its December 31, 2023, financial statements for subsequent events through October 2, 2024 the date the financial statements were available to be issued. The Plan is not aware of any subsequent events, which would require recognition or disclosure in the financial statements.
