INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants and Beneficiaries
Providence Medical Group
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Providence Medical Group 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Empower Annuity Insurance Company of America, as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6, is complete and accurate.

As described in Note 6, the Plan owns investments held at a financial institution, Merrill Lynch, which does not certify the completeness and accuracy of the Plan's investments in which it reports. As a result, the investment information reported during the years ending December 31, 2024 and 2023 by Merrill Lynch was subjected to auditing procedures applied in the basic financial statements.

INDEPENDENT AUDITOR'S REPORT - Continued

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT - Continued

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

INDEPENDENT AUDITOR'S REPORT - Continued

Auditor's Responsibilities for the Audit of the Financial Statements - continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of reporting requirements for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE 1 PLAN DESCRIPTION

The following description of Providence Medical Group 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established to provide for the retirement of Providence Medical Group (the "Company") employees. The Plan is a defined contribution plan. The Plan entrance dates are January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees covered under the Plan are eligible to participate when they are age twenty-one or older and have completed one year of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, allocations of investment earnings, and allocations of the administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account. All investments of the Plan are participant directed.

Vesting

A participant is 100% vested in the value of his or her accumulated voluntary contributions as well as employer safe harbor contributions at all times. Vesting in the Company's profit sharing portion of their accounts plus earnings thereon is based on years of service. A participant is 100% vested after six years of credited service or if they reach early retirement age, die, or become disabled.

Contributions

Participants may contribute to the Plan subject to limits imposed by Federal tax law. The maximum deferral amount under the Plan is 95% of a participant's compensation. The Company matches 100% of employee's contributions up to 3% of their compensation plus 50% of their elective contributions which exceed 3%, but do not exceed 5% of their compensation. In addition, the Company, at its discretion, may make a profit sharing contribution, subject to certain conditions. Currently, no profit sharing contributions have been declared for the 2024 or 2023 Plan years.

Payment of Benefits

Upon termination of employment, death, disability, or retirement, the participant may receive a lump sum distribution as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE 1 PLAN DESCRIPTION - continued

Forfeitures

Forfeitures from non-vested accounts are applied to the company's future matching contribution or used to reduce Plan expenses. There were no forfeitures during 2024 or 2023.

Participant Loans (Notes from Participants)

Participant loans are permitted under the Plan. The minimum amount of a loan is \$1,000. Loans cannot exceed the lesser of \$50,000 or 50% of a participant's vested balance. Repayment of loans shall not exceed five years except if the loan proceeds are used to acquire the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest. Loans are repaid ratably through payroll deductions.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Concentration of Credit Risk

The Plan invests primarily in mutual funds, either directly or indirectly through pooled separate accounts with mutual funds as the underlying investments. Mutual funds consist of equity, fixed income, and cash equivalent investments. Mutual fund investments are not insured. Valuations of mutual funds with equity and fixed income securities are affected by market fluctuations in the underlying stocks and bonds in which the fund managers have invested.

December 31, 2024

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

Except for certain contracts held by Talcott Resolution Life Insurance Company ("Talcott") and described in Notes 6 and 7, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Security transactions are accounted for on the date securities are purchased or sold (trade date). Dividend income is recorded on the ex-dividend date. Interest income is recognized when earned. Capital gain distributions are included in dividend income. Net appreciation and depreciation of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statement.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE 3 PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right, by action of its Directors, to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, amounts credited to participants' accounts will become fully vested and nonforfeitable.

NOTE 4 PARTIES IN INTEREST

There were no known prohibited transactions with known parties in interest as defined in ERISA Section 3(14) and regulations thereunder, including those transactions set forth in ERISA Sections 406 and 407(a) and Internal Revenue Code Section 4975(c).

Certain Plan investments are invested in pooled separate accounts sponsored by the Custodian of the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 5 INCOME TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE 6 SUMMARY OF CERTIFIED FINANCIAL DATA

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

	<u>2024</u>	<u>2023</u>
Investments at fair value		
Pooled Separate Accounts	\$ 7,672,267	\$ 6,891,896
Investments at contract value		
Fixed Account with Talcott	390,354	378,530
Participant loans	229,657	233,634
Net appreciation in fair value of investments	524,295	657,745
Total interest and dividends	410,477	271,914
Interest income on notes receivable from participants	16,325	12,736

A portion of the Plan's assets totaling \$14,570,627 and \$12,045,392 as of December 31, 2024 and 2023 are held at Merrill Lynch. As a broker/dealer, Merrill Lynch is ineligible to certify investment information. As a result, the difference between certain certified information summarized above and in the accompanying financial statements and schedules is attributable to the consolidation of certified investment information reported by Empower Annuity Insurance Company of America and non-certified investment information reported by Merrill Lynch as well as adjustments made by the Plan's Administrator to reflect the Plan's financial statements on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract with Talcott. Talcott maintains the contributions in a general account. The account is credited with the actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Talcott. The contract is fully-benefit responsive and is included in the financial statements at contract value, which is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by Empower. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The value of the investment contract was \$390,354 and \$378,530 at December 31, 2024 and 2023, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. The interest rates are reviewed on an annual basis for resetting.

NOTE 8 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described on the next page:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Pooled separate accounts: Valued at fair value based on the values of the underlying investments.

Self directed accounts: Valued at fair value based on the values of the underlying investments.

NOTE 8 FAIR VALUE MEASUREMENTS - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:
